Pursuant to this Agreement, Seller hereby grants to Buyer an exclusive option to purchase the Property (as described below) (the "**Option**").

WHEREAS, Seller owns a parcel of unimproved real property situated at 35-37 Broad Street, City of Newburgh, Orange County, New York (the "**Real Property**"); and

WHEREAS, Seller desires to grant to Buyer, and Buyer desires to obtain from Seller, an exclusive option to purchase the Real Property from Seller on the terms and conditions set forth herein.

NOW THEREFORE, in consideration of the premises and the mutual covenants hereinafter contained, and intending to be legally bound hereby, the Parties do hereby stipulate, covenant and agree as follows:

1. **Property:** "**Property**" as used in this Agreement shall collectively mean the following:

- (a) The Real Property, being identified as Tax Parcel ID No. 10-3-2.22 and consisting of approximately 2.7 acres as more fully described in **Exhibit "A"** attached hereto and incorporated herein and all appurtenances and hereditaments thereto ("**Land**");
- (b) All rights, privileges, grants and easements appurtenant to or burdening Seller's interest in the Land, if any, including, all of Seller's right, title and interest, if any, in and to all easements, licenses, covenants and other rights-of-way, variances and all other estates, rights, titles, interests, servitudes, tenements, and appurtenances in connection with, in relation to, or used in connection with the beneficial use and enjoyment of the Land ("**Additional Rights**"); subject to the zoning and other ordinances, codes and regulations of the City and the City Charter; and

2. **Option Period:** Seller hereby grants to Buyer, and Buyer hereby obtains from Seller, an exclusive option to purchase the Property on the terms and conditions set forth in this Agreement commencing on the Effective Date and continuing through midnight of the fourth anniversary of the Effective Date (the "**Option Period**").

3. Option Price:

(a) Simultaneously with the execution hereof, Buyer shall pay to Seller an option fee equal to **TWENTY-FOUR THOUSAND FIVE HUNDRED THIRTY DOLLARS** (\$24,500.00), representing the entire amount to be paid for the Option (the "**Option Price**").

(b) In the event that Buyer fails to timely pay any portion of the Option Price, Seller may provide Buyer with written notice advising Buyer of such failure to pay, and within ten (10) business days of receipt of such notice, Buyer shall have the right to cure such default by paying the amount due plus a five percent (5%) premium on such amount. In the event Buyer fails to make such payment within such ten (10) business day period, Seller may terminate this Agreement by written notice to Buyer and Buyer's Option to purchase the Property shall be extinguished, and Seller shall retain the Option Price that were due and payable prior to that date as liquidated damages (provided that Buyer shall pay to Seller any unpaid Option Price that was due and payable as of the date the Agreement is terminated), except in the event of a breach of this Agreement by Seller.

(c) If Buyer fails to exercise the Option by the end of the Option Period, this Agreement shall terminate and Buyer's Option to purchase the Property shall be extinguished, and Seller shall retain the Option Price as liquidated damages (provided that Buyer shall pay to Seller any unpaid Option Price that was due and payable as of the date the Agreement is terminated), except in the event of a material breach of this Agreement by Seller, in which event the Option Price shall be refunded to Buyer within thirty (30) days of the end of the Option Period.

4. The Option must be exercised no later than the last day of the Option Period in order to be timely. In the event Buyer fails to deliver to Seller the Buyer Option Notice on or before the expiration of the Option Period or sends a Buyer Termination Notice on or before the expiration of the Option Period, this Agreement shall terminate and Seller shall retain the Option Price (provided that Buyer shall pay to Seller any unpaid Option Price that was due and payable as of the date the Agreement is terminated), except in the event of a material breach of this Agreement by Seller.

5. Purchase Price: If Buyer elects to exercise this Option pursuant to this Agreement, the total purchase price for the Property shall be (i) **TWO HUNDRED FORTY-FIVE THOUSAND DOLLARS** (\$245,000.00), less (ii) the Option Price paid by Buyer to Seller prior to the exercise date (the "**Purchase Price**"). Upon payment of the Purchase Price, all right, title and interest to the Property shall transfer to Buyer.

6. Rights of Buyer During Option Period:

- (a) From and after the Effective Date, Seller hereby grants Buyer a license to enter the Land pursuant to which the Buyer and its agents shall have the right to access the Property during normal business hours for the purpose of conducting due diligence at Buyer's sole cost and expense. If Buyer intends to conduct invasive testing on the Property, Buyer's right of access to conduct that invasive testing shall require at least twenty-four (24) hour advance notice to Seller. This right of entry shall be conditioned upon Seller, or a representative or agent designated by Seller, having the right to be present on the Property with Buyer or its representatives at the time or times that Buyer is on or about the Property for the purpose of conducting invasive testing, at no cost to Buyer.
- (i) In conducting any inspection of the Property or otherwise accessing the Property, Buyer shall at all times comply with all laws and regulations of all applicable governmental authorities. Buyer shall have no right to materially alter the Property without the express written approval of the Seller, or to damage the Property in any respect in connection with its inspections, except in accordance with the terms and conditions of this Agreement. All inspection fees, appraisal fees, engineering fees and other costs and expenses of any kind incurred by Buyer or Buyer's Representatives relating to such inspection and/or its other access shall be at the sole cost and expense of Buyer. In the event that the Closing hereunder shall not occur for any reason whatsoever Buyer shall restore the Property to its original condition or as close thereto as is reasonably feasible, at its sole expense.
- (ii) Buyer hereby agrees to indemnify and hold Seller absolutely harmless from and against any and all claims, demands, actions, suits, judgments, liabilities, costs and expenses, including reasonable attorneys' fees (such fees also to include those in connection with all post-judgment and appellate proceedings), for injury to persons and physical damage to property related to or arising from Buyer's entry upon any portion of the Property owned by Seller and the performance (by Buyer or Buyer's Representatives) of the tests and/or inspections. Seller hereby agrees to indemnify and hold Buyer absolutely harmless from and against any and all claims, demands, actions, suits, judgments, liabilities, costs and expenses, including reasonable attorneys' fees (such fees also to include those in connection with all post-judgment and appellate proceedings), for injury to persons and physical damage to property related to or arising from the Property other than caused by Buyer's entry upon any portion of the Property owned by Seller and the performance (by Buyer or Buyer's Representatives) of the tests and/or inspections. The terms of this Subparagraph 6(a) shall survive the termination of this Agreement or the delivery and recording of the deed(s).
- (iii) Buyer shall, at its sole expense, obtain and maintain prior to entering the Property, and as to (i) and (ii) above, shall cause Buyer's Representatives to obtain and maintain prior to entering the Property, from a financially sound insurance

company or companies having an AM Best rating of not less than "A", policies of insurance for the following types of coverage and with limits of liability not less than the minimum amounts set forth below:

 - (C) Commercial general liability insurance with limits of not less than \$2,000,000 combined single limit, which may be arranged through a combination of primary and excess policies (umbrella) if necessary, for claims of bodily injury and/or property damage, written on an "occurrence" basis and including coverage for personal injury liability, products and completed operations, independent contractors, blanket broad form contractual liability, and explosion, collapse, and underground hazards.
- (iv) Prior to entering the Property, Buyer and Buyer's Representatives, whichever of them is then entering the Property, shall provide Seller with a certificate(s) of insurance evidencing that the foregoing policies of insurance have been obtained and are in full force and effect and that Seller has been named an additional insured under said policies. Said certificate(s) shall also show the expiration date of each policy and provide that Seller shall be given at least ten (10) days' prior written notice of any cancellation or material modification thereof. Neither the purchase of any policy of insurance nor the furnishing of evidence thereof to Seller pursuant hereto shall relieve Buyer of its indemnification obligations hereunder.
- (b) If Buyer is at any time not satisfied with any diligence findings or fitness for purpose of the Property in its sole discretion, Buyer may terminate this Agreement by sending Seller Buyer's Termination Notice, whereupon this Agreement shall terminate and Seller and Buyer shall be relieved of all further obligations hereunder except for any indemnification obligations that are expressly provided to survive the termination of this Agreement, provided that Buyer shall pay to Seller any unpaid Option Price that was due and payable following the expiration of the Diligence Period as of the date of the termination of this Agreement, except in the event of a material breach of this Agreement by Seller. Subject to the limitations set forth herein, Buyer may conduct any due diligence it may desire, including, without limitation:
- Physical Inspection. Buyer may obtain physical inspections of the Property;

- Title. Buyer may obtain a title commitment ("**Title Commitment**") from a nationally recognized title company of its choosing (the "**Title Company**").
- Survey. A survey of the Property may be ordered by the Buyer. Any survey shall be certified to Seller, Buyer, and Title Company. If so certified to Seller, the description from the survey shall be used in the Deed.
- Environmental Site Assessment. An Environmental Site Assessment of the Property may be obtained by the Buyer.
- Soil and Drainage Inspection. Subject to the provisions of the final paragraph of this Section 6(b), Buyer may obtain soil and drainage inspections and tests concerning the Property.

During the Diligence Period and subject to the final paragraph of this Section 6(b), Buyer may conduct all other soil inspections, surveying, and review of governmental approvals and permits related to the Property, zoning, title, survey, leases, financial information, service agreements, management contracts, and other agreements related to the Property, together with all other tests, inspections and investigations that Buyer deems necessary, in Buyer's sole and absolute discretion. Seller shall provide such cooperation and access as shall be reasonably necessary for Buyer to promptly perform such due diligence. All tests, inspections and investigations completed by Buyer or Buyer's agents or contractors shall be at Buyer's sole cost and expense and shall be completed in a manner so as to not unreasonably interfere with Seller's ownership of the Property. If this transaction does not close, Buyer agrees to promptly repair any damage to the Property caused by Buyer's entry onto the Property to complete these tests and investigations, at its sole cost. In any case, Buyer, in addition to that set forth above, shall indemnify and hold Seller harmless for any direct, out-of-pocket loss, expense, damage, claim, liability or cost (including, without limitation, litigation costs) arising out of the performance of the tests or inspections conducted by Buyer or its agents pursuant to this paragraph, to the extent any such liability is not the result of an act or omission of Seller.

Notwithstanding anything herein to the contrary, Buyer shall not conduct or authorize any invasive or intrusive physical or environmental testing (including, without limitation, any subsurface or groundwater testing or sampling) without the approval of Seller's Engineer and Seller's prior written consent of the scope and specifications of such proposed testing, which consent shall not be unreasonably withheld or delayed by Seller. Except for disclosures required by applicable law or by regulatory authorities, Buyer will not reveal to any third party not approved by Seller (other than Buyer's agents, consultants, investors, permitted assignee, attorneys and other representatives assisting Buyer in connection with the transaction contemplated hereby, and only then, subject to the confidentiality requirement set forth herein, and as may be required by law) the results of its inspections.

In the event of the expiration or termination of this Agreement for any reason whatsoever other than a breach or default by Seller under this Agreement, Buyer shall, promptly after such expiration or termination after written request therefor by Seller, (1) return to Seller any and all due diligence materials and other information or documentation provided by Seller to Buyer and (2) deliver to Seller the results of any soil tests or environmental reports commissioned by Buyer to the extent Seller is permitted to do so pursuant to any engagements letters governing such tests or reports. Buyer shall not be obligated to deliver to Seller any other due diligence materials and other information or documentation obtained by, or made available to Buyer, on its own or from or at the behest of Seller in connection with its investigation of the Property (including all copies and abstracts thereof and including all environmental reports prepared by or on behalf of Buyer) to the extent such materials, information or documentation is owned and controlled by Buyer, unless Seller reimburses Buyer for the cost of obtaining such due diligence reports.

