City Manager Update

Mayor Kennedy suggested that when they get to the City Manager's Report they vote on the budget first. Councilwoman Angelo needs to leave early this evening due to an emergency.

City Manager Michael Ciaravino remarked about the recent fire incident that many of us read in the papers. He held up the severely fire damaged helmet that one of our firefighter's was wearing that day, and the incident has had a tremendous impact on him personally and emotionally. The City of Newburgh Fire Department was the first to arrive in a call that required mutual aid in The Town of New Windsor. Our Newburgh Fire Department did what it does every day. This incident brought home for him what it means to be a community first. This particular firefighter, as well as others, suffered extensive burns around his face. It is a testament to not only their bravery, but, also it says that we have a professional fire department that not only responds to the City of Newburgh, but also they respond outside of the city, when they are called upon to protect the entire region. When we talk about mutual aid, tonight's discussion is not about who has to pay for what. We simply want to recognize that this helmet is a symbol of the selflessness that our firefighters puts forth in risking their own lives, health and well-being in front of others. We will continue to work on balancing our budget so that we can keep our safety forces at the level that they need to be going forward. He thanked the fire department for the tremendous sacrifices they have made, and will continue to make as they are called upon to serve for a higher purpose than themselves. Mr. Ciaravino read the list of injuries suffered by seven (7) City of Newburgh firefighters. "Do I stand back and save myself or do I go back into the fire [after the first explosion] to help someone else?" This is the mindset of our highly trained fire department, and the decisions that they make. He thanked Chief Ahlers, all of the Assistant Fire Chiefs and every firefighter in this city for proving that when they are called upon to serve, they run in the *right* direction that so many of us would characterize as "running the other way."

Next he commented about the Fire Chief search. Two of the three candidates, while they have indicated strong interest in the position, have already established their homes outside of the city and therefore are not qualified. We are going to get the posting back up by the end of the week and continue recruitment efforts. Also he commented about the Police Chief search. He is prepared to hold his promise to name someone in the position by the end of the year, or possibly sooner. An additional interview is scheduled for this week, and there may be a second interview. With all of the candidates that have been interviewed so far, hopefully we will be closer to naming someone in the position.

The City Manager presented highlights in the police department. Statistics show that there has been a 14% reduction in crime compared to last year's statistics. The trend is a testament to the new management techniques utilized by the department, especially when it comes to where to focus the energies of the department. Rather than doing these sweeps throughout entire neighborhoods, the crime analysis allows the department to hone in on the wrong-doers. These cutting edge techniques have earned us recognition by the State of New York and many other police departments, who have asked us what are we doing and how can they replicate these efforts. Much of this recognition has been earned just in the last two years, and Ciaravino thanked Lt. Aaron Weaver for his leadership, as well as all of the work that all of the lieutenants and staff in the department have put forth.

Ciaravino spoke about the Recreation Department. Participants of The Teen Program attended the Broadway Musical "Stung", as part of the Culture and Arts portion of the program. The program, which promotes positive teen image, meets Fridays evenings and Saturday afternoons. The program will be seeking new members for the next session. Also registration for basketball and soccer is ongoing. Now is the time to take advantage of the free activities and educational opportunities that abound at the Newburgh Armory Center. Some courses being offered include healthcare classes, chemistry, engineering, tap dance, chess and acting for youth. All classes are free, and you should contact the Newburgh Armory Center at (845) 245-4035 for more information. Last, the Recreation Department, in conjunction with *We are Newburgh*, is accepting donations for a Community Christmas Toy Drive. The event is scheduled for Saturday, December 23rd, at the Activities Center, and donations will be accepted on Thursday, December 14th.

As part of this evening's anticipated presentation by the New York State Department of Environmental Conservation (DEC), he thanked the Engineering and Water Departments, and the construction crews that worked hard to put together a State-of-the-Art Carbon Filtration System. The project is very expensive, and it was done in response to the discovering of contaminants that leaked into Washington Lake and subsequently trickled into our watershed. We are here to listen to the DEC to hear about the progress and protocols that are in our plan moving forward, to ensure that our drinking water is of the highest quality to our residents. Water is our future, and we will respectfully ask that the State consider what its position is, and what actions it plans to take to ensure this highest water quality. Ciaravino spoke about bad development practices in the past that could potentially perpetuate the problems with our water. For example, the procedural law SEQRA often allows many projects to get rubber-stamp approval when they should have been scrutinized further. There should be more funding available to encourage nature to do its job for us at a fraction of the cost. Tonight's DEC presentation speaks to the bigger picture within the regulatory framework of the DEC, the Department of

Health (DOH), and the Department of Transportation (DOT). Lastly, the City Manager thanked Governor Cuomo for recently announcing the award of \$20 Million of Statewide funding to replace residential drinking water lead services line as part of New York's *Clean Water Infrastructure Act of 2017*.

The City Manager concluded his report.

Mayor Kennedy stated that Councilwoman Angelo needs to leave at this time due to an emergency. Angelo desired to vote on the budget before she left since it is an important matter.

Councilwoman Mejia remarked that the public should have the opportunity to comment first, before the council moves on to the *City Manager's Report*.

Corporation Counsel Michelle Kelson pointed out that there is no set order that the council has to follow on the agenda. But in order for the budget to be voted on, the council has to vote on the base percentages and base proportions outlined in Resolution #332-2017 first.

It was decided by consensus of the council that they not skip ahead to the budget vote. ~~There may be significant public and council input pertaining to the budget, itself, in~~ which the council does not want to miss out on.

Councilwoman Angelo thanked Comptroller Kathryn Mack and her staff for all of the work they did on the budget. She communicated that it was her intention to vote in support of the budget tonight, but, she has to leave early due to an emergency.

PRESENTATIONS

New York State Department of Conservation will present their Roll out plan for the new upgrades at the Water Treatment Plant

Ben Rung, PE, of the Division of Environmental Remediation within the NYSDEC, was joined by Michael Cruden and David Harrington. They presented the Roll Out Plan for the new upgrades at the city's water treatment plant. More specifically, they have been tasked with the construction of a Granular-Activated Carbon (GAC) Treatment System to address the PFOS contamination that was found in Washington Lake. The presentation included a timeline of the project, beginning with the discovery of PFOS. Also site and construction photos were shown at the presentation. A 1.2 Million gallon Contact Tank had to be developed in order to be able to hold treated water, because it would not have been able to hold all of that water otherwise. The old storage tank, which sat underground, had to be removed first. In short, the new tank was put into service earlier this year. Additional water sampling, as mandated by DOH, is set to occur next month followed by an anticipated move to return to Washington Lake water supply in early January of 2018.

Councilwoman Abrams remarked that it is fantastic that they have completed the project in record time. She has great confidence in the GAC to reduce PFOS levels to zero. But she is leery about returning to Lake Washington water supply until we test for *all* of the other contaminants in the water. She asked about the comprehensive watershed management teams that the City Manager alluded to in his report, to help protect our local watersheds. Also she wanted to know where the Department of Defense (DOD) comes into all of this. Are they funding any of this very expensive technology?

Michael Cruden responded. Testing was performed in Lake Washington since this is the water that is going into the GAC system. This type of testing, known as a Targeted Compound List, looked for contaminants, including pesticides, PCPs, metals, volatiles and non-volatiles to name a few. He didn't see much variety in the sample, but, from what he did see, he is confident that the GAC system will be able to remove from the water. Cruden stated that the testing data has been provided to the city. Although he does not disagree with Abrams' concerns, he said that he and his team can't really speak to it. They are just the guys who built the GAC system. It is a much broader discussion that crosses various divisions within his department, as well as multiple agencies.

Cruden commented that they are pursuing DOD, and they feel as though they are

making some inroads. But it is an ongoing issue.

Mayor Kennedy asked the team if this is a top of the line filtration system that is capable of filtering out a lot more contaminants than we were able to filter out previously. When it was first proposed, she understood that it would result in premium drinking water for residents. She asked if she is still hearing this correctly.

Rung responded that she is correct in making that assessment. Carbon is a proven and robust technology that has the ability to remove a lot of different contaminants.

The City Manager spoke about the dilemma. He stated that the 2/3 of the water supplied into Washington Lake is comprised of the area between Silver Stream, which is fed by Rec Pond, and Patton Brook. The decision must be made as to whether we allow that highly toxic contaminant to give us the volume of water we need to supply to our residents; or do we continue to keep that gate closed. As Washington Lake is drawn down for consumption we could find ourselves in a situation where we do not have a sufficient quantity of clean water.

Councilwoman Mejia commented that while DOD has not been at the table yet, we need more of the public to stand next to us when we go and speak to these large entities. What we have now is a community that has been "Woke". To say that we now have a carbon filter and that everything is going to be fine, is not an acceptable response. The contamination needs to stop, and aggressive action needs to be done. It can't be done by this table alone. She urged residents to send letters, perform demonstrations and take action. ~~Newburgh does not get paid attention to because we don't have a collective voice.~~ This is the opportunity for us to say we want a different answer. She requested a list of contaminants outlined in the DEC's Targeted Compound List. The list needs to be shared with the public. She stated that the Drinking Water Quality Council is scheduled to meet in Albany on November 29th. She urged anyone to contact her for ride-share or car pool information. If you are unable to attend the meeting, then write down your comments for submission. We have made some advancement on this, but the fact that DOD has not made any movement on it is appalling. Moreover it is insulting. She would like to see our County representatives be more vocal about it. She does not know how realistic an early January switchover is going to be, but she is prepared to do a demonstration at the water treatment plant. It would not be difficult for her to garner support for a sit-down in opposition to the January switchover.

Councilman Harvey stated that a lot of attention and focus has been on the remediation of our water stream, which is wonderful; but the human element has not been addressed. He and his family took the test too, like many of his constituents. But there are still a lot of unanswered questions, such as how do these results translate into some of the health concerns that people have. He feels that the tough questions that are going to give us definitive answers about the health impacts, are skirted around by the State and some professionals. The other element that is put on the back burner is how is the Federal Government going to address it, and how do we move forward. The remediation of the water stream is super significant; yet the human lives that have been gravely affected by exposure to these contaminants is equally important. He agreed with Councilwoman Mejia that we are not even at the midway point on the issue.

The Mayor stated that the DEC presenters are here to discuss the water treatment plant, but she agreed with Councilwoman Mejia that all of the local municipalities and Orange County need to make a collective effort to put the strong arm down on DOD as they continue to pollute. They can build their own filtration system at their site, just as we are doing here. If they want to continue to pollute, then they can filter it before they dump it out. She applauded the State for stepping up. She stated that the Government is the guilty party. She said that anyone who is listening to this video, we are not giving up on this issue.

Councilwoman Rayford remarked that what they are doing is criminal, in nature. It needs to stop. How can we say our water is going to be drinkable by early January? That is absurd.

The City Manager also praised all of our administrative teams, in addition to the State, for the amazing efforts that he has personally observed. The amount of time that has gone into it is unbelievable. Every city department is understaffed and underfunded, and it is because we are trying to keep taxes low. But we are getting the job done.

Councilwoman Mejia pointed out that residents have until December 31st to complete blood testing. If we are calling out the Federal Government and all of these other entities, then we need to call out each other too. The number of people who have been tested should be higher. She urged everyone to get their bloodwork done because it gives us

leverage to say that “you have killed, contaminated and decimated our community.” We can't expect anyone else to show up and speak out if we do not show up ourselves.

This portion of the meeting was closed.

COMMENTS FROM THE PUBLIC REGARDING AGENDA AND GENERAL MATTERS
OF CITY BUSINESS

Before Mayor Kennedy opened the public comment period she announced that the next meeting of the Distressed Property group will be held on Wednesday, December 6, 2017. The meeting will consist of a panel presentation on the proposed development of the Dutch Reformed Church (DRC), City Club and 2 Montgomery Street Project.

Councilwoman Mejia requested that the DEC representatives stick around for the public comment period, as there may be comments regarding the water filtration plant.

Deborah Brown stated that you can't switch back to Washington Lake with any peace of mind, until our need for comprehensive testing has been met. DOD continues to pollute our water supply, and we need a permanent watershed management plan in place first. We need to ensure that we are protected forever. Also we have to work with our neighbors, and everybody who has an economic and a health interest so that we can have clean water forever.

Tamson Hollo spoke on behalf of Newburgh's Clean Water Project, and she is a part of that collective voice of Newburgh. She thanked Councilwoman Abrams for her article about our watershed, and she thanked the city manager for speaking so eloquently about protecting our watershed for generations to come. The fact is our water is still being polluted by DOD. We should not switch back over to our local aquifer until we know how best to clean our water and until we know exactly what is in it. She pointed out that our secondary aquifer is Brown's Pond. The fire that our Newburgh firefighters fought so valiantly occurred right on that site. How can we ensure that these sources are clean by January? She commented about the timing of the DEC presentation. It was called for on the Monday after the biggest travel holiday of the year, and she did not feel that it was publicized well. She encouraged the council to post notices directly on their Facebook page to help spread the word to everybody. She concluded her comments by reading the *Water Bill of Rights* posted on the group's webpage. She felt that some things are slowly being addressed, but most of them are not.

Ophra Wolf addressed the DEC by stating that it is clear that there is no reason why this community should feel good about going back to drinking Washington Lake water while the contamination continues at the source. She understands the pressure and expense involved to switch us back in January. Yet the cost of the health of the people who have been paying for this for over twenty years can't be justified. It is clear that the people who have the most access to DOD is the DEC. You have the ability to pressure them, and if this discussion is pressuring you then we are doing our job. It is very hard to reach the DOD. We can write articles, but she urged the DEC to be our advocate and speak to these higher levels of government. She requested that a full Superfund analysis be performed, including a full semi-volatile and volatile scan and a pesticide scan. Also she read a long list of chemicals known to slip through the GAC system. She reminded

everyone that the filters need to be changed and cleaned and monitored regularly. Is all of this going to fall on the taxpayers of Newburgh? She stated that it is the role of the DEC and DOH to protect our watershed. Better communication needs to occur. As of 3:30 P.M. today, information about the meeting was still not posted. It is not fair to ask the people to come here and speak if they are not informed properly that they have an opportunity to speak.

