RE: Water Rate Study Proposal

Dear Mr. Morris:

At your request, Raftelis Financial Consultants, Inc. ("Raftelis") is pleased to submit this proposal to the City of Newburgh ("City") to complete a water rate study. This study will include designing and preparing a customized financial plan for the City's water system, forecasting water rates sufficient to cover the projected revenue requirements, completing a rate surcharge analysis, and participating in meetings to present the study results and recommendations. A description of our understanding of the project and the proposed scope of work to meet the City's needs is provided herein.

Project Understanding

Newburgh is a city located in Orange County, New York, which owns and operates a water system serving approximately 30,000 people through roughly 6,675 service connections. The system includes more than 75 miles of water mains ranging from 4-inches to 30-inches in diameter, and more than 800 fire hydrants. The system produced approximately 1.4 billion gallons of water in 2018, supplying customers with roughly 817 million gallons. The City's main source of raw water has been Lake Washington, which is located nearby in New Windsor. However, despite the addition of a state-funded and constructed granulated carbon filtration system, recent water quality concerns at Lake Washington have forced the City to reconsider the lake as a continued source of raw water.

As a result, the City arranged to purchase raw water from the Catskill Aqueduct, which is part of the New York City water system and is overseen by the New York City Department of Environmental Protection (NYCDEP) and the New York City Water Board. The City anticipates continuing to purchase water from the NYC/Catskill Aqueduct and using Browns Pond as a backup water source for the foreseeable future. Currently, the State of New York ("State") is reimbursing the City for its cost of purchased water from the NYC/Catskill Aqueduct and the City is in negotiations with the State to extend the agreement for reimbursement of these costs over the next three to five years.

Given the uncertainty regarding cost reimbursement from the State, the expectation of potentially significant legal costs associated with settling on-going legal disputes regarding contamination, and associated property tax increases from the Town of New Windsor and the Newburgh and Cornwall school districts, the City wishes to engage a qualified financial and rate consultant to evaluate the

financial condition of the water system, forecast annual revenue needs, and provide water rate projections over a five-year planning horizon. As part of the engagement, the City wishes for the consultant to develop and utilize a financial planning model to evaluate requested financial scenarios for the water system, including the impact of:

1. Continuing to receive, or possibly no longer receiving, cost reimbursement from the State for purchased water costs.
2. Incurring significant legal fees.
3. Increased tax payments resulting from the construction of the new filtration system.
4. Planned future capital projects associated with the water system to be completed over the next five years.

City staff also requests that the consultant develop recommendations for a water rate surcharge during times when the City purchases water from the NYCDEP. The City desires to have the consultant present the results of the water rate study to City Council in September 2020 as part of the annual budget process and be available to answer questions from City staff and council members.

In addition, our staff have assisted hundreds of utilities throughout the U.S. with financial, rate, and management consulting services.

We have served, and continue to serve many clients in New York State, including:

- Town of Greenburgh
- Villages of Briarcliff Manor
- Village of Tarrytown
- Village of Sleepy Hollow
- Albany County
- Monroe County
- Rockland County
- Suffolk County
- Saratoga County
- Onondaga County Water Authority
- Westchester County

Our extensive experience will allow us to provide the City with sound and insightful recommendations, while ensuring that industry best practices are incorporated into our work. Our team for this project is located in Albany, New York, which is a short driving distance from the City. This regional presence will help ensure a quick response to the City's needs for this project.

Project Scope

Task 1. Develop Customized Financial Planning Model:

Raftelis will develop a customized Excel-based financial planning model for the City's water system that will aid in estimating water system revenue requirements over a 5-year forecast period.

Revenue requirements shall include, but may not be limited to, annual costs related to personnel, electricity, chemicals, materials and supplies, and other operating expenses, plus debt service and pay-as-you-go capital expenditures. We will rely on the City's three prior operating budgets for the water system to establish the base year for system revenues and expenses, and forecast operating expenses with input from City staff. In addition, we will review the latest capital plan (including related capital funding plans, if available) for information on future capital project costs.

As part of the development of a sound financial plan, we will discuss with the City fiscal policies related to cash reserve levels, debt service coverage, capital funding, etc. and assess the impact of these policies on the annual rate revenue needs. Based on our professional experience and industry knowledge, we can advise the City on these policies, if needed.