7. Conveyance of Title: If the Option is exercised by Buyer, Seller shall convey title to the Property to Buyer by Quitclaim Deed free and clear of all exceptions, liens and encumbrances, other than current taxes not yet due and payable; any state of facts which an accurate survey would show; any laws, regulations or ordinances (including, but not limited to zoning, building and environmental protection) as to use, occupancy, subdivision or improvement of the Premises adopted or imposed by any governmental body, or the effect of any noncompliance or violation thereof; and any special assessment affecting the property (collectively, "Permitted Exceptions"), said title to be insurable (subject to the Permitted Exceptions) by a Title Insurance Company licensed to do business within the State of New York at ordinary rates payable by Buyer unless Buyer shall have waived such objections as hereinafter provided. The Deed shall contain a covenant by Seller as required by Section 13 of the Lien Law. The payment of the New York State Transfer Tax, if any, shall be the obligation of the Buyer.

If the Option is exercised, Buyer acknowledges that, except as expressly set forth herein, it will be acquiring the Property in its physical condition "AS IS" condition as of the Effective Date, WITH ALL FAULTS, IF ANY, AND WITHOUT ANY WARRANTY, EXPRESS OR IMPLIED. In addition, except as expressly set forth herein, neither Seller nor any agents, representatives, or employees of Seller have made any representations or warranties, direct or indirect, oral or written, express or implied, to Buyer or any agents, representatives, or employees of Buyer with respect to the condition of the Property, its fitness for any particular purpose, or its compliance with any laws. Buyer further acknowledges that it will have had the opportunity to fully inspect the Property and review all factors relevant to its anticipated use.

8. Closing:

- (a) If the Buyer exercises the Option, the closing (the "**Closing**") for the delivery of the Deed and other instruments contemplated by this Agreement and payment of the Purchase Price shall be on a date within twenty (20) days after delivery of the Buyer

The Closing shall be held at the offices of the Corporation Counsel of Seller in the City of Newburgh, New York, or at such other place as the parties hereto shall mutually agree.

- (b) In the event that Seller defaults in or otherwise avoids performance under this Agreement, Buyer may terminate this Agreement by notice to Seller, and thereupon all obligations of the parties under this Agreement shall terminate other than any party's indemnification covenants and agreements contained herein which by the specific terms of this Agreement are stated to survive any expiration or termination of this Agreement and provided that Seller shall refund to Buyer the Option Price previously paid to Seller, together with the reasonable out of pocket costs incurred by Buyer for title examination, survey work and due diligence costs incurred by Buyer, in an aggregate amount not to exceed \$200,000.
- (c) If for any reason whatsoever the Seller shall be unable to convey title to the Property in accordance with the terms of this Contract then the sole obligation and liability of the Seller to Buyer shall be to refund to Buyer the Option Price and the costs incurred by Buyer for title examination, survey work and due diligence (in an aggregate amount not to exceed \$200,000, excluding the payment in respect of the Option Price), and upon the making of such payments, this Contract shall be deemed cancelled and shall wholly cease and terminate and neither party shall have any further claim against the other by reason of this Contract.
- (c) In the event that Buyer exercises the Option but Buyer defaults in its obligation to close, Seller may terminate this Agreement and, in addition to Seller retaining the Option Price previously paid to Seller, Seller shall be entitled to seek payment of the balance due on the Purchase Price, but not specific performance for the conveyance of the Property on the terms and conditions set forth in this Agreement.
- (d) At the Closing, Seller shall deliver or cause to be delivered, at Seller's sole expense, each of the following items, each executed and acknowledged to the extent appropriate:
 - (i) The Deed, along with required recording forms TP-584 and RP-5217;

 - (iv) Any and all other items contemplated by the terms of this Agreement.
- (f) The following shall be prorated between Seller and Buyer as of 12:01 a.m. on the date on which the Closing occurs: (i) real estate taxes and assessments, if any and (ii) utilities.
- (g) Buyer shall be responsible for the payment of New York State Transfer Tax, if any and all other closing costs and fees, other than any of Seller's expenses in connection with this transaction.

9. Broker: Each Party represents and warrants that no broker or agent has been engaged with respect to this transaction. Seller agrees to indemnify Buyer and hold Buyer harmless against any liability, loss, cost, damage, claim and expense (including, but not limited to, reasonable attorneys' fees and costs of litigation) which Buyer shall ever incur because of any claim of any broker or agent claiming through Seller, whether or not meritorious, for any such fee or commission. Buyer agrees to indemnify Seller and hold Seller harmless against any liability, loss, cost, damage, claim and expense (including, but not limited to, reasonable attorneys' fees and costs of litigation) which Seller shall ever incur because of any claim of any broker or agent claiming through Buyer, whether or not meritorious, for any such fee or commission. The provisions of this paragraph shall survive the closing.

10. Seller and Buyer Obligations and Representations:

- (a) Until this Agreement is terminated or expires, Seller agrees to the following:
- (i) Seller will not directly or indirectly offer or advertise the Property for sale or lease, nor show it to any prospective buyer or tenant;
 - (ii) Seller will not, without Buyer's prior written consent, enter into any contract or lease or assume any obligation that will adversely affect Seller's ownership or occupation of the Property or create any lien, easement or encumbrance on the Property;
 - (iii) Seller will timely pay in full all obligations relating to Seller's ownership of the Property;
 - (iv) Seller will comply with all applicable laws that affect the Property;

- (v) Seller will cooperate with all reasonable requests by Buyer with respect to any permits or approvals that Buyer is seeking for the Property including being co-applicant to the extent necessary and not opposing the issuance of such permits and approvals;

- (c) If, at any time during the Option Period, Seller commits a material breach of any agreement affecting the Property or violates any applicable laws, rules, regulations, conditions or restrictions, including, without limitation, the failure to pay any taxes or penalties, (each a "**Violation**"), Seller agrees (i) to promptly notify Buyer of such Violation, (ii) that Buyer may, in Buyer's sole discretion, take all such action as Buyer deems necessary to cure such Violation on behalf of Seller, if Seller refuses to do so, and (iii) to promptly reimburse Buyer for all reasonable costs and expenses incurred in the event Buyer elects to take any action permitted by the preceding section (ii) hereof (or in the event of a material breach of this reimbursement obligation, permit Buyers, at their election, to credit the costs against the Purchase Price). Seller shall

further notify Buyer of any government notice or communication related to the Property, any new or threatened legal actions related to the Property or any fact or occurrence which could adversely affect the value of or title to the Property. If, at any time during the Option Period, Buyer commits a material breach of any agreement affecting the Property or violates any applicable laws, rules, regulations, conditions or restrictions, including, without limitation, the failure to conduct its tests or inspections in a manner that complies with all such applicable laws, rules, regulations, conditions or restrictions relating to the Property, (each a "**Violation**"), Buyer agrees (i) to promptly notify Seller of such Violation, (ii) that Seller may, in Seller's sole discretion, take all such action as Seller deems necessary to cure such Violation on behalf of Buyer, if Buyer refuses to do so, and (iii) to promptly reimburse Seller for all reasonable costs and expenses incurred in the event Seller elects to take any action permitted by the preceding section (ii) hereof (or in the event of a material breach of this reimbursement obligation, permit Sellers, at their election, to credit the costs against the Purchase Price). Each person executing this Agreement on behalf of Buyer represents and warrants that such person is duly authorized to act on behalf of Buyer in executing this Agreement, and that this Agreement constitutes a valid and legally binding obligation of Buyer enforceable against Buyer in accordance with its terms.

(v) Buyer's intended market rate residential and mixed-use development project ("Project") shall be developed in conformity with the laws, ordinances, codes, rules and regulations of the City of Newburgh and State of New York. The deed will contain provisions stating that the Buyer is required to complete construction in compliance with all State, County and Local standards for occupancy within three (3) years of the date of the deed, plus any unused portion of the Option Period as defined in Paragraph 2 above. As an example, if the Option is exercised two years after the date of the Option, then the time limit during which the project must be completed shall be the three (3) years indicated above plus two (2) additional years of the unused Option Period, for a total of five (5) years from the date of the deed. Within such time period, including any unused portion of the Option Period, the Buyer must obtain a Certificate of Occupancy for all buildings on the property. Notwithstanding the preceding provisions of this paragraph, the Buyer may request of the Newburgh City Manager that the time period to complete construction be extended so long as Buyer is in good faith moving forward with construction of the Project. In addition, the Buyer may request of the Newburgh City Manager that the time period to complete construction shall be extended if delay is caused by war, weather, acts of god or other circumstances outside Buyer's control (strikes, etc.) or market conditions. The City Manager shall respond to Buyer's request(s) within a reasonable period of time and shall not unreasonably deny any request by Buyer to extend the construction time deadline. If the City Manager denies Buyer's request, Buyer may submit such request to the City Council which shall respond to Buyer's request(s) within a reasonable period of time and shall not unreasonably deny any request by Buyer to extend the construction time deadline. If the Buyer has not complied with the above provisions regarding rehabilitation of the property and timely completion of the project, then the title to the property shall revert to the City. The deed shall also provide that the property shall not be conveyed to any other person before a Certificate of Occupancy or Certificate of Compliance is issued, except that the property may be conveyed or transferred to another entity in which Buyer has an ownership interest.

(vi) With respect to the Buyer's intended Project to be constructed on the Property, the Buyer represents that it will ask its engaged construction managers to try to meet a hiring goal during construction of a minimum of thirty (30%) percent of the total paid construction work shall be performed by qualified City of Newburgh residents for contracting, subcontracting and servicing opportunities for development and construction. The Buyer will ask its contractors to promote apprenticeship training as authorized by Section 816-b of the New York Labor Law in that each contractor, its successor and assigns, and subcontractors shall to the extent reasonably practicable, employ in its regular work force City of Newburgh residents who are enrolled and participating in an Apprenticeship Program.

Buyer's representations and warranties set forth in this Section 10 shall survive Closing.

11. Risk of Loss; Condemnation:

(a) In the event of damage or destruction of all or any portion of the Property by wind, water, fire or other casualty, Seller will promptly notify Buyer of the nature and extent of such damage or destruction. In such event, Buyer, in its sole discretion, within thirty (30) days of such notice, may either terminate this Agreement, obtain an assignment of insurance proceeds from Seller or apply insurance proceeds actually received by Seller as of the Closing to the Purchase Price. Prior to the Closing, risk of loss with respect to the Property shall be on Seller.

(b) Promptly upon obtaining knowledge of any threatened or filed condemnation proceeding against all or any portion of the Property, Buyer and Seller will notify the other party of such proceeding. In such event, Buyer, in its sole discretion, may either terminate this Agreement, obtain an assignment of condemnation proceeds from Seller or apply condemnation proceeds actually received by Seller as of the Closing to the Purchase Price. If Buyer elects to terminate this Agreement pursuant to this paragraph, Seller shall refund to Buyer the Option Payment.

12. Termination of Option: Notwithstanding anything contained in this Agreement to the contrary, Buyer, in its sole and exclusive discretion, may terminate this Agreement at any time during the Option Term by delivering to Seller a Buyer Termination Notice. In the event of such a termination by Buyer, except in the case where such termination results from a material breach by Seller or as otherwise expressly provided herein, Seller shall be entitled to retain the Option Price made as of the date the Buyer Termination Notice is delivered, provided that Buyer shall pay to Seller any unpaid Option Price that was due and payable as of the date the Agreement is terminated. In no event shall Buyer be entitled to any damages or relief (including, without limitation, consequential damages, lost profits, or equitable relief).

13. Regulatory Compliance. Each of the Parties shall comply with all applicable laws, rules, and regulations with respect to the transactions contemplated hereby.

14. Governing Law; Jurisdiction; Miscellaneous:

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of New York without regard to principles of conflicts of law. With respect to any provision of this Agreement finally determined by a court of competent jurisdiction to be unenforceable, such court shall have jurisdiction to reform such provision so that it is enforceable to the maximum extent permitted by applicable law, and both Seller and Buyer shall abide by such court's determination. In the event that any provision of this Agreement cannot be reformed, such provision shall be deemed

to be severed from this Agreement, but every other provision of this Agreement shall remain in full force and effect and the Parties shall negotiate in good faith to agree upon and implement replacement terms that most closely preserve the economic costs and benefits inherent in the impossible or unenforceable provision(s). In the event of a dispute under this Agreement, Buyer and Seller agree that the appropriate forum for any such disputes shall be a court of competent jurisdiction in Orange County, New York. The court shall award the reasonable attorney's fees and other costs and expenses related to the dispute to the prevailing party.