Lauren Berg stated she has resided here just over one year, and she carefully chose the city in which she wanted to live in. She encouraged everyone to take the watershed tour. It was broken down into terms that she could understand, and she described it as an enlightening experience. She stated that the council should encourage DOD to stop the pollution of the city's water, and to take responsibility for its action.

Mary Wagner stated that she is new in town, but, she has met some wonderful people in the City of Newburgh. She thanked the DEC for its presentation, and the city manager for his report. She reiterated the point that the city manager made that this could be the point where Newburgh distinguishes itself as one of the most innovative places for dealing with this issue. We are one of the most populous cities to have this high level of toxicity in our water, so "all eyes are on us." Currently it is a State issue for all of these post-industrial cities, but it is soon becoming a National issue. She asked the DEC what advice it has to bring all of the divisions and agencies together on the issue.

Jonathan Jacobson agreed that we are not ready to hook up to Washington Lake. It is not just DOD that we have to go after, it is other agencies involved, including The Thruway Authority, which had an illegal dump where the old toll booths are situated; and the Town of New Windsor, whose highway department was located on Route 300. We have to cast as big a net and go after as many entities as possible. Jacobson pointed out that he got tested in the first group, but he echoed what Councilman Harvey stated in that we still don't know what the results of the testing means. So many people are cynical about getting tested, because no one is able to provide definitive answers. Next, he is glad to see that we are passing an amended budget, and not the original budget. He wished there was more in there for future things, such as street paving. He stated he would be remiss if he did not mention the passing of Congressman Maurice Hinchey. He was instrumental in passing, if not writing, much of the modern environmental legislation in New York State. He proved that you could stay loyal to your principles and still do the nitty-gritty of constituent service. He stated that Hinchey was a great public servant and Jacobson had the honor of knowing him for a long time.

Chuck Thomas stated that he opposes switching back to Washington Lake water in January. He stated that our forefathers in Newburgh founded a robust and healthy water supply, and they acquired the lands to be able to do it. We had a water system in Newburgh long before New York City had its own water system, and it says a lot about the planning and thought process of those individuals who made it happen in the late Nineteenth Century. He thanked the Quassaick Creek Water Association, the Conservation Advisory Council (CAC), and others for making us aware of what has happened to our watershed. It was the beginning of the end when a permit was granted by the State to run a thruway directly through our watershed. He hopes that Newburgh becomes the pilot project for how a community can react. We have to discuss the acquiring of development rights around watersheds, and the developing of land rights around Brown's Pond, where there is open space available. He thanked the council for taking its position on it. He is looking forward to us taking the lead. The DEC and DOH, both of which have done great work, have to hold DOD's "feet to the fire" to get it done.

Beatrice Harris stated that she and her husband have not been attending the meetings lately because they are suffering the effects of water contamination. She did a meeting entitled the *Hydrological Study Session* on October 19th, and it was done from a humanistic perspective. She discussed the Treaty Initiative, which states that we are all responsible for clean water. She read the list of toxic chemicals that was still in our water as of March 2017. Her anger stems from the issue of Granular-Activated Carbon. The use of GAC is not new. The problem is that the material is circulated and ends up right back into the water, resulting in little to no effect. Harris stated that if you switch us back to Washington Lake we are looking at a "toxic nightmare." The local hospitals are going to be flooded with patients suffering from various ailments due to an ineffective water infrastructure. She pointed out that we tried to do this almost ten (10) years ago through a technique called Reverse Osmosis to remove contaminants, and it did not work. We, as a community, have the ability to do the research ourselves, and answer our own questions with effective education. If not, we will see it happen again, but on a larger scale. As a survivor, and as an advocate for her people, Harris suggested that we look at all of the alternatives before we face a devastation to our community.

This portion of the meeting was closed.

COMMENTS FROM THE COUNCIL REGARDING THE AGENDA

Councilwoman Abrams pointed out that she asked the Comptroller to come up with a different budget than the one that the City Manager proposed. She was happy to see it until she noticed that it could only be achieved by laying off someone in DPW. It is the last department that needs layoffs because of all of the important work that it does. She appreciated the fact that Katie has worked effortlessly to try and come up with a better budget. But she was hesitant about it after learning that it could only be achieved by unfairly raising the non-homestead rates for businesses. She does not know how she will vote on it later, unless they could discuss another solution in the meantime.

Mayor Kennedy asked if there is any way that they can keep the rates for homeowners' level, while slightly increasing non-homestead rates. She has a hard time with the rate difference knowing that our businesses will have to carry most of the load.

Kathryn Mack explained that the majority of the base of the entire tax population rests with the non-homestead, and we don't have the ability to leave a zero increase on that side of the equation. Additionally there was a \$14 Million increase in the tax evaluations of non-homestead properties. So in essence, the wealth of our city has increased substantially. She stated that it is a double-edged sword. Even if we forced the numbers down it would still be roughly a \$0.15- \$0.20 rate increase.

Kennedy stated that she would entertain a slightly reduced increase in the non-homestead rate.

Councilman Harvey remarked that the council looked at all of the various options when the mayor was absent. He recalled the time, when one year ago, the comptroller had offered a tax scenario in which homeowners' taxes would decrease a small amount; yet the council opposed the option at the time. He reminded them about the elderly community and their concern about any tax increases. They are on fixed incomes, and any decrease we can provide them is important to him. If we say that there is a decrease of \$0.08 for the homeowners, he first thinks about the elderly community and those homeowners who have been here for generations. He will always speak to the elderly population of our city. Property values tanked in 2008, and the elderly expected their taxes to decrease. These were the same taxes which increased so highly during the economic boon in our city. But taxes never decreased, they actually increased. This is the

single reason that he decided to run for office. Each budget time there is an opportunity to lower the taxes for homeowners. At one time the council reduced it to \$0.29, now it is down to \$0.08 and we want to wipe that savings away from homeowners. As a non-homesteader, you have an opportunity to incur the additional amount [which comes out to \$74.29 per year] by adjusting the cost of services that you provide. Yet we want to wipe away the \$9.37 in would-be savings for the homeowners.

Mayor Kennedy stated that the taxes are one of the reasons that she ran for city council too. But she desired fairness. There are three (3) entities vested in how we keep the city running: our employees, our homesteaders and our non-homesteaders. We don't have a city if our businesses don't flourish. So we are trying to balance all of those important needs. She knows how painful it was for her to have to sell her home due to the inability to pay the taxes. She is torn. She had read this over and over. She loves that we can reduce taxes for homeowners. She hates that we have to raise taxes for businesses, because we did it last year.

Kathryn Mack explained that she could move the burden off of the non-homestead so that the rate is \$0.16 per \$1000 of assessed value. If she does it this way, the homestead rate would increase to \$0.23 per \$1000 of assessed value. So this option does not work either.

This portion of the meeting was closed.

CITY MANAGER'S REPORT

Adopted

Resolution No. 328 -2017 - A License Agreement with Scenic Hudson for Trail Improvements to Crystal Lake and Snake Hill

Councilwoman Mejia stated that she has received a lot of input from her constituents. Is there any additional clarity stated in the license agreement, such as the timeframe and future plans for the area. Can we put something in place so that there is not a prolonged and endless license agreement? She would like the plans put onto our website for people to see.

Corporation Counsel responded that the agreement commences when it is signed. There is not a fixed end date, as the completion date is when the improvements have been done to the satisfaction of the City Engineer and the City Planner. She pointed out that the maps were presented to the council and they were intended for public dissemination. She does not know why they weren't attached and uploaded to the agenda.

City Engineer Jason Morris explained that Scenic Hudson has been out in the field, and they are looking to start the project as soon as possible. He thinks that it will take them two or three weeks to build a parking area. In terms of future plans, they are looking to cut the trail up into Snake Hill, which will become part of Phase I for this project.

Councilman Harvey recalled some of the public's concern about the presentation regarding our water, and how many people felt that it was not effectively communicated to the public nor was it put online in advance. Since he considers this to be a point well taken, he asked his colleague if she felt that the council should table the resolution until the public has had a chance to see all of the material and attachments concerning it.

Mejia did not want to table the resolution, as she felt that it is a good project. She stated that she received the additional clarity when Morris responded.

Councilwoman Abrams moved and Councilman Harvey seconded.

Ayes: Abrams, Harvey, Holmes, Mejia, Rayford, Kennedy - 6

Adopted

Resolution No. 329 -2017 Hold a Public Hearing to Discuss the City's Potential Application for a Restore NY Grant for the Dutch Reformed Church and the City Club

Councilman Harvey is excited about the upcoming public hearing. There have been a lot of concerns and input from constituents regarding future use of these buildings, as well as creating access to commercial development.

Deirdre Glenn remarked that the entire project hinges on public involvement and determining the final use of the DRC and the City Club. We have begun the presentations and public discussions, and this is what it is all about. A number of entities have looked to apply for this particular grant, and the deadline is fast approaching. We are simply asking to apply for the money.

Michelle Kelson explained that there are two (2) upcoming meetings. The resolution tonight is to schedule a public hearing to receive public input on the city's proposal to apply for a *Restore NY Grant* in order to rehab the DRC. The larger project is the redevelopment of the DRC, the City Club and 2 Montgomery Street. Many people have concerns about the project itself. So the community meeting that is scheduled for December 6th is an opportunity for the developers [Alembic, and its partner Hester Street Development] to present the project, and for them to hear residents' concerns about the residents as to how the project is going to progress. She pointed out that the public hearing will be held at the next regular meeting of the city council.

Mayor Kennedy stated that tonight was a regularly scheduled council meeting, and it is always held on the 2nd and 4th Monday of each month unless it is a holiday. She clarified some peoples' concerns that tonight's meeting is not a Special Council Meeting that had not been properly advertised.

Councilwoman Abrams moved and Councilman Harvey seconded.

Adopted

Resolution No. 331 -2017 A contract with The Newburgh Ministry for operation of a shelter at 104 S. Lander Street

Councilwoman Abrams stated that everyone should know that this is temporary, and it ends at the end of March.

Michelle Kelson stated that the hours of operation will be set upon commencement of the agreement. The agreement commences once it is signed by the parties. The resolution tonight simply outlines the terms of the agreement.

Councilwoman Rayford stated that she does not want to see those persons, who are barred at the current location on Johnston Street, banned from the 104 S. Lander Street location. Everyone should be given a second chance, and they should be given the opportunity for a fresh start instead of us city carrying over a ban from a previous site. She asked if the Auxiliary Police could be at the site to assist with safety.

Mayor Kennedy stated that the only reason people got barred previously is because they refused to follow the rules, such as no drinking or smoking. She agrees that a person should be given a second chance, but we can't have mayhem over there either. She stated that they have been trying to get the Auxiliary Police unit there for a long time, and she doesn't know why that hasn't happened yet.

Deirdre Glenn pointed out that this agreement does not preclude the Auxiliary Police unit from being at the site, because there is adequate space.

Councilwoman Abrams moved and Councilman Harvey seconded.

Resolution No. 332-2017 To Certify Base Percentages, Current Percentages, Current Base Proportions and Adjusted Base Proportions of the Real Property Tax Law

Councilwoman Holmes thanked Katie and staff for working hard on this budget. She apologized to the firefighters. We should have prepared the SAFER grant a little bit better. She got emotional when the city manager displayed the fireman's burnt helmet. Firefighters put their lives on the line for us, just as the police officers do. She hopes that every one of the twelve (12) firefighters listed on the grant are able to find jobs. She pointed out that they were able to find the money for them to stay previously. But we were not able to find the money this year.

Kathryn Mack spoke to Holmes concerns. She was not the Comptroller at the time, but she remembered there being a gap that needed to be closed in order to support the award

of the Skartados grant. We finished out the SAFER grant the first round. Then it was extended for a second round. Our concern is for the third round.

Michael Ciaravino remarked that we applied for and received the SAFER grant twice. It is highly unlikely that any community would get a SAFER grant a third time. One of the pre-conditions to making an application for the grant is that we have to certify to the inevitability that there will be layoffs. It is a torture chamber that that the Federal Government has placed on municipalities that layoffs have to be announced and effectuated before we can even apply for a third time. It is a dilemma that we find ourselves in.

Holmes felt that this should have been communicated at the last meeting when there were more than twenty (20) firefighters present at the meeting. This is the first time that she has heard this explanation.

Councilman Harvey thanked the city manager for his clarification. We continue to work diligently on securing those positions because our public safety- both police and fire- is at the very core of how we function in a safe manner.

Councilwoman Rayford stated she would like to see some of the monies that we have generated from the sale of city property go toward keeping individuals employed in our police and fire departments. Human lives are valuable. We maneuver monies and allocate funds to different places on this council. If we don't keep our members in public safety, then we won't have any residents. The other question she raised is who is ensuring that these newly purchased properties are fixed up in the eighteen months that is stipulated by agreement. Many of them still look dilapidated, and we need to get this city moving forward.

Kathryn Mack explained some accounting mechanisms. While cash is coming into the city it is being done to offset the outstanding taxes on the property. For the majority of the time we are taking a loss on the property sales with the intention that it will come back onto the tax rolls later. For the first time this year we are starting to see the rewards of doing it this way. She pointed out that it costs roughly \$1.2 Million to keep employment of firefighters at full capacity. The Executive, Finance and Legal

departments work together consistently to see what options exist. She always hears the question of where does this money go. When it goes in as a net loss, it goes into cash flow, therefore making it a positive fund balance. She pointed out that it is not a dollar-for-dollar transaction, and it does not increase the revenue side to allow for increases in expenses.

Councilwoman Abrams moved and Councilman Harvey seconded.

Adopted

Resolution No. 333-2017 Adopting the Budget for the Fiscal Year 2018

Kathryn Mack clarified that this is the amended budget placed before them. It includes health insurance for incoming city council, the restoration of the five (5) employee positions and the \$30K line item for a Grants Contractor.

Councilwoman Abrams stated that she can't, in good faith, support the amended budget when there is a significant difference in the tax rates between the homestead and non-homestead properties. She stated that she would rather vote for the City Manager's proposed budget instead of this one.

Councilwoman Rayford asked the City Manager what he was thinking about when he proposed that the newly elected councilmembers would not receive health insurance. And why wasn't the request for an increase for the council addressed in his proposal. She stated that for him to go against the authority which is over him, speaks volume to her that he does not want to be employed here. She asked if he did not recall all of the newly created positions that the council supported. She felt attacked by the city manager in some of his proposed changes, and she needed to comment on it publicly.

