Part 2 - Identification of Potential Project Impacts

Agency Use Only [If applicable]

Project : _____

Date : _____

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “**Yes**” to a numbered question, please complete all the questions that follow in that section.
- If you answer “**No**” to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

PITNEY BOWES LEASE TERMS AND CONDITIONS

L1. DEFINITIONS

Capitalized terms that are not defined in this document are defined in the Pitney Bowes Terms. PBI is the manufacturer of the equipment. PBGFS, a wholly-owned subsidiary of PBI, provides you with the leasing services.

L2. AGREEMENT

L2.1 You are leasing the Equipment listed on the Order.

L2.2 **You may not cancel this Lease for any reason. All payment obligations are unconditional.**

L2.3 You authorize us to file a Uniform Commercial Code financing statement naming you as debtor/lessee with respect to the Equipment.

L3. PAYMENT TERMS

L3.1 We will invoice you in arrears each quarter for all payments on the Order (each, a "Quarterly Payment"), except as provided in any statement of work attached to the Order. You will make each Quarterly Payment by the due date shown on our invoice.

L3.2 Your Quarterly Payment may include an origination fee, amounts carried over from a previous unexpired lease, software license and maintenance fees and other charges.

L3.3 Any Meter rental fees and SLA fees (collectively "PBI Payments"), will be included with your Quarterly Payment and begin with the start of the Lease Term (as defined below). After the Initial Term, your Quarterly Payment will increase if your PBI Payments increase.

L4. EQUIPMENT OWNERSHIP

We own the Equipment. PBI owns any Meter. Except as stated in Section L6, you will not have the right to become the owner of the Equipment at the end of this Agreement.

L5. LEASE TERM

The Lease term is the number of months stated on the Order ("Lease Term").

L6. END OF LEASE OPTIONS

L6.1 During the 90 days before your Lease ends, you may, if not in default, select one of the following options:

- (a) enter into a new lease with us;
- (b) purchase the Equipment "as is, where is" for fair market value; or
- (c) return the Equipment and Meter in its original condition, reasonable wear and tear excepted and pay us our then applicable processing fee. If you return the Equipment and Meter, you will, as specified by us, either properly pack and return them to us in the return box and with the shipping label provided by us or furnish them to such service carrier as we specify to pick up and ship them to us.

L6.2 If you do not select one of the options in Section L6.1, you will be deemed to have agreed to enter into successive 12-month annual extensions of the term of this Agreement. You may choose to cancel the automatic extensions by giving us written notice between 120 days and 30 days before the Lease expires (unless the law requires the period to be shorter). Upon cancellation, you agree to either return all items pursuant to Section L6.1(c) or purchase the Equipment.

L7. WARRANTY AND LIMITATION OF LIABILITY

L7.1 PBI PROVIDES YOU WITH THE LIMITED WARRANTY IN THE PITNEY BOWES TERMS.

L7.2 PBGFS MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR FREEDOM FROM INTERFERENCE OR INFRINGEMENT.

L7.3 WE ARE NOT LIABLE FOR ANY LOSS, DAMAGE (INCLUDING INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES), OR EXPENSE CAUSED DIRECTLY OR INDIRECTLY BY THE EQUIPMENT.

L8. EQUIPMENT OBLIGATIONS

L8.1 Condition and Repairs. You will keep the Equipment free from liens and in good repair, condition, and working order.

L8.2 Inspection. We may inspect the Equipment and related maintenance records.

L8.3 Location. You may not move the Equipment from the location specified on the Order without our prior written consent.

L9. RISK OF LOSS AND VALUEMAX® PROGRAM

L9.1 Risk of Loss.

- (a) You bear the entire risk of loss to the Equipment from the date of shipment by PBI until the Equipment is returned to, and received by, us, regardless of cause, ordinary wear and tear excepted ("Loss").
- (b) No Loss will relieve you of any of your obligations under this Lease. You must immediately notify us in writing of any Loss.
- (c) To protect the equipment from loss, you will either (i) keep the Equipment insured against Loss for its full replacement value under a comprehensive policy of insurance or other arrangement with an insurer of your choice, provided that it is reasonably satisfactory to us ("Insurance") or (ii) be enrolled in PBGFS' ValueMAX program described in Section 9.1(d).
- (d) **YOU MUST CALL US AT 1-800-732-7222 AND PROVIDE US WITH EVIDENCE OF INSURANCE.** If you do not provide evidence of Insurance and have not previously enrolled in our equipment replacement program (ValueMAX), we may include the Equipment in the ValueMAX program and charge you a fee, which we will include as an additional charge on your invoice.
- (e) We will provide written notice reminding you of your Insurance obligations described above in Section L9.1(c).
- (f) If the Equipment is included in the ValueMAX program and any damage or destruction to the Equipment occurs (other than from your gross negligence or willful misconduct, which is not covered by ValueMAX), we will (unless you are in default) repair or replace the Equipment.
- (g) We are not liable to you if we terminate the ValueMAX program. By providing the ValueMAX program we are not offering or selling you insurance; accordingly, regulatory agencies have not reviewed this Lease, this program or its associated fees, nor are they overseeing our financial condition.

L10. NON-APPROPRIATION

If your appropriation request to your legislative body, or funding authority ("Governing Body") for funds to pay the payments is denied, you may terminate this Lease on the last day of the fiscal period for which funds have been appropriated, upon (i) submission of documentation reasonably satisfactory to us evidencing the Governing Body's denial of an appropriation sufficient to continue this Lease for the next succeeding fiscal period, and (ii) satisfaction of all charges and obligations under this Lease incurred through the end of the fiscal period for which funds have been appropriated, including the return of the Equipment at your expense.

L11. EARLY TERMINATION

L11.1 You further warrant that you intend to enter into this Lease for the entire Stated Term and you acknowledge that we have relied upon such represented intention when determining the applicable pricing plan. If you cancel or terminate this Lease prior to expiration of the Stated Term (other than for non-appropriations), you shall pay a termination charge equal to the net present value of the monthly payments remaining through the completion of the term, discounted to present value at a rate of 6% per year. The foregoing paragraph shall supercede Section G5.2(b) of the Pitney Bowes Terms.

L12. MISCELLANEOUS

L12.1 If more than one lessee is named in this Lease, liability is joint and several.

L12.2 **YOU MAY NOT ASSIGN OR SUBLET THE EQUIPMENT OR THIS LEASE WITHOUT OUR PRIOR WRITTEN CONSENT, WHICH CONSENT WILL NOT BE UNREASONABLY WITHHELD.**

Between

The City of Newburgh, New York

With

Fredrick J. Visconti, Jr.,

Date of Contract: AUGUST 11, 2009

OPTION TO PURCHASE AGREEMENT

AGREEMENT made this 11th day of AUGUST, 2009 (the "Effective Date"), between The City of Newburgh, NY, with an address at 83 Broadway, Newburgh, NY 12550 ("Seller"), and Fredrick J. Visconti, Jr., with an address at 17-23 Dickson Street, Newburgh, NY 12550, or an entity of which he is the majority shareholder, member or partner, as the case may be, ("Purchaser").

WITNESSETH

WHEREAS, the Seller is the owner of certain real property of approximately 3.1 acres located in the City of Newburgh, and identified on the City's Tax Map as Section 43 Block 3 Lot 7.1, County of Orange, and State of New York, and

WHEREAS, the Purchaser is desirous of acquiring either the entire site or approximately 2.4 acres thereof (the "Premises") of the aforesaid real property, and the Seller is desirous of selling the same, upon and subject to the terms and conditions set forth below,

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Seller and Purchaser hereby agree as follows:

1. SALE. Seller hereby grants an option to Purchaser to purchase and acquire from Seller, on and subject to the terms, covenants and conditions hereinafter set forth, the Premises, and all of Seller's ownership and rights, if any, in any land lying in the bed of any street, roadway, or right-of-way adjoining the Premises to the center line thereon.

2. PREMISES. The Premises are described as Lot No. 1 on a certain Concept Plan for Visconti Limousines, Inc. dated October 10, 2007 by Shaw Engineering, annexed hereto as Schedule A, or, in the event the Seller offers the same to the Purchaser, the entire 3.1 acres referenced above, but will include all of Seller's right, title and interest in and to:

- a. any strips or gores of land within or adjoining the Premises;
- b. any land lying in the bed of any street, road or avenue opened or proposed, in front or adjoining the Premises, to the center line thereof;
- c. all easements, rights of way or use, privileges, licenses, permits and right to the same belonging to or appertaining to the Premises; and

- d. all rights, title, and interest of the Seller in and to any unpaid award for damage to the Premises by reason of change in grade of any street. Seller will execute to the Purchaser on the closing date all proper instruments for the conveyance of such title and assignment and collection of any such award.

3. PURCHASE PRICE. The purchase price for the all or the approximately 2.4 acres of Premises which Purchaser shall purchase (the "Purchase Price") is the sum of One Hundred Thousand Dollars per acre, which shall be paid as follows:

- a. Ten Thousand and 00/100 (\$10,000.00) Dollars (the "Option Fee") shall be paid by Purchaser upon the execution of this Agreement, to the City Comptroller of the Seller, as escrow agent (the "Escrow Agent") subject to the provisions of Paragraph "11" below. At Closing, the Option Fee shall be applied against the Purchase Price.
- b. The balance of the Purchase Price shall be paid to the Seller by Purchaser at Closing by wire transfer, good certified check of Purchaser, or official check of a bank, trust company, or savings and loan association having a banking office in the State of New York, payable to the order of Seller.