- (b) Except as otherwise expressly set forth in this Agreement, each Party will pay its own (and its representative's) fees and expenses incurred in connection with the negotiation, preparation, execution and delivery of this Agreement and the negotiation of the transaction documents. In the event of litigation between the Parties, the prevailing Party shall be entitled to be awarded all fees, costs and expenses incurred in respect of such litigation, including reasonable attorneys fees.
- (c) Nothing in this Agreement shall be construed as implying or intending any third party beneficiaries to this Agreement.
- (d) Each party acknowledges that it has had the opportunity to have counsel review this Agreement. The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the Parties and no presumption or burden of proof will arise favoring any Party by virtue of the authorship of any of the provisions of this Agreement.
- (e) Any notices required hereunder shall be in writing, shall be transmitted by certified mail, postage prepaid, return receipt requested, or by nationally recognized overnight courier, shall be deemed given when received or when receipt is refused, and shall be addressed to the Parties as follows:

Any signature page that is faxed or transmitted electronically shall be effective as an original signature page. - (g) This Agreement constitutes the entire agreement between the Parties and shall supersede all prior negotiations, understandings and agreements of the Parties relative to the subject matter of this Agreement. This Agreement cannot be amended except as agreed to in writing by the parties.
- (h) Nothing contained herein shall create a joint venture or partnership between Buyer and Seller, or an agency principal relationship.

All conditions to the obligations of Buyer and Seller to consummate the transactions contemplated by this Agreement are imposed solely and exclusively for the benefit of each such party as provided therein and no other Person shall have standing to require satisfaction of such conditions in accordance with their terms or be entitled to assume that Buyer or Seller will refuse to consummate the transactions contemplated by this Agreement in the absence of strict compliance with any or all thereof and no other Person shall under any circumstances

be deemed to be a beneficiary of such conditions, any or all of which may be freely waived in whole or in part by Buyer or Seller (as applicable) if, in each party's sole discretion, such party deems it advisable or desirable to do so.

- (j) The headings herein are inserted as a matter of convenience only, and do not define, limit, or describe the scope of this Agreement or the intent of the provisions hereof. All references herein to the word "including" shall be deemed to be references to "including, without limitation."

Consequently, neither party shall be deemed to have had the responsibility of drafting this Agreement if this Agreement at any time is construed or interpreted.
- (l) This Agreement may not be assigned or transferred, directly or indirectly, by Seller without the prior written consent of Buyer. This Agreement may not be assigned or transferred, directly or indirectly, by Buyer without the prior consent of Seller; provided, however, this Agreement may be assigned by Buyer without Seller's consent to any corporate affiliate of Buyer, meaning any entity in which the principals of Buyer have an ownership interest. In the event that Buyer assigns this Agreement, such assignment shall not release Buyer from its obligations under this Agreement, but rather Buyer and the applicable assignee shall be jointly and severally liable for such obligations. Subject to the foregoing, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective legal representatives, successors and assigns. This Agreement is not intended and shall not be construed to create any rights in or to be enforceable in any part by any other person or entity.
- (m) The submission of a draft of this Agreement or a summary of some or all of its provisions, or the acceptance of a letter of intent to an agreement, does not constitute a grant of an option or an offer to sell the Property, it being understood and agreed that neither Seller nor Buyer shall be legally bound with respect to the granting of an option or the sale or purchase of the Property unless and until this Agreement has been executed by both Seller and Buyer and a fully executed copy has been delivered to each of them.

DESCRIPTION OF THE APPRAISAL PROCESS

Scope of the Assignment:

The subject property consists of a vacant tract of residentially zoned land, located at 35-37 Broad Street, in the City of Newburgh in Orange County, New York.

The subject property was inspected on November 7, 2016. As the subject is vacant land, no one accompanied the appraiser. The extent of the inspection included walking the frontage and through some portions of the interior.

The intended use of the report is to assist the City of Newburgh, the intended user, with their decision to possibly sell the property. The type and definition of value of the report is to determine the Fee Simple Market Value of the subject property.

The scope of work performed must be sufficient to develop credible assignment results. It must meet or exceed the expectations of parties who are regularly intended users for similar assignments. Additionally, it must meet or exceed what an appraiser's peers' actions would be in performing the same or a similar assignment.

The type of Appraisal Report requested includes the Sales Comparison Approach which is the only approach considered applicable and is presented in a summarized format.

To complete this report, the appraiser:

- A. Did investigate appropriate market data for utilizing the Sales Comparison Approach to Value. The appraiser's investigations included researching public records through the use of commercial sources of data such as printed comparable data services, computerized data-bases, Realtors, local multiple listing services, other appraisers and municipal records. Search parameters such as dates of sales, leases, locations, sizes, types of properties and distances from the subject started with relatively narrow constraints and were expanded until the available pool of data was reasonably exhausted. Researched sales data were viewed and efforts were made to verify the data with persons directly involved in the transactions such as buyers, sellers, brokers, attorneys or agents. At the appraiser's discretion some data may be used without personal verification if the data appeared to be correct. In addition, the appraiser considered any appropriate

listings or properties found through observation during the data collection process. The appraiser reported only the data deemed to be pertinent to the valuation problem;

- B. Did investigate and analyze any pertinent easements or restrictions on the fee simple ownership of the subject property. A title report was not available and the appraiser relied on a visual inspection to identify any readily apparent easements or restrictions;
- C. Did analyze the data found and reached conclusions regarding the market value, as defined in the report, of the subject property as of the date of value using appropriate valuation approach(es) identified above;
- D. Did complete the appraisal report in compliance with the appraiser's interpretation of the *Uniform Standards of Professional Appraisal Practice* as promulgated by The Appraisal Foundation and the Code of Professional Ethics and Certification Standard of the Appraisal Institute;
- E. Did prepare a report including photographs of the subject property, brief descriptions of the subject neighborhood, the site, zoning, highest and best use analysis, summary of relevant data for the Sales Comparison approach used in the valuation, a reconciliation and conclusion, a map illustrating the sales in relationship to the subject property and other data deemed by the appraiser to be relevant to the report. Pertinent data and analyses not included in the report may be retained in the appraiser's files.

History of the Property

The subject property is not known to be listed for sale at this time.

According to property records, the subject property has been held under the current title since October 2010 and has not sold in the past three years. The subject property transferred on October 18, 2010. It was acquired from the Newburgh Community Development Agency.

There were formerly buildings located on the subject that were demolished in the 1960's as part of an Urban Renewal program. The remains of some of the old foundations are located along sections of the eastern portion of the property.

Exposure Time

The exposure time or the length of time the subject being appraised would have been offered on the market prior to the appraisal date is twelve months. The subject is situated in an accessible residential/commercial area with good visibility. Portions of the subject have river views. Sales of similar properties have sold within a one to two year period. The exposure time is estimated at twelve months.

Marketing Time

The marketing time is also twelve months. The market slowed after 2007 but appears to have started to recover, and for the same reasons as the exposure time, this property would be expected to sell within twelve months after this appraisal date.

DEFINITIONS

The following definitions are from *The Dictionary of Real Estate Appraisal, Sixth Edition*, published by the Appraisal Institute in 2015, unless otherwise noted.

Market Value: Market Value as defined by the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA) and FDIC Rules and Regulations Part 323-Appraisal ({2-28-03 p.2239}), Section 323.2(g).

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- i. buyer and seller are typically motivated;
- ii. both parties are well informed or well advised, and acting in what they consider their best interests;
- iii. a reasonable time is allowed for exposure in the open market;

Leased Fee Interest: The ownership interest held by the lessor, which includes the right to receive the contract rent specified in the lease plus the reversionary right when the lease expires.

Net Lease: A lease in which the landlord passes on all expenses to the tenant.

Net Net Net Lease: A lease in which the tenant assumes all expenses (fixed and variable) of operating a property except that the landlord is responsible for structural maintenance, building reserves, and management. Also called *NNN lease*, *triple net lease*, or *fully net lease*.

Modified Gross Lease: A lease in which the landlord receives stipulated rent and is obligated to pay some, but not all, of the property's operating and fixed expenses. Prospective Opinion Of Value: A value opinion effective as of a specified future date. The term does not define a type of value. Instead, it identifies a value opinion as being effective at some specific future date.

Retrospective Value Opinion: A value opinion effective as of a specified historical date. The term *retrospective* does not define a type of value. Instead, it identifies a value opinion as being effective at some specific prior date.

Subject Property: The property that is appraised in an assignment.

Extraordinary Assumption An assumption, directly related to a specific assignment, as of the effective date of the assignment results, which, if found to be false, could alter the appraiser's opinions or conclusions.

This valuation does not include any extraordinary assumptions.

Hypothetical Condition: A condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis.

This valuation does not include any hypothetical conditions.

Liquidation Value: The most probable price that a specified interest in property should bring under the following conditions:

1. Consummation of a sale within a short time period
2. The property is subjected to market conditions prevailing as of the date of valuation
3. Both the buyer and seller are acting prudently and knowledgeably
4. The seller is under extreme compulsion to sell
5. The buyer is typically motivated
6. Both parties are acting in what they consider to be their best interests
7. A normal marketing effort is not possible due to the brief exposure time
8. Payment will be made in cash in US dollars (or the local currency) or in terms of financial arrangements comparable thereto

Area Overview

Orange County is approximately 40 miles northwest of New York City, covering more than 816 square miles from the Hudson River in the east to the Delaware River in the west. It borders Sullivan, Ulster, Dutchess, and Rockland Counties, as well as Passaic and Sussex Counties in New Jersey and Pike County in Pennsylvania. According to the U.S. Census Bureau, the 2015 population estimate for the county was 377,647, an increase of 4,834, or 1.3%, from 2010. This is a significant slow-down in growth as Orange had been one of the fastest-growing counties in the state the past few decades, and grew 9.2% from 2000 to 2010. The county is connected to New York City, Albany, Pennsylvania, Connecticut, and New Jersey via the NYS Thruway/I-87, I-84, and Route 17/I-86. Rail transportation is provided by the New Jersey Transit and Metro North-Port Jervis Line, and with the Metro North Hudson Line across the Hudson River in Beacon in Dutchess County. Stewart Airport in Newburgh offers passenger and cargo air transport, and provides, attracts, and influences local business.

Orange County is a bedroom community for New York City, with many residents commuting to jobs in or near the city. According to the *Hudson Gateway Multiple Listing Service*, 2,403 single family homes sold year to date as of 3rd quarter of 2016, an increase of 417 sales, or 21%, from 2015. The median sale price of \$229,400 was up slightly by 2% compared to the previous year. This shows a changing trend from the past few years, with fluctuating volume and slightly increasing median prices, as the housing market is struggling to recover, as seen in the following chart.

The New York State Department of Labor indicates average employment of 178,300 in Orange County in 2015, up 1.4% from 2014. Unemployment was 4.7% for 2015, down from 5.5% the previous year, and has generally been staying below the state and national averages, as shown by the chart above.

There are currently 22 business parks in the county. As of the end of 2015, there was ±4.5 million square feet of Class A office space, up ±100,000 SF from the previous year, as several build-to-suit buildings were completed. The vacancy rate was around 9.5%, down from the 9.7% rate for the past two years, and continuing a slow but steady increase in occupancy. Total office space in the county, including non-Class A space, is ±5.9 million SF with a vacancy of 10.5%, substantially better than the 2015 national average of 15.7% for suburban office markets (*PwC Real Estate Investor Survey 1st Quarter 2016*).