Michael Ciaravino stated that he did not intend to offend anyone. He was just looking at it from a fiscal standpoint. He was thinking of a way to do it without raising taxes. All of the cuts and slices that he proposed was more of a way to ask if they could do it by forestalling some of the expenses on the legislative side. As we all know, insurance costs are the primary drivers of this budget. He read the comments from the last meeting and apologized for not highlighting some of the points in his power point presentation from the beginning.

Councilman Harvey remarked that he was very frustrated at the last council meeting. He reminded everyone that he does not even take the city's health insurance option for him and his family because he receives it from his full-time teaching position for which he is extremely grateful. He stated that he did some research and discovered that it wasn't only the city manager who made the proposed changes regarding health insurance for the incoming councilmembers, and that troubled him. Even though he does not take the health insurance option, nor does he get a buyout for it, he still would want to protect the interest of his colleagues on the council by providing them with the coverage. Also he is surprised that one of his colleagues would defer to the original proposed budget [which would exclude incoming council from getting health insurance in January] rather than vote on the amended budget. Health insurance and family health care is especially important in this health crisis that we have with the contaminated water. He stated that he has learned of his own PFOS levels, and yet he has only been in this city for twenty-six (26) years. But we have residents, including some of the new elected councilmembers, who have been in this city their entire lives, going back generations and generations. Harvey described the entire concept of that proposal as "inhumane... uncouth and uncultured, and can't be refined."

Harvey would like to see an official resolution implemented by this legal body for health insurance to be provided to council members that serve in this capacity. He thanked everyone for speaking up about the water contamination. The battle has just begun, and we have undertaken the remediation process; but, he is not going to give up on the human elements of the crisis either. We need to figure out how we are going to provide a rebate for residents who have been paying for bad water for years. When you purchase a product in a store, you are provided with either a refund, rebate or store credit for a defective item.

Councilwoman Mejia stated that she appreciated the city manager's budget, with a couple of exceptions. Regarding the policy changes surrounding health insurance coverage, we should have had a hearty discussion about it. There is an Urban Legend that exists that states if you are a member of the council, you get lifetime health insurance. She assured the community that the legend should be put to rest because there are only two (2) retirees on the board that continue to receive the coverage. She stated publicly that she does not take the health insurance, nor does she plan to take it going forward. She pointed out that this was a misstep in terms of highlighting it. She commended everyone who worked on the budget for suggesting creative ways to find the middle ground. These are hard decisions that they have to make as a municipality. The one department that we do need to raise up is DPW. We continue to ask the department to do more with less resources. Mejia did not agree with the salary increase, but the compromise of \$1.00 was symbolic, and she can appreciate it. She would like to continue

to "play nice in the sandbox" with her colleagues, but she also wants to be productive as we start a new year with new councilmembers. She is going to vote in favor of the amended budget because that is what she is supposed to do, after a hearty discussion about the proposed budget and what the city council brings along to the table.

Mayor Kennedy agreed that there was some creative work proposed in the city manager's budget; but, she was not aware of the discussion surrounding the health insurance topic for new councilmembers. Passing the budget is the one most important piece of work that this council is supposed to do. We are the fiscal agents for this city, and sometimes this balancing act is painful and difficult because there is not enough money to do everything. There are firefighters that we can't keep, we have a \$40 Million sewer problem to fix over time, and people, including this council, wants raises. Every which way you turn we need money for something. Not one person here wants to see the taxes increase. She credits the finance team for working and reworking the numbers. She is going to vote in favor of the amended budget albeit reluctantly. She notices that we are making some progress, although it may not be as much as people want. We have to deal with the hard facts when we go into these budget discussions.

Councilwoman Abrams moved and Councilman Harvey seconded.

Re.: Washington Lake Trailer & Masterson Park Trailer
Request for Proposal – Asbestos Abatement Short Specification, Bidding & Abatement
Monitoring Services

Dear Mr. Morris,

Quality Environmental Solutions & Technologies, Inc. (QuES&T) is pleased to submit the attached proposal to prepare a Short Specification with Bid Documents outlining the scope of work, Conduct Onsite Walkthrough w/Prospective Bidders and provide Monitoring Services during abatement at the Washington Lake Trailer and Masterson Park Trailer.

QuES&T is a NYS Certified Minority Business Enterprise committed to remaining a leader in the environmental training and technical consulting industry. QuES&T's extensive Nuclear Power Industry experience makes us uniquely qualified to provide technical support in state-of-the-art techniques for engineering and contamination control. Additionally, this experience enables us to integrate the essential concepts of "critical path" schedules and minimizing personnel exposures while maintaining a high level of attention to the specific details of each project. QuES&T personnel satisfy numerous ANSI and NUREG experience requirements of the Nuclear Regulatory Commission. Our staff has served in various capacities in the Health Physics and Nuclear Engineering disciplines in operational power reactors, nuclear powered vessels, radio-pharmaceuticals and government prototypes.

We are confident you recognize that selection of a qualified technical consultant for professional services, such as pre-construction inspection, project design, project management and air monitoring, represents a step as critical as selecting a reputable environmental remediation contractor. QuES&T feels strongly that the success of any remediation project is defined primarily in the planning and design phase. A technically sound project design combined with proper oversight provides the most cost-effective solution and ensures the gains recognized are not at the expense of future liability to the City of Newburgh.

In this regard, QuES&T has successfully completed remediation projects, for our client companies, in support of Nuclear and Fossil commercial power plant maintenance outages, facility renovation and demolition, cGMP facility upgrades, recovery from contamination following catastrophic events (e.g. steam line explosions, fires), school building renovations, Corporate asbestos management programs, facility Operations & Maintenance (O&M) programs, UST removals, sub-surface investigations, contaminated soil remediation, LBP stabilization and commercial/residential asbestos & lead abatements.

Technical consulting services are available in the area of regulatory compliance audits, OSHA safety, air monitoring, respiratory protection, laboratory services, building hazard assessments (EPA, HUD, commercial), LBP Risk Assessments, management plans, NYS/NESHAP pre-demolition inspections and full scope project management; including development of remediation response actions and management of all required project and personnel records. Our staff of experienced environmental professionals can prepare all required specifications and procedures to ensure your programs comply with federal, state and municipal regulatory requirements.

QuES&T offers a wide range of OSHA and environmental safety training. Our full range of asbestos safety certification training ensures that our client's employees receive the appropriate training to maximize their safety and minimize your liability. QuES&T offers accredited initial and refresher training programs for Operations & Maintenance (O&M), Asbestos Abatement Workers and Supervisors, Project Monitors, Asbestos Project Sampling Technicians (RH-II), Asbestos Project Designers, Asbestos Inspectors (RH-III) and Management Planners. Our accredited training facility (EPA, NYS) contains the most modern equipment to support the hands-on portion of each training program. On-site training services are available for groups of at least twenty-five students and can be tailored to meet the specific needs of the City of Newburgh.

QuES&T provides a full range of services in the area of Respiratory Protection. Our technical staff has extensive experience in the development of regulatory compliance programs for NUREG 0041 and OSHA 1910.134 Respiratory Protection Programs. Quantitative or qualitative respirator fit services can be provided at QuES&T's facility or yours.

For additional information concerning this submittal, please contact us at (845) 298-6031. We look forward to working with the City of Newburgh in the environmental consulting and remediation services area.

GENERAL INFORMATION

This application is used to request permission from the Deputy Commissioner of the Bureau of Water Supply for use of City-owned land for various types of activities allowed by the City. It initiates a review process that examines the proposal for consistency with the City's land management goals, deed and easement restrictions, the watershed rules and regulations, state environmental quality review act, and other ongoing or planned activities. Review and approval is required for all activities that will occur on City-owned land.

Applicants are encouraged to schedule a pre-application meeting with the DEP project manager listed below. Many times, with the help of the DEP Project Manager, this form can be completed at the pre-application meeting.

SPECIFIC INFORMATION

(Items not listed are self-explanatory)

Item 1 This must be the entity that is applying for the Land Use Permit and will be the Responsible Party. Use municipality, company, individual, etc. for whom the Permit is for. Address provided will be where all invoices, Permits, and other correspondence will be mailed to.

Item 2 List contact information for the person (s) who is managing the project and/or the contact if different than Item 1. Examples include: Project Manager, Executive Director, government official, project contact, etc.

Item 5 Provide the Title, if any, of the Project and explain what the overall goals for the Project are and how the use of City-owned land will help meet these goals.

Item 6 Provide an estimated date of when you would like to, or have to, begin the Project and include any deadlines which must be met. Please begin the Application process as early as possible to account for unanticipated delays and/or further informational requirements.

Item 7 Provide details on how long the Project is anticipated to last; activities may last from 1 day to ongoing.

Item 8 This description should fully explain the details of the Project and will be used in the review process of the application. The more details that are provided, the better DEP can anticipate Project review requirements and thus, speed the review process.

Item 9 The location map should provide adequate information for someone not familiar with the area to find the site. It should show names of roads and highways, landmarks, and other relevant information. The scale should be smaller than a site plan/map.

Item 10 If applicable, list the physical address (e.g. 127 Smith Rd.) of where the Project is to take place, otherwise, provide detailed road information on the location (e.g. 1 mile south of the intersection of Smith and Dale Roads, on the right-hand side between utility pole #12 and #13).

Item 11a and b List ALL the municipalities in which the Project will take place.

Item 12a and b Town tax map information can be obtained from your local tax assessor. (a) Provide the Tax map number of City land you are proposing to use. (b) Provide the tax map number of the parcel to be serviced (if any). Examples may be a driveway or other type of access over City property to private land.

Item 13 The access location is a specific description of where the site is accessed from a public road (e.g., off County Route 100 between pole #14 and #15).

Item 14 Please indicate the DEP property Identification Number (PID). These are the City-owned land identification numbers used for administrative tracking purposes and can be supplied by the Project Manager.

Item 15 Estimate the total area of City-owned land required for the Project, this may be acres, square feet, linear feet, etc.

Item 16 Attach four (4) copies of any site plans/maps completed for the Project including preliminary sketches. To complete application processing, engineering and construction drawings and a survey may be required. Please indicate whether a survey of City-owned land boundary lines may be necessary for the Project.

Item 17 Indicate all approvals, including but not limited to permits and variances that will, or may be required, and the status of each. Copies must be provided to DEP before the issuance of the Land Use Permit.

Item 18 Describe what types of improvements on City land will be needed to obtain access to the site, include dimensions, length, stream/wetland crossings, type of material to be used, and length of time access will be needed for.

Item 19 Please explain the nature and source of any materials to be brought onto the site including but not limited to, soil, gravel, fill, stone, plantings, and animals, and also please indicate whether any hazardous materials such as chemicals, oil, fuel storage, or pesticides are proposed to be brought onto City-owned land.

Item 20 Indicate whether there will be any additional impervious surfaces on City-owned land and approximately how much. Please consider all potential surfaces including pavement, roofs, and culverts.

Item 21 Explain all ongoing maintenance and/or possible repairs that may be likely to result from the proposed Project and how it will be addressed (e.g., who will be responsible for ongoing maintenance activities, the methods, and schedule).

Item 22 Provide the names of those who are or may be expected to visit the Project site and their affiliation (i.e. John Smith from ABC Surveying). Updates and/or additions can be submitted as changes occur.

If additional space is needed to complete any Item, please put the information on a separate sheet of paper titled 'Continuation of Item _x_' and attach to the application. Thank you.

The completed signed application, supporting documentation, and a non-refundable application fee of \$25.00 made out to "City of New York" may be submitted directly to:

Standard Conditions

Should this application be approved for a Land Use Permit intended for use of City-owned land, the following Standard Conditions will apply. There may be additional Standard and Special Conditions that will be required after your application is reviewed and upon final approval. You will be sent these Conditions in an *Offer Letter* later in the application review process.

The issuance and acceptance of a Revocable Land Use Permit shall be subject to the Rules of the City of New York, 15 RCNY §17 and shall impose an annual fee in accordance with the Revocable Permit Fee Schedule.

The Permit or renewal thereof is non-transferable. Renewal of the Permit, if applicable, shall be contingent upon compliance with the Conditions stated in the offer letter.

The Permit shall have an initial term of up to five (5) years with renewal terms of five (5) years unless and until the Permit is terminated in writing. At the end of the five (5) years, if the Permittee wishes to continue the use, they must renew their Permit.

The Permittee and/or any contractor(s) it hires to perform work under this Land Use Permit must conform to U. S. Department of Labor, Occupational Safety and Health Administration (OSHA) Regulations and any and all Applicable Environmental and Health and Safety regulations. DEP reserve the right to stop work if it is determined that applicable Environmental and health and safety regulations are not being complied with.

The Permittee shall comply with all federal, state, City, county and local laws and regulations applicable to the proposed work. The Permittee must obtain and maintain all permits and/or approvals required by regulatory authorities having jurisdiction over the activities allowed by this Permit.

The City reserves the right at all times to free and uninterrupted access to any portion of the Permit area for itself, its guests, agents, contractors, subcontractors, or assigns, including the right to disturb the surface or subsurface thereof without the necessity of replacing or paying for the replacing of any surface, pavement, structures, or other improvements so disturbed.

The Permittee shall maintain the Permit area in a safe, neat and clean condition at all times. All trash, rubbish, and refuse deposited upon the Permit area shall be removed by and at the expense of the Permittee and disposed of off site in conformance with all applicable regulations.

The Permittee must take care not to damage City property and shall be responsible for the repair of any damage caused as a result of activities under this Permit. Such repairs must be done at the Permittee's sole expense in a timely manner and to the satisfaction of the DEP. The Permittee assumes the responsibility for restoring City property.

The granting of this Land Use Permit does not imply that Permits for similar purposes will be granted in the future.

This Land Use Permit does not confer any right, easement or interest in, to, over, under, or across City-owned land.

The Permittee shall contact the DEP at least thirty (30) days in advance in the event any repair and or maintenance requiring special equipment, excavation, contractors for activities not approved under this Permit. For emergency situations in which advance notice to the DEP is not possible, Permittee shall notify the DEP within forty-eight (48) hours of the repair and or maintenance event. Following repair or maintenance activities carried out under this Permit, the Permittee shall restore City land to a condition acceptable to the DEP.