4. SUBDIVISION APPROVAL AND CONDITIONS.

- a. In the event the Seller deems it to be in its best interest to restrict this Option to the 2.4 acre parcel described above, the parties shall fully cooperate with each other in the preparation of a proposed subdivision map of Tax Map parcel Section 43 Block 3 Lot 7.1 and a Site Plan (the Site Plan being required in the event the entire parcel is to be conveyed, also, and in which case, the parties shall likewise cooperate in its preparation) for submission to the Planning Board of the City of Newburgh and in any and all applications, proceedings and appeals made or prosecuted by or on behalf of Purchaser in connection with and consistent with the terms of this Agreement, and Seller agrees to execute and deliver all documents, consents or authorizations reasonably required by any governmental authority with respect thereto. Such coordination and cooperation between the parties is necessary due to issues presented by the need to remedy the site's environmental conditions, measures to monitor the site after such remediation, and the impact of such work and services on the configuration and operation of the Purchaser's development of the Premises for his transportation business.
- b. This Agreement is contingent upon the Purchaser's approval of the configuration of the subdivision (in the case that only the 2.4 acre parcel is to be conveyed), Site Plan, and each and all of the conditions imposed by the City's Planning or Zoning Boards, the New York State Department of

Environmental Conservation (DEC), or any other governmental agency (the "Conditions"). In the event any such Conditions are unacceptable to the Purchaser, he shall so notify the Seller, whereupon the Option Fee shall be promptly refunded and this Agreement will thereupon be deemed cancelled, neither party having any further liability, one to the other.

- c. This agreement is contingent upon the Purchaser obtaining final approvals from the City and all other appropriate governmental bodies and agencies for the construction of the improvements as described in the Site Plan. In the event that said final approvals are not obtained by the Purchaser within one hundred eighty (180) days of the date of New York State Department of Environmental Conservation (DEC) issuance of a Certificate of Completion of the remedial activities set forth in its Record of Decision of March 30, 2005 (ROD), this agreement shall at the option of Purchaser terminate and be deemed null and void, entitling the Purchaser to a return of his down payment.
- d. The City shall engage First Environment and such other contractors as necessary or helpful to perform all services outlined in its proposal dated February 8, 2008 for the environmental remediation of existing contamination of the Premises, including but not limited to building asbestos survey and abatement and demolition, soil excavation, soil or groundwater disposal and site capping, and obtaining a Certificate of Completion of all remedial activities set forth in the ROD at the City's sole cost and expense. If the environmental remediation is not completed within one hundred eighty (180) days of the date of this Agreement, the Purchaser shall then have the option of either canceling the agreement and obtaining the return of the Deposit or of extending environmental remediation period for such additional time as the Purchaser may deem appropriate. However the City shall be obligated to diligently pursue approval by the DEC.
- e. Provided the Purchaser is satisfied with the work, conditions and approvals set forth above, it shall exercise its option to purchase by written notice to the Seller's Corporation Counsel on or before ten (10) days of the later of: (i) the issuance of the DEC's a Certificate of Completion, (ii) the date of final site plan approval and (iii) the date of completion of groundwater quality monitoring; or on such earlier date as the parties hereto may mutually agree in writing.

5. CLOSING.

- f. The "Closing" means the settlement of the obligations of the Seller and Purchaser to each other under this Agreement, including the payment by Purchaser to Seller of the purchase price and other sums due, in the

manner set forth in this Agreement, and the delivery to Purchaser of the deed in proper statutory form for recording so as to transfer and convey to Purchaser, fee simple ownership to the property, free of all encumbrances except as provided herein. The deed will contain the covenant of Seller as required by Section 13 of the Lien Law of the State of New York.

- i. The Closing will occur at the office of Seller's attorney or at another mutually agreeable location, on or before ten (10) days of the later of: (i) the issuance of the DEC's a Certificate of Completion, (ii) the date of final site plan approval and (iii) the date of completion of groundwater quality monitoring; or on such earlier date as the parties hereto may mutually agree in writing. Conveyance shall be made at the principal office of the City and the Purchaser shall accept such conveyance and pay to the City at such time and place the Purchase Price.
- ii. Condition of Property at Time of Conveyance. The Purchaser shall take title to and possession of the Property in such condition as exists at the time of the issuance of the aforesaid Certificate of Completion and completion of ground water monitoring, and the City shall have no obligation to perform any work to improve or prepare the property for renovation in any way, except as set forth in this Agreement.

6. ACCESS AND INSPECTIONS.

a. Seller hereby grants to Purchaser its agents, servants, employees and consultants, a llicense to enter in and upon the Premises throughout the term of this Agreement for the purpose of inspecting the Premises which inspections may include, but are not limited to, conducting surveys, physical inspections, tests, engineering and construction evaluation and reports, architectural study and planning, and environmental study, testing, borings and such other tests and evaluations as are reasonably required for the full and complete evaluation of the Premises and the full and complete prosecution of any applications for governmental approvals. The Purchaser agrees to conduct such inspections in such manner so as to cause a minimum of disturbance to the Premises. Pursuant to the Lease of even date herewith, a copy of which is annexed hereto, Seller shall also permit the Purchaser to park his vehicles and equipment at the Northeast portion of the Premises (subject to relocation on the Premises from time to time as may be required to perform the tasks set forth in the ROD), and construct and occupy improvements on the Premises for the purposes of the adjacent Visconti transportation businesses. Additionally the parties will coordinate the capping of the site to permit the Purchaser, at his option, to perform such site grading as may be helpful to his development of the site subject to the continuing oversight and

approval thereof by the DEC. In connection with the exercise of the license granted to Purchaser herein, Purchaser agrees to hold Seller harmless from any loss, cost, damages, lawsuit, damage to person or property, and the cost of litigation (including attorneys fees) caused solely by Purchaser or its agents, servants or employees in the use of said licensing. The provisions of the preceding sentence shall survive the closing of title.

- b. Purchaser shall, at Purchaser's sole expense, keep and maintain a policy of commercial public liability insurance which shall include coverage for Purchaser's actions upon the Property during the term of this Agreement. This insurance policy shall name Seller as an additional insured and afford protection in limits of not less than \$1,000,000.00 for bodily injury or death in any one accident, and not less than \$500,000.00 for property damage. All insurance shall be effected under standard form policies, issued by insurers of recognized responsibility authorized to do business in the State of New York and, at Purchaser's option, such coverage may be effectuated through a blanket policy of insurance. Purchaser will deliver to Seller within seven (7) days after the Effective Date, and prior to entry onto the Property, certificates of this insurance coverage and, not less than thirty (30) days prior to the expiration of the coverage, a certificate of the new policy accompanied by evidence reasonably satisfactory to Seller of payment of premiums therefor.

7. APPORTIONMENTS.

- a. At Closing, real property taxes, and water and sewer charges and rents, if applicable, will be apportioned and adjusted as of midnight preceding the Closing date.
- b. In the event that any time subsequent to the closing of title hereunder the Premises shall be charged with an assessment, penalty, interest as the result of the loss of a tax exemption whether for agriculture, veteran, senior citizen, or other exemption (which said assessment, penalty and/or interest is collectively referred to as "Roll-Back Taxes"), any such Roll-Back Taxes shall be the sole obligation of the Seller. This provision shall survive delivery of the deed.

8. TITLE.

- a. If, at the date of a closing there may be any taxes or other liens or encumbrances on the Premises which may be satisfied or discharged by the payment of money ("Monetary Liens") the Seller shall be obligated to pay and discharge the same. Seller may use the portion of the Purchase Price payable at or prior to the closing, to satisfy the Monetary Liens, provided the Seller shall simultaneously either (a) deliver to the Purchaser at the closing of title, instruments in recordable form and sufficient to satisfy such Monetary Liens

of record together with the cost or recording or filing said instruments; or (b) provided that the Seller has made arrangements with Purchaser's title company in advance of closing, Seller will deposit with said title company sufficient monies, acceptable to and required by it to insure obtaining and recording such satisfactions, and the issuance of title insurance to the Purchaser free of any exception for such Monetary Liens. The Purchaser, if request is made within a reasonable time prior to the closing of title, agrees to provide at the closing separate bank or certified checks, aggregating the amount of any such Monetary Liens. The existence of any such Monetary Liens shall not be deemed objections to title if the Seller shall comply with the foregoing requirements.

- b. At the closing of title, the Seller will convey title to the Premises by Quitclaim Deed, free and clear of all exceptions, liens and encumbrances, other than those shown on Schedule "B" attached hereto (collectively, "Permitted Exceptions"), The payment of the New York State Transfer Tax shall be the obligation of the Purchaser.
- c. Within thirty (30) days of the Effective Date, the Purchaser shall deliver to the Seller a copy of the preliminary title insurance report, including the exception sheets, tax search, survey and survey reading, if any, and property description together with a written notice setting forth any and all objections to the Seller's title and if the written notice of objections is not given within such period, such title objections shall be deemed waived by Purchaser except for any objections which shall arise of record subsequent to the date of the Purchaser's preliminary title report ("Subsequent Objections") and Purchaser shall, if possible, give Seller written notice of Subsequent Objections at least ten (10) days prior to the date set for closing. With respect to any objections, other than a Permitted Exception, Seller, shall have a period of forty-five (45) days, commencing with the receipt by Seller of Purchaser's notice of objections, within which to cause such objections to be cured or discharged to the satisfaction of Purchaser and its title company. If Seller attempts to cure or discharge the said objections but is unable or fails to do so by the end of the Cure Period, then upon the expiration of the Cure Period this Agreement shall be deemed canceled, unless Purchaser, no later than ten (10) days following the end of the Cure Period, shall notify Seller of Purchaser's waiver of the said objections. If this Agreement is canceled pursuant to the provisions of this Paragraph the Deposit paid by the Purchaser shall be returned to Purchaser, whereupon this Agreement shall terminate and neither party shall have any liability to or claim against the other, whether at law or in equity.

9. REPRESENTATIONS OF SELLER. The Seller makes the following representations with respect to this transaction to the best of Seller's knowledge, same not to survive closing unless specifically noted to the contrary.