According to the Mansfield Commercial Real Estate's 2015 *Overview of the Orange County, NY Commercial Real Estate Market*, Class A industrial space in the county totals ±21 million SF, up slightly from the previous year, which saw the completion of a ±518,000 SF UNFI building in Montgomery and a ±199,000 SF Short Line bus service center for Coach USA in Chester. At year-end 2015, nearly 1 million SF of build-to-suit industrial space was either under construction or nearing final approval and expected to break ground soon thereafter. The vacancy rate is very low at 3.3%, down from 4.0% in 2014, and much lower than the national rate of 6.8%, per CRESA. The total vacancy for industrial space in Orange County, including non-prime, was 4.8%. These low vacancies have spurred some proposed projects, including renovating older buildings as well as some spec construction.

The retail activity is mainly centered around four areas: Route 211 in Middletown/Wallkill, the Route 6/17/32 exchange in Monroe/Woodbury, Vails Gate in New Windsor, and Route 300/17K in Newburgh. While some of the larger chain stores and supermarkets were closing or downsizing, a number of new

larger stores have recently opened. According to the county's website, Orange County was expected to collect approximately \$263 million in sales tax revenue for 2015, up \$1.6 million, an increase of less than one percent, from 2014, which also saw a less than one percent increase from the previous year.

An exciting development comes from a Legoland theme park proposed for Goshen. This huge project would be the third Legoland in North America, and would employ hundreds. It has met with opposition from some local residents who have voiced concerns about traffic and water, but there has also been much support for the project.

Other additional projects proposed for Orange County include:

- The Middletown Medical Complex Development, a three-floor, 20,000 square foot medical complex, including a pharmacy, infusion center, urgent care with expanded hours, an eating disorder center and a variety of primary care and specialty physicians. This is a \$6M project located in the business section of the Town of Wallkill. As of October 2016 the Orange County IDA approved the final resolution to finance the construction of the new facility.

- Middletown Community Campus is a 232 acre site that the City of Middletown is moving forward on Phase 2 of the infrastructure improvements needed to enhance the shovel-readiness. The project will include 90 acres of undeveloped lands, as well as access roads and parking. The numerous buildings that remain from the abandoned Middletown Psychiatric Center will be prepared for adaptive reuse including the establishment of the Fei Tian Academy of the Arts and the Fei Thian College, a Chinese-American arts and music college, which will be a satellite campus to their headquarters located in Cuddebackville.

- Warwick Valley Office and Technology Corporate Park was recently established from the former Mid-Orange Correctional Facility. Star Kay

White, Inc., a syrup manufacturer, is proposing a new \$20M state-of-art facility in the corporate park. This is part of a continuing plan by the Town of Warwick to redevelop the site.

- Tuxedo Hudson Company has purchased 20 historic commercial buildings along the Tuxedo-Sloatsburg corridor to restore and rehabilitate the area as a destination for great food with focus on the Hudson Valley. The project is expected to cost \$5M with the plans to reopen the Tuxedo market in 2017.

The county has succeeded in attracting new businesses and keeping existing employers even as the economy declined and some businesses have left or downsized. This success is largely due to the extensive transportation network and proximity to New York City. These trends should continue into the foreseeable future, making Orange County a viable location for a variety of commercial and residential uses.

Neighborhood Overview

The city consists of historic residential areas, a waterfront commercial district, a downtown area along Broadway, and commercial and residential sections. Major employers of the City of Newburgh include St. Luke's Hospital, Mt. St. Mary's College, Orange County Community College, Central Hudson Gas and Electric, and Mastercraft Industries. Newburgh offers river-oriented recreation and commerce, as it borders on the western shore of the Hudson River. Newburgh is also home to historic Washington's Headquarters, located on Liberty Street.

The surrounding properties are generally grand, old two and three story historic residences, some of which have remained as single-family units, with the majority having been converted to multi-family housing. Many of the residences in the immediate area and some on the surrounding streets have been restored to their original grandeur. To the north is a 13 lot residential development that was built in early 2000's. Across the street is the former Regal Bag Factory, which has recently added artist's loft

units. Nearby is the Newburgh Public Library, and just south is the recently developed Newburgh waterfront, containing a variety of restaurants, a small riverside park, and a marina. The Ferry Crossing Condominiums are just to the north. A more developed commercial district is situated to the southwest, along Broadway, which is a four lane thoroughfare lined with shopping and services, with curbside and municipal parking available.

Water Street is a paved two lane street, heavily traveled, which runs north and south past the subject. Broad Street is a paved two lane street which runs east and west past the north end of the subject. Montgomery Street is a paved two lane street which is one way heading south past a small portion of the subject. Water Street, Broad Street and Montgomery Street provide good access to the subject property, with connections to major highways including I-84 and Route 9W approximately 1 mile away.

The land around the subject is approximately 97% improved, with the little remaining vacant land generally utilized as parking. There is additional urban renewal land in the area.

According to the Census Bureau, the 2015 population of the City of Newburgh was 28,290, which is a 2.0% decrease from the 2010 census.

The subject is situated within the Newburgh Enlarged City School District.

Market Overview

The subject is located on the very eastern edge of the City of Newburgh and much of it has potential Hudson River Views.

Residential single family house values have gone down noticeably in the past five years within the City of Newburgh.

The average and median sale prices are as follows, as per the Greater Hudson Valley MLS:

YEAR	AVERAGE SALE PRICE	MEDIAN SALE PRICE	VOLUME OF SALES
2012	\$112,868	\$92,000	56
2013	\$114,917	\$92,500	62
2014	\$120,264	\$102,250	92
2015	\$105,104	\$85,950	78
2016	\$93,666	\$69,000	107

The volume of sales in recent years have increased but the average sale price and the median sale price has declined in recent years. The current residential tax rate at 5.1% of value, is by far the highest in the county and puts real estate at a disadvantage compared to much lower surrounding municipalities.

Most of the larger new projects within the city in recent years have been institutional or not for profits.

Residential development is slow in the City of Newburgh. The homes in the cities tend to sell for far less than the remainder of the county, where the 2016 year to date median sales price is currently \$227,500 making Newburgh an affordable place to buy. As is typical of small cities in the area, for the past few years both the residential and the commercial market have been declining or flat.

The waterfront area was identified by the Leyland Group as a potential larger scale development site but they have since pulled out. The Foundry started to work on Phase III but never progressed far. Rolling Acres/Sunset Ridge, a 32 lot subdivision in the west end of the city, sold five houses in 2008 but was foreclosed on and it was then sold. The realtor, Judy New from Village Green Realty, stated in December of 2016 that there have been no new sales, and that many people are interested in purchasing these new homes where the prices start at \$224,000, but the anticipated taxes of \$13,000 to \$14,000 per year are chasing away all of the prospective buyers.

Habitat for Humanity continues to renovate and build new homes throughout the eastern end of the City. After recently completing dozens of

residences along and near East Parmenter Street, they are now working on several homes along South Miller Street and Clark Street.

The Newburgh Community Land Bank has completed a few projects of mixed-use buildings and apartment buildings with more projects planned.

There have been several building renovations scattered across the east side of the City in recent years.

The Regal Bag building located across the street from the subject is currently offering artist lofts for rent.

The subject is a vacant parcel of residential land. It is considered a larger parcel in the City of Newburgh where most of the parcels are less than a quarter of an acre. As the City of Newburgh is nearly built out, there are only a few similar properties in the City, particularly with river views. These properties are located further south along Water Street.

The subject is moderately suited to this market. It is larger than many of the other properties of this type and it has partial river views and it should generate interest from developers. The high property taxes in the City of Newburgh have been a negative influence on new development. It is anticipated that the demand for such properties will remain steady in the near future.

Land

The subject parcel totals ± 2.7 acres, according to assessor's maps. No survey or site plan was provided to us.

Size:	± 2.7 acres
Frontage:	± 865.0 feet along Water Street, ± 129.0 feet along Broad Street, 64.0' along Montgomery Street; adequate for ingress and egress

Shape:	Irregular and somewhat rectangular with a small section that extends west to Montgomery Street; the shape does not significantly impact development or value.
Topography:	Above the street grade of Water Street, below the street

grades of Broad and Montgomery Streets; slopes up significantly from east to west, or from Water Street to Montgomery Street. The property also has a downward slope from north to south. Sections along the rear, or western edge have strong slopes; does significantly impact development and value. Site is mostly cleared along the front or eastern portion, with some scattered overgrown brush areas along the entire western edge, and some larger trees and brush along the rear middle section and the northeastern end.

ZONING: HISTORIC OVERLAY

In addition to the zoning, a small portion of the subject property is located within an Historic Overlay District. The Historic and Architectural Design Overlay Districts were created for the "protection, enhancement and perpetuation of historic, architectural and cultural structures, buildings and properties... Designation of a historic district or architectural design district represents an amendment to the current local zoning law and map, and is done in accordance with the procedures contained in §300-9 of the zoning law and in accordance with §83 of the General Law of the State of New York."

Properties in the Historic Overlay District require a Certificate of Appropriateness for "any exterior alteration, restoration, reconstruction, demolition, new construction or moving of a landmark," as well as "any material changes in the appearance of such a property, its light fixtures, signs, sidewalks, fences, steps, paving or other exterior elements visible from a public street or alley which affect the appearance and cohesiveness of a district and its designated properties..."

The City created the City of Newburgh Architectural Review Commission, which reviews applications for changes to properties in the Historic and Architectural Design districts.

Highest and Best Use

The Highest and Best Use may be defined as: *"The reasonably probable use of property that results in the highest value. The four criteria that the highest and best use must meet are legal permissibility, physical possibility, financial feasibility and maximum productivity".*¹ This implies that the determination of highest and best use takes into account the contribution of a specific use to the community and community development goals, as well as the benefits of that use to individual property owners.

The Appraisal of Real Estate, 14th Edition, also makes the distinction between the highest and best use of a property as if vacant, and as it is improved. "In addition to the four tests of highest and best use, the...definition... implicitly includes the idea that the highest and best use analysis is viewed from two perspectives: the use of a property based on the assumption that the parcel of land is vacant or can be made vacant by demolishing any improvements (and) the use that should be made of a property as it exists (i.e., considering the current improvements). The highest and best use of land as though vacant and the highest and best use of the property as improved are connected but distinctly different concepts."² Further consideration must then be given to the dynamic attributes of the subject site, as well as past, present, and future market conditions in order to determine the subject's highest and best use, as if vacant.

Highest and Best Use as Vacant

Highest and best use of land or a site as vacant is defined as, *"Among all reasonable, alternative uses, the use that yields the highest present land value, after payments are made for labor, capital, and coordination.*

¹ *The Dictionary of Real Estate Appraisal, 6th Ed.*, (Chicago: Appraisal Institute, 2015), Page 109

² *The Appraisal of Real Estate, 14th Ed.*, (Chicago: Appraisal Institute, 2015), Page 336

*The use of a property based on the assumption that the parcel of land is vacant or can be made vacant by demolishing any improvements."*³

The subject lot totals 2.7 acres and has adequate frontage. Electricity, natural gas and municipal water and sewer are available. It is situated within a RL zone, which is a Low Density Residential district. A variety of residential uses are allowable by right within this zone, including row or attached dwelling (townhouse), cooperative house, parks, open space, and recreational facilities.

In addition, permitted uses subject to Site Plan review include two or three family dwelling, two family detached dwelling, one family detached dwelling, cemetery, college or university, community center, house of worship, child day care.

Special permitted uses include bed & breakfast, boarding house, customary home occupation, parking lot, community parking lot, child day care, cottage industry, agriculture.

The parcel appears to be a conforming lot that meets the minimum dimensions required for residential development.

The highest and best use would be for residential development, based upon the zoning, location, surrounding land use, and the size and configuration of the subject lot.

The typical user of this property would be residential occupants. The most likely buyer would be a developer that would construct residential housing.

The Sales Comparison Approach to Value

To establish a Market Value for the subject property, the Sales Comparison Approach was utilized. The market area was examined for sales of vacant land purchased for residential development. There have been limited sales of similar parcels in the City of Newburgh, so the search was expanded to include similar communities in Orange and Dutchess Counties. Four of the most similar sales were chosen for comparison.