Under this task, we will use the financial model to calculate the rate revenue needs in each year of the forecast period to estimate the annual water rate adjustments that would be needed to generate sufficient revenues to cover the projected system costs in each year of the forecast period. The model will also include a customized dashboard highlighting forecasted rate adjustments, cash reserve levels, capital project expenditures, debt service coverage, and other important financial data. An example of a customized model dashboard is shown in Exhibit 1.

Exhibit 1. Example of Raftelis Interactive Financial Planning Model Dashboard

Deliverables:

1. Information request memo to be provided to the City specifying data and information needs for the project.
2. Meetings with City staff to develop certain cost estimates for the financial model, and to discuss preliminary results and projected rate adjustments under the baseline scenario. One in person meeting and two teleconferences have been assumed.
3. Digital files of all financial model scenarios in editable Excel format.

Task 2. Evaluate Requested Financial Plan Scenarios:

Raftelis will evaluate several financial plan scenarios as requested by the City. These scenarios may reflect changes to assumed legal costs and property taxes, the level of cost reimbursement received from the State, and the timing, magnitude, and funding of planned capital projects. The model will be designed so that all scenarios can be “run” quickly and easily. The results, in terms of total annual system costs, revenue needs, and forecasted rate adjustments of these, and any other scenarios requested by the City, will be recorded in tabular format to facilitate easy comparisons.

As part of this task, Raftelis will also develop a recommendation for updating the water rate surcharge referenced in the City’s Code to reflect the higher cost of purchasing water from NYCDEP’s Catskill Aqueduct in comparison to obtaining water from the City’s own sources. The surcharge is intended to be applied during periods when the City purchases water from NYCDEP. The rate surcharge portion of the model will define the required surcharge along with the length of time the surcharge should be imposed based upon the length of time the City anticipates withdrawing water from the aqueduct.

Deliverables:

1. Summarized results of scenarios in tabular format.
2. Attendance at one in-person meeting with City staff to present and discuss the results, and to run additional scenarios in “real time” as requested by the City.

Task 3. Reporting and Presentations:

Raftelis will document the results of the water rate study in a brief rate study report. This report will summarize the following:

- a. Projection of annual revenue requirements and proposed rate adjustments over the forecast period in tabular format.
- b. Major inputs and assumptions used to prepare the projected revenue requirements within the financial planning model.
- c. Fiscal policies that were incorporated into the forecast along with supporting rationale.
- d. Recommended water rate surcharge for periods when the City purchases water from NYCDEP.

- e. Comparison of current and projected water rates with existing water rates of other water providers in the region.

Raftelis will attend in-person meetings with City Council to present findings, explain results, and answer questions related to the rate and financial projections. Such meetings with City Council may include regular meetings, special meetings, work sessions, and/or committee meetings. We will develop presentation materials to summarize the results of the financial forecast and water rate projections. Such materials may include charts, graphs, and/or PowerPoint slides that clearly and concisely summarize results. We will attend up to three City Council meetings to present and discuss the results of the water rate study. These meetings are expected to take place beginning in September 2020 during the FY 2021 budget cycle.

Deliverables:

1. Rate study report.
2. Rate communication support materials, such as PowerPoint slides, charts, graphs, etc.
3. Attendance (in-person) at up to three City Council meetings during 2020.

Budget

Raftelis proposes to complete this scope of work on a time and materials basis for a not-to-exceed cost of \$42,980 in accordance with the attached fee estimate. Throughout the course of this project, Raftelis will keep the City informed of costs incurred in connection with this scope of work.

Thank you for the opportunity to provide our financial consulting services to the City. If you need any additional information or have any questions regarding this proposal, please contact me at 518-391-8944.

Very truly yours,

To: Alexandra Church, Director of City Planning & Economic Development
From: Gabe Berlin & Naomi Hersson-Ringskog, Transportation Advisory Committee
Date: February 24, 2020
Re: Request for Bicycle Rack at Hudson Valley House Parts store

Dear Ms. Church

The Transportation Advisory Committee endorses the request from Reggie Young, owner of Hudson Valley House Parts, to install a bicycle rack outside of his store at 159 Broadway, Newburgh, NY 12550. Mr. Young is interested in supporting his employees that bicycle from Beacon and within Newburgh. He is also welcoming of the public to use the bicycle rack.

He will install and take ownership of the bicycle rack, recognizing that the maintenance and management of any mishaps will be his responsibility.