- a. There are no tenancies, written or oral, affecting the Premises, and no other persons have any right to occupy the same. For the purpose of conveying marketable title to the Purchaser at Closing, prior to Closing, Seller shall obtain insurable title to the portion of the Premises lying within the railroad spur right of way. No new tenancies are to be created or existing tenancies modified after execution of this Agreement without Purchaser's consent. The Premises will be conveyed vacant. Seller is not aware of any claims or conditions which would affect Seller's title to the Premises, or prevent Seller from conveying the quality of title described above.
- b. Seller has the authority to enter into this Agreement and to deliver the Deed to the Premises.
- c. Other than the conditions which Seller will remediate in accordance with the ROD, Seller has no actual knowledge of any environmental constraints which would create a reporting or cleanup obligation under any local, regional, state or federal environmental regulation or statute, or the presence of any hazardous substances or spills on the Premises as defined by any local, regional state, or federal environmental regulation or statute.
- d. Seller has no actual knowledge of any threatened, anticipated, or pending eminent domain or condemnation action.

In the event Seller receives any information which would cause the above noted statements to be untrue or incomplete, Seller agrees to immediately notify Purchaser of such state of facts.

At the Closing, Seller shall deliver to Purchaser a certification stating that Seller is not a foreign person, which certification shall be in the form then required by the Code Withholding Section.

11. OPTION FEE.

- a. The Option Fee shall be maintained in a non-interest bearing account by the Escrow Agent in such accounts or investments as shall be agreed to in writing by Purchaser and Seller.
- b. The Option Fee, shall be paid by the Escrow Agent as follows:
 - i. If the transaction closes, to Seller at closing;
 - ii. To Buyer, if and when Buyer is entitled to a return of the Option Fee in accordance with the terms and conditions of this Agreement; or

- iii. To Seller, if Seller will be entitled to the Option Fee in accordance with the terms and provisions of this Agreement.
- c. If and when Purchaser is entitled to a return of the Option Fee in accordance with the terms and conditions of this Agreement, the Escrow Agent shall deliver the Option Fee to Purchaser; provided, however, that the Escrow Agent shall not release the Option Fee until ten (10) days after the date on which the Escrow Agent shall have delivered a copy of Purchaser's notice and demand to Seller, nor thereafter if during such ten (10) day period the Escrow Agent shall have received written notice of objection from Seller. Upon receipt of a notice of objection, the Escrow Agent shall promptly deliver a copy thereof to Purchaser.
- d. If and when Seller is entitled to the Option Fee in accordance with the terms and conditions of this Agreement, the Escrow Agent shall deliver the Option Fee to Seller; provided, however, that the Escrow Agent shall not release the Option Fee until ten (10) days after the date on which the Escrow Agent shall have delivered a copy of Seller's notice and demand to Purchaser, nor thereafter if during such ten (10) day period the Escrow Agent shall have received written notice of objection from Purchaser. Upon receipt of a notice of objection, the Escrow Agent shall promptly deliver a copy thereof to Seller.
- e. The Escrow Agent shall not be liable to any of the parties for any act or omission, except for bad faith or gross negligence, and the parties hereby agree to indemnify the Escrow Agent harmless from any claims, damages, losses or expenses arising in connection herewith (including attorney's fees). The parties acknowledge that the Escrow Agent is acting solely as a stakeholder for their convenience. In the event of a dispute between the parties, the Escrow Agent shall not be bound to release and deliver the Option Fee to either party but may either continue to hold the Option Fee until Escrow Agent is otherwise directed in writing signed by all parties hereto, or by a final non-appealable judgment of a court of competent jurisdiction, or Escrow Agent may deposit the Option Fee with the clerk of any court of competent jurisdiction. Upon such court deposit, the Escrow Agent will be released from all duties and responsibilities hereunder.
- f. The Escrow Agent shall not be required to defend any legal proceedings which may be instituted against it in respect of the Premises or the subject matter of this Agreement unless requested to do so by Purchaser or Seller and indemnified to its satisfaction against the cost and expense of such defense (including attorney's fees). Escrow Agent shall not be required to institute legal proceedings of any kind and shall have no responsibility for the genuineness or validity of any document or other item deposited with it or the collectibility of any check delivered in connection with this agreement.

Seller has not made and does not make any representations as to the physical condition thereof other than as heretofore set forth herein. Seller has not made and does not make any representations as to the physical condition, topography, drainage, or soil conditions, subdivisions, zoning, acreage, expense of operations or any other matter or thing affecting or related to the Premises except as herein specifically set forth, and Purchaser hereby expressly acknowledges that no such representations have been made, and Purchaser further acknowledges that Purchaser has inspected the Premises and agrees to take the property in its present condition "AS IS."

13. BROKER. Each party hereby represents and warrants to the other that there was no broker, finder or person acting as such in any way instrumental or having any part in bringing about this transaction, and Seller agrees to pay the real estate commission if, as and when title closes, pursuant to the terms and conditions of a separate agreement. Each party covenants and agrees to indemnify and hold the other party harmless from and against any loss, cost, damage, expense (including reasonable attorneys fees and expenses) or liability resulting from any claims that may be made against the other by any other broker, finder or other person claiming a fee or other compensation in connection with this transaction arising from the acts of the indemnifying party. The provisions of this Paragraph shall survive delivery of the deed hereunder or the earlier termination of this Agreement.

14. CONDEMNATION.

- a. If after the date this Agreement becomes effective and prior to the Closing Date there is a taking of less than ten percent (10%) of the Premises in eminent domain proceedings or under threat of condemnation, and such taking will not, in the reasonable opinion of Purchaser, prevent or interfere in a material way with the development of the Premises as described in Paragraph "4(a)" above, Purchaser shall perform its obligations under this Agreement and purchase the Premises. If during such period of time there is a taking of ten percent (10%) or more of the Premises as aforesaid, or if such taking will prevent or interfere with the development of the Premises as described in Paragraph "4(a)," Purchaser shall have the option of complying with the terms of or terminating this Agreement. If Purchaser is obligated hereunder to purchase the Premises or, if granted an option to terminate, elects not to terminate this Agreement, Purchaser shall remain obligated to perform its obligations under this Agreement, and Seller shall at the Closing deliver to Purchaser any part of the condemnation award collected by Seller and assign

to Purchaser rights to any part of the award not yet collected, in each case attributable to Seller's interest in the Premises. For the purposes of this Agreement, a taking in condemnation shall mean the vesting of fee title to any part of the Premises in governmental entity pursuant to the exercise of the power of eminent domain or pursuant to a deed delivered in lieu or in contemplation thereof. If this Agreement is canceled pursuant to the provisions of this Paragraph the Deposit paid by the Purchaser pursuant to Paragraph "3(a)" above, shall be returned to Purchaser, whereupon this Agreement shall terminate and neither party shall have any liability to or claim against the other, whether at law or in equity.

- b. Purchaser agrees that the election granted to Purchaser under this Paragraph to terminate this Agreement shall be conclusively waived by Purchaser and of no force or effect unless Purchaser elects to terminate this Agreement by notice to Seller and Escrow Agent within sixty (60) days after Purchaser is notified by Seller of a taking that authorizes such election, such notification to include a specific description of the parcels to be taken and whether the taking is in fee, easement or otherwise.

15. DEFAULT.

- a. Breach by City. In the event that the City shall fail to consummate the transaction contemplated by this Agreement for any reason (except Purchaser's breach or default under this Agreement or a termination of this Agreement by Purchaser or City pursuant to a right to do so under the provisions hereof), Purchaser, as Purchaser's sole and exclusive right and remedy, may either: (1) terminate this Agreement and receive a refund of the Deposit and the reasonable costs of title, fees, engineering costs and reasonable counsel fees paid in pursuit of the municipal approvals; or (2) pursue the remedy of specific performance.
- b. Breach by Purchaser. In the event that Purchaser defaults in the performance of this Agreement including delivery of the Deposit or fails to consummate the transaction contemplated by this Agreement, the City may terminate this Agreement and thereupon City shall be entitled to receive and retain the Deposit as Seller's sole remedy and relief hereunder (except for the surviving obligations, if any).

This Agreement cannot be modified, changed, discharged or terminated except by an instrument in writing, signed by the party against whom the enforcement or any modification, change, discharge or termination is sought.

c. Captions. The captions of the Paragraphs and subparagraphs of this Agreement are for convenience and reference only, and are not to be considered in construing this Agreement.

d. NOTICES AND DEMANDS.

- i. Any notices, request, instrument or other document to be given hereunder shall be in writing and, shall be delivered personally or sent by certified, registered or express mail, return receipt requested, as follows:

- e. Severability. In case any one or more of the provisions or parts of a provision contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision or part of a provision of this Agreement.

- j. Expenses. Each of the Purchaser and the Seller shall pay its respective legal, accounting and other fees in connection with this Agreement, including expenses incurred in connection with the purchase of the real property.

Dear Mr. Slaughter:

Pursuant to your request and in accordance with the instructions set forth in the engagement letter, we are pleased to submit the accompanying appraisal report on the above captioned property. The report, including exhibits, fully describes the various approaches and contains all pertinent data gathered in the investigation of the subject property.

The subject is ±3.08 acres of industrial land on a single tax lot. The property has been undergoing an environmental cleanup over the past few years. The site currently has 10 monitoring wells that will remain in place for several years and will require ongoing testing. There are 5 additional wells located off the site that will also require monitoring.

The value opinion reported below is qualified by certain assumptions, limiting conditions, certifications and definitions, which are set forth in the report. This report was prepared for the City of Newburgh, the client, and it is intended only for their specified use. The property was inspected by J. Todd Wiley and Gregory R. Langer. The report was prepared by J. Todd Wiley and was reviewed by Gregory R. Langer. This appraisal report was prepared in accordance with our interpretation of FDIC, OCC and FIRREA Appraisal Policies and Guidelines.