A sale that was considered, but not utilized, is a pending sale of 3.14 acres located along Wolcott Avenue in the City of Beacon. This property is owned by the City of Beacon and the intended purchaser, Kenneth Kearney, plans on developing it as affordable housing. Since it is being purchased to be developed as affordable housing, rather than market rate housing, this sale was deemed not comparable since developers of affordable housing projects typically pay a premium for these types of sites due to the tax credits/breaks that they receive, and they typically only close on the property if, and when, they receive the tax credits/benefits. In addition, the sale has not yet closed.

The properties were compared on a per-acre basis, as that is typically the unit of measure when comparing residential properties with no approvals. No abnormal conditions of sale, including financing and property rights transferred, were found in any of these transactions that would significantly impact upon value with the exception of Sales 1 and 2 which were both purchased by the adjacent property owners, and they had enhanced motivation which resulted in a downward adjustment for Conditions of Sale. In addition, Sale 3 was sold at an auction and after it had been foreclosed. This sale is a new single family subdivision in the City of Newburgh. An upward adjustment was made for the Conditions of Sale.

The sales date back to 2013; values for vacant land such as this were generally decreasing after 2007 but appear to have leveled off by 2013, and

so no adjustments were required for changing market conditions.

The properties were adjusted for differences as compared to the subject in location, size, utility, zoning and topography as shown below. Where the comparable property is considered superior to the subject, a negative adjustment is indicated; if the comparable is inferior, a positive adjustment was made.

Land Sale 1 is located along Meadow Hill Road in a superior Town of Newburgh location. The comparable sold subject to approvals so a downward utility adjustment was made. The sale has superior topography which resulted in an adjustment.

Land Sale 2 is set along Stewart Avenue in a Town of Newburgh location deemed superior. An enhanced utility adjustment was required since the comparable had approvals and it had a house and a community center. A topography adjustment was made.

Land Sale 3 is situated along Orchard Street in an inferior City of Newburgh location. A significant utility adjustment was made as it had approvals, and it had portions of the roads and infrastructure in place, as well as 5 existing partially built houses, 3 of which were nearly completed. A topography adjustment is indicated.

Land Sale 4 is located along Clark Street in a superior Town of New Windsor location. A size adjustment was made since the comparable is larger, as typically larger parcels sell for less than do smaller parcels on a per acre basis. The comparable had full approvals at the time of sale which resulted in a utility adjustment. The comparable's superior topography resulted in an adjustment.

After adjustments for differences, the sales indicate a range in value from \$66,477 to \$115,513 per acre. We favor a mid-point value.

The indicated value of the subject property "as is," via the Sales Comparison Approach, is \$90,000 per acre, or **\$245,000** (rounded).

3. The property is appraised free and clear of any or all liens and encumbrances unless otherwise stated in this report.
4. Responsible ownership and competent property management are assumed unless otherwise stated in this report.
5. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
6. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
7. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
8. It is assumed that there is full compliance with all applicable federal, state and local environmental regulations and laws unless otherwise stated in this report.
9. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.
10. It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
11. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless otherwise stated in this report. No survey has been made for the purpose of this report.
12. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described and that there is no encroachment or trespass unless otherwise stated in this report.

13. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous water and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substance such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.
14. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.
15. Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.
16. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
17. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event, only with proper written qualification and only in its entirety.
18. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and appraisal of the appraiser.

Vision for Development of the Regal Bag Company

The Regal Bag building, which once supported the largest ladies hand bag industry in the world, was built c. 1845, initially as the Newburgh Steam Mills, and followed by the Coldwell Lawn Mower Company. An iconic 6 story structure, the building sits on the Hudson waterfront. The building has been owned and operated by the Kaplan family for 70 years and at one time would have been one of the largest employers in the City. The City of Newburgh receives full taxes on the property, four lots, that combined, presently are assessed at over \$2 Million. Plans to develop Regal Bag as condominiums were shelved in the crash of the real estate market in 2008.

Like many historic factory buildings across the country, the factory is already attracting commercial tenants that seek creative space. The terms “creative space” and “maker space” are generally defined as office, studio, and commercial space that is flexible, fosters collaboration, and supports the creative process. This ranges from designers to tech companies, to small scale manufacturing. Typically, these types of spaces also include art galleries, recording studios, co-working space, non-profits in the arts and culture business, and retail and recreational amenities. [Looney Ricks Kiss, *draft Regal Bag Vision*, September 30, 2016]

Present visioning for the Regal Bag Company focuses on identity, accessibility, and activity. Development is taking place as the plans are formulated. Artist studios are being rented; a number of art openings have taken place this year, and ‘pop-up’ events such as Halloween hay rides have been successfully organized. The building directly to the north of the Regal Bag has been renovated to house a fine craft guitar maker and his studio (to open early in 2017). While the top two floors are planned to be residential, the remaining space will continue to be mixed use. Immediate plans are to

- Make the buildings visible day and night – trees and brush have been cleared.
- Restore the bell tower, create signage to brand the building, and the building will be lit at night.
- Restore the gate house and walkway and initiate retail activity there; a restaurant or coffee shop will be included in its use.
- Provide more accessible parking areas to the top floors as well as the bottom. This requires a proposed parking area across Water Street for 100-132 cars.
- Provide continuance of the riverfront trail.

Potential future activities will continue and build off the success of the riverfront. These may include access to the river through canoe and kayak rentals, “pop-up” parks, music, food and art events. At least two floors of residential space will be built. Phase 1 of the construction budget will complete 57 units at an estimated investment of \$11,400,000.

- Phase 1 will generate \$25,922,000 in new spending leading to 306 one time jobs.

New residents will add to the local economy:

- \$6,583,500 in annual spending leading to 78 permanent jobs.

The construction budget for the entire project is \$40,650,000. The combined construction will generate:

- \$64,877,400 in one time spending to create 1094 one time jobs.

New residents and retail will add to the local economy:\

- \$117,325,000 in annual spending leading to 278 permanent jobs.

Additionally, public art through a collaboration with the Storm King Arts Center is also proposed on both sides of Water Street, and the River walk – River Road will give public access extending north throughout the whole of the Regal Bag property from the planned South Street Park to Ferry Crossing.

RESOLUTION NO.: 71 - 2017

OF

MARCH 13, 2017

**A RESOLUTION DECLARING THE CITY OF NEWBURGH
A FAIR AND WELCOMING CITY**

WHEREAS, the City of Newburgh values its ethnic, racial, linguistic, religious and socio-economic diversity. Our diversity is a source of our municipality's strength and the **City of Newburgh** City Council is committed to ensuring that all our residents can live and pursue their livelihoods in peace and prosperity; and

WHEREAS, since the 17th Century, the City of Newburgh has long embraced refugees fleeing persecution and violence from the Palatines to the Freedman to new waves of immigrants; and

WHEREAS, City of Newburgh residents, like many Americans, are deeply concerned about how the new national administration will impact their lives and families, whether they will be forced to leave this country, and whether rights and protections afforded to them will suddenly be taken away; and

WHEREAS, when local law enforcement voluntarily cooperates with or works on behalf of U.S. Immigration and Customs Enforcement (ICE) to facilitate civil immigration deportations, significant gaps in trust and cooperation grow between immigrant communities and the police. Some of these practices could expose the City to liability for violations of individuals' Constitutional rights; and

WHEREAS, undue collaboration related to non-criminal deportation and detention between local law enforcement and ICE will make immigrants less likely to report crimes, act as witnesses in criminal investigations and prosecutions, and provide intelligence to law enforcement. The cooperation of the City's immigrant communities is essential to prevent and solve crimes and maintain public order, safety and security in the entire City. Community policing depends on trust with every community member and facilitating deportations will harm our efforts at community policing; and

WHEREAS, a growing number of municipalities around the country are resisting threats against privacy and liberty by taking meaningful steps to ensure that communities are safe, and that all residents' rights are respected so that their municipality may continue to thrive; and

WHEREAS, the City of Newburgh Police Department has long held to the practice that it does not inquire into a person's immigration status; and

WHEREAS, due to the City's limited resources, the clear need to foster the trust of and cooperation from the public, including members of vulnerable communities; and to effectuate

the City's goals, the City Council urges the City administration to clarify its role in protecting all city residents' privacy and rights;

NOW, THEREFORE, BE IT RESOLVED THAT, the **City of Newburgh** City Council supports the establishment and communication of a clear policy that local police and government agents will not enforce federal civil immigration law nor help facilitate ICE deportations, except where legally required to do so. To this end, the City and its law enforcement agents and employees will not enter into any contracts, agreements or arrangements, including "287(g) agreements" as provided by 8 U.S.C. § 1357(g) or Intergovernmental Service Agreements with the federal government that deputize local law enforcement officers to act as immigration agents or use local facilities to house immigrants in deportation proceedings; participate in joint operations with ICE, including, but not limited to setting up traffic stops for purposes of civil immigration enforcement or assisting in raids; stop, arrest or detain people based on perceived or actual immigration status or belief the person has committed an immigration offense; arrest, detain or transfer individuals based on warrantless immigration detainers or administrative warrants; or allow ICE access to City facilities, property, equipment or databases without a judicial warrant; and

BE IT FURTHER RESOLVED THAT, **City of Newburgh** City Council is committed to working with the City's administration on strong anti-discrimination policies to protect vulnerable communities. Ensuring that all are treated fairly and without discrimination or profiling based on actual or perceived national origin, immigration status, race, ethnicity, language proficiency, religion, sexual orientation, gender identity, disability, housing status, financial status, marital status, status as a victim of domestic violence, criminal history, or status as a veteran is a priority for our community. Such policies should include a prohibition on City agents and employees conditioning services on immigration status, except where required under applicable federal or state law; strict policies prohibiting City agents and employees from coercing individuals or threatening to report them or their family members to ICE or take other immigration-related action against them or their family members; and a strong policy making clear that where presentation of a state driver's license is accepted as adequate evidence of identity, presentation of a photo identity document issued by the person's nation of origin, such as a driver's license, passport, or consulate-issued document, shall be accepted and shall not subject the person to a higher level of scrutiny or different treatment. City employees should not inquire into individuals' immigration status except where required by state or federal law; and

BE IT FURTHER RESOLVED THAT, the **City of Newburgh** City Council is committed to work with the City's administration on strong privacy protections limiting the extent to which city agents and employees are permitted to maintain and share confidential personal information, including but not limited to personal contact information, information about national origin, race, ethnicity, language proficiency, religion, sexual orientation, gender identity, disability, housing status, financial status, marital status, status as a victim of domestic violence, criminal history, release date from incarceration or confinement in a jail, or status as a veteran; except where otherwise required by state or federal law or regulation or directive or court order; and

BE IT FURTHER RESOLVED THAT, the **City of Newburgh** City Council encourages the adoption of clear and transparent protocols for the certification of U-Visas for

undocumented immigrant community members who have been victims of a serious crime and have cooperated in the investigation of the crime; and

BE IT FURTHER RESOLVED THAT, the City of Newburgh City Council encourages the municipality to report on its public facing website the number of times the municipality was asked to participate in any civil immigration enforcement operations, did participate, the number of detainer requests lodged and the number of U visa requests made, among other data annually; and

BE IT FURTHER RESOLVED THAT, the City of Newburgh City Council is committed to publicly and vigorously opposing any government registry based on race, gender, sexual orientation, religion, ethnicity or national origin; and

BE IT FURTHER RESOLVED THAT, the City of Newburgh City Council urges the city to commit to support vital resources for immigrant communities, including establishing protocols and policies to take reasonable steps to develop and implement agency-specific language assistance plans regarding Limited English Proficient (LEP) residents; and

BE IT FURTHER RESOLVED THAT, the City of Newburgh City Council is committed to maintaining community stakeholder engagement around implementation of policies that preserve and protect our diverse and inclusive community, and will serve as a resource for immigrant community members with questions, comments, or concerns about safety or local government's role in defending vulnerable communities; and

BE IT FURTHER RESOLVED THAT, We are Newburgh. We were born multicultural!