Workers Compensation:

Pursuant to Section 57 of the New York State Workers' Compensation Law, the Permittee must submit proof/documentation that any contractor hired for performing work on City land maintains the required workers' compensation and disability benefits coverage. If the contractor is not required by law to maintain workers' compensation and disability coverage, proof/documentation indicating such must be submitted.

Liability Insurance

For the duration of this Permit, the Permittee shall furnish and maintain liability insurance specifically covering the activity and the area under Permit in the following amounts: All Individual and Not-for-Profit Organizations: *not less than* \$500,000; All Commercial entities: *not less than* \$2,000,000 per occurrence, \$5,000,000 aggregate; All Utilities and Municipalities: *not less than* \$2,000,000 per occurrence, \$5,000,000 aggregate.

The two entities as they appear below (A-B) shall be listed as additional insureds and endorsed to cover liability assumed by the Permittee under the provisions of this Permit as set forth below:

- A). City of New York, its officials and employees
c/o New York City Department of Environmental Protection
59-17 Junction Blvd, 19th Floor
Flushing, NY 11373
Attn: General Counsel
- B). New York City Water Board
c/o New York City Department of Environmental Protection
59-17 Junction Blvd, 19th Floor
Flushing, NY 11373
Attn: General Counsel

This insurance policy shall protect the City, the Water Board, Permittee and its contractors and subcontractors performing work in connection with this Permit from claims for property damage and/or bodily injury which may arise from operations under this Permit, whether such operations are performed by the Permittee or anyone directly or indirectly employed by the Permittee.

The Permittee shall indemnify and hold the City, and the Water Board harmless from and defend against claims for any and all personal injury and property damage to persons or property arising from the use of City land or improvements thereon under this Permit. Insurance policies naming the City of New York, its officials and employees, and the New York City Water Board, as additional insureds must be provided.

In consideration of the forgoing application, I hereby agree to use City-owned land for the purpose herein described and to further comply with any Conditions as outlined on Page 4 "Standard Conditions." I also understand that there will be additional Standard and Special Conditions that may be required of me and that these will be outlined in an *Offer Letter* to be sent upon approval of my application. I also CERTIFY that the information provided by me on this form, and any maps, plans, etc. submitted with this application are true, accurate, and complete to the best of my knowledge.

- CONTROL VALVE PANEL (CVP) - 18"X18"X18" NEMA 12 ENCLOSURE WITH THE FOLLOWING SUBPANEL MOUNTED EQUIPMENT:
 - CIRCUIT BREAKERS - THREE CIRCUIT BREAKERS, ONE CIRCUIT BREAKER PROVIDES POWER TO ALL PANEL COMPONENTS INCLUDING PLC, 24VDC POWER SUPPLY, ETC. ONE CIRCUIT BREAKER PROVIDES POWER TO THE OUTPUT RELAY CONTACTS WIRING TO THE SOLENOID VALVES THAT OPERATE THE CONTROL VALVE (CV). SEE NOTE 1.0 BELOW. ONE CIRCUIT BREAKER IS A SPARE.
 - POWER SUPPLY - 24 VDC POWER SUPPLY FOR POWERING ALL PANEL COMPONENTS. THIS USE 24 VDC POWER AND FOR ANY LOOP POWERED BY 24 VDC SIGNAL.
 - SURGE PROTECTORS - SURGE PROTECTORS FOR EACH SIGNAL WIRE TO CV. EACH SURGE PROTECTOR GROUND. THE FOLLOWING ARE PROVIDED:
 - WEDMULLER VSS04 CL 24VAC/DC 0.5A FOR ANALOG SIGNALS.
 - WEDMULLER VSS04 MOV 120 VAC/DC FOR DISCRETE SIGNALS.
 - TERMINALS - FUSED TERMINALS FOR TERMINATION OF ALL FIELD WIRING GOING OUT AND COMING INTO THE CONTROL PANEL. TERMINAL IDENTIFICATION FOR EACH WIRE TERMINATION, 50% SPARE TERMINALS PROVIDED.
 - 24 VDC ISOLATION RELAYS FOR ALL PLC DISCRETE OUTPUTS WITH CONTACTS RATED FOR 3A. CONTACTS FOR THE TWO DISCRETE OUTPUTS ARE PROVIDED TO THE FIELD. THE OTHER END OF THESE WIRING IS SUPPLIED THROUGH A SEPARATE CIRCUIT BREAKER IN THE CVP. (SEE NOTE 1.0).
 - OTHER ELECTRICAL COMPONENTS AND DEVICES, SUPPORT HARDWARE, FASTENERS, AND INTERCONNECTING WIRING REQUIRED TO PROVIDE CONTROL PANEL COMPLETE AND OPERATIONAL CONTROL PANEL ARE LISTED.

RESOLUTION NO.: 326 - 2017

OF

NOVEMBER 27, 2017

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO ENTER INTO
AN AMENDMENT TO THE AGREEMENT WITH THE NEW YORK STATE
DEPARTMENT OF ENVIRONMENTAL CONSERVATION TO EXTEND THE TERM OF
THE AGREEMENT FOR REIMBURSEMENT OF THE COST OF
WATER PURCHASED FROM THE NEW YORK CITY CATSKILL AQUEDUCT**

WHEREAS, perfluorooctane sulfonic acid (PFOS) has been detected in the City of Newburgh's water supply at levels in excess of the Environmental Protection Agency's recently released lifetime health advisory level; and

WHEREAS, there is a need to provide a temporary alternate source of drinking water to residents of the City of Newburgh, which has access to New York City's Catskill Aqueduct as a backup source of drinking water; and

WHEREAS, by Resolution No. 204-2016 of August 8, 2016, the City Council of the City of Newburgh authorized the City Manager to enter a Contract with the New York State Department of Environmental Conservation for reimbursement for the actual cost of water purchased from the New York City Catskill Aqueduct; and

WHEREAS, the need for the temporary alternate source of drinking water may extend past the original end date of the Contract and the parties have determined to extend the term of the Contract; and

WHEREAS, the City Council of the City of Newburgh has determined that extending the term of Contract with the Department of Environmental Conservation for reimbursement of the costs associated with providing a temporary alternate source of drinking water to City residents through the New York City Catskill Aqueduct is in the best interest of the City of Newburgh and its residents;

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Newburgh, New York, that the City Manager be and he is hereby authorized to enter an Amendment to the Contract with the New York State Department of Environmental Conservation to extend the term of the Contract for reimbursement for the actual cost of water purchased from the New York City Catskill Aqueduct.

AMENDMENT TO CONTRACT
between
CITY OF NEWBURGH
and
NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION

THIS AMENDMENT, entered into by and between the New York State Department of Environmental Conservation (hereinafter referred to as the Department), having offices at 625 Broadway, Albany, New York 12233, and the City of Newburgh (hereinafter referred to as Newburgh), having offices at 83 Broadway, Newburgh, New York 12550 is hereby attached to and becomes incorporated into the above referenced contract.

WITNESSETH:

WHEREAS, the parties entered into a prior Contract which was duly assigned Contract Number C010219 which said Contract the parties now desire to extend; and,

WHEREAS, both parties originally agreed that the Department would reimburse Newburgh for the costs of a temporary alternate source of drinking water for the residents of Newburgh; and,

WHEREAS, the need for the temporary alternate source of drinking water may extend past the original end date of the Contract; and,

WHEREAS, the Contract provides for extending the Contract in Article 3: Term.

NOW THEREFORE, the parties hereto agree as follows:

1. Article 3 is revised by extending the end date of the Contract to November 1st, 2018
2. All other terms and conditions of Contract Number C010219 will remain in full force and effect.

**NEW YORK STATE
DEPARTMENT OF ENVIRONMENTAL CONSERVATION
CONTRACT C010219**

THIS CONTRACT is entered into by and between the New York State Department of Environmental Conservation (hereinafter referred to as the Department), having offices at 625 Broadway, Albany, New York 12233 and the City of Newburgh (hereinafter referred to as Newburgh), having offices at 83 Broadway, Newburgh, New York 12550.

WITNESSETH:

WHEREAS, perfluorooctane sulfonic acid (PFOS) has been detected in Newburgh's water supply at levels in excess of the Environmental Protection Agency's (EPA) recently released lifetime health advisory level; and,

WHEREAS, it has been determined by Legislative findings under Article 15 of the Environmental Conservation Law (ECL) that the State has the sovereign power to regulate and control the water resources of the State; and,

WHEREAS, in recognition of power under ECL §15-0105.5, the use of water for domestic and municipal purposes shall have priority over all other purposes; and,

WHEREAS, there is a need to provide a temporary alternate source of drinking water to residents of Newburgh; and,

WHEREAS, Newburgh has access to New York City's Catskill Aqueduct as a backup source of drinking water; and,

WHEREAS, after fully examining all of its internal capabilities and thoroughly investigating possible alternative approaches, the Department has determined that this can best be accomplished through a Contract.

NOW, THEREFORE, in consideration of the mutual promises herein contained, the parties hereto agree as follows:

ARTICLE 1: SCOPE

- A. Newburgh agrees to obtain water from the Catskill Aqueduct for the use of its customers. Payment for the water will be made by Newburgh to New York City pursuant to a separate agreement between Newburgh and New York City.
- B. The Department agrees to pay Newburgh for the actual cost of purchasing water from New York City as a temporary alternative water supply. Payment shall be based upon Article 2 of this Contract.

ARTICLE 2: PAYMENT

- A. The Department shall pay to Newburgh and Newburgh shall accept from the Department as full compensation for the purchase of Catskill Aqueduct water an amount not to exceed \$11,500,000.
- B. Payment will be made to Newburgh at the established New York City Water Board rates in effect at the time of usage.
- C. Upon approval of the contract by the Office of the State Comptroller, the Department will make an advance payment of \$2,400,000 to Newburgh.
- D. Newburgh shall submit invoices to the Department quarterly, with supporting documentation demonstrating the actual costs incurred and paid by Newburgh during the previous quarter for the purchase of New York City water. The Department will reimburse Newburgh for the actual costs incurred and paid by Newburgh for the purchase of New York City water.
- E. The Department will authorize payment within 10 days of receipt of invoices and supporting documentation submitted per paragraph D of this article. The Department will make best efforts to arrange payment within 30 days of receipt of those invoices and supporting documentation.
- F. At the end of the contract, the Department will perform a final reconciliation and Newburgh shall return unused advance funds, if any, to the Department within 30 days from the Department's notice to Newburgh of any overpayment.
- G. Newburgh will submit requests for payment, together with supporting documentation, to the Department. Request for payment must be submitted within 45 days of the end of each State fiscal year which is March 31. Failure to comply with this request or notify the Department in writing prior to March 31st regarding billing problems shall operate as a waiver by Newburgh for reimbursement by the Department.
- H. If the term of this Contract encompasses more than one State fiscal year, Newburgh shall incur no costs hereunder in subsequent fiscal years without the express written authority of the Department.
- I. Payments for expenditures incurred under this contract will be rendered electronically to Newburgh unless payment by paper check is expressly authorized by the Commissioner of the Department (Commissioner), in the Commissioner's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with ordinary State procedures and practices. Newburgh shall comply with the Office of the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the Comptroller's website at www.osc.state.ny.us/epay/index.htm, or by e-mail at epayments@osc.state.ny.us. Newburgh acknowledges that it will not receive payment under this Contract if it does not comply with the Office of the State Comptroller's electronic payment procedures, except where the Commissioner has expressly authorized payment by paper check as set forth above.

ARTICLE 3: TERM

- A. The term of this Contract shall be from June 1, 2016 to October 31, 2017. The Contract shall be effective upon approval by the Office of the State Comptroller.
- B. This Contract may be extended for a maximum of two one-year periods upon the mutual written consent of both parties and the approval of the Office of the State Comptroller.
- C. Amendments other than exercising the term options above must be in writing and submitted to the Attorney General and the Office of the State Comptroller for approval.

ARTICLE 4: NOTICES

Wherever it is provided in this Contract that notice shall be given or other communications sent to the Department or Newburgh, such notices or communications shall be delivered or sent by First Class Mail to:

Department:
George Heitzman
Director, Remedial Bureau C
Division of Environmental Remediation
NYS Department of Environmental Conservation

83 Broadway
Newburgh, NY 12550
Telephone Number: (845) 569-7360
E-Mail: kmack@cityofnewburgh-ny.gov

ARTICLE 5: LIABILITY

Newburgh shall be responsible for all damage to life and property due to activities of Newburgh, its subcontractors, agents, or employees, in connection with its Services under this Contract, and this obligation is in no way limited by the enumeration of insurance coverages hereunder. Further, it is expressly understood that Newburgh shall indemnify and save harmless the Department, its officers, employees, agents, and assigns in accordance with the provisions of Appendix B, Clause II.

Nothing in this Contract is intended to obligate Newburgh to indemnify the State or any other party with respect to the PFOS contamination.

Nothing in this Article or in this Contract shall create or give to third parties any claim or right of action against Newburgh or the State of New York beyond such as may legally exist irrespective of this Article or this Contract.

ARTICLE 6: DEFAULT AND TERMINATION

- A. The Department shall have the right to postpone, suspend, abandon, or terminate this Contract, and such actions shall in no event be deemed a breach of Contract. In any of these events, the Department shall make settlement with Newburgh upon an equitable basis as determined by the Department, which shall fix the value of the work which was performed by the Newburgh prior to the postponement, suspension, abandonment, or termination of the Contract.
- B. The State shall have the right to terminate this Contract for:
- 1) unavailability of funds
 - 2) cause
 - a) If the Department determines that Newburgh has breached a material term of this Contract, it shall issue a written notice, providing Newburgh with 10 days to correct the defect. If Newburgh fails to correct the defect within this time period, or fails to make a good faith effort to do so as determined by the Department, the Department may terminate this Contract for cause.
 - 3) convenience
 - a) If the termination is for the convenience of the Department, and is not brought about as a result of unsatisfactory performance on the part of Newburgh, the Department shall pay for the usage incurred up to the date of termination.

ARTICLE 7: STANDARD CONTRACT CLAUSES

Newburgh will be required to comply with all of the mandatory New York State and Department contracting provisions contained in the following two attached documents:

Appendix A - Standard Clauses for All New York State Contracts;
Appendix B - Standard Clauses for All NYSDEC Contracts.