He proposes to install the bicycle rack where Planning & Engineering Departments see its best placement: either by the store window or by the curb's edge. Mr. Chad Wade of Engineering Department has opined on both configurations and ultimately thinks "the rack should be reviewed in both locations spatially with bikes to determine the impacts of both locations."

We are excited that a local business sees and values this form of alternative transportation infrastructure which helps their employees commute to and from work. We also want to acknowledge and thank Jessica Ridgeway of Orange County Planning Department for the bicycle rack.

Please see attached letter from Mr. Young

Best,

Naomi & Gabe

Re: Bike Rack Installation on Broadway

Dear Ali,

I am writing to confirm that Hudson Valley House Parts, located at 159 Broadway, will take ownership, maintenance, and installation responsibility for a 1-sided, 4-bike black bike rack (<https://www.grainger.com/product/MADRAX-Bike-Rack-8Z839>). The bike rack, provided by Orange County Department of Planning, will be installed on the sidewalk outside of my business, Hudson Valley House Parts, using a provided concrete anchor kit (<https://www.grainger.com/product/GRAINGER-APPROVED-Concrete-Anchor-Kit-9WAX5>.)

See the attached photos that indicate the two locations the bike rack can be installed—either at the east end of the building, next to it or the east end of the sidewalk edge, to the west of a parking meter. We do not have a preference; if you do, please advise.

Our staff often rides to work and we expect several customers, especially when the weather warms up, to utilize the bike rack as well. We are excited to promote bicycling and workplace wellness in Newburgh!

Sincerely,

Reggie Young

INTER-MUNICIPAL AGREEMENT

THIS INTER-MUNICIPAL AGREEMENT ("IMA") is entered into this 20th day of February, 2020, by and between the **COUNTY OF ORANGE**, a County of the State of New York, with its principal offices at 255-275 Main Street, Goshen, New York, by and through its Department of Emergency Services ("COUNTY"), and the **CITY OF NEWBURGH**, a City of the State of New York, with its principal offices at 55 Broadway, Newburgh, NY 12550, by and through its Police Department ("MUNICIPALITY").

ARTICLE 1. SCOPE OF AGREEMENT

The COUNTY is a municipal corporation chartered under the authority of the State of New York. Among other powers and duties, the COUNTY, by and through its Department of Emergency Services, administers the COUNTY's Special Traffic Options Program for Driving While Intoxicated in accordance with New York State Vehicle and Traffic Law Section 1197 ("STOP DWI Program"). The purpose of the STOP DWI Program is to coordinate and fund Orange County's town, city, and village efforts to reduce alcohol-related traffic injuries and fatalities. To facilitate this goal the COUNTY and the MUNICIPALITY recognize that police patrol enforcement campaigns are an effective tool towards ensuring safe and sober roadways.

It is the intention of the COUNTY, in order to carry out the goals of the STOP DWI Program, to award to the MUNICIPALITY funds in the manner set forth on Schedule A to be used solely to reimburse the MUNICIPALITY for man-hours dedicated to enforcement campaigns during the applicable campaign periods as more particularly described on Schedule A. The expenditure of these funds and all activity of the MUNICIPALITY relating to such funds, shall be in full compliance with the terms and conditions of this IMA and federal, State of New York ("State"), and local laws.

ARTICLE 2. TERM OF AGREEMENT

The term of this IMA shall commence on February 20, 2020 and end January 11, 2021.

ARTICLE 3. PROCUREMENT OF AGREEMENT

The MUNICIPALITY represents and warrants that no person or selling agency has been employed or retained by the MUNICIPALITY to solicit or secure this IMA upon an agreement for, or upon an understanding of, a commission, percentage, a brokerage fee, contingent fee

or any other compensation. The MUNICIPALITY further represents and warrants that no payment, gift or thing of value has been made, given or promised to obtain this or any other agreement between the parties. The MUNICIPALITY makes such representations and warranties to induce the COUNTY to enter into this IMA and the COUNTY relies upon such representations and warranties in the execution hereof.

For a breach or violation of such representations or warranties, the COUNTY shall have the right to annul this IMA without liability, entitling the COUNTY to immediately recover the funds paid hereunder from the MUNICIPALITY. This remedy, if effected, shall not constitute the sole remedy afforded the COUNTY for such falsity or breach, nor shall it constitute a waiver of the COUNTY's right to claim damages or to take any other action provided for by law or pursuant to this IMA.