Guidance Concerning Local Authority Participation In Immigration Enforcement And Model Sanctuary Provisions

New York State Attorney General
Eric T. Schneiderman

January 2017

STATE OF NEW YORK
OFFICE OF THE ATTORNEY GENERAL

ERIC T. SCHNEIDERMAN
ATTORNEY GENERAL

EXECUTIVE OFFICE

January 19, 2017

Dear Colleague:

As the chief law enforcement officer in our state, I have heard from many New Yorkers who have questions about what this week's transfer of power in Washington, D.C. means for federal immigration enforcement. Local elected officials and law enforcement agencies rightly want to promote public safety while protecting vulnerable communities. I write today to set forth what the US Constitution and federal law currently require and describe concrete steps that local governments and law enforcement agencies can immediately take to achieve these important dual objectives.

The enclosed *Guidance Concerning Local Authority Participation In Immigration Enforcement and Model Sanctuary Provisions* first describes the legal landscape governing local jurisdictions' involvement in immigration investigation and enforcement, so that local officials understand the extent to which they may decline to participate in such activities. The *Guidance* follows the letter that I sent on December 2, 2014 to police chiefs and sheriffs throughout the state, but provides much greater detail and context for law enforcement officials and local policymakers. The *Guidance* also provides model language that localities can voluntarily enact—consistent with current federal law—to limit law enforcement and local agency participation in federal immigration activities. The model language is based on an extensive review of provisions from the numerous states, cities, and towns around the country—including many in New York State—that have already have acted to protect this vulnerable population.

The Attorney General's Office recognizes that by protecting the rights and well-being of immigrant families, we build trust in law enforcement and other public agencies, thus enhancing public safety for all. As you know, justice cannot be served when a victim of domestic violence or a witness to a shooting does not call the police because she fears that doing so will attract the attention of officials who wish to deport her family members. That's why standing together in this time of uncertainty is our most effective tool for keeping our communities safe.

Sincerely yours,

ERIC T. SCHNEIDERMAN

GUIDANCE CONCERNING LOCAL AUTHORITY PARTICIPATION IN IMMIGRATION ENFORCEMENT AND MODEL SANCTUARY PROVISIONS

PART I: PURPOSE AND PRINCIPLES

The purpose of this guidance is two-fold: (1) to describe for local governments in New York State the legal landscape governing the participation of local authorities in immigration enforcement; and (2) to assist local authorities that wish to become “sanctuary” jurisdictions by offering model language that can be used to enact local laws or policies that limit participation in immigration enforcement activities.¹

As the United States Supreme Court recognized in *Arizona v. United States*, “[a]s a general rule, it is not a crime for a removable alien to remain present in the United States.”² In addition, undocumented aliens—like other New Yorkers—are afforded certain rights by the New York State and United States Constitutions. As explained in detail in Part II, local law enforcement agencies (“LEAs”) retain significant discretion regarding whether and how to participate in federal immigration enforcement. LEAs nonetheless must adhere to the requirements and prohibitions of the New York State and United States Constitutions and federal and state law in serving the public, regardless of whether an individual is lawfully present in the U.S.

In light of concerns expressed by many local governments about protecting immigrants’ rights while appropriately aiding federal authorities, Part III of this guidance offers model language that can be used to enact laws and policies on how localities can and should respond to federal requests for assistance with immigration enforcement. Several states and hundreds of municipalities—including New York City and other local governments throughout New York State—have enacted sanctuary laws and policies that prohibit or substantially restrict the involvement of state and local law enforcement agencies with federal immigration enforcement. See Appendix B. The Office of the Attorney General believes that effective implementation of the policies set forth in this guidance can help foster a relationship of trust between law enforcement officials and immigrants that will, in turn, promote public safety for all New Yorkers.

This guidance recommends eight basic measures:

1. LEAs should not engage in certain activities solely for the purpose of enforcing federal immigration laws.

¹ “Sanctuary” is not a legal term and does not have any fixed or uniform legal definition, but it is often used to refer to jurisdictions that limit the role of local law enforcement agencies and officers in the enforcement of federal immigration laws.

² 132 S. Ct. 2492, 2505 (2012) (citation omitted).

2. Absent a judicial warrant, LEAs should honor U.S. Immigration and Customs Enforcement (“ICE”) or Customs and Border Protection (“CBP”) detainer requests only in limited, specified circumstances.
3. Absent a judicial warrant, LEAs should not honor ICE or CBP requests for certain non-public, sensitive information about an individual.
4. LEAs should not provide ICE or CBP with access to individuals in their custody for questioning solely for immigration enforcement purposes.
5. LEAs should protect the due process rights of persons as to whom federal immigration enforcement requests have been made, including providing those persons with appropriate notice.
6. Local agency resources should not be used to create a federal registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.
7. Local agencies should limit collection of immigration-related information and ensure nondiscriminatory access to benefits and services.
8. LEAs should collect and report data to the public regarding detainer and notification requests from ICE or CBP in order to monitor their compliance with applicable laws.

As explained in Part II below, state and federal law permit localities to adopt these proposed measures.

PART II: LAWS GOVERNING LOCAL AUTHORITY PARTICIPATION IN IMMIGRATION ENFORCEMENT

A. The Tenth Amendment to the U.S. Constitution

The Tenth Amendment to the U. S. Constitution³ limits the federal government’s ability to mandate particular action by states and localities, including in the area of federal immigration law enforcement and investigations. The federal government cannot “compel the States to enact or administer a federal regulatory program,”⁴ or compel state employees to participate in the administration of a federally enacted regulatory scheme.⁵ Importantly, these Tenth Amendment protections extend not only to states but to localities and their employees.⁶ *Voluntary* cooperation with a federal scheme does not present Tenth Amendment issues.⁷

B. The N.Y. Constitution and Home Rule Powers

Under the home rule powers granted by the New York State Constitution,⁸ as implemented by the Municipal Home Rule Law,⁹ a local government may adopt a local law relating to the “government, protection, order, conduct, safety, health and well-being of persons” therein, as long as its provisions are not inconsistent with the state constitution or a general state law.¹⁰

The model provisions for localities outlined in Part III are consistent with both the state constitution and existing state law.

C. Laws Governing Treatment of ICE and CBP Detainer Requests

ICE and CBP have a practice of issuing detainer or immigration-hold requests to LEAs, asking that the LEA keep an individual in its custody for up to 48 hours beyond that individual's normal release date (i.e., the date the individual is scheduled for release in whatever matter brought that person into the LEA's custody) while ICE determines whether to take custody of the individual to pursue immigration enforcement proceedings. LEAs have the authority to honor or decline an ICE or CBP request to detain, transfer, or allow access to any individual within their custody for immigration enforcement purposes. As the Attorney General's December 2, 2014 letter to police chiefs and sheriffs across New York State explained, an LEA's compliance with ICE detainers or requests for immigration holds is *voluntary*—not mandatory—and compliance with such requests remains at the discretion of the LEA.¹¹

This guidance recommends that LEAs honor ICE or CBP detainers or requests for immigration holds only when (1) ICE or CBP presents a judicial warrant or (2) there is probable cause to believe that the individual committed a limited number of criminal offenses, including terrorism related offenses. *See infra* Part III, Objective 2. Such an approach promotes public safety in a manner that also respects the constitutional rights of individuals and protects LEAs from potential legal liability.

All LEAs in New York State must comply with the Fourth Amendment to the U.S. Constitution's prohibition on unreasonable searches and seizures, as well as with the similar provision in Article I, § 12 of the New York State Constitution.¹² This mandate does not change simply because ICE or CBP has issued a detainer request to an LEA. Should an LEA choose to comply with an ICE or CBP detainer request and hold an individual beyond his or her normal release date, this constitutes a new "seizure" under the Fourth Amendment. That new seizure must meet all requirements of the Fourth Amendment, including a showing of probable cause that the individual committed a criminal offense.¹³

A judicial warrant would fulfill the Fourth Amendment's requirements. Absent a judicial warrant, however, further detention is permissible only upon a showing of probable cause that

¹¹ See Letter from New York Attorney General Eric T. Schneiderman to New York State Police Chiefs and Sheriffs (Dec. 2, 2014) (available at https://ag.ny.gov/pdfs/AG_Letter_And_Memo_Secure_Communities_12_2.pdf).

¹² Article I, § 12 of the New York State Constitution provides: "The right of the people to be secure in their persons, houses, papers and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized."

¹³ *Cf. Illinois v. Caballes*, 543 U.S. 405, 407 (2005) (noting that a legitimate seizure "can become unlawful if it is prolonged beyond the time reasonably required" to achieve its purpose); *see also Dunaway v. New York*, 442 U.S. 200, 213 (1979) (noting general rule that "Fourth Amendment seizures are 'reasonable' only if based on probable cause").

the individual committed a crime or that an exception to the probable cause requirement applies.¹⁴

The mere fact that an individual is unlawfully in the U.S. is not a criminal offense.¹⁵ Therefore, unlawful presence in the U.S., by itself, does not justify continued detention beyond that individual's normal release date. This applies even where ICE or CBP provide an LEA with administrative forms that use terms such as "probable cause" or "warrant."¹⁶ A determination of whether the LEA had probable cause to further detain an individual will turn on all the facts and circumstances, not simply words that ICE or CBP places on its forms.

Accordingly, in several different lawsuits, federal courts have held that an LEA violated the Fourth Amendment rights of an individual whom the LEA held past his or her normal release date in response to an ICE detainer request.¹⁷ The courts reasoned that the ICE detainer requests did not constitute probable cause to believe that the individual had committed a crime; therefore further detention was unconstitutional. Indeed, LEAs that detain individuals in the absence of a judicial warrant or probable cause may be liable for monetary damages.¹⁸ For these reasons, this guidance recommends that LEAs respond to ICE or CBP detainer requests only when they are accompanied by a judicial warrant, or in other limited circumstances in which there is probable cause to believe a crime has been committed.

D. Laws Governing Information Sharing with Federal Authorities

In addition to issuing detainer requests, ICE and CBP have historically sought information about individuals in an LEA's custody. For example, ICE may request notification of an individual's release date, time, and location to enable ICE to take custody of the individual upon release.

¹⁴ See, e.g., *Gerstein v. Pugh*, 420 U.S. 103, 111-12 (1975).

¹⁵ See *Arizona*, 132 S. Ct. at 2505.

¹⁶ For example, a "Warrant of Removal" is issued by immigration officials, and not by a neutral fact-finder based on a finding of probable cause that the individual committed a crime. See 8 C.F.R. § 241.2. In addition, DHS Form I-247D ("Immigration Detainer—Request for Voluntary Action") (5/15), available at <https://www.ice.gov/sites/default/files/documents/Document/2016/I-247D.PDF>, includes a check-box for ICE to designate that "Probable Cause Exists that The Subject is a Removable Alien." It is not a crime to be in the U.S. unlawfully. See *supra* at 4. Thus, ICE's checking of a "probable cause" box on the I-247D does not constitute probable cause to believe that an individual has committed a crime, and cannot on its own justify continued detention.

¹⁷ See, e.g., *Santos v. Frederick Cnty. Bd. of Comm'rs*, 725 F.3d 451, 464-65 (4th Cir. 2013); *Miranda-Olivares v. Clackamas Cnty.*, 12-CV-02317, 2014 U.S. Dist. LEXIS 50340, at *32-33 (D. Or. April 11, 2014); see also *Gerstein*, 420 U.S. at 111-12 (discussing underlying basis of Fourth Amendment's probable cause requirement).

¹⁸ See, e.g., *Santos*, 725 F.3d at 464-66, 470 (holding that municipality was not entitled to qualified immunity in § 1983 lawsuit seeking, *inter alia*, compensatory damages, where deputies violated arrestee's constitutional rights by detaining her solely on suspected civil violations of federal immigration law).

This guidance recommends that, unless presented with a judicial warrant, LEAs should not affirmatively respond to ICE or CBP requests for sensitive information that is not generally available to the public, such as information about an individual’s release details or home address. *See infra* Part III, Objective 3. This approach enables LEAs to protect individual privacy rights and ensure positive relationships with the communities they serve, which in turn promotes public safety.