After careful consideration we have concluded the Fee Simple Value of the subject property in accordance with its highest and best use, under the hypothetical conditions that the New York State Department of Environmental Conservation has authorized that the property can be sold, and that the property is cleaned up to the point that it can be utilized for commercial or industrial purposes, and under the extraordinary assumption that the site has been capped, as of April 26, 2014, is:

TWO HUNDRED THIRTY THOUSAND DOLLARS
(\$230,000)

Thank you for asking us to serve you in this matter.

Respectfully submitted,

DESCRIPTION OF THE APPRAISAL PROCESS

Scope of the Assignment:

The subject property consists of a vacant 3.08 acre tract of industrial land, located at 210 Mill Street, in the City of Newburgh, in Orange County, New York. The property is contaminated and has been undergoing an extensive environmental cleanup over the past few years.

The subject property was inspected on April 26, 2014. As the subject is vacant land, no one accompanied the appraisers. The extent of the inspection included walking the frontage and the perimeter as the property is secured by a fence with locked gates.

The intended use of the report is to assist the client with their decision to possibly sell the property. The type and definition of value of the report is to determine the Fee Simple Market Value of the subject property.

The scope of work performed must be sufficient to develop credible assignment results. It must meet or exceed the expectations of parties who are regularly intended users for similar assignments. Additionally, it must meet or exceed what an appraiser's peers actions would be in performing the same or a similar assignment.

The subject property has been undergoing an environmental cleanup over the past few years. For this reason, the subject property is being appraised under the hypothetical condition the New York State Department of Environmental Conservation (DEC) has authorized that the property can be sold, and that the property is cleaned up to the point that it can be utilized for commercial or industrial purposes. The DEC has also required that the property be capped. This involves covering the site with 1 foot of quarry stone. Therefore, the subject property is being appraised under the extraordinary assumption that the site has been capped.

The type of appraisal report requested includes the Sales Comparison Approach which is the only approach considered applicable and is presented in a summarized format.

To complete this report, the appraiser:

- A. Did investigate appropriate market data for utilizing the Sales Comparison Approach to Value. The appraiser's investigations included researching public records through the use of commercial sources of data such as printed comparable data services, computerized databases, Realtors, local multiple listing services, other appraisers and municipal records. Search parameters such as dates of sales, leases, locations, sizes, types of properties and distances from the subject started with relatively narrow constraints and were expanded until the available pool of data was reasonably exhausted. Researched sales data were viewed and efforts were made to verify the data with persons directly involved in the transactions such as buyers, sellers, brokers, attorneys or agents. At the appraiser's discretion some data may be used without personal verification if the data appeared to be correct. In addition, the appraiser considered any appropriate listings or properties found through observation during the data collection process. The appraiser reported only the data deemed to be pertinent to the valuation problem;
- B. Did investigate and analyze any pertinent easements or restrictions on the fee simple ownership of the subject property. A title report was not available and the appraiser relied on a visual inspection to identify any readily apparent easements or restrictions;
- C. Did analyze the data found and reached conclusions regarding the market value, as defined in the report, of the subject property as of the date of value using appropriate valuation approach(es) identified above;
- D. Did complete the appraisal report in compliance with the appraiser's interpretation of the *Uniform Standards of Professional Appraisal Practice* as promulgated by The Appraisal Foundation and the Code of Professional Ethics and Certification Standard of the Appraisal Institute;
- E. Did prepare a report including photographs of the subject property, brief descriptions of the subject neighborhood, the site, zoning, highest and best use analysis, summary of relevant data for the Sales Comparison approach used in the valuation, a reconciliation and conclusion, a map illustrating the sales in relationship to the subject property and other data deemed by the appraiser to be relevant to the report. Pertinent data and analyses not included in the report may be retained in the appraiser's files.

History of the Property

The subject was formerly used as a Ford Truck dealership known as Provan. There was a building used by the dealership that was demolished in recent years.

According to property records, the subject property has been held under the current title since 1987 when the City of Newburgh foreclosed for non-payment of taxes and has not sold in the past three years. The site has been undergoing an environmental remediation over the past few years. The City has been using an engineering firm known as First Environment to oversee the remediation work. Their office is located at 91 Fulton Street, Boonton, NJ, 07005. According to Daniel Lattanzi of First Environment, the site is planned to be capped with 1 foot of quarry stone, which will conclude the remediation work. He also stated that the DEC is in the process of approving the cap specs. It is expected that the work will be bid and performed in the summer months of 2014. The City of Newburgh is paying for the capping costs.

There are currently 10 monitoring wells on the site that must remain in place for several years. The wells will need to be tested periodically over the next few years. Mr. Lattanzi estimates that once the capping is completed, the costs for the monitoring tests will be \$30,000 to \$35,000.

The subject property is not known to be listed for sale at this time, however, the owner, the City of Newburgh, did put out an "RFP" at one point.

An adjoining property owner, Frederick Visconti, is interested in purchasing the site subject to clean-up. He uses the adjacent property for his limousine and bus companies and plans on using the subject property to expand his business.

On August 11, 2009, the City of Newburgh and Frederick J. Visconti Jr. entered into a contract that gives Mr. Visconti a purchase option. The purchase price was set at \$100,000 per acre. The agreement includes a provision that the purchaser can restrict the option to just 2.4 acres of the subject property. Mr. Visconti indicated to us that his intention is to acquire the entire 3.08 acres.

The agreement also states that the agreement is contingent upon the purchaser's approval of all of the conditions imposed by the City's Planning or Zoning Boards, the New York State Department of Environmental Conservation (DEC), or any other governmental agency.

The agreement includes a provision that states that it is contingent upon the purchaser obtaining final approvals from the City and all other appropriate government agencies for the construction of the improvements as described in the Site Plan. We were informed by the City that there are currently no approvals in place.

The agreement states that the purchaser has 180 days from the time the DEC issues a Certificate of Completion to acquire approvals for their proposed improvements. As of this date, the DEC has not issued a Certificate of

Completion.

The purchaser would not be held liable for the past environmental issues, but would be responsible for paying for the monitoring of the site after remediation and after acquiring title. In addition to the 10 on site wells, the purchaser would also be responsible for paying for the testing and monitoring of an additional 5 wells that are located near the site.

A copy of the Option To Purchase Agreement is included in the addendum.

Exposure Time

The exposure time or the length of time the subject being appraised would have been offered on the market prior to the appraisal date is twelve months. The subject is situated in an accessible area with good visibility. It has access from several points including South Robinson Avenue, Mill Street, Dickson Street and Deyo Place. There are a limited number of industrial parcels of this size that are available within the City of Newburgh. Sales of similar properties have sold within a one year period. The exposure time is estimated at twelve months.

Marketing Time

The marketing time is also twelve months. The market has been stable for the last couple of years and for the same reasons as the exposure time, this property would sell twelve months after this appraisal date.

DEFINITIONS

Market Value

The definition of Market Value as defined by the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA) and FDIC Rules and Regulations Part 323-Appraisal {{2-28-03 p.2239}}, Section 323.2(g).

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently, and knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- i. buyer and seller are typically motivated;
- ii. both parties are well informed or well advised, and acting in what they consider their best interests;
- iii. a reasonable time is allowed for exposure in the open market;
- iv. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- v. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."

Fee Simple (Estate)

"Absolute ownership unencumbered by any other interest or estate; subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."

Leasehold Estate

"The interest held by the lessee (the tenant or renter) through a lease conveying the rights of use and occupancy for a stated term under certain conditions."

Leased Fee Interest

"A freehold (ownership interest) where the possessory interest has been granted to another party by creation of a contractual landlord-tenant relationship (i.e., a lease)."

Market Rent

"The most probable rent that a property should bring in a competitive and open market reflecting all conditions and restrictions of the lease agreement, including permitted uses, use restrictions expense obligations, term, concessions, renewal and purchase options, and tenant improvements (TI's)."

Cash Equivalent

"An analytical process in which the sale price of a transaction with nonmarket financing or financing with unusual conditions or incentive is converted into a price expressed in terms of cash."

Value As Is

"The estimate of the market value of real property in its current

physical condition, use and zoning as of the appraisal date. (Proposed Interagency Appraisal and Evaluation Guidelines, OCC-4810-33-P 20%) "

Prospective Value

"A value opinion effective as of a specified future date. The term does not define a type of value. Instead, it identifies a value opinion as being effective at some point specific future date."

Retrospective Value

"A value opinion effective as of a specified historical date. The term does not define a type of value. Instead, it identifies a value opinion as being effective at some specific prior date."

Subject Property

"The property that is appraised in an assignment."

Extraordinary Assumption

"An assumption, directly related to a specific assignment, as of the effective date of the assignment results, which, if found to be false, could alter the appraiser's opinions or conclusions. (USPAP 2014-2015 ed.)"

In this instance, the subject property is being appraised under the extraordinary assumption that the site has been capped.

Hypothetical Condition

"A condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis. (USPAP, 2014-2015 ed.)"

In this instance, the subject property is being appraised under the hypothetical condition the New York State Department of Environmental Conservation has authorized that the property can be sold, and that the property is cleaned up to the point that it can be utilized for commercial or industrial purposes.

Liquidation Value

The most probable price that a specified interest in real property should bring under the following conditions:

1. Consummation of a sale within a short time period.
2. The property is subjected to market conditions prevailing as of the date of valuation.
3. Both the buyer and seller are acting prudently and knowledgeably.
4. The seller is under extreme compulsion to sell.
5. The buyer is typically motivated.
6. Both parties are acting in what they consider to be their best interests.
7. A normal marketing effort is not possible due to the brief exposure time.
8. Payment will be made in cash in U.S. dollars or in terms of financial arrangements comparable thereto.
9. The price represents the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

AREA MAP

DESCRIPTION OF THE PROPERTY

The subject property is located on the west side of Mill Street, at the intersection with Dickson Street, in the City of Newburgh, County of Orange, State of New York. It can further be identified as Tax Map Section 43, Block 3, Lot 7.1 in the records of the City of Newburgh.