ARTICLE 8: ENTIRE CONTRACT

This Contract consists of the following documents in the following order of precedence.

1. Appendix A
2. Appendix B
3. The Contract

ARTICLE 9: AFFIRMATIVE ACTION REQUIREMENTS

Newburgh must make good faith efforts to subcontract an overall goal of 0% of the contract amount to Minority and Women Owned Business Enterprises (MWBE's). Newburgh must make good faith efforts to employ 10 % minority group members and 10 % women for a portion of any workforce hours required to perform the work under this contract. Appendix B further defines the M/WBE and EEO provisions required by Executive Law, Article 15A.

ARTICLE 10: INSURANCE CONSIDERATIONS

Newburgh agrees to procure and maintain at its own expense and without expense to the Department Worker's Compensation Insurance and Disability Benefits by insurance companies licensed to do business in the State of New York, covering all operations under this Contract.

Newburgh shall furnish a certificate or certificates showing that it has complied with the Worker's Compensation and Disability Benefits requirements of this Article detailed below. The certificate or certificates shall provide that:

- Policies shall not be changed or canceled until thirty (30) days prior written notice has been given to the Department.
- Worker's Compensation and Disability Benefits certificates shall name the New York State Department of Environmental Conservation, Division of Environmental Remediation, Bureau of Program Management, 625 Broadway, Albany, NY 12233-7012, as certificate holder.
- This Contract shall be void and of no effect unless Newburgh procures the required insurance policies and maintains them until acceptance/completion of the work, whichever event is later.
- Newburgh shall require that any subcontractors hired, carry insurance with the same provisions as provided herein. Newburgh will maintain the certificate or certificates for all subcontractors hired as part of Newburgh's records.

The Department has reviewed the scope of work being accomplished under this contract and has determined that it will rely on the standard operating procedures and good business practices of Newburgh with respect to securing all appropriate types and amounts of liability insurance and appropriate endorsements. The Department waives its standard requirements for liability insurance certificates, endorsements, and supporting documentation for this Contract.

The following types of insurance are required for this Contract:

1. Workers' Compensation:

For work to be performed in New York State, Newburgh shall provide and maintain full New York State (NYS listed in item 3a of the policy's Information Page) coverage during the life of this contract for the benefit of such employees as are required to be covered by the New York State Workers' Compensation Law.

If the agreement involves work on or near a shoreline, a U.S. Longshore and Harbor Workers' Compensation Act and/or Jones Act policy as applicable must be provided. Any waiver of this requirement must be approved by the Agency and will only be granted in unique or unusual circumstances.

Evidence of Workers' Compensation and Employers Liability coverage must be provided on one of the following forms specified by the Chairman of the New York State Workers' Compensation Board:

FORM #	FORM TITLE
C-105.2	Certificate of Workers' Compensation Insurance (September 2007, or most current version)
U-26.3	State Insurance Fund Version of the C-105.2 form
SI-12/ GSI-105.2	Certificate of Workers' Compensation Self-Insurance
CE-200	Certificate of Attestation of Exemption (when Contractor meets the requirements.)

All forms are valid for one year from the date the form is signed/stamped, or until policy expiration, whichever is earlier.

Please note that ACORD forms are NOT acceptable proof of New York State Workers' Compensation Insurance coverage.

Additional information can be obtained at the Workers' Compensation website:
<http://www.web.ny.gov/content/main/Employers/Employers.jsp>

2. Disability Benefits:

For work to be performed in New York State, Newburgh shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the New York State Disability Benefits Law. Any waiver of this requirement must be approved by the Department of Environmental Conservation and will only be granted in unique or unusual circumstances.

Evidence of Disability Benefits coverage must be provided on one of the following forms specified by the Chairman of the New York State Workers' Compensation Board:

FORM #	FORM TITLE
DB-120.1	Certificate of Insurance Coverage under the New York State Disability Benefits Law
DB-155	Certificate of Disability Self-Insurance

ARTICLE 11: SEVERABILITY

If any part of this Contract is determined to be invalid, illegal or unenforceable, such determination shall not affect the validity, legality or enforceability of any other part of this Contract, and the remaining parts of this Contract shall be enforced as if the invalid, illegal or unenforceable part were not contained therein.

ARTICLE 12: FORCE MAJEURE

Neither party shall be liable for any failure or delay in the performance of its respective obligations hereunder if and to the extent that such delay or failure is due to a cause or circumstance beyond the reasonable control of such party, including, without limitation, acts of God or the public enemy, expropriation or confiscation of lands or facilities, compliance with any law, order or request of any Federal, State, municipal or local governmental authority, acts of war, rebellion or sabotage or damage resulting therefrom, fires, floods, storms, explosions, accidents, riots, strikes or the delay or failure to perform by any subcontractor by reason of any cause or circumstances beyond the reasonable control of such subcontractor.

ARTICLE 13: COMPLIANCE WITH LAWS

Newburgh agrees to comply with the provisions of the Labor Law and all State and Federal laws, local statutes, ordinances, and regulations that are applicable to the performance of this Contract.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. **EXECUTORY CLAUSE.** In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. **NON-ASSIGNMENT CLAUSE.** In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. **COMPTROLLER'S APPROVAL.** In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. **WORKERS' COMPENSATION BENEFITS.** In accordance with Section 142 of the State Finance Law, this

contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. **NON-DISCRIMINATION REQUIREMENTS.** To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. **WAGE AND HOURS PROVISIONS.** If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of

any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this

contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00,

whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment

opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

20. OMNIBUS PROCUREMENT ACT OF 1992. It is the policy of New York State to maximize opportunities for the participation of New York State business enterprises, including minority and women-owned business enterprises as bidders, subcontractors and suppliers on its procurement contracts.

Information on the availability of New York State subcontractors and suppliers is available from:

The Omnibus Procurement Act of 1992 requires that by signing this bid proposal or contract, as applicable, Contractors certify that whenever the total bid amount is greater than \$1 million:

(a) The Contractor has made reasonable efforts to encourage the participation of New York State Business Enterprises as suppliers and subcontractors, including certified minority and women-owned business enterprises, on this project, and has retained the documentation of these efforts to be provided upon request to the State;

(b) The Contractor has complied with the Federal Equal Opportunity Act of 1972 (P.L. 92-261), as amended;

(c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 15, 2002, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii. Contact NYS Department of Economic Development for a current list of jurisdictions subject to this provision.

22. COMPLIANCE WITH NEW YORK STATE INFORMATION SECURITY BREACH AND NOTIFICATION ACT. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208).

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4-g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded

the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law Sections 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law §165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at:
<http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not

limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

APPENDIX B

Standard Clauses for All New York State Department of Environmental Conservation Contracts

The parties to the attached contract, license, lease, grant, amendment or other agreement of any kind (hereinafter "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract. The word "Contractor" herein refers to any party to the contract, other than the New York State Department of Environmental Conservation (hereinafter "Department").

I. Postponement, suspension, abandonment or termination by the Department:

The Department shall have the right to postpone, suspend, abandon or terminate this contract, and such actions shall in no event be deemed a breach of contract. In the event of any termination, postponement, delay, suspension or abandonment, the Contractor shall immediately stop work, take steps to incur no additional obligations, and to limit further expenditures. Within 15 days of receipt of notice, the Contractor shall deliver to the Department all data, reports, plans, or other documentation related to the performance of this contract, including but not limited to source codes and specifications, guarantees, warranties, as-built plans and shop drawings. In any of these events, the Department shall make settlement with the Contractor upon an equitable basis as determined by the Department which shall fix the value of the work which was performed by the Contractor prior to the postponement, suspension, abandonment or termination of this contract. This clause shall not apply to this contract if the contract contains other provisions applicable to postponement, suspension or termination of the contract.

II. **Indemnification and Hold harmless.** The Contractor agrees that it will indemnify and save harmless the Department and the State of New York from and against all losses from claims, demands, payments, suits, actions, recoveries and judgments of every nature and description brought or recovered against it by reason of any omission or tortious act of the Contractor, its agents, employees, suppliers or subcontractors in the performance of this contract. The Department and the State of New York may retain such monies from the amount due Contractor as may be necessary to satisfy any claim for damages, costs and the like, which is asserted against the Department and/or the State of New York.

III. Conflict of Interest

(a) **Organizational Conflict of Interest.** To the best of the Contractor's knowledge and belief, the Contractor warrants that there are no relevant facts or circumstances which could give rise to an organizational conflict of interest, as herein defined, or that the Contractor has disclosed all such relevant information to the Department.

(1) An organizational conflict of interest exists when the nature of the work to be performed under this contract may,

without some restriction on future activities, impair or appear to impair the Contractor's objectivity in performing the work for the Department.

(2) The Contractor agrees that if an actual, or potential organizational conflict of interest is discovered at any time after award, whether before or during performance, the Contractor will immediately make a full disclosure in writing to the Department. This disclosure shall include a description of actions which the Contractor has taken or proposes to take, after consultation with the Department, to avoid, mitigate, or minimize the actual or potential conflict.

(3) To the extent that the work under this contract requires access to personal, proprietary or confidential business or financial data of persons or other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

(b) **Personal Conflict of Interest:** The following provisions with regard to management or professional level employee personnel performing under this contract shall apply until the earlier of the termination date of the affected employee(s) or the duration of the contract.

(1) A personal conflict of interest is defined as a relationship of an employee, subcontractor employee, or consultant with an entity that may impair or appear to impair the objectivity of the employee, subcontractor employee, or consultant in performing the contract work. The Contractor agrees to notify the Department immediately of any actual or potential personal conflict of interest with regard to any such person working on or having access to information regarding this contract, as soon as Contractor becomes aware of such conflict. The Department will notify the Contractor of the appropriate action to be taken.

(2) The Contractor agrees to advise all management or professional level employees involved in the work of this contract, that they must report any personal conflicts of interest to the Contractor. The Contractor must then advise the Department which will advise the Contractor of the appropriate action to be taken.

(3) Unless waived by the Department, the Contractor shall certify annually that, to the best of the Contractor's knowledge and belief, all actual, apparent or potential conflicts of interest, both personal and organizational, as defined herein, have been reported to the Department. Such certification must be signed by a senior executive of the Contractor and submitted in accordance with instructions provided by the Department. Along with the annual certification, the Contractor shall also submit an update of any changes in any conflict of interest plan submitted with its proposal for this contract. The initial certification shall cover the one-year period from the date of contract award, and all subsequent certifications shall cover successive annual periods thereafter. The certification is to be submitted no later than 45 days after the close of the previous certification period covered.

(4) In performing this contract, the Contractor recognizes that its employees may have access to data, either provided by the Department or first generated during contract performance, of a sensitive nature which should not be released without Department approval. If this situation occurs, the Contractor agrees to obtain confidentiality agreements from all affected employees working on requirements under this contract including subcontractors and consultants. Such agreements shall contain provisions which stipulate that each employee agrees not to disclose, either in whole or in part, to any entity external to the Department, Department of Health or the New York State Department of Law, any information or data provided by the Department or first generated by the Contractor under this contract, any site-specific cost information, or any enforcement strategy without first obtaining the written permission of the Department. If a Contractor, through an employee or otherwise, is subpoenaed to testify or produce documents, which could result in such disclosure, the Contractor must provide immediate advance notification to the Department so that the Department can authorize such disclosure or have the opportunity to take action to prevent such disclosure. Such agreements shall be effective for the life of the contract and for a period of five (5) years after completion of the contract.

(c) Remedies - The Department may terminate this contract in whole or in part, if it deems such termination necessary to avoid an organizational or personal conflict of interest, or an unauthorized disclosure of information. If the Contractor fails to make required disclosures or misrepresents relevant information to the Department, the Department may terminate the contract, or pursue such other remedies as may be permitted by the terms of Clause I of this Appendix or other applicable provisions of this contract regarding termination.

(d) The Contractor will be ineligible to make a proposal or bid on a contract for which the Contractor has

developed the statement of work or the solicitation package

(e) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder (except for subcontracts or consultant agreements for well drilling, fence erecting, plumbing, utility hookups, security guard services, or electrical services) provisions which shall conform substantially to the language of this clause, including this paragraph (e), unless otherwise authorized by the Department.

If this is a contract for work related to action at an inactive hazardous waste site, the following paragraph shall apply to those Contractors whose work requires the application of professional judgment: It does not apply to construction contracts.

(f) Due to the scope and nature of this contract, the Contractor shall observe the following restrictions on future hazardous waste site contracting for the duration of the contract.

(1) The Contractor, during the life of the work assignment and for a period of three (3) years after the completion of the work assignment, agrees not to enter into a contract with or to represent any party with respect to any work relating to remedial activities or work pertaining to a site where the Contractor previously performed work for the Department under this contract without the prior written approval of the Department.

(2) The Contractor agrees in advance that, if any bids/proposals are submitted for any work for a third party that would require written approval of the Department prior to entering into a contract because of the restrictions of this clause, then the bids/proposals are submitted at the Contractor's own risk, and no claim shall be made against the Department to recover bid/proposal costs as a direct cost whether the request for authorization to enter into the contract is denied or approved.

IV. Requests for Payment All requests for payment by the Contractor must be submitted on forms supplied and approved by the Department. Each payment request must contain such items of information and supporting documentation as are required by the Department, and shall be all-inclusive for the period of time covered by the payment request.

V. **Compliance with Federal requirements** To the extent that federal funds are provided to the Contractor or used in paying the Contractor under this contract, the Contractor agrees that it will comply with all applicable federal laws and regulations, including but not limited to those laws and regulations under which the Federal funds were authorized. The Contractor further agrees to insert in any subcontract hereunder, provisions which shall conform substantially to the language of this clause.

VI. **Independent Contractor** The Contractor shall have the status of an independent contractor. Accordingly, the Contractor agrees that it will conduct itself in a manner consistent with such status, and that it will neither hold itself out as, nor claim to be, an officer or employee of the Department by reason of this contract. It further agrees that it will not make any claim, demand or application to the Department for any right or privilege applicable to an officer or employee of the Department, including but not limited to worker's compensation coverage, unemployment insurance benefits, social security coverage, or retirement membership or credit.