(1) 8 U.S.C. § 1373 and the Tenth Amendment

Federal law “does not require, in and of itself, any government agency or law enforcement official to communicate with [federal immigration authorities].”¹⁹ Rather, federal law limits the ability of state and local governments to enact an outright ban on sharing certain types of information with federal immigration authorities. Specifically, 8 U.S.C. § 1373 provides that state and local governments *cannot prohibit* employees or entities “from sending to, or receiving from, [federal immigration authorities] information regarding *the citizenship or immigration status*, lawful or unlawful, of any individual.”²⁰ In addition, federal law bars restrictions on “exchanging” information regarding “*immigration status*” with “any other Federal, State, or local government entity” or on “maintaining” such information.²¹ By their own language, these laws apply only to information regarding an individual’s “citizenship or immigration status.”

Section 1373 thus does not impose an affirmative mandate to share information—nor could it, for the reasons discussed below. Instead, this law simply provides that localities may not forbid or restrict their employees from sharing information regarding an individual’s “citizenship or immigration status.”²² Nothing in Section 1373 restricts a locality from declining to share other information with ICE or CBP, such as non-public information about an individual’s release, her next court date, or her address.

In addition, Section 1373 places no affirmative obligation on local governments to *collect* information about an individual’s immigration status. Thus, local governments can adopt

¹⁹ H.R. Rep. No. 104-725, Subtitle B, § 6, at 383 (1996).

²⁰ 8 U.S.C. § 1373(a)-(b) (emphasis added).

²¹ 8 U.S.C. § 1373(b) (emphasis added).

²² It should be noted that the U.S. Department of Justice’s Office of the Inspector General, which monitors compliance with various federal grant programs, has interpreted Section 1373 to preclude not just express restrictions on information disclosure, but also “actions of local officials” that result in “restrictions on employees providing information to ICE.” *See* United States Department of Justice, Department of Justice Referral of Allegations of Potential Violations of 8 U.S.C. § 1373 by Grant Recipients (May 31, 2016), at 7 n.9 (available at <https://oig.justice.gov/reports/2016/1607.pdf>).

policies prohibiting their officers and employees from inquiring about a person's immigration status except where required by law.²³

The Tenth Amendment may further limit Section 1373's reach. The Tenth Amendment's reservation of power to the states prohibits the federal government from "compel[ling] the States to enact or administer a federal regulatory program" or "commandeering" state government employees to participate in the administration of a federally enacted regulatory scheme.²⁴ As noted above, these Tenth Amendment protections extend to localities and their employees.

Although the United States Court of Appeals for the Second Circuit has rejected a facial Tenth Amendment challenge to Section 1373, that court has recognized that a city may be able to forbid voluntary information sharing where such information sharing interferes with the operations of state and local government.²⁵ As the Second Circuit has observed, "[t]he obtaining of pertinent information, which is essential to the performance of a wide variety of state and local governmental functions, may in some cases be difficult or impossible if some expectation of confidentiality is not preserved," and "[p]reserving confidentiality may in turn require that state and local governments regulate the use of such information by their employees."²⁶ Accordingly, the Tenth Amendment may be read to limit the reach of Section 1373 where a state or locality can show that the statute creates "an impermissible intrusion on state and local power to control information obtained in the course of official business or to regulate the duties and responsibilities of state and local governmental employees"—such as the impairment of the entity's ability to collect information necessary to its functioning—"if some expectation of confidentiality is not preserved."²⁷

Some jurisdictions have adopted policies expressly restricting the disclosure of immigration-status information to any third parties, including federal authorities, on the grounds that confidentiality is necessary to gather this information and the information is crucial to various governmental functions. For these reasons, New York City, for example, prohibits its employees from "disclos[ing] confidential information"—including information relating to "immigration status"—except under certain circumstances (e.g., suspicion of illegal activity unrelated to

²³ Under a New York City Executive Order, for example, officers and employees (other than law enforcement officers) are not permitted to inquire about a person's immigration status "unless: (1) Such person's immigration status is necessary for the determination of program, service or benefit eligibility or the provision of . . . services; or (2) Such officer or employee is required by law to inquire about such person's immigration status." undocumented status or the investigation of potential terrorist activity), or if “such disclosure is required by law.”²⁸

(2) Freedom of Information Law

Disclosure of information held by the government is also governed by New York’s Freedom of Information Law (“FOIL”). While FOIL generally requires state agencies to make publicly available upon request all records not specifically exempt from disclosure by state or federal statute,²⁹ FOIL also mandates that an agency withhold such records where disclosure would “constitute an unwarranted invasion of personal privacy.”³⁰ Non-public information about an individual, such as home address, date and place of birth, or telephone number, would likely be exempt from disclosure on personal privacy grounds.³¹

PART III: MODEL SANCTUARY PROVISIONS³²

This Part describes eight core objectives and proposes model language that jurisdictions can use to enact local laws and/or policies to achieve these objectives.

1. Objective: LEAs should not engage in certain activities solely for the purpose of enforcing federal immigration laws.

Model Language:

- (a) [The LEA] shall not stop, question, interrogate, investigate, or arrest an individual based solely on any of the following:
 - (i) Actual or suspected immigration or citizenship status; or
 - (ii) A “civil immigration warrant,” administrative warrant, or an immigration detainer in the individual’s name, including those identified in the National Crime Information Center (NCIC) database.
- (b) [The LEA] shall not inquire about the immigration status of an individual, including a crime victim, a witness, or a person who calls or approaches the police seeking assistance, unless necessary to investigate criminal activity by that individual.
- (c) [The LEA] shall not perform the functions of a federal immigration officer or otherwise engage in the enforcement of federal immigration law--whether pursuant to Section 1357(g) of Title 8 of the United States Code or under any other law, regulation, or policy.

2. Objective: Absent a judicial warrant, LEAs should honor ICE or CBP detainer requests only in limited, specified circumstances.

Model Language:

[The LEA] may respond affirmatively to a “civil immigration detainer” from ICE or CBP to detain or transfer an individual for immigration enforcement or investigation purposes for up to 48 hours ONLY IF the request is accompanied by a judicial warrant,

- (i) EXCEPT THAT local police may detain a person for up to 48 hours on a “civil immigration detainer” in the absence of a judicial warrant IF

³² See Appendix A for definitions of key terms used in this Part.

See Appendix B for a compilation of states and localities with similar provisions.

- (1) there is probable cause to believe that the individual has illegally re-entered the country after a previous removal or return as defined by 8 U.S.C. § 1326 and (2) the individual has been convicted at any time of (i) a specifically enumerated set of serious crimes under the New York Penal Law (e.g., Class A felony, attempt of a Class A felony, Class B violent felony, etc.)³³ or (ii) a federal crime or crime under the law of another state that would constitute a predicate felony conviction, as defined under the New York Penal Law, for any of the preceding felonies; or
- there is probable cause to believe that the individual has or is engaged in terrorist activity.

3. Objective: Absent a judicial warrant, LEAs should not honor ICE or CBP requests for certain non-public, sensitive information about an individual.

Model Language:

- (a) [The LEA] may respond affirmatively to an ICE or CBP request for non-public information about an individual—including but not limited to non-public information about an individual’s release, home address, or work address—**ONLY** IF the request is accompanied by a judicial warrant,
- (i) EXCEPT THAT nothing in this law prohibits any local agency from:
- sending to or receiving from any local, state, or federal agency—as per 8 U.S.C. § 1373—(i) information regarding an individual’s country of citizenship or (ii) a statement of the individual’s immigration status; or
 - disclosing information about an individual’s criminal arrests or convictions, where disclosure of such information about the individual is otherwise permitted by state law or required pursuant to subpoena or court order; or
 - disclosing information about an individual’s juvenile arrests or delinquency or youthful offender adjudications, where disclosure of such information about the individual is otherwise permitted by state law or required pursuant to subpoena or court order.
- (b) [The LEA] shall limit the information collected from individuals concerning immigration or citizenship status to that necessary to perform agency duties and

³³ See, e.g., N.Y.C. Admin. Code § 14-154(a)(6) for a list of designated felonies in New York City’s law.

shall prohibit the use or disclosure of such information in any manner that violates federal, state, or local law.

4. **Objective: LEAs should not provide ICE or CBP with access to individuals in their custody for questioning solely for immigration enforcement purposes.**

Model Language:

[The LEA] shall not provide ICE or CBP with access to an individual in their custody or the use of agency facilities to question or interview such individual if ICE or CBP's sole purpose is enforcement of federal immigration law.

5. **Objective: LEAs should protect the due process rights of persons as to whom federal immigration enforcement requests have been made, including providing those persons with appropriate notice.**

Model Language:

- (a) [The LEA] shall not delay bail and/or release from custody upon posting of bail solely because of (i) an individual's immigration or citizenship status, (ii) a civil immigration warrant, or (iii) an ICE or CBP request—for the purposes of immigration enforcement—for notification about, transfer of, detention of, or interview or interrogation of that individual.
- (b) Upon receipt of an ICE or CBP detainer, transfer, notification, interview or interrogation request, [the LEA] shall provide a copy of that request to the individual named therein and inform the individual whether [the LEA] will comply with the request before communicating its response to the requesting agency.
- (c) Individuals in the custody of [the LEA] shall be subject to the same booking, processing, release, and transfer procedures, policies, and practices of that agency, regardless of actual or suspected citizenship or immigration status.

6. **Objective: Local agency resources should not be used to create a federal registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.**

Model Language:

[Local agency] may not use agency or department monies, facilities, property, equipment, or personnel to investigate, enforce, or assist in the investigation or enforcement of any federal program requiring registration of individuals on the basis of race, gender, sexual orientation, religion, ethnicity, or national origin.

7. **Objective: Local agencies should limit collection of immigration-related information and ensure nondiscriminatory access to benefits and services.**

Model Language:

- (a) [Local agency] personnel shall not inquire about or request proof of immigration status or citizenship when providing services or benefits, except where the receipt of such services or benefits are contingent upon one's immigration or citizenship status or where inquiries are otherwise lawfully required by federal, state, or local laws.
- (b) [Local agencies] shall have a formal Language Assistance Policy for individuals with Limited English Proficiency and provide interpretation or translation services consistent with that policy.³⁴

8. **Objective: LEAs should collect and report aggregate data containing no personal identifiers regarding their receipt of, and response to, ICE and CBP requests, for the sole purpose of monitoring the LEAs' compliance with all applicable laws.**

Model Language:

- (a) [The LEA] shall record, solely to create the reports described in subsection (b) below, the following for each immigration detainer, notification, transfer, interview, or interrogation request received from ICE or CBP:
- The subject individual's race, gender, and place of birth;
 - Date and time that the subject individual was taken into LEA custody, the location where the individual was held, and the arrest charges;
 - Date and time of [the LEA's] receipt of the request;
 - The requesting agency;
 - Immigration or criminal history indicated on the request form, if any;
 - Whether the request was accompanied any documentation regarding immigration status or proceedings, e.g., a judicial warrant;
 - Whether a copy of the request was provided to the individual and, if yes, the date and time of notification;
 - Whether the individual consented to the request;
 - Whether the individual requested to confer with counsel regarding the request;

³⁴ Under Title VI of the Civil Rights Act of 1964, any agency that is a direct or indirect recipient of federal funds must ensure meaningful or equal access to its services or benefits, regardless of ability to speak English. See 42 U.S.C. § 2000d *et seq.*; *Lau v. Nichols*, 414 U.S. 563 (1974).

- [The LEA's] response to the request, including a decision not to fulfill the request;
 - If applicable, the date and time that ICE or CBP took custody of, or was otherwise given access to, the individual; and
 - The date and time of the individual's release from [the LEA's] custody.
- (b) [The LEA] shall provide semi-annual reports to the [designate one or more public oversight entity] regarding the information collected in subsection (a) above in an aggregated form that is stripped of all personal identifiers in order that [the LEA] and the community may monitor [the LEA's] compliance with all applicable law.