The title of ownership is held by the City of Newburgh, Deed Liber 5095, Page 45, recorded July 7, 1999. The address of the property is 210 Mill Street, Newburgh, New York 12550. The address was formerly known as 146-172 Mill Street. The Census Tract Number is 5.00.

The 2014 tentative assessment data is as follows:

Land	\$1,000
Building	<u>\$ 0</u>
Total	\$1,000

The final 2013 equalization rate for the City of Newburgh is 100.00%, which equates the assessment to a market value of \$1,000. The 2014 tentative equalization rate has not yet been established, however, the assessor's stated level of assessment for the 2014 roll is also 100.0% which also equates the assessment to a market value of \$1000. This is less than our value of the property; and reflects the current contamination that negatively impacts the property value. The assessment will likely increase once the site is cleaned up.

The real estate taxes, based upon the above assessment and current tax rates, are as follows:

School 2013/2014	\$27.59
City, County, 2014	<u>\$28.49</u>
Total	\$56.08

It should be noted that in the City of Newburgh assessments are based upon a valuation date from the previous July 1st. In this instance, the 2014 assessment roll is based upon a valuation date of July 1, 2013.

There is approximately 427,000 square feet of Class A space available for sale or lease, for a vacancy rate around 9.7%, lower than the 2012 rate of 10.2%, and the fourth year in a row of declining vacancy. Total office space in the county, including non-Class A space, is ± 5.8 million SF, with a vacancy of 11.6%, better than the national average of 15.6% for suburban office markets (as per RealtyRates.com Market Survey 4th quarter 2013). Class A industrial space in the county totals ± 20.1 million SF, up 400,000 SF from the previous year. The vacancy rate is approximately 5.0%, lower than the 5.8% rate in 2012, and lower than the national rate of 8.9% (Mansfield Commercial Real Estate's 2013 *Overview of the Orange County, NY Commercial Real Estate Market*).

The retail activity is mainly centered around four areas: Route 211 in Middletown/Wallkill, the Route 6/17/32 exchange in Monroe/Woodbury, Vails Gate in New Windsor and Route 300/17K in Newburgh. While some of the larger chain stores and supermarkets were closing or downsizing, a number of new larger stores have recently opened. According to the *Times-Herald Record*, Orange County collected \$258.8 million in sales taxes in 2013, up \$6 million, or 2.4%, from the previous year.

The county has succeeded in attracting new businesses and keeping existing employers even as the economy declined and some businesses have left or downsized. This success is largely due to the extensive transportation network and proximity to New York City. These trends should continue into the foreseeable future, making Orange County a viable location for a variety of commercial uses.

Neighborhood

The subject is situated in a fully developed, commercial-industrial neighborhood, in the City of Newburgh. The land around the subject is

perhaps 95% improved, with the improvements consisting primarily of commercial structures mostly along Route 9W and industrial type uses on the side streets. There are houses several blocks over in the middle price range for the area. The subject is situated within the Newburgh Enlarged City School District.

Mill Street is a paved, two lane city road which runs north and south past the subject, as does Route 9W, also known as Robinson Avenue. Dickson Street and Deyo Place are more east to west roads. These roads provide good access to the subject property, with connections to more major highways via Route 9W.

The subject would likely be developed for industrial purposes.

Market Overview

Market research reveals that the subject is a 3.08 acre parcel of vacant land located in an urban commercial area with industrial zoning. The subject has some frontage and visibility along Robinson Avenue which is a high traffic street. It has good frontage and strong visibility along Mill and Dickson Streets, both of which have moderate traffic, and some frontage along Deyo Place which has light traffic. This is an average and secondary location for an industrial site.

The property taxes in the City of Newburgh have increased significantly over the past five years and it has had a negative impact on values. The effective tax rate is the percentage of a property's market value that a property will pay annually in taxes for the year if it is assessed accurately. Currently, for the commercial properties in the City of Newburgh, the effective tax rate is 5.6%. This is significantly higher than other communities in the area. The subject is classified as a commercial property for assessment purposes.

<u>Municipality</u>	<u>2013 Effective Tax Rate</u>
Town of Newburgh	3.31%
Town of New Windsor	3.36%
Town of Cornwall	3.23%
Town of Montgomery	2.88%
City of Middletown	4.05%

Land

The subject parcel totals ±3.08 acres, according to a survey performed by Daniel J. O'Brien dated January 3, 2006. The site has ±435.17 feet along the west side of Mill Street, as well as ±207.75 feet along Dickson Street, ±64.60 feet along Robinson Avenue, and ±113.99 feet along Deyo Place. This frontage provides for good ingress and egress to the site. The property is accessed via Mill Street, with 3 curb cuts, Dickson Street with two curb cuts, Deyo Place with one curb cut, and Robinson Avenue with a single curb cut. The shape of the lot is irregular; the shape does not appear to adversely affect development. The lot is situated at street grade. The topography is generally level with a slight downward slope from the west towards the east. There do not appear to be any easements or rights-of-way that adversely effect the property or the value. The only known right-of-way is for an old rail line crossing Route 9W.

The lot is mostly cleaned with a few scattered debris piles.

Electricity, natural gas and municipal water and sewer are available to the site.

The subject is not situated within a flood plain, as verified by the FEMA Flood Insurance Rate Map for the City of Newburgh, Community Number 360626, Panel 332E, dated August 3, 2009.

Site Improvements

The site includes sidewalks along the street frontages and a 6' high chain link fence with 2 gates along Mill Street. There are some older sections of blacktop along sections of the perimeter that is in poor condition.

There are presently 10 monitoring wells on the site. There are 5 additional wells located off site but near the subject property.

ZONING MAP

HIGHEST & BEST USE

The Highest and Best Use may be defined as: "The reasonably probable and legal use of vacant land or an improved property that is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility and maximum productivity".¹

The subject property is situated within an I-1 zone, which is a Light Industrial district. It is currently vacant and not being utilized.

HIGHEST AND BEST USE AS THOUGH VACANT

Highest and best use of land or a site as though vacant is defined as, "Among all reasonable, alternative uses, the use that yields the highest present land value, after payments are made for labor, capital, and coordination. The use of a property based on the assumption that the parcel of land is vacant or can be made vacant by demolishing any improvements."²

Since the property is vacant, the Highest & Best Use would be for industrial development, based upon the zoning and surrounding land use. However, the NY State Department of Environmental Conservation requires that the 10 monitoring wells that are currently on the site are to remain in place for an unknown period of time, perhaps for several years, and that the wells are to continue to be tested. For this reason, the site can not be fully utilized and can only be partially developed for several years. An interim Highest and Best Use would be to use the site for parking, or as yard storage space, or a combination of both, and perhaps some limited development.

¹ The Dictionary of Real Estate Appraisal, 5th Edition,
(Chicago: Appraisal Institute, 2010), Page 93

² Ibid

HIGHEST AND BEST USE AS IMPROVED

Highest and best use of the property as improved is defined, "The use that should be made of a property as it exists. An existing improvement should be renovated or retained as is so long as it continues to contribute to the total market value of the property, or until the return from a new improvement would more than offset the cost of demolishing the existing building and constructing a new one."³

The Highest & Best Use of the property is to use the property initially for parking and/or yard storage space, and to partially develop the site until the monitoring wells can be removed, then to fully develop the property for an industrial use.

The Sales Comparison Approach to Value

To establish a Market Value for the subject property, the Sales Comparison Approach was utilized. The Newburgh market area was examined for sales of industrial and commercial vacant land. There have been few sales of similar parcels in the City of Newburgh, and so the search was expanded to include similar markets in Orange County. Six of the most similar sales were chosen for comparison.

The properties were compared on a per-acre basis, as that is typically the unit of measure when comparing commercial properties. No abnormal conditions of sale, including financing and property rights transferred, were found in any of these transactions that would significantly impact upon value, with the exception of Sale 1 which was purchased by the adjacent property owner for future expansion. The sales date back to 2009; values for this type of property have generally been decreasing since 2007, and appeared to have leveled off by the end of 2011, so adjustments of -5% per year prior to 2012 were made for changing market conditions.

Since the subject has monitoring wells that are required to remain in place for an unknown period of time before the subject can be fully utilized or fully developed, a -15% utility adjustment was made for each of the sales. We are assuming that the monitoring wells will remain in place for 3 to 4 years.

The properties were adjusted for differences as compared to the subject in location, size, utility, zoning and topography as shown below. Where the comparable property is considered superior to the subject, a negative adjustment is indicated; if the comparable is inferior, a positive adjustment was made.

A sale that was considered but not utilized is a vacant former retail plumbing supply business known as Ridgewood Corp, that abuts the subject and is located at 20 Deyo Place. This property includes a 9,520 square foot 1 story concrete block building, that appears to be in average/fair condition, set on 1.0 acres. There are some attached covered storage sheds and a

smaller wood framed building that is collapsing and in need of demolition. It sold for \$300,000 in May of 2013.

This sale was not utilized since the building was occupied a few years ago and its current interior condition is unknown. In this instance, the building appears to have contributed significantly to the property's value and an apportionment of the value attributable to the land was not possible.

Land Sale 1 is located along Washington Terrace in a superior City of Newburgh location with greater visibility and traffic.

Land Sale 2 is situated along Liberty Street in an inferior location with diminished traffic.

Land Sale 3 is set on Route 32 in a similar Town of New Windsor location. This section of Rt 32 would normally be a superior location, however, the sale sits behind an existing house which obstructs its view.

Land Sale 4 is located along North Plank Road in a superior Town of Newburgh location. An enhanced utility adjustment is indicated since the comparable had approvals. A size adjustment is indicated as the comparable is smaller since smaller lots typically sell for more than do larger lots on a per acre basis.

Land Sale 5 is situated along Dolsontown Road in a superior Town of Wawayanda location. A size adjustment was required since the comparable is larger.