VII. **Compliance with applicable laws**

(a) Prior to the commencement of any work under this contract, the Contractor is required to meet all legal requirements necessary in the performance of the contract. This includes but is not limited to compliance with all applicable federal, state and local laws and regulations promulgated thereunder. It is the Contractor's responsibility to obtain any necessary permits, or other authorizations. By signing this contract, the Contractor affirmatively represents that it has complied with said laws, unless it advises the Department otherwise, in writing. The Department signs this contract in reliance upon this representation.

(b) During the term of this contract, and any extensions thereof, the Contractor must remain in compliance with said laws. A failure to notify the Department of noncompliance of which the Contractor was or should have been aware, may be considered a material breach of this contract.

VIII. **Dispute Resolution** The parties agree to the following steps, or as many as are necessary to resolve disputes between the Department and the Contractor.

(a) The Contractor specifically agrees to submit, in the first instance, any dispute relating to this contract to the designated individual, who shall render a written decision and furnish a copy thereof to the Contractor.

(1) The Contractor must request such decision in writing no more than fifteen days after it knew or should have known of the facts which are the basis of the dispute.

(2) The decision of the designated individual shall be the final DEC determination, unless the Contractor files a written appeal of that decision with the designated appeal individual ("DAI") within twenty days of receipt of that decision.

(b) Upon receipt of the written appeal, the DAI will review the record and decision. Following divisional procedures in effect at that time, the DAI will take one of the following actions, with written notice to the Contractor.

(1) Remand the matter to the program staff for further negotiation or information if it is determined that the matter is not ripe for review; or

(2) Determine that there is no need for further action, and that the determination of the designated individual is confirmed; or

(3) Make a determination on the record as it exists.

(c) The decision of the DAI shall be the final DEC decision unless the Contractor files a written appeal of that decision with the Chair of the Contract Review Committee ("CRC") within twenty days of receipt of that decision.

The designated individual to hear disputes is:

Laura Zeppetelli, Bureau Director

(Name and Title)

NYS Dept of Environmental Conservation - Remediation

Nancy W. Lussier Chair

Contract Review Committee

625 Broadway, 10th Floor

Albany, NY 12233-5010

Telephone: (518) 402-9228

(d) Upon receipt of the written appeal, the Chair of the CRC, in consultation with the members of the CRC and the Office of General Counsel, will take one of the following actions, or a combination thereof, with written notice to the Contractor.

(1) Remand the matter to program staff for additional fact finding, negotiation, or other appropriate action; or

(2) Adopt the decision of the DAI; or

(3) Consider the matter for review by the CRC in accordance with its procedures.

(e) Following a decision to proceed pursuant to (d) 3, above, the Chair of the CRC shall convene a proceeding in accordance with the CRC's established contract dispute resolution guidelines. The proceeding will provide the Contractor with an opportunity to be heard.

(f) Following a decision pursuant to (d) 2 or (d) 3, the CRC shall make a written recommendation to the Assistant Commissioner for Administration who shall render the final DEC determination.

(g) At any time during the dispute resolution process, and upon mutual agreement of the parties, the Office of Hearings and Mediation Services (OHMS) may be requested to provide mediation services or other appropriate means to assist in resolving the dispute. Any findings or recommendations made by the OHMS will not be binding on either party.

(h) Final DEC determinations shall be subject to review only pursuant to Article 78 of the Civil Practice Law and Rules.

(i) Pending final determination of a dispute hereunder, the Contractor shall proceed diligently with the performance of the Contract in accordance with the decision of the designated individual. Nothing in this Contract shall be construed as making final the decision of any administrative officer upon a question of law.

(j) Notwithstanding the foregoing, at the option of the Contractor, the following shall be subject to review by the CRC: Disputes arising under Article 15-A of the Executive Law (Minority and Women Owned Business participation), the Department's determination with respect to the adequacy of the Contractor's Utilization Plan, or the Contractor's showing of good faith efforts to comply therewith. A request for a review before the CRC should be made, in writing, within twenty days of receipt of the Department's determination.

(k) The CRC will promptly convene a review in accordance with Article 15-A of the Executive Law and the regulations promulgated thereunder.

IX. Labor Law Provisions

(a) When applicable, the Contractor shall post, in a location designated by the Department, a copy of the New York State Department of Labor schedules of prevailing wages and supplements for this project, a copy of all re-determinations of such schedules for the project, the Workers' Compensation Law Section 51 notice, all other notices required by law to be posted at the site, the Department of Labor notice that this project is a public work project on which each worker is entitled to receive the prevailing wages and supplements for their occupation, and all other notices which the Department directs the Contractor to post. The Contractor shall provide a surface for such notices which is satisfactory to the Department. The Contractor shall maintain such notices in a legible manner and shall replace any notice or schedule which is damaged, defaced, illegible or removed for any reason. Contractor shall post such notices before commencing any work on the site and shall maintain such notices until all work on the site is complete.

(b) When appropriate, contractor shall distribute to each worker for this Contract a notice, in a form provided by the Department, that this project is a public work project on which each worker is entitled to receive the prevailing wage and supplements for the occupation at which he or she is working. Worker includes employees of Contractor and all Subcontractors and all employees of suppliers entering the site. Such notice shall be distributed to each worker before they start performing any work of this contract. At the time of distribution, Contractor shall have each worker sign a statement, in a form provided by the Department, certifying that the worker has received the notice required by this section, which signed statement shall be maintained with the payroll records required by the following paragraph (c).

(c) Contractor shall maintain on the site the original certified payrolls or certified transcripts thereof which Contractor and all of its Subcontractors are required to maintain pursuant to the New York Labor Law Section 220. Contractor shall maintain with the payrolls or transcripts thereof, the statements signed by each worker pursuant to paragraph (b).

(d) Within thirty days of issuance of the first payroll, and every thirty days thereafter, the Contractor and every subcontractor must submit a transcript of the original payroll to the Department, which transcript must be subscribed and affirmed as true under penalty of perjury.

X. **Offset** In accordance with State Law, the Department has the authority to administratively offset any monies due it from the Contractor, from payments due to the Contractor under this contract. The Department may also (a) assess interest or late payment charges, and collection fees, if applicable; (b) charge a fee for any dishonored check; (c) refuse to renew certain licenses and permits.

XI. **Tax Exemption** Pursuant to Tax Law Section 1116, the State is exempt from sales and use taxes. A standard state voucher is sufficient evidence thereof. For federal excise taxes, New York's registration Number 14740026K covers tax-free transactions under the Internal Revenue Code.

XII. **Litigation Support** In the event that the Department becomes involved in litigation related to the subject matter of this contract, the Contractor agrees to provide background support and other litigation support, including but not limited to depositions, appearances, and testimony. Compensation will be negotiated and based on rates established in the contract, or as may otherwise be provided in the contract.

XIII. **Equipment** Any equipment purchased with funds provided under this contract, shall remain the property of the Department, unless otherwise provided in the contract. The Contractor shall be liable for all costs for maintaining the property in good, usable condition. It shall be returned to the Department upon completion of the contract, in such condition, unless the Department elects to sell the equipment to the Contractor, upon mutually agreeable terms.

XIV. **Inventions or Discoveries** Any invention or discovery first made in performance of this Contract shall be the property of the Department, unless otherwise provided in the contract. The Contractor agrees to provide the Department with any and all materials related to this property. At the Department's option, the Contractor may be granted a non-exclusive license.

XV. **Patent and Copyright Protection**

If any patented or copyrighted material is involved in or results from the performance of this Contract, this Article shall apply.

(a) The Contractor shall, at its expense, defend any suit instituted against the Department and indemnify the Department against any award of damages and costs made against the Department by a final judgment of a court of last resort based on the claim that any of the products, services or consumable supplies furnished by the Contractor under this Contract infringes any patent, copyright or other proprietary right; provided the Department gives the Contractor

(1) prompt written notice of any action, claim or threat of infringement suit, or other suit, and

(2) the opportunity to take over, settle or defend such action at the Contractor's sole expense, and

(3) all available information, assistance and authority necessary to the action, at the Contractor's sole expense.

(4) The Contractor shall control the defense of any such suit, including appeals, and all negotiations to effect settlement, but shall keep the Department fully informed concerning the progress of the litigation.

(b) If the use of any item(s) or parts thereof is held to infringe a patent or copyright and its use is enjoined, or Contractor believes it will be enjoined, the Contractor shall have the right, at its election and expense to take action in the following order of precedence:

(1) procure for the Department the right to continue using the same item or parts thereof;

(2) modify the same so that it becomes non-infringing and of at least the same quality and performance;

(3) replace the item(s) or parts thereof with noninfringing items of at least the same quality and performance;

(4) If none of the above remedies are available, discontinue its use and eliminate any future charges or royalties pertaining thereto. The Contractor will buy back the infringing product(s) at the State's book value, or in the event of a lease, the parties shall terminate the lease. If discontinuation or elimination results in the Contractor not being able to perform the Contract, the Contract shall be terminated.

(c) In the event that an action at law or in equity is commenced against the Department arising out of a claim that the Department's use of any item or material pursuant to or resulting from this Contract infringes any patent, copyright or proprietary right, and such action is forwarded by the Department to the Contractor for defense and indemnification pursuant to this Article, the Department shall copy all pleadings and documents forwarded to the Contractor together with the forwarding correspondence and a copy of this Contract to the Office of the Attorney General of the State of New York. If upon receipt of such request for defense, or at any time thereafter, the Contractor is of the opinion that the allegations in such action, in whole or in part, are not covered by the indemnification set forth in this Article, the Contractor shall immediately notify the Department and the Office of the Attorney General of the State of New York in writing and shall specify to what

extent the Contractor believes it is and is not obligated to defend and indemnify under the terms and conditions of this Contract. The Contractor shall in such event protect the interests of the Department and State of New York and secure a continuance to permit the State of New York to appear and defend its interests in cooperation with Contractor as is appropriate, including any jurisdictional defenses which the Department and State shall have.

(d) The Contractor shall, however, have no liability to the Department under this Article if any infringement is based upon or arises out of: (1) compliance with designs, plans, or specifications furnished by or on behalf of the Department as to the items; (2) alterations of the items by the Department; (3) failure of the Department to use updated items provided by the Contractor for avoiding infringement; (4) use of items in combination with apparatus or devices not delivered by the Contractor; (5) use of items in a manner for which the same were neither designed nor contemplated; or (6) a patent or copyright in which the Department or any affiliate or subsidiary of the Department has any direct or indirect interest by license or otherwise.

(e) The foregoing states the Contractor's entire liability for, or resulting from, patent or copyright infringement or claim thereof.

XVI. Force Majeure The term Force Majeure shall include acts of God, work stoppages due to labor disputes or strikes, fires, explosions, epidemics, riots, war rebellion, sabotage or the like. If a failure of or delay in performance by either party results from the occurrence of a Force Majeure event, the delay shall be excused and the time for performance extended by a period equivalent to the time lost because of the Force majeure event, if and to the extent that:

(a) The delay or failure was beyond the control of the party affected and not due to its fault or negligence; and

(b) The delay or failure was not extended because of the affected party's failure to use all reasonable diligence to overcome the obstacle or to resume performance immediately after such obstacle was overcome; and

(c) The affected party provides notice within (5) days of the onset of the event, that it is invoking the protection of this provision.

XVII. Freedom of Information Requests The Contractor agrees to provide the Department with any records which must be released in order to comply with a request pursuant to the Freedom of Information Law. The Department will provide the contractor with an opportunity to identify material which may be protected from release

and to support its position.

XVIII. Precedence In the event of a conflict between the terms of this Appendix B and the terms of the Contract (including any and all attachments thereto and amendments thereof; but not including Appendix A), the terms of this Appendix B shall control. In the event of a conflict between the terms of this Appendix B, and the terms of Appendix A, the terms of Appendix A shall control.

XIX. Article 15-Requirements

PARTICIPATION BY MINORITY GROUP MEMBERS AND WOMEN WITH RESPECT TO STATE CONTRACTS: REQUIREMENTS AND PROCEDURES

(a) General Provisions

(1) The Department is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 142-144 ("MWBE Regulations") for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.

(2) The Contractor to the subject contract (the "Contractor" and the "Contract," respectively) agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to the New York State Department (the "Department", to fully comply and cooperate with the Department in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women ("EEO") and contracting opportunities for certified minority and women-owned business enterprises ("MWBEs"). Contractor's demonstration of "good faith efforts" pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the "Human Rights Law") or other applicable federal, state or local laws.

(3) Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the withholding of funds or such other actions, liquidated damages pursuant to Section VII of this Article or enforcement proceedings as allowed by the Contract.

(b) Contract Goals

(1) For purposes of this procurement, the Department hereby establishes an overall goal of 0% for Minority and Women-Owned Business Enterprises ("MWBE") participation (based on the current availability of qualified MBEs and WBEs).

(2) For purposes of providing meaningful participation by MWBEs on the Contract and achieving the Contract Goals established in Section II-A hereof, Contractor should reference the directory of New York State Certified MWBEs found at the following internet address;

<https://ny.newnycontracts.com>

Additionally, the Contractor is encouraged to contact the Division of Minority and Woman Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of maximizing participation by MWBEs on the Contract.

(3) Where MWBE goals have been established herein, pursuant to 5 NYCRR §142.8, Contractor must document "good faith efforts" to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract. In accordance with Section 316-a of Article 15-A and 5 NYCRR §142.13, the Contractor acknowledges that if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such a finding constitutes a breach of contract and the Contractor shall be liable to the Department for liquidated or other appropriate damages, as set forth herein.

(c) Equal Employment Opportunity (EEO)

(1) Contractor agrees to be bound by the provisions of Article 15-A and the MWBE Regulations promulgated by the Division of Minority and Women's Business Development of the Department of Economic Development (the "Division"). If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements. Contractor shall comply with the following provisions of Article 15-A:

(i) Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the

areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.

(ii) Contractor shall submit an EEO policy statement to the Department within seventy two (72) hours after the date of the notice by Department to award the Contract to the Contractor.

(iii) If Contractor or Subcontractor does not have an existing EEO policy statement, the Department may provide the Contractor or Subcontractor a model statement. This statement can be found at the link provided in Section 8.