ARTICLE 4. CONFLICT OF INTEREST

The MUNICIPALITY represents and warrants that neither it nor any of its directors, officers, members, partners or employees, have an interest, and shall not acquire an interest, directly or indirectly which would or may conflict in any manner or degree with the performance of this IMA. The MUNICIPALITY further represents and warrants that in the performance of this IMA, no person having such interest or possible interest shall be employed by it and that no elected official or other officer or employee of the COUNTY, nor any person whose salary is payable, in whole or in part, by the COUNTY, or any corporation, partnership or association in which such official, officer or employee is directly or indirectly interested shall have any such interest, direct or indirect, in this IMA or in the proceeds thereof, unless such person (1) is required by the Orange County Ethics Law, as amended from time to time, to submit a Disclosure form to the Orange County Board of Ethics, amends such Disclosure form to include his/her interest in this IMA, or (3) submits such a Disclosure form and (a) discloses his/her interest in this IMA, or (b)

seeks a formal opinion from the Orange County Ethics Board as to whether or not a conflict of interest exists.

For a breach or violation of such representations or warranties, the COUNTY shall have the right to annul this IMA without liability, entitling the COUNTY to recover the funds. This remedy, if elected, shall not constitute the sole remedy afforded the COUNTY for such falsity or breach, nor shall it constitute a waiver of the COUNTY's right to claim damages or otherwise refuse payment to or to take any other action provided for by law in equity or, pursuant to this IMA.

ARTICLE 5. ASSIGNMENT AND SUBCONTRACTING

No party shall assign any of its rights, interest, or obligations under this IMA, or enter into a sub-contract relating to the funds, without the prior written consent of the COUNTY.

ARTICLE 6. BOOKS AND RECORDS

The MUNICIPALITY agrees to maintain separate and accurate books, records, documents and other evidence and accounting procedures and practices that sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this IMA.

The MUNICIPALITY shall, within five (5) business days written notice from the COUNTY, have all records associated with the funds awarded and the enforcement campaigns available for a physical inspection and/or audit by the COUNTY.

ARTICLE 7. RETENTION OF RECORDS

MUNICIPALITY agrees to retain all books, records and other documents relevant to this IMA for six (6) years after the funds are delivered. The COUNTY, or any State and/or Federal auditors, and any other persons duly authorized by the COUNTY, shall have full access and the right to examine any of said materials during said period.

ARTICLE 8. AUDIT BY THE COUNTY AND OTHERS

All claimant certification forms or invoices presented for payment to be made hereunder, and the books, records and accounts upon which said claimant's certification forms or invoices are based are subject to audit by the COUNTY. The MUNICIPALITY shall submit any and all documentation and justification in support of expenditures or fees under this IMA as may be required

by the COUNTY, so that it may evaluate the reasonableness of the charges, and the MUNICIPALITY shall make its records available to the COUNTY upon request. All books, claimant's certification forms, records, reports, cancelled checks and any and all similar material may be subject to periodic inspection, review and audit by the COUNTY, the State, the federal government, and/or other persons duly authorized by the COUNTY. Such audits may include examination and review of the source and application of all funds whether from the COUNTY and State, the federal government, private sources or otherwise. The MUNICIPALITY shall not be entitled to any interim or final payment under this IMA if any audit requirements and/or requests have not been satisfactorily met.

ARTICLE 9. INDEMNIFICATION

The MUNICIPALITY agrees to defend, indemnify and hold harmless the COUNTY, its officials, employees and agents, against all claims, losses, damages, liabilities, costs or expenses (including reasonable attorney fees and costs of litigation and/or settlement) arising out of any act or omission of the MUNICIPALITY, its employees, representatives, subcontractor, assignees, or agents, relating to this IMA or the funds.

ARTICLE 10. TERMINATION

The COUNTY may, by written notice to the MUNICIPALITY, effective upon mailing, terminate this IMA in whole or in part at any time (i) for the COUNTY's convenience, (ii) upon the failure of the MUNICIPALITY to comply with any of the terms or conditions of this IMA, or (iii) upon the MUNICIPALITY becoming insolvent or bankrupt.

Upon termination of this IMA, the MUNICIPALITY shall comply with any and all COUNTY closeout procedures, including, but not limited to, (i) accounting for and refunding to the COUNTY within thirty (30) days, any unexpended funds which have been paid and/or transferred to MUNICIPALITY pursuant to this IMA; and (ii) furnishing within thirty (30) days an inventory to the COUNTY of all equipment, appurtenances and property purchased by MUNICIPALITY through or provided under this IMA, and carrying out any COUNTY directive concerning the disposition thereof.