Sale 6 is a shell of a building located near the subject along Deyo Place in a similar location. The building is in need of extensive renovation. The sale price was adjusted downward by \$24,020 after attributing a value of \$2.00 per square foot towards the building shell. A size adjustment was made as the comparable is smaller than the subject.

After adjustments for differences, the sales indicate a range in value from \$58,462 to \$101,250 per acre. We favor an above mid-point value, since after adjustments 4 of the six sales are above the mid-point and 2 of the sales resulted in similar values.

After adjustments for differences, the indicated value of the subject property via the Sales Comparison Approach, is \$85,000 per acre, or **\$260,000** (rounded). From this figure the amount of \$30,000 was deducted due to the projected costs of the ongoing testing of the monitoring wells that will be the responsibility of the purchaser. The resulting indicated value of the subject property "as is," via the Sales Comparison Approach, is **\$230,000**.

\$85,000 PER ACRE X 3.08 ACRES = \$261,800

LESS \$30,000 COST FOR WELL MONITORING = \$231,800

ROUNDED \$230,000

RECONCILIATION

As the subject is vacant land, only the Sales Comparison Approach was utilized. Our initial value came in at \$261,800. From this amount we deducted the amount of \$30,000 due to the projected costs of the ongoing testing of the monitoring wells that will be the responsibility of the purchaser. This resulted in a value of \$230,000 rounded.

Therefore, our opinion of the Fee Simple Value of the subject property under the hypothetical conditions that the New York State Department of Environmental Conservation has authorized that the property can be sold, and that the property is cleaned up to the point that it can be utilized for commercial or industrial purposes, and under the extraordinary assumption that the site has been capped, as of April 26, 2014, assuming a twelve month selling period is **\$230,000**.

This is less than the \$100,000 per acre purchase price that was agreed to in August of 2009. However, that was five years ago when values were higher than they are today. In addition, we reduced our initial indicated value of \$260,000 by \$30,000 since the purchaser would be responsible for paying for the future monitoring and testing of the wells which is projected to be \$30,000 to \$35,000, as per the City of Newburgh's consulting engineers, First Environment.

This is an Appraisal Report which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for an Appraisal Report. DEED

THIS INDENTURE, made the 29th day of June, 1999, between DOROTHY A.

FOSTER, residing at 4 Ambassador Lane, Newburgh, New York, Acting Comptroller, Acting Director of Finance and Acting Enforcing Officer of The City of Newburgh, hereinafter known as the party of the first part; and

THE CITY OF NEWBURGH, a municipal corporation with offices at 83 Broadway, Newburgh, County of Orange, State of New York, a municipality duly organized under the laws of the State of New York, hereinafter known as the party of the second part.

WITNESSETH

THAT, WHEREAS, The City of Newburgh commenced an action *in Rem* in Supreme Court, Orange County, (Index No. 6792-96, Orange County) to foreclose certain tax liens owned by The City of Newburgh on properties located therein, pursuant to Article 11, Title 3, of the Real Property Tax Law of the State of New York and final Judgment having been taken herein in the Supreme Court in and for the County of Orange on the 8th day of June, 1998, and the party of the first part having been directed by said Judgment to execute a deed to The City of Newburgh concerning the property which was the subject of said Judgment, to wit, 146-172 Mill Street, Section 43, Block 3, Lot 7.1.

NOW, THEREFORE, pursuant to the terms of said Judgment, the party of the first part hereby conveys and transfers to The City of Newburgh, full and complete title, in fee simple absolute, to the following described premises, together with the buildings and improvements as the same are described in the records of the City Tax Collector:

OPTION TO PURCHASE AGREEMENT**Between****The City of Newburgh, New York****With****Fredrick J. Visconti, Jr.,****Date of Contract:****AUGUST 11, 2009****OPTION TO PURCHASE CONTRACT**

OPTION TO PURCHASE AGREEMENT

AGREEMENT made this 11th day of AUGUST, 2009 (the "Effective Date"), between The City of Newburgh, NY, with an address at 83 Broadway, Newburgh, NY 12550 ("Seller"), and Fredrick J. Visconti, Jr., with an address at 17-23 Dickson Street, Newburgh, NY 12550, or an entity of which he is the majority shareholder, member or partner, as the case may be, ("Purchaser").

WITNESSETH

WHEREAS, the Seller is the owner of certain real property of approximately 3.1 acres located in the City of Newburgh, and identified on the City's Tax Map as Section 43 Block 3 Lot 7.1, County of Orange, and State of New York, and

WHEREAS, the Purchaser is desirous of acquiring either the entire site or approximately 2.4 acres thereof (the "Premises") of the aforesaid real property, and the Seller is desirous of selling the same, upon and subject to the terms and conditions set forth below,

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Seller and Purchaser hereby agree as follows:

1. **SALE**. Seller hereby grants an option to Purchaser to purchase and acquire from Seller, on and subject to the terms, covenants and conditions hereinafter set forth, the Premises, and all of Seller's ownership and rights, if any, in any land lying in the bed of any street, roadway, or right-of-way adjoining the Premises to the center line thereon.

2. **PREMISES**. The Premises are described as Lot No. 1 on a certain Concept Plan for Visconti Limousines, Inc. dated October 10, 2007 by Shaw Engineering, annexed hereto as Schedule A, or, in the event the Seller offers the same to the Purchaser, the entire 3.1 acres referenced above, but will include all of Seller's right, title and interest in and to:

- a. any strips or gores of land within or adjoining the Premises;
- b. any land lying in the bed of any street, road or avenue opened or proposed, in front or adjoining the Premises, to the center line thereof;
- c. all easements, rights of way or use, privileges, licenses, permits and right to the same belonging to or appertaining to the Premises; and

- d. all rights, title, and interest of the Seller in and to any unpaid award for damage to the Premises by reason of change in grade of any street. Seller will execute to the Purchaser on the closing date all proper instruments for the conveyance of such title and assignment and collection of any such award.

3. **PURCHASE PRICE.** The purchase price for the all or the approximately 2.4 acres of Premises which Purchaser shall purchase (the "Purchase Price") is the sum of One Hundred Thousand Dollars per acre, which shall be paid as follows:

- a. Ten Thousand and 00/100 (\$10,000.00) Dollars (the "Option Fee") shall be paid by Purchaser upon the execution of this Agreement, to the City Comptroller of the Seller, as escrow agent (the "Escrow Agent") subject to the provisions of Paragraph "11" below. At Closing, the Option Fee shall be applied against the Purchase Price.
- b. The balance of the Purchase Price shall be paid to the Seller by Purchaser at Closing by wire transfer, good certified check of Purchaser, or official check of a bank, trust company, or savings and loan association having a banking office in the State of New York, payable to the order of Seller.

4. **SUBDIVISION APPROVAL AND CONDITIONS.**

- a. In the event the Seller deems it to be in its best interest to restrict this Option to the 2.4 acre parcel described above, the parties shall fully cooperate with each other in the preparation of a proposed subdivision map of Tax Map parcel Section 43 Block 3 Lot 7.1 and a Site Plan (the Site Plan being required in the event the entire parcel is to be conveyed, also, and in which case, the parties shall likewise cooperate in its preparation) for submission to the Planning Board of the City of Newburgh and in any and all applications, proceedings and appeals made or prosecuted by or on behalf of Purchaser in connection with and consistent with the terms of this Agreement, and Seller agrees to execute and deliver all documents, consents or authorizations reasonably required by any governmental authority with respect thereto. Such coordination and cooperation between the parties is necessary due to issues presented by the need to remedy the site's environmental conditions, measures to monitor the site after such remediation, and the impact of such work and services on the configuration and operation of the Purchaser's development of the Premises for his transportation business.
- b. This Agreement is contingent upon the Purchaser's approval of the configuration of the subdivision (in the case that only the 2.4 acre parcel is to be conveyed), Site Plan, and each and all of the conditions imposed by the City's Planning or Zoning Boards, the New York State Department of

Environmental Conservation (DEC), or any other governmental agency (the "Conditions"). In the event any such Conditions are unacceptable to the Purchaser, he shall so notify the Seller, whereupon the Option Fee shall be promptly refunded and this Agreement will thereupon be deemed cancelled, neither party having any further liability, one to the other.

- c. This agreement is contingent upon the Purchaser obtaining final approvals from the City and all other appropriate governmental bodies and agencies for the construction of the improvements as described in the Site Plan. In the event that said final approvals are not obtained by the Purchaser within one hundred eighty (180) days of the date of New York State Department of Environmental Conservation (DEC) issuance of a Certificate of Completion of the remedial activities set forth in its Record of Decision of March 30, 2005 (ROD), this agreement shall at the option of Purchaser terminate and be deemed null and void, entitling the Purchaser to a return of his down payment.
- d. The City shall engage First Environment and such other contractors as necessary or helpful to perform all services outlined in its proposal dated February 8, 2008 for the environmental remediation of existing contamination of the Premises, including but not limited to building asbestos survey and abatement and demolition, soil excavation, soil or groundwater disposal and site capping, and obtaining a Certificate of Completion of all remedial activities set forth in the ROD at the City's sole cost and expense. If the environmental remediation is not completed within one hundred eighty (180) days of the date of this Agreement, the Purchaser shall then have the option of either canceling the agreement and obtaining the return of the Deposit or of extending environmental remediation period for such additional time as the Purchaser may deem appropriate. However the City shall be obligated to diligently pursue approval by the DEC.
- e. Provided the Purchaser is satisfied with the work, conditions and approvals set forth above, it shall exercise its option to purchase by written notice to the Seller's Corporation Counsel on or before ten (10) days of the later of: (i) the issuance of the DEC's a Certificate of Completion, (ii) the date of final site plan approval and (iii) the date of completion of groundwater quality monitoring; or on such earlier date as the parties hereto may mutually agree in writing.