(iv) The Contractor's EEO policy statement shall include the following language:

- a. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force.
- b. The Contractor shall state in all solicitations or advertisements for employees that, in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- c. The Contractor shall request each employer Department, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employer Department, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex age, disability or marital status and that such union or representative will affirmatively cooperate in the

implementation of the Contractor's obligations herein.

- d. The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 4 and Paragraph "E" of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.
- e. EEO Contract Goals for the purposes of this procurement, the Department hereby establishes a goal of 10% Minority Labor Force Participation, 10% Female Labor Force Participation.

(2) Staffing Plan Form

To ensure compliance with this Section, the Contractor shall submit a staffing plan to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and Federal occupational categories. Contractors shall complete the Staffing plan form and submit it as part of their bid or proposal or within a reasonable time, but no later than the time of award of the contract.

(3) Workforce Employment Utilization Report Form ("Workforce Report")

- (i) Once a contract has been awarded and during the term of Contract, Contractor is responsible for updating and providing notice to the Department of any changes to the previously submitted Staffing Plan. This information is to be submitted on a quarterly basis during the term of the Contract to report the actual workforce utilized in the performance of the Contract by the specified categories listed including ethnic background, gender, and Federal occupational categories. The Workforce Report must be submitted to report this information.
- (ii) Separate forms shall be completed by Contractor and any subcontractor performing work on the Contract.

(iii) In limited instances, Contractor may not be able to separate out the workforce utilized in the performance of the Contract from Contractor's and/or subcontractor's total workforce. When a separation can be made, Contractor shall submit the Workforce Report and indicate that the information provided related to the actual workforce utilized on the Contract. When the workforce to be utilized on the contract cannot be separated out from Contractor's and/or subcontractor's total workforce, Contractor shall submit the Workforce Report and indicate that the information provided is Contractor's total workforce during the subject time frame, not limited to work specifically under the Contract.

- (2) Contractor shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

(d) MWBE Utilization Plan

(1) The Contractor represents and warrants that Contractor has submitted an MWBE Utilization Plan either prior to, or at the time of, the execution of the contract.

(2) Contractor agrees to use such MWBE Utilization Plan for the performance of MWBEs on the Contract pursuant to the prescribed MWBE goals set forth in Section III-A of this Appendix.

(3) Contractor further agrees that a failure to submit and/or use such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, Department shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsiveness.

(e) Waivers

(1) For Waiver Requests Contractor should use Waiver Request Form.

(2) If the Contractor, after making good faith efforts, is unable to comply with MWBE goals, the Contractor may submit a Request for Waiver form documenting good faith efforts by the Contractor to meet such goals. If the documentation included with the waiver request is complete, the Department shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.

(4) If the Department, upon review of the MWBE Utilization Plan and updated Quarterly MWBE Contractor Compliance Reports determines that Contractor is failing or refusing to comply with the Contract goals and no waiver has been issued in regards to such non-compliance, the Department may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of MWBE Contract Goals.

(f) Quarterly MWBE Contractor Compliance Report

Contractor is required to submit a Quarterly MWBE Contractor Compliance Report Form to the Department by the 10th day following each end of quarter over the term of the Contract documenting the progress made towards achievement of the MWBE goals of the Contract.

(g) Liquidated Damages - MWBE Participation

(1) Where Department determines that Contractor is not in compliance with the requirements of the Contract and Contractor refuses to comply with such requirements, or if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals, Contractor shall be obligated to pay to the Department liquidated damages.

(2) Such liquidated damages shall be calculated as an amount equaling the difference between:

- (i) All sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and
- (ii) All sums actually paid to MWBEs for work performed or materials supplied under the Contract.

(3) In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by the Department, Contractor shall pay such liquidated damages to the Department within sixty (60) days after they are assessed by the Department unless prior to the expiration of such sixtieth day, the Contractor has filed a complaint with the

Director of the Division of Minority and Woman Business Development pursuant to Subdivision 8 of Section 313 of the Executive Law in which event the liquidated damages shall be payable if Director renders a decision in favor of the Department.

OF

NOVEMBER 27, 2017

A RESOLUTION AUTHORIZING THE CITY MANAGER TO ENTER INTO
A LICENSE AGREEMENT WITH SCENIC HUDSON, INC. TO ALLOW ACCESS
TO CITY-OWNED PROPERTY AROUND CRYSTAL LAKE FOR TRAIL IMPROVEMENTS

WHEREAS, Scenic Hudson, Inc. has requested access to City-owned property around Crystal Lake for the purpose of making improvements thereto, including but not limited to the construction of a hiking trail, vehicle parking improvements and the installation of a trail head kiosk and related work at no cost to the City of Newburgh; and

WHEREAS, Crystal Lake is currently underutilized and the City Council of the City of Newburgh finds that permitting such access for the purpose of making such improvements around Crystal Lake is in the best interests of the City of Newburgh;

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Newburgh, New York that the City Manager be and he is hereby authorized to enter into a license agreement, in substantially the same form annexed hereto with such other terms and conditions acceptable to the Corporation Counsel, with Scenic Hudson, Inc. to allow access to City-owned property located at or around Crystal Lake for the purpose of making hiking trail and related improvements.

328-17

LICENSE AGREEMENT

THIS LICENSE AGREEMENT, dated as of _____, 2017, by and between:

THE CITY OF NEWBURGH, a New York municipal corporation with offices at 83 Broadway, City Hall, Newburgh, New York 12550 ("City" or "Licensor"); and

SCENIC HUDSON, INC., a not-for-profit corporation with an address of One Civic Center Plaza, Suite 200, Poughkeepsie, NY 12603 ("Licensee").

WHEREAS, the City is the owner of several parcels of vacant land located in and around Crystal Lake and Temple Avenue in the City of Newburgh, and more accurately described as Section 41, Block 2, Lot 11.2, Section 50, Block 1, Lot 1.12 and Section 50, Block 1. Lot 5.2 on the official tax map of the City of Newburgh (hereinafter referred to as "the Property"); and

WHEREAS, Licensee desires the license or privilege of gaining access to and performing work upon the premises of Licensor for the purpose of making modest improvements for the benefit of the public and to be used for passive recreation and outdoor education purposes. The work to be done is substantially the location and position shown as set forth on the map or plan hereto attached and made a part hereof and bearing the following title:

Crystal Lake-Site Inventory and Analysis

AND WHEREAS, Licensor is willing to give said license or privilege on the following terms and conditions:

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and conditions hereinafter contained, it is hereby agreed as follows:

Section 1. Grant of License. The City hereby represents that it owns certain real property in and around Crystal Lake and Temple Avenue in the City of Newburgh, and more accurately described as Section 41, Block 2, Lot 11.2, Section 50, Block 1, Lot 1.12 and Section 50, Block 1. Lot 5.2 on the official tax map of the City of Newburgh, and that it has duly authorized this License Agreement. The City hereby grants Licensee a revocable license for Licensee and Licensee's employees, volunteers, agents and contractors, upon the conditions hereinafter stated, the license or privilege of entering upon Licensor's Property, as herein described, and taking thereupon such vehicles, equipment, tools, machinery and other materials as may be necessary, for the purposes of and to perform maintenance, repairs and improvements to property owned by Licensor and used as and for a hiking trail as shown on the attached site inventory and drawing; and to enhance said property, including but not limited to constructing the hiking trail and parking area and installing a trail head kiosk and any and all other work appurtenant thereto.

Section 2. Use of and Access to the Property. Entry to the Property is limited to the use and access necessary to construct and install such improvements as proposed by the Licensee.

Licensee shall install said improvements on said premises in such location and position and as to any such work upon or under property of Licensors in such manner as will be satisfactory to Licensors. Licensee agrees to do such work and perform such work in such manner as will comply fully with the provisions of any laws, ordinances or other lawful authority, obtaining any and all permits required thereby. Licensee shall give Licensors no less than forty-eight (48) hours advance notice of its commencement of work on the Property.

Section 3. Insurance. The Licensee shall not commence or perform work nor operate machinery under this License Agreement until it has obtained all insurance required under this Section 3 and such insurance has been approved by the City.

A. Workers' Compensation Insurance - The Licensee shall take out and maintain during the life of this agreement such Workers' Compensation Insurance for its employees or members to be assigned to the work hereunder as may be required by New York State Law.

B. General Liability and Property Damage Insurance - The Licensee shall take out and maintain during the life of this agreement such general liability and property damage insurance as shall protect it and the City which shall be named as additional insured on all such policies from claims for damages for personal injury including accidental death, as well as from claims for property damage which may arise from operations under this agreement. The amounts of such insurance shall be as follows:

1. General Liability Insurance in an amount not less than \$1,000,000.00 for injuries including wrongful death to any one person and subject to the same limit for each person, in an amount not less than \$3,000,000.00 on account of any one occurrence.

2. Property Damage Insurance in an amount not less than \$50,000.00 for damage on account of all occurrences.

The Licensee shall furnish the above insurance to the City and shall also name the City as an additional named insured in said policies. Such insurance shall be maintained in force during the entire term of this License Agreement.

C. Licensee may retain certain employees, agents, contractors and consultants to perform the subject work. In the contract by which Licensee retains such agents, Licensee and such agents shall provide and maintain insurances as required by this Section 3 and name Licensors as additional insured under insurance coverage concerning Licensee's performance of the work referenced herein.

Section 4. Damages. The relation of the Licensee to the City as to the work to be performed by it under this agreement shall be that of an independent contractor. As an independent contractor, it will be responsible for all damage, loss or injury to persons or property that may arise in or be incurred during the conduct and progress of said performances arising out of the negligent performance, other than those wholly caused by Acts of God. The Licensee shall make good any

damages that may occur in consequence of the performances or any part of it. The Licensee shall assume all blame, loss and responsibility of any nature by reason of the Licensee's neglect or violation of any federal, state, county or local laws, regulations or ordinances applicable to the Licensee and/or the nature of its performance or arising out of its activities licensed hereby.

Section 5. Defense and Indemnity. Licensee shall defend, indemnify and hold the City harmless against any and all claims, actions, proceedings, and lawsuits arising out of or relating to the access and use of the Property under this License Agreement, excepting gross negligence or misconduct by the City.

Section 6. Term of License. The license or privilege hereby given shall commence upon the signing of this licensee agreement and shall expire and terminate without further notice to either party to the other upon the completion of the work by Licensee and its agents, employees and contractors, as confirmed by both the City Engineer and City Planner.

Section 7. Assignment of License; No Sub-Licensing. This License may not be assigned or sub-let to any other party.

Section 8. Termination of License. The City, at its sole discretion and, with or without cause, may, without prejudice to any other rights or remedy it may have, by five (5) days' notice to the Licensee, terminate the agreement.

Section 9. New York Law. This License Agreement shall be construed under New York law and any and all proceedings brought by either party arising out of or related to this License shall be brought in the New York Supreme Court, Orange County.

Section 11. Modification of License Agreement. This License Agreement may not be modified except by a writing subscribed by both parties to this Agreement.

Section 12. It is understood and agreed that no vested right in said premises is hereby granted or conveyed from either party to the other, and that the privileges hereby given are subject to any and all encumbrances, conditions, restrictions and reservations upon or under which the parties held said premises prior to the granting of this license.

Section 13. Licensors acknowledges that the enhancements, improvements and repairs to the subject property shall inure to the benefit of both parties, and shall be satisfactory, adequate and sufficient consideration for the License granted hereunder.

Section 14. Without limitation to the general provisions of this Agreement, it is understood and agreed that said improvements shall be installed in substantially the location and position shown in the attachments hereto, and in accordance with details and specifications as set forth on maps or plans hereto attached and hereby made a part hereof.

Terms and Conditions Sale 7 Locust Street, City of Newburgh (25-5-18)

STANDARD TERMS:

1. City of Newburgh acquired title to these properties in accordance with Article 11 of the Real Property Tax Law of the State of New York, and all known rights of redemption under said provisions of law have been extinguished by the tax sale proceedings and/or as a result of forfeiture.
2. For purposes of these Terms and Conditions, parcel shall be defined as a section, block and lot number.
3. All real property, including any buildings thereon, is sold "AS IS" and without any representation or warranty whatsoever as to the condition or title, and subject to: (a) any state of facts an accurate survey or personal inspection of the premises would disclose; (b) applicable zoning/land use/building regulations; (c) water and sewer assessments are the responsibility of the purchaser, whether they are received or not; (d) easements, covenants, conditions and rights-of-way of record existing at the time of the levy of the tax, the non-payment of which resulted in the tax sale in which City of Newburgh acquired title; and (e) for purposes of taxation, the purchaser shall be deemed to be the owner prior to the next applicable taxable status date after the date of sale.
4. The properties are sold subject to unpaid school taxes for the tax year of 2017-2018, and also subject to all school taxes levied subsequent to the date of the City Council resolution authorizing the sale. The purchaser shall reimburse the City for any school taxes paid by the City for the tax year 2017-2018, and subsequent levies up to the date of the closing. Upon the closing, the properties shall become subject to taxation. Water and sewer charges and sanitation fees will be paid by the City to the date of closing.
5. **WARNING: FAILURE TO COMPLY WITH THE TERMS OF THIS PARAGRAPH MAY RESULT IN YOUR LOSS OF THE PROPERTY AFTER PURCHASE.** The deed will contain provisions stating that the purchaser is required to rehabilitate any building on the property and bring it into compliance with all State, County and Local standards for occupancy within (18) months of the date of the deed. Within such eighteen (18) month time period the purchaser must either: obtain a Certificate of Occupancy for all buildings on the property; make all buildings granted a Certificate of Occupancy before the date of purchase fit for the use stated in such Certificate of Occupancy; or demolish such buildings. The deed shall require the purchaser to schedule an inspection by City officials at or before the end of the eighteen (18) month period. If the purchaser has not complied with the deed provisions regarding rehabilitation of the property and obtained a Certificate of Occupancy or Certificate of Compliance by that time, then the title to the property shall revert to the City of Newburgh. The deed shall also provide ~~that the property shall not be conveyed to any other person before a Certificate of Occupancy or Certificate of Compliance is issued.~~ A written request made to the City Manager for an extension of the eighteen (18) month rehabilitation period shall be accompanied by a non-refundable fee of \$250.00 per parcel for which a request is submitted. The City Manager may, in his sole discretion and for good cause shown, grant one extension of time to rehabilitate of up to, but not to exceed, three (3) months. Any additional request thereafter shall be made in writing and placed before the City Council for their consideration.
6. The property is sold subject to an owner-occupancy restriction. The purchaser has agreed to purchase the property subject to the five (5) year owner occupancy restriction shall, within 18 months of the delivery of the deed, establish his domicile and principal residence at said premises and maintain his domicile and principal residence at said premises for a period of at least five (5) years thereafter, provided that within said five (5) year period, the purchaser may convey said premises to another who shall also maintain their domicile and principal residence at said premises for said period. This shall be set forth as a restrictive covenant in the deed, subject upon its breach, to a right of re-entry in favor of the City of Newburgh. This shall be in addition to all other provisions, covenants and conditions set forth in the Terms of Sale.

