**RE: 155 WEST ST. – BUILDING CONDITION SURVEY & ROOF REPAIR DESIGN
PROPOSAL FOR PROFESSIONAL SERVICES**

Dear Jason:

Scope of Services

Our services would include the following tasks:

TASK 1: Conduct a Building Condition Survey (BCS): The area of the building is approximately 4,000 GSF per floor x 3 stories = 12,000 GSF. CPL will conduct a walkthrough of the building to visually survey the existing Civil, Structural, Architectural, Mechanical, Electrical and Plumbing components, infrastructure and systems of the building to assess condition and code compliance. In addition, compliance to the Americans with Disabilities Act (ADA) will be reviewed as part of our survey. Documentation of the survey will be provided through photos, building component descriptions, corrective actions, estimated costs for repair/replacement within a spreadsheet format for the City's review and subsequent use as a master plan to track past, ongoing, and future projects for capital improvement and repair.

Complete a Matterport Scan of the entire building to provide 3D imagery and virtual tour of all accessible building spaces. This is a great visual tool and aids in building assessments and visually documents existing conditions. The Matterport digital file can also be imported into Auto CADD and / or Revit for future development of dimensional floor plans and BIM models. We can offer the generation of digital floor plans as an additional service and fee if the City desires at a later time. Refer to the attachment for further Matterport info including a QR code to help visualize product results and capabilities.

TASK 2: Professional design services for roof repair and bid services. CPL in conjunction with TREMCO completed some initial investigations on design alternatives for roof renovations / reconstruction to remedy and significant low spot in the roof that collects water. Our initial opinion of construction costs are in the neighborhood of \$180,000. Our design services include preparation of design plans and specs for public procurement and include bid services.

Mr. Jason C. Morris, PE
May 9, 2022
Page 2 of 2

TASK 3: Under this task we are proposing typical construction administration services. CPL will review and approve submittals, provide responses to RFIs, review and approve pay requests, document work progress with reports and photos, hold a weekly progress meeting, assist with project.

Compensation

Our fee proposal breakdown on a task basis to complete the work described above is as follows:

Task 1: BCS SERVICES	\$ 11,500	Lump Sum
Task 2: DESIGN SERVICES	\$ 12,800	Lump Sum
Task 3: CONSTRUCTION ADMIN	\$ 6,400	Lump Sum
ESTIMATED NOT TO EXCEED TOTAL		\$ 30,700

We will submit invoices monthly, as the work progresses.

This proposal is based on an estimated not to exceed fee total broken down per phase. If you wish to proceed with any individual task, please initial the respective task requested if not all three tasks are desired. Please provide an authorized signature in the designated space below and return one copy or provide an executed purchase order.

Please contact us if you have any questions or require any additional information. We look forward to this opportunity to be of service to the City of Newburgh.

Very truly yours,

CPL

§ 272-1. Findings and purpose. [Added 7-12-2010 by Ord. No. 11-2010¹]

The City Council of the City of Newburgh finds that suitable public transportation is lacking within the City of Newburgh and that transportation by taxicab within the City limits is an important and viable form of transportation for its residents and visitors. The City Council recognizes that § 151 of the New York State Transportation Law permits the municipal regulation of taxi service which is conducted wholly within municipal boundaries. Therefore, the City Council further finds that it is necessary to regulate and license a taxi service conducted wholly within the boundaries of the City of Newburgh for the purpose of maintaining order, enforcing laws, protecting property, and caring for the safety, health, comfort, and general welfare of the inhabitants and visitors to the City of Newburgh. This chapter does not seek to regulate, in any way, taxi service which is not conducted wholly within the City of Newburgh's municipal boundaries.