APPENDIX A DEFINITION OF KEY TERMS

- “Civil immigration detainer” (also called a “civil immigration warrant”) means a detainer issued pursuant to 8 C.F.R. § 287.7 or any similar request from ICE or CPB for detention of a person suspected of violating civil immigration law. See DHS Form I-247D (“Immigration Detainer—Request for Voluntary Action”) (5/15), available at <https://www.ice.gov/sites/default/files/documents/Document/2016/I-247D.PDF>.
- “Judicial warrant” means a warrant based on probable cause and issued by an Article III federal judge or a federal magistrate judge that authorizes federal immigration authorities to take into custody the person who is the subject of the warrant. A judicial warrant does not include a civil immigration warrant, administrative warrant, or other document signed only by ICE or CBP officials.
- “Probable cause” means more than mere suspicion or that something is at least more probable than not. “Probable cause” and “reasonable cause,” as that latter term is used in the New York State criminal procedure code, are equivalent standards.³⁵
- “Local law enforcement agencies” or “LEAs” include, among others, local police personnel, sheriffs’ department personnel, local corrections and probation personnel, school safety or resource officers, and school police officers.

APPENDIX B
COMPILATION OF SIMILAR PROVISIONS FROM OTHER STATES AND LOCALITIES

1. Objective: LEAs should not engage in certain activities that are solely for the purpose of enforcing federal immigration laws.

Full Environmental Assessment Form

Part 2 - Identification of Potential Project Impacts

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “**Yes**” to a numbered question, please complete all the questions that follow in that section.
- If you answer “**No**” to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: ☐ Type 1 ☐ Unlisted

Identify portions of EAF completed for this Project: ☐ Part 1 ☐ Part 2 ☐ Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the _____ as lead agency that:

☐ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.d).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

SUPPLEMENT TO PART 3

Introduction

The action considered in the Environmental Assessment Form (EAF) Parts 1, 2 and 3 and contemplated in this supplement to EAF Part 3 is the adoption of the City of Newburgh Local Waterfront Revitalization Program (LWRP) Update (“Proposed Action”). Adoption of the LWRP and the local waterfront consistency review law will not result in any direct construction or development.

The Newburgh City Council reviewed all the questions in Part 2 of the Full Environmental Assessment Form with respect to the proposed action. Questions 1-2, 4, 6, 8, 12 and 14-17 showed no impact. Questions 3, 5, 7, 9-11, 13 and 18 showed no or small impacts (including potentially beneficial impacts). To supplement those questions in the EAF Part 2 which elicited a “yes” response, this Part 3 Supplement provides additional information below. In each case, the potential impact from the adoption of the proposed action is considered small to moderate, and in many cases the impacts are expected to be beneficial to the City’s waterfront environment.

General Impacts of LWRP Update

The focus of the LWRP Update is primarily on preserving open space and increasing public access to the waterfront, linking the waterfront to the upland portions of Downtown Newburgh, revitalizing vacant and underutilized sites, and inclusion of a Harbor Management Plan. The proposed changes to the LWRP policies are not anticipated to affect the City’s protection of natural and man-made resources such as fish and wildlife habitats; air and water quality; historic and scenic resources; and sensitive areas such as steep slopes, wetlands and floodplains. Thus, these changes are not expected to have an impact on the environment.

There are no changes proposed to zoning in the LWRP Update; therefore, no major changes to land uses are anticipated to occur as a result of its implementation. In 2015, the City of Newburgh undertook a comprehensive update to its Zoning Code and amendments necessary to implement the City’s vision for the waterfront were undertaken at that time. In addition, the LWRP is generally consistent with and supportive of the key concepts and recommendations in the 2008 *Plan-It Newburgh Sustainable Master Plan*.

In addition, once the LWRP is adopted, any Type 1 or Unlisted action under SEQR is required to be reviewed by the lead agency for consistency with the costal policies and the projects contained within the LWRP. In order to ensure local consistency with the LWRP, the lead agency’s determination of consistency may be made with the benefit of an advisory recommendation of consistency from an advisory committee. Pursuant to Chapter 159 – Conservation of the City Code, the City has authorized the Conservation Advisory Council to serve in this capacity.

The LWRP includes a list of four (4) projects within LWRP Sub-Area A – Southern/Quassaick Creek Area (see EAF Part 1, Figure 3) which encompasses Quassaick Creek, Muchattoes Lake and lands approximate thereto. These projects are aimed at restoring Quassaick Creek and enhancing connections thereto. Other projects in this area focus on complete streets treatments for Lake Street, and the redevelopment of the underutilized and deteriorating Lake Street Plaza and the provision of access easements to the adjacent Muchattoes Lake. Implementation of these recommended projects can be anticipated to result in beneficial environmental impacts.

The LWRP includes four (4) projects within LWRP Sub-Area B – Inland Area (see EAF Part 1, Figure 4), which encompasses the inland portion of the LWRP Area. These projects are largely aimed at providing connections between the Broadway Corridor and the waterfront, restoration of the historic Victory Tower at Washington’s Headquarters, streetscape improvements along Liberty Street, and renovation of the Foundry building. These enhancements can be expected to result in no potentially significant adverse environmental impacts, and may generate beneficial impacts through opportunities to increase public connections to the waterfront, renovation of historic buildings and structures and improvements to pedestrian and vehicular connections and safety.

The LWRP includes 19 projects within Sub-Area C – Waterfront Area (see EAF Part 1, Figure 5), which encompasses the Hudson River waterfront portion of the LWRP Area. Many of these projects are aimed at increasing the quantity and quality of waterfront open space and increasing public access to waterfront open space. Other projects address maintaining aging waterfront infrastructure (i.e. breakwaters, bulkheading, etc.), improving water quality, enhancing ferry connections, incorporating harbor management elements, and ensuring that potential development sites include public waterfront access and other environmental protections. Implementation of these recommended projects can be expected to result in no potentially significant adverse environmental impacts, and may generate beneficial impacts through the creation of new waterfront recreation and open space uses, water quality improvements, and an increased tax base at the vacant and underutilized Gull Harbour site.

Any specific actions to undertake these projects would be subject to an environmental review under SEQR.

Criteria for Determining Significance

The City Council reviewed the criteria for determining significance as set forth in Section 617.7 of the SEQRA regulations as follows:

(1) To determine whether a proposed Type I or Unlisted action may have a significant adverse impact on the environment, the impacts that may be reasonably expected to result from the proposed action must be compared against the criteria in this subdivision. The following list is illustrative, not exhaustive. These criteria are considered indicators of significant adverse impacts on the environment:

- (i) ***a substantial adverse change in existing air quality, ground or surface water quality or quantity. traffic or noise levels; a substantial increase in solid waste production; a substantial increase in potential for erosion, flooding, leaching or drainage problems;***

The Proposed Action is the adoption of a community plan, not a construction or infrastructure project; therefore this criterion is not applicable.

- (ii) ***the removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species; or other significant adverse impacts to natural resources;***

The proposed LWRP Update is intended to promote protection of vegetation, wildlife, habitat areas and other natural resources. No adverse impacts to these resources are anticipated from adoption of the LWRP and local waterfront consistency review law.

- (iii) ***the impairment of the environmental characteristics of a Critical Environmental Area as designated pursuant to subdivision 617. 14(g) of this Part;***

The Proposed Action is not located within a Critical Environmental Area (CEA); therefore this criterion is not applicable.

- (iv) ***the creation of a material conflict with a community's current plans or goals as officially approved or adopted;***

The proposed LWRP Update is supportive of and consistent with the City's Master Plan and 2015 Zoning Code Update. The LWRP does not conflict with any of the recommendations of the Master Plan and relies upon the 2015 Zoning Code Update for implementation.

- (v) ***the impairment of the character or quality of important historical, archeological, architectural, or aesthetic resources or of existing community or neighborhood character;***

The proposed LWRP Update is intended to promote protection of important historical, archeological, architectural or aesthetic resources and existing community and neighborhood character. No adverse impacts to these resources are anticipated from adoption of the LWRP.

- (vi) ***a major change in the use of either the quantity or type of energy;***

The Proposed Action is adoption of a community plan, not a construction or infrastructure project; therefore this criterion is not applicable.

- (vii) ***the creation of a hazard to human health;***

The Proposed Action is adoption of a community plan, not a construction or infrastructure project; therefore this criterion is not applicable.

- (viii) a substantial change in the use, or intensity of use, of land including agricultural, open space or recreational resources, or in its capacity to support existing uses;**

The proposed LWRP Update proposes improvements to and provision of additional open space and recreational resources, as well as targeted redevelopment of vacant and underutilized sites consistent with existing zoning; these improvements are not anticipated to result in a substantial change in the intensity of use of land within the City.

- (ix) the encouraging or attracting of a large number of people to a place or places for more than a few days, compared to the number of people who would come to such place absent the action;**

The Proposed Action is adoption of a community plan, not a construction or infrastructure project; therefore this criterion is not applicable.

- (x) the creation of a material demand for other actions that would result in one of the above consequences;**

- (xi) The Proposed Action is adoption of a community plan, not a construction or infrastructure project; therefore this criterion is not applicable.

- (xii) changes in two or more elements of the environment, no one of which has a significant impact on the environment, but when considered together result in a substantial adverse impact on the environment; or**

The City Council has considered the various potential elements of the environment identified in Section 6I7.7(c). The City Council does not envision any combined impacts resulting in a substantial adverse impact on the environment.

- (xii) two or more related actions undertaken, funded or approved by an agency, none of which has or would have a significant impact on the environment, but when considered cumulatively would meet one or more of the criteria in this subdivision.**

The City Council is not aware of any other action, when undertaken with this one, which would result in a cumulative negative impact on the environment.

(2) For the purpose of determining whether an action may cause one of the consequences listed in paragraph (1) of this subdivision, the lead agency must consider reasonably related long-term, short-term, direct, indirect and cumulative impacts, including other simultaneous or subsequent actions which are:

- (i) included in any long-range plan of which the action under consideration is a part;*
- (ii) likely to be undertaken as a result thereof; or*
- (iii) dependent thereon.*

4. The properties are sold subject to unpaid school taxes for the tax year of 2016-2017, and also subject to all school taxes levied subsequent to the date of the City Council resolution authorizing the sale. The disposition of any personal property located on any parcel sold shall be the sole responsibility of the successful purchaser following the closing of sale.

The fee shall be in addition to all other fees and deposits and shall not be credited against the purchase price and shall not be returnable. Any additional request made thereafter shall be made in writing and placed before the City Council for their consideration.
11. In the event that a sale is cancelled by court order, judgment, the Comptroller or the Newburgh City Council, the successful bidder shall be entitled only to a refund of the purchase money paid with interest. Purchaser agrees that he shall not be entitled to special or consequential damages, attorney's fees, reimbursement for any expenses incurred as a result of ownership, improvements of property, or for taxes paid during period of ownership, and this agreement by the purchaser is a material condition of the sale.

The City shall not convey its interest in any street, water, sewer or drainage easement, or any other interest the City may have in the property. The City shall only convey that interest obtained by the City pursuant to the judgment rendered in an *in rem* tax foreclosure action filed in the Orange County Clerk's Office.
15. The description of the property shall be from the City of Newburgh Tax Map reference or a survey description certified to the City of Newburgh and provided to the City Corporation Counsel by the purchaser at least ten (10) days in advance of closing title and approved by the City's Engineer.
16. Evictions, if necessary, are solely the responsibility of the successful bidder after closing and recording of the deed.

The purchaser agrees that neither he/she nor his/her assigns shall convey the property to the former owner(s) against whom City of Newburgh foreclosed within 24 months subsequent to the auction date. If such conveyance occurs, the purchaser understands that he/she may be found to have committed fraud, and/or intent to defraud, and will be liable for any deficiency between the purchase price at auction and such sums as may be owed to City of Newburgh as related to the foreclosure on the property and consents to immediate judgment by City of Newburgh for said amounts.