7. Notice is hereby given that the property is vacant and unoccupied. The parcel is being sold subject to the City's Vacant Property Ordinance and all provisions of law applicable thereto. At closing, the purchaser will be required to register the property and remit the vacant property fee. It is the sole responsibility of the purchaser to redevelop such parcel in accordance with same.
8. All purchasers are advised to personally inspect the premises and to examine title to the premises prior to the date upon which the sale is scheduled to take place. Upon delivery of the quitclaim deed by the City of Newburgh to the successful purchaser, any and all claims with respect to title to the premises are merged in the deed and do not survive.
9. No personal property is included in the sale of any of the parcels owned by City of Newburgh, unless the former owner or occupant has abandoned same. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.
10. The City makes no representation, express or implied, as to the condition of any property, warranty of title, or as to the suitability of any for any particular use or occupancy. Property may contain paint or other similar surface coating material containing lead. Purchaser shall be responsible for the correction of such conditions when required by applicable law. Property also may contain other environmental hazards. Purchaser shall be responsible for ascertaining and investigating such conditions prior to bidding. Purchaser shall be responsible for investigating and ascertaining from the City Building Inspector's records the legal permitted use of any property prior to closing. Purchaser acknowledges receipt of the pamphlet entitled "Protecting Your Family from Lead in Your Home." Purchaser also acknowledges that he/she has had the opportunity to conduct a risk assessment or inspection of the premises for the presence of lead-based paint, lead-based paint hazards or mold.
11. The entire purchase price and all closing costs/fees must be paid by money order or guaranteed funds to the City of Newburgh Comptroller's Office on or before March 2, 2018. Such closing costs/fees may include, but are not limited to: recording fees, tax adjustments as of the day of closing, fuel oil adjustments, and applicable condominium charges (e.g. monthly maintenance charges, assessment charges, transfer buy-in fees, and/or closing package ordering fees). *The City of Newburgh does not accept credit card payments for the purchase price and closing costs/fees.* **The City is not required to send notice of acceptance or any other notice to a purchaser.** At closing, purchaser, as grantee, may take title as a natural person or as an entity wherein purchaser is an officer or managing member of said entity. The City Manager may, in his sole discretion and for good cause shown, grant one extension of time to close title of up to, but not to exceed, sixty (60) additional days. No request shall be entertained unless in writing, stating the reasons therefor, and unless accompanied by a fee of \$250.00 per parcel for which a request is submitted. The fee shall be in addition to all other fees and deposits and shall not be credited against the purchase price and shall not be returnable. Any additional request made thereafter shall be made in writing and placed before the City Council for their consideration.
12. ~~In the event that a sale is cancelled by court order, judgment, the Comptroller or the Newburgh City Council, the successful bidder shall be entitled only to a refund of the purchase money paid with interest. Purchaser agrees that he shall not be entitled to special or consequential damages, attorney's fees, reimbursement for any expenses incurred as a result of ownership, improvements of property, or for taxes paid during period of ownership, and this agreement by the purchaser is a material condition of the sale.~~
13. Sale shall be final, absolute and without recourse once title has closed and the deed has been recorded. In no event, shall City of Newburgh be or become liable for any defects in title for any cause whatsoever, and no claim, demand or suit of any nature shall exist in favor of the purchaser, his heirs, successors or assigns, against City of Newburgh arising from this sale.
14. Conveyance shall be by quitclaim deed only, containing a description of the property as it appeared on the tax roll for the year upon which the City acquired title or as corrected up to date of deed. The deed will be recorded by the City upon payment in full of the purchase price, buyer's premium, and closing fees/costs. Possession of property is forbidden until the deed is recorded conveying title to the purchaser. **Title vests upon recording of deed.**

15. Upon closing, the City shall deliver a quitclaim deed conveying all of its right, title and interest in the subject property, which deed shall be drawn by the City Corporation Counsel. The City shall not convey its interest in any street, water, sewer or drainage easement, or any other interest the City may have in the property. The City shall only convey that interest obtained by the City pursuant to the judgment rendered in an *in rem* tax foreclosure action filed in the Orange County Clerk's Office.
16. The description of the property shall be from the City of Newburgh Tax Map reference or a survey description certified to the City of Newburgh and provided to the City Corporation Counsel by the purchaser at least thirty (30) days in advance of closing title and approved by the City's Engineer.
17. Evictions, if necessary, are solely the responsibility of the purchaser after closing and recording of the deed.
18. By acknowledging and executing these Terms & Conditions, the purchaser certifies that he/she is not representing the former owner(s) of the property against whom City of Newburgh foreclosed and has no intent to defraud City of Newburgh of the unpaid taxes, assessment, penalties and charges which have been levied against the property. The purchaser agrees that neither he/she nor his/her assigns shall convey the property to the former owner(s) against whom City of Newburgh foreclosed within 24 months subsequent to the auction date. If such conveyance occurs, the purchaser understands that he/she may be found to have committed fraud, and/or intent to defraud, and will be liable for any deficiency between the purchase price at auction and such sums as may be owed to City of Newburgh as related to the foreclosure on the property and consents to immediate judgment by City of Newburgh for said amounts.

OF

NOVEMBER 27, 2017

A RESOLUTION ADOPTING THE BUDGET
FOR THE FISCAL YEAR 2018

WHEREAS, the City Manager, on October 10, 2017, submitted to the City Council of the City of Newburgh, New York, a detailed estimate, including the "Manager's Proposed Fiscal Year 2018 Budget" and the "Manager's Proposed Personnel Analysis Book" of same date, of revenues and expenditures necessary and proper for all municipal activities accounted for in the General, Water, Sewer, Sanitation and Self-Insurance Funds during the fiscal year of 2018; and

WHEREAS, such detailed estimates have been filed in the City Clerk's Office as required by the Charter of the City of Newburgh so that said estimates may be inspected by anyone interested, and a public hearing was held on November 13, 2017 in reference to said estimates for any item thereof; and

WHEREAS, the Council has made such changes, alteration, corrections and amendments to the said budget as it appears to said Council to be proper, including incorporating such changes as deemed necessary in response to the New York State Office of the State Comptroller's budget review report # B17-6-18 dated November 14, 2017; and

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Newburgh, New York does hereby approve, determine and adopts the budget for the year 2018 as appears in the annexed "City Council Adopted Fiscal Year 2018 Budget" on November 27, 2017; and

BE IT FURTHER RESOLVED, that the sum of \$19,904,325 be levied and raised on account of City taxes for the year 2018 on all the taxable property in the City of Newburgh according to the valuation of the last assessment roll of said City for State, County and City purposes, being \$513,557,410 for Homestead Properties and \$373,367,317 for Non-Homestead Properties, including special franchise assessments, in accordance with the Real Property Tax Law of the State of New York; and

BE IT FURTHER RESOLVED, that the City Collector is authorized and directed to cause said amount of \$19,904,325 to be extended and apportioned on said assessment roll at \$19.55681 for Homestead properties and \$26.41040 for Non-Homestead Properties on every \$1,000 of taxable real property, including special franchise assessments; and

BE IT FURTHER RESOLVED, that the required sewer, water and sanitation fees for the taxable and non-taxable properties for the year 2018 is as set forth in Section 163-1 of the City Code of Ordinances; and

BE IT FURTHER RESOLVED, that the City Collector is authorized and directed to cause any and all amounts reported as omitted taxes to be levied against the real property subject to said omitted taxes and to cause the amounts reported by the City Collector as overdue and unpaid water rents, sewer rents and sanitation user fees, and unpaid charges of property abatement, with the interest and penalties thereon, to be added to the tax levied against the real property for which or in connection with which such water, sewer and sanitation was provided; and

BE IT FURTHER RESOLVED, that said City tax roll shall be delivered to the City Collector on the 2nd day of January 2018, signed by the City Manager and under the seal of the City, directing and commanding said City Collector to receive and collect in the manner provided by the law for the levying and collecting of County taxes by City Collectors, these several amounts in the roll specified as against the persons or property therein mentioned and described, and that said warrant shall direct the City Collector to collect said assessments in four equal installments as follows:

The first installment commencing on the 2nd day of January 2018, and collect up to and including the 6th day of February 2018, without fees, and to add 5% from the 7th day of February 2018, up to and including the 1st day of April 2018.

The second installment commencing on the 1st day of March 2018, and collect up to and including the 6th day of April 2018, without fees, and to add 5% from the 7th day of April 2018, up to and including the 30th day of May 2018.

The third installment commencing on the 1st day of May 2018, and collect up to and including the 6th day of June 2018, without fees, and to add 5% from the 7th day of June 2018, up to and including the 30th day of July, 2018.

The fourth installment commencing on the 1st day of July 2018, and collect up to and including the 6th day of August 2018, without fees, and to add 5% from the 7th day of August 2018, up to and including the 1st day of October, 2018.

In addition, thereto, for all late payments remaining unpaid for ninety (90) days after the first date designated for the collection of same, there shall be added an additional penalty in the amount of 10% per annum computed from said first date of collection; and

BE IT FURTHER RESOLVED, that the amounts, when collected, be deposited daily with the Key Bank of NY, N.A., Chase, TD Bank, Sterling National Bank, or in any of the said banks in compliance with the requirements set forth in the Newburgh Fiscal Recovery Act by said City Comptroller and credited and applied to the several respective funds and accounts as stated in the Adopted Budget for taxes now confirmed and approved by said City Council, including credit balances heretofore appropriated.

NEW BUSINESS

Councilwoman Holmes commented that they should do something for Regina Angelo for everything she has done for Newburgh. We should pass a resolution naming her the city's Events Coordinator or the Beautification Queen. Angelo plans to continue to volunteer and continue to do everything that she has done for our city over the years.

Mayor Kennedy stated that we should present Angelo with a Certificate of Appreciation. We could bring a couple of trays of cookies to celebrate.

Holmes stated that that was not what she said. She wanted to give Angelo a title for all of the work that she does in our city, and to help make her feel better.

The council agreed with Holmes' idea.

OLD BUSINESS

Councilwoman Abrams asked the council if they voted to eliminate the second meeting in December, to which Michelle Kelson responded that she was going to put it on the next agenda. Also she reminded her colleagues that they promised the Neighborhood Association on East Parmenter Street that they would look into putting rumble strips on the street.

Councilwoman Rayford wanted to know what is going on with Central Hudson and the street paving. It seems as though the work they are doing is getting worse. It is not something that our guys at DPW are doing. She asked who is watching the company as they work.

Michael Ciaravino responded that at the end of the project they are required to clear out permits. The building inspector and our inspection teams will ensure that the streets are closed up according to specifications. He would like to remain optimistic that the positive experiences, as reported by Mayor Kennedy, will resonate and ultimately be reported by residents on other streets. We know that there is preliminary patch work and then there is the final patchwork. If there are specific areas that you would like us to pay attention

to, he would be more than happy to do that.

Rayford replied, "the specific area is Newburgh at large" They are tearing up our streets and we need them fixed.

Councilwoman Mejia commented that one of the items set for discussion in December is an update on the pavement management plan. Prompted by residents' concerns, the council passed a resolution for the funding of a five-year plan that provides an assessment of the conditions of the street, as well as future plans. She suggested that the council present the outline and results back to the community regarding the streets that Central Hudson has worked on already. Eventually paving will occur on her own block, but she needs to know when. This is the type of discussion that needs to occur. We need to discuss how our gateway streets look, such as Liberty Street. Going into 2018, we need to be clear what the paving plan is for the next five years.

George Garrison mentioned that rumble strips cost in excess of the \$1500- \$1800 each. He stated that would do whatever the council directs him to do.

Mayor Kennedy asked him if we could lay down a patch of pavement, raise it and then paint it with a yellow stripe. She notices that other cities do it all the time, so she does not know why we have such a problem here. It should not be a problem for the plows if people learned how to plow correctly. We need to slow down the traffic in this city.

FURTHER COMMENTS FROM THE COUNCIL

Councilwoman Abrams announced an upcoming performance by the great saxophonist Albert Ayler at Jazz at Atlas, 11 Spring Street, in Newburgh, New York. The concert will be held on Saturday, December 2nd at 8:00 P.M. The cost of the ticket is \$15.00.

Councilwoman Mejia announced that the Repko project has applications for new apartments if anyone is interested.

Councilman Harvey asked the city staff about details regarding the upcoming City Holiday Party. He asked if he still has time to make his payment because he brought his checkbook this evening.

Executive Assistant Naomi Fay responded that the party is scheduled for Friday, December 8th at 6:00 P.M. It will be held at *Pamela's on the Hudson*, and the cost is \$36 per person.

Councilwoman Rayford reminded everyone about the upcoming street naming in honor of the Late Rev. Frank E. Jones. The unveiling will be held on December 2nd at 10 A.M., at the Heaven Bound Church of Deliverance, 186 Washington Street in Newburgh, New York. She has referral forms for the annual *Adopt -a- Family Christmas Program*. All children, up to age 16, are welcome to participate, and most of the parishioners of St. Mary's Church will play the role of the *Secret Santas*. She urged anyone who is interested to contact the Coordinator Craig Altmann of the Newburgh School District for more information. Last, she announced that Newburgh Zion Lions is going to host a winter basketball league called the *Winter Chill*. The league will run on Monday evenings, December 4th and 11th at the St. Mary's Church gym. The fee is \$20.00 for Residents and \$40.00 for Non-residents.

There were no other comments at this time.

ADJOURNMENT

There being no further business to come before the council, the meeting adjourned at 10:00 P.M.