Notwithstanding any other provision of this IMA, the MUNICIPALITY shall not be relieved of liability to the COUNTY for damages sustained by the COUNTY by virtue of the MUNICIPALITY's breach of this IMA or failure to perform in accordance with applicable standards.

Any rights and remedies of the COUNTY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or this IMA.

ARTICLE 11. GENERAL RELEASE

The acceptance by the MUNICIPALITY, or its assignees, of the funds and of the terms of this IMA, shall constitute, and operate as a general release in favor of the COUNTY, from any and all claims of the MUNICIPALITY arising out of the performance of this IMA.

ARTICLE 12. SET-OFF RIGHTS

The COUNTY shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but are not limited to, the COUNTY's right to withhold for the purposes of set-off any monies otherwise due to the MUNICIPALITY (i) under any other agreement or contract with the COUNTY, including any agreement or contract commencing prior to or after the term of this IMA, or (ii) from the COUNTY by operation of law.

Letter of Interest
Newburgh Conservation Council
1/6/20

Dear Eliana Diaz,

My name is Andrew Murphy and live at 268 Liberty Street, and my cabinet shop is at 12 South Lander. I am writing to express my interest in joining the Newburgh Conservation Council. I am also renovating my house at 47 South Miller St. As a non native New Yorker, Newburgh has become my adopted home, and am very struck by the beauty that surrounds it, and am very aware of the need to be an outspoken member of the community when it comes to our natural resources. We have beautiful parks which serve the entire community, an incredible well trafficked waterfront, and views that inspire and remind me that I am in Newburgh every time I return home. Every spring I walk with Clean Up Newburgh; and go by my shop, my apartment, and my house. And see the need for an advocate for bringing greenery and preserving our natural resources. And as a major transportation hub in New York, with the airport, thruway, the oil refineries, and the railroad. Sometimes we forget the balance and frankly some of the things that threat these vital resources. And looking forward I will be an outspoken advocate for the city of Newburgh and its people when it comes to looking forward to issues like the Danskammer power plant and any effects it would have on the people of Newburgh. We live in a beautiful city that often gets mistreated and see it every day, mostly I would like to get involved and help any way I can. An environment that is cared for reflects so positively on the people and any steps of environmental stewardship, such as planting trees, is a positive force in a city that I both live and work in that I would like to volunteer.

Best,

Andrew Murphy

Mr. Joseph P. Donat
City Manager
City of Newburgh
83 Broadway
Newburgh, NY 12550

Dear Mr. Donat,

Thank you for taking the time from your busy schedule to read my request to serve on the City of Newburgh, Conservation Advisory Council (CAC). I am interested in trying to improve the health of our environment, and thereby our fellow city residents. Former Council member and current CAC member Genie Abrams recommended that I serve the City in this way

As a relatively new resident of the City of Newburgh (one year December 2019), I have been actively contemplating how I might best serve my newly adopted city. I've kept a close ear to the ground learning about the perplexities, Newburgh continues to experience as a progressive, redeveloping City. The challenges of an up and coming city are many but the accomplishments achieved during these times are all the more rewarding. I'm one of those who believe the City of Newburgh will positively thrive once again.

With over forty years of Sales and Marketing experience, primarily in media sales including, magazine, newspaper and radio, and selling millions of dollars of ad space and air time, I have learned to closely listen to clients express their concerns on a variety of issues but more importantly, I've learned to carefully listen for the rewarding/positive remarks made about our relationship. I better understood our difference and more importantly how best to build upon our similarities. The last ten years of my career were spent with Con Ed Solutions, a subsidiary of Consolidated Edison of New York (and the metropolitan area), selling and marketing their new Green Energy Division. This was a thoroughly rewarding experience, educating both businesses and individuals on the win/win benefits of switching from fossil fuels to green energy. It was a comprehensive and challenging experience but exceptionally gratifying when one more business or one more person joined the green energy solution.

I would like to continue my Green Energy contribution with the Conservation Advisory Council and assist the City of Newburgh in becoming a Tree Loving, Tree Hugging, Healthy City.

Thank you for your active consideration.

I remain sincerely,

Robert Sanchez