5. CLOSING.

- f. The "Closing" means the settlement of the obligations of the Seller and Purchaser to each other under this Agreement, including the payment by Purchaser to Seller of the purchase price and other sums due, in the

manner set forth in this Agreement, and the delivery to Purchaser of the deed in proper statutory form for recording so as to transfer and convey to Purchaser, fee simple ownership to the property, free of all encumbrances except as provided herein. The deed will contain the covenant of Seller as required by Section 13 of the Lien Law of the State of New York.

- i. The Closing will occur at the office of Seller's attorney or at another mutually agreeable location, on or before ten (10) days of the later of: (i) the issuance of the DEC's a Certificate of Completion, (ii) the date of final site plan approval and (iii) the date of completion of groundwater quality monitoring; or on such earlier date as the parties hereto may mutually agree in writing. Conveyance shall be made at the principal office of the City and the Purchaser shall accept such conveyance and pay to the City at such time and place the Purchase Price.
- ii. Condition of Property at Time of Conveyance. The Purchaser shall take title to and possession of the Property in such condition as exists at the time of the issuance of the aforesaid Certificate of Completion and completion of ground water monitoring, and the City shall have no obligation to perform any work to improve or prepare the property for renovation in any way, except as set forth in this Agreement.

6. ACCESS AND INSPECTIONS.

a. Seller hereby grants to Purchaser its agents, servants, employees and consultants, a license to enter in and upon the Premises throughout the term of this Agreement for the purpose of inspecting the Premises which inspections may include, but are not limited to, conducting surveys, physical inspections, tests, engineering and construction evaluation and reports, architectural study and planning, and environmental study, testing, borings and such other tests and evaluations as are reasonably required for the full and complete evaluation of the Premises and the full and complete prosecution of any applications for governmental approvals. The Purchaser agrees to conduct such inspections in such manner so as to cause a minimum of disturbance to the Premises. Pursuant to the Lease of even date herewith, a copy of which is annexed hereto, Seller shall also permit the Purchaser to park his vehicles and equipment at the Northeast portion of the Premises (subject to relocation on the Premises from time to time as may be required to perform the tasks set forth in the ROD), and construct and occupy improvements on the Premises for the purposes of the adjacent Visconti transportation businesses. Additionally the parties will coordinate the capping of the site to permit the Purchaser, at his option, to perform such site grading as may be helpful to his development of the site subject to the continuing oversight and

manner set forth in this Agreement, and the delivery to Purchaser of the deed in proper statutory form for recording so as to transfer and convey to Purchaser, fee simple ownership to the property, free of all encumbrances except as provided herein. The deed will contain the covenant of Seller as required by Section 13 of the Lien Law of the State of New York.

- i. The Closing will occur at the office of Seller's attorney or at another mutually agreeable location, on or before ten (10) days of the later of: (i) the issuance of the DEC's a Certificate of Completion, (ii) the date of final site plan approval and (iii) the date of completion of groundwater quality monitoring; or on such earlier date as the parties hereto may mutually agree in writing. Conveyance shall be made at the principal office of the City and the Purchaser shall accept such conveyance and pay to the City at such time and place the Purchase Price.
- ii. Condition of Property at Time of Conveyance. The Purchaser shall take title to and possession of the Property in such condition as exists at the time of the issuance of the aforesaid Certificate of Completion and completion of ground water monitoring, and the City shall have no obligation to perform any work to improve or prepare the property for renovation in any way, except as set forth in this Agreement.

6. ACCESS AND INSPECTIONS.

a. Seller hereby grants to Purchaser its agents, servants, employees and consultants, a license to enter in and upon the Premises throughout the term of this Agreement for the purpose of inspecting the Premises which inspections may include, but are not limited to, conducting surveys, physical inspections, tests, engineering and construction evaluation and reports, architectural study and planning, and environmental study, testing, borings and such other tests and evaluations as are reasonably required for the full and complete evaluation of the Premises and the full and complete prosecution of any applications for governmental approvals. The Purchaser agrees to conduct such inspections in such manner so as to cause a minimum of disturbance to the Premises. Pursuant to the Lease of even date herewith, a copy of which is annexed hereto, Seller shall also permit the Purchaser to park his vehicles and equipment at the Northeast portion of the Premises (subject to relocation on the Premises from time to time as may be required to perform the tasks set forth in the ROD), and construct and occupy improvements on the Premises for the purposes of the adjacent Visconti transportation businesses. Additionally the parties will coordinate the capping of the site to permit the Purchaser, at his option, to perform such site grading as may be helpful to his development of the site subject to the continuing oversight and

approval thereof by the DBC. In connection with the exercise of the license granted to Purchaser herein, Purchaser agrees to hold Seller harmless from any loss, cost, damages, lawsuit, damage to person or property, and the cost of litigation (including attorneys fees) caused solely by Purchaser or its agents, servants or employees in the use of said licensing. The provisions of the preceding sentence shall survive the closing of title.

- b. Purchaser shall, at Purchaser's sole expense, keep and maintain a policy of commercial public liability insurance which shall include coverage for Purchaser's actions upon the Property during the term of this Agreement. This insurance policy shall name Seller as an additional insured and afford protection in limits of not less than \$1,000,000.00 for bodily injury or death in any one accident, and not less than \$500,000.00 for property damage. All insurance shall be effected under standard form policies, issued by insurers of recognized responsibility authorized to do business in the State of New York and, at Purchaser's option, such coverage may be effectuated through a blanket policy of insurance. Purchaser will deliver to Seller within seven (7) days after the Effective Date, and prior to entry onto the Property, certificates of this insurance coverage and, not less than thirty (30) days prior to the expiration of the coverage, a certificate of the new policy accompanied by evidence reasonably satisfactory to Seller of payment of premiums therefor.

7. APPORTIONMENTS.

- a. At Closing, real property taxes, and water and sewer charges and rents, if applicable, will be apportioned and adjusted as of midnight preceding the Closing date.
- b. In the event that any time subsequent to the closing of title hereunder the Premises shall be charged with an assessment, penalty, interest as the result of the loss of a tax exemption whether for agriculture, veteran, senior citizen, or other exemption (which said assessment, penalty and/or interest is collectively referred to as "Roll-Back Taxes"), any such Roll-Back Taxes shall be the sole obligation of the Seller. This provision shall survive delivery of the deed.

8. TITLE.

- a. If, at the date of a closing there may be any taxes or other liens or encumbrances on the Premises which may be satisfied or discharged by the payment of money ("Monetary Liens") the Seller shall be obligated to pay and discharge the same. Seller may use the portion of the Purchase Price payable at or prior to the closing, to satisfy the Monetary Liens, provided the Seller shall simultaneously either (a) deliver to the Purchaser at the closing of title, instruments in recordable form and sufficient to satisfy such Monetary Liens

of record together with the cost of recording or filing said instruments; or (b) provided that the Seller has made arrangements with Purchaser's title company in advance of closing, Seller will deposit with said title company sufficient monies, acceptable to and required by it to insure obtaining and recording such satisfactions, and the issuance of title insurance to the Purchaser free of any exception for such Monetary Liens. The Purchaser, if request is made within a reasonable time prior to the closing of title, agrees to provide at the closing separate bank or certified checks, aggregating the amount of any such Monetary Liens. The existence of any such Monetary Liens shall not be deemed objections to title if the Seller shall comply with the foregoing requirements.

- b. At the closing of title, the Seller will convey title to the Premises by Quitclaim Deed, free and clear of all exceptions, liens and encumbrances, other than those shown on Schedule "B" attached hereto (collectively, "Permitted Exceptions"). The payment of the New York State Transfer Tax shall be the obligation of the Purchaser.
- c. Within thirty (30) days of the Effective Date, the Purchaser shall deliver to the Seller a copy of the preliminary title insurance report, including the exception sheets, tax search, survey and survey reading, if any, and property description together with a written notice setting forth any and all objections to the Seller's title and if the written notice of objections is not given within such period, such title objections shall be deemed waived by Purchaser except for any objections which shall arise of record subsequent to the date of the Purchaser's preliminary title report ("Subsequent Objections") and Purchaser shall, if possible, give Seller written notice of Subsequent Objections at least ten (10) days prior to the date set for closing. With respect to any objections, other than a Permitted Exception, Seller, shall have a period of forty-five (45) days, commencing with the receipt by Seller of Purchaser's notice of objections, within which to cause such objections to be cured or discharged to the satisfaction of Purchaser and its title company. If Seller attempts to cure or discharge the said objections but is unable or fails to do so by the end of the Cure Period, then upon the expiration of the Cure Period this Agreement shall be deemed canceled, unless Purchaser, no later than ten (10) days following the end of the Cure Period, shall notify Seller of Purchaser's waiver of the said objections. If this Agreement is canceled pursuant to the provisions of this Paragraph the Deposit paid by the Purchaser shall be returned to Purchaser, whereupon this Agreement shall terminate and neither party shall have any liability to or claim against the other, whether at law or in equity.

2. REPRESENTATIONS OF SELLER. The Seller makes the following representations with respect to this transaction to the best of Seller's knowledge, same not to survive closing unless specifically noted to the contrary.

- a. There are no tenancies, written or oral, affecting the Premises, and no other persons have any right to occupy the same. For the purpose of conveying marketable title to the Purchaser at Closing, prior to Closing, Seller shall obtain insurable title to the portion of the Premises lying within the railroad spur right of way. No new tenancies are to be created or existing tenancies modified after execution of this Agreement without Purchaser's consent. The Premises will be conveyed vacant. Seller is not aware of any claims or conditions which would affect Seller's title to the Premises, or prevent Seller from conveying the quality of title described above.
- b. Seller has the authority to enter into this Agreement and to deliver the Deed to the Premises.
- c. Other than the conditions which Seller will remediate in accordance with the ROD, Seller has no actual knowledge of any environmental constraints which would create a reporting or cleanup obligation under any local, regional, state or federal environmental regulation or statute, or the presence of any hazardous substances or spills on the Premises as defined by any local, regional state, or federal environmental regulation or statute.
- d. Seller has no actual knowledge of any threatened, anticipated, or pending eminent domain or condemnation action.

In the event Seller receives any information which would cause the above noted statements to be untrue or incomplete, Seller agrees to immediately notify Purchaser of such state of facts.

10. FIRPTA. Seller represents and warrants to Purchaser that Seller is not a "foreign person" as defined in IRC §1445, as amended, and the regulations issued thereunder ("Code Withholding Section"). At the Closing, Seller shall deliver to Purchaser a certification stating that Seller is not a foreign person, which certification shall be in the form then required by the Code Withholding Section.

11. OPTION FEE.

- a. The Option Fee shall be maintained in a non-interest bearing account by the Escrow Agent in such accounts or investments as shall be agreed to in writing by Purchaser and Seller.
- b. The Option Fee, shall be paid by the Escrow Agent as follows:
 - i. If the transaction closes, to Seller at closing;
 - ii. To Buyer, if and when Buyer is entitled to a return of the Option Fee in accordance with the terms and conditions of this Agreement; or

- iii. To Seller, if Seller will be entitled to the Option Fee in accordance with the terms and provisions of this Agreement.
- c. If and when Purchaser is entitled to a return of the Option Fee in accordance with the terms and conditions of this Agreement, the Escrow Agent shall deliver the Option Fee to Purchaser; provided, however, that the Escrow Agent shall not release the Option Fee until ten (10) days after the date on which the Escrow Agent shall have delivered a copy of Purchaser's notice and demand to Seller, nor thereafter if during such ten (10) day period the Escrow Agent shall have received written notice of objection from Seller. Upon receipt of a notice of objection, the Escrow Agent shall promptly deliver a copy thereof to Purchaser.
- d. If and when Seller is entitled to the Option Fee in accordance with the terms and conditions of this Agreement, the Escrow Agent shall deliver the Option Fee to Seller; provided, however, that the Escrow Agent shall not release the Option Fee until ten (10) days after the date on which the Escrow Agent shall have delivered a copy of Seller's notice and demand to Purchaser, nor thereafter if during such ten (10) day period the Escrow Agent shall have received written notice of objection from Purchaser. Upon receipt of a notice of objection, the Escrow Agent shall promptly deliver a copy thereof to Seller.
- e. The Escrow Agent shall not be liable to any of the parties for any act or omission, except for bad faith or gross negligence, and the parties hereby agree to indemnify the Escrow Agent harmless from any claims, damages, losses or expenses arising in connection herewith (including attorney's fees). The parties acknowledge that the Escrow Agent is acting solely as a stakeholder for their convenience. In the event of a dispute between the parties, the Escrow Agent shall not be bound to release and deliver the Option Fee to either party but may either continue to hold the Option Fee until Escrow Agent is otherwise directed in writing signed by all parties hereto, or by a final non-appealable judgment of a court of competent jurisdiction, or Escrow Agent may deposit the Option Fee with the clerk of any court of competent jurisdiction. Upon such court deposit, the Escrow Agent will be released from all duties and responsibilities hereunder.
- f. The Escrow Agent shall not be required to defend any legal proceedings which may be instituted against it in respect of the Premises or the subject matter of this Agreement unless requested to do so by Purchaser or Seller and indemnified to its satisfaction against the cost and expense of such defense (including attorney's fees). Escrow Agent shall not be required to institute legal proceedings of any kind and shall have no responsibility for the genuineness or validity of any document or other item deposited with it or the collectibility of any check delivered in connection with this agreement.

Escrow Agent shall be fully protected in acting in accordance with any written instructions given to it hereunder and believed by it to have been signed by the proper parties.

12. PREMISES SOLD "AS IS". Purchaser has inspected the Premises and is thoroughly familiar with the physical condition thereof. Seller has not made and does not make any representations as to the physical condition thereof other than as heretofore set forth herein. Seller has not made and does not make any representations as to the physical condition, topography, drainage, or soil conditions, subdivisions, zoning, acreage, expense of operations or any other matter or thing affecting or related to the Premises except as herein specifically set forth, and Purchaser hereby expressly acknowledges that no such representations have been made, and Purchaser further acknowledges that Purchaser has inspected the Premises and agrees to take the property in its present condition "AS IS."

13. BROKER. Each party hereby represents and warrants to the other that there was no broker, finder or person acting as such in any way instrumental or having any part in bringing about this transaction, and Seller agrees to pay the real estate commission if, as and when title closes, pursuant to the terms and conditions of a separate agreement. Each party covenants and agrees to indemnify and hold the other party harmless from and against any loss, cost, damage, expense (including reasonable attorneys fees and expenses) or liability resulting from any claims that may be made against the other by any other broker, finder or other person claiming a fee or other compensation in connection with this transaction arising from the acts of the indemnifying party. The provisions of this Paragraph shall survive delivery of the deed hereunder or the earlier termination of this Agreement.

14. CONDEMNATION.

- a. If after the date this Agreement becomes effective and prior to the Closing Date there is a taking of less than ten percent (10%) of the Premises in eminent domain proceedings or under threat of condemnation, and such taking will not, in the reasonable opinion of Purchaser, prevent or interfere in a material way with the development of the Premises as described in Paragraph "4(a)" above, Purchaser shall perform its obligations under this Agreement and purchase the Premises. If during such period of time there is a taking of ten percent (10%) or more of the Premises as aforesaid, or if such taking will prevent or interfere with the development of the Premises as described in Paragraph "4(a)," Purchaser shall have the option of complying with the terms of or terminating this Agreement. If Purchaser is obligated hereunder to purchase the Premises or, if granted an option to terminate, elects not to terminate this Agreement, Purchaser shall remain obligated to perform its obligations under this Agreement, and Seller shall at the Closing deliver to Purchaser any part of the condemnation award collected by Seller and assign

to Purchaser rights to any part of the award not yet collected, in each case attributable to Seller's interest in the Premises. For the purposes of this Agreement, a taking in condemnation shall mean the vesting of fee title to any part of the Premises in governmental entity pursuant to the exercise of the power of eminent domain or pursuant to a deed delivered in lieu or in contemplation thereof. If this Agreement is canceled pursuant to the provisions of this Paragraph the Deposit paid by the Purchaser pursuant to Paragraph "3(a)" above, shall be returned to Purchaser, whereupon this Agreement shall terminate and neither party shall have any liability to or claim against the other, whether at law or in equity.

- b. CITY COUNCIL RESOLUTION AUTHORIZING APPRAISAL

ASSUMPTIONS AND LIMITING CONDITIONS

1. This is an Appraisal Report which is intended to comply with the reporting requirements set forth under Standard Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for a Summary Appraisal Report. As such, it might not include full discussions of the data, reasoning, and analysis that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analysis is retained in the appraiser's file. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.
2. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.
3. The property is appraised free and clear of any or all liens and encumbrances unless otherwise stated in this report.
4. Responsible ownership and competent property management are assumed unless otherwise stated in this report.
5. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
6. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
7. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
8. It is assumed that there is full compliance with all applicable federal, state and local environmental regulations and laws unless otherwise stated in this report.
9. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.
10. It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
11. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless otherwise stated in this report. No survey has been made for the purpose of this report.
12. It is assumed that the utilization of the land and improvements is

within the boundaries or property lines of the property described and that there is no encroachment or trespass unless otherwise stated in this report.

13. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous water and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substance such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.
14. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.
15. Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.
16. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
17. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.
18. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and appraisal of the appraiser.

4. The property is sold subject to unpaid 2015-2016 School Taxes and any subsequent levies. Upon the closing the property shall become subject to taxation. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.

Purchaser acknowledges receivership of the pamphlet entitled "Protecting Your Family from Lead in Your Home." Purchaser also acknowledges that he/she has had the opportunity to conduct a risk assessment or inspection of the premises for the presence of lead-based paint, lead-based paint hazards or mold.
12. The entire purchase price and all closing costs/fees must be paid by money order or guaranteed funds to the City of Newburgh Comptroller's Office on or before April 24, 2016. *The City of Newburgh does not accept credit card payments for the purchase price and closing costs/fees.* **The City is not required to send notice of acceptance or any other notice to a purchaser.** At closing, purchaser, as grantee, may take title as a natural person or as an entity wherein purchaser is an officer or managing member of said entity. The City Manager may, in his sole discretion and for good cause shown, grant one extension of time to close title of up to, but not to exceed, sixty (60) additional days. No request shall be entertained unless in writing, stating the reasons therefor, and unless accompanied by a fee of \$250.00 per parcel for which a request is submitted. The fee shall be in addition to all other fees and deposits and shall not be credited against the purchase price and shall not be returnable. Any additional request made thereafter shall be made in writing and placed before the City Council for their consideration.
13. In the event that a sale is cancelled by court order, judgment, the Comptroller or the Newburgh City Council, the successful bidder shall be entitled only to a refund of the purchase money paid with interest. The deed will be recorded by the City upon payment in full of the purchase price, buyer's premium, and closing fees/costs. Possession of property is forbidden until the deed is recorded conveying title to the purchaser. **Title vests upon recording of deed.**
16. Upon closing, the City shall deliver a quitclaim deed conveying all of its right, title and interest in the subject property, which deed shall be drawn by the City Corporation Counsel. The City shall not convey its interest in any street, water, sewer or drainage easement, or any other interest the City

17. The description of the property shall be from the City of Newburgh Tax Map reference or a survey description certified to the City of Newburgh and provided to the City Corporation Counsel by the purchaser at least ten (10) days in advance of closing title and approved by the City's Engineer.

If such conveyance occurs, the purchaser understands that he/she may be found to have committed fraud, and/or intent to defraud, and will be liable for any deficiency between the purchase price at auction and such sums as may be owed to City of Newburgh as related to the foreclosure on the property and consents to immediate judgment by City of Newburgh for said amounts.
