

A regular meeting of the City Council of the City of Newburgh was held on Monday, September 12, 2022 at 7:00 PM in the third floor Council Chambers at City Hall, 83 Broadway, Newburgh, NY.

Moment of Silence / Momento de Silencio

Mayor Harvey asked that we think about the victims and their families affected by 9/11. It has been twenty-one years since the human atrocity occurred, in which many First Responders lost their lives too. Also Harvey was informed that community resident Robert Walker, "Boppo", passed away today. Walker lived on Third Street.

PRESENTATIONS

Public Hearing - Site Development Agreement - 137 Smith Street, 140 Montgomery Street, and 146 Montgomery Street

Kelly Bowling was scheduled to comment, but, was not available at this time.

Jewel Martin commented. She does not have a problem with the project; but, before we renovate any building our police and fire stations need to be upgraded. She knows that some people will have an issue with that; but, the buildings are health hazards. When it comes to new developers coming in, let's change that. We already have companies that do renovations and good work; so why don't they receive preferential treatment? Stop bringing in outsiders and new developers from different parts of the state.

Kippy Boyle commented. She stated that she was present for the presentations from the three companies, and for the recommendations from the Mayor's Strategic Economic Development Advisory Committee (SEDAC). While the Kearney's presentation was impressive, at the very end of the presentation the statement, "by the way this project can't be done unless it is linked to our other project on Colden Street," was made. Nobody blinked an eye and questioned it. If this is the case, then to suddenly change it like this is a totally different deal. This means that the legal documents will change, as well as the tax consequences to the taxpayers. Boyle feels like the committee had to know about it because it was very closely connected to it. She does not think that it is in our best interest to approach it this way. You should think about it.

Bill Fioravanti remarked. He is a member of SEDAC, and he provided a history of the project. The property was part of a RFP that the committee put out. They rejected all of the proposals because they felt that they could do better. He recalled that the Mayor was not very happy about it then, because he wanted to see it happen. The committee suggested a zoning change and then the RFP was reissued. The second RFP received five very good responses. They changed their scoring rubric to reflect equitable development and affordability. He recused himself, because he was connected to one of the applicants. After a lot of deliberation and discussion, a unanimous selection recommendation was presented to the city council. The Kearney Group was selected. Contrary to being called a newcomer the company has been here a long time and done other things in Newburgh. There was a guarantee of long term affordability in a fifty-year regulatory agreement, so that neighbors don't get priced out of the neighborhood as the market changes. Kearney provided an innovative financing solution, coupling this project with the one on Colden Street. This will only increase the number of affordable mixed-use units in the next two to three years. On the commercial side, it will help create jobs. One important component of the proposal is the subsidization one of the commercial spaces, significantly below market rate rent, to help support the growth of a local woman or minority-owned business. The proposed PILOT would meaningfully expand the tax base and get some of these vacant buildings back onto the tax rolls. The committee felt that Kearney had the greatest capacity to get it done. If anybody has questions, he urged

them to contact the SEDAC committee. The contact information is on the website. The committee wants to encourage dialogue so that people understand what they are doing.

Corey Allen, lifelong resident of Newburgh, commented. He likes parts of the agreement a lot, such as the right to return clause. He pointed out that it is similar to what they have done in Portland, Oregon, with regard to its Urban Renewal land. He is still very dissatisfied with it, because there still needs to be a lot of input from the folk actually affected by the displacement caused by Urban Renewal. There is still a committee full of members, who are making decisions about that land, and who were not even affected by Urban Renewal. He explained that it was a racist, White Supremacist policy of the Federal Government that allowed local municipalities to get rid of their Black downtown areas. Allen's grandfather owned a store, which had two rental units. The value of that storefront would be crazy in today's market. What are we getting back? While he likes the plan there needs to be more input from our group. He implored the council to plan an information session about the grant that the council applied for- a grant that tells the story of what happened to black people at this river. The grant has not been fulfilled; yet you are putting out RFPs to develop this land. Allen and his group have a list of forty to forty-five peoples' names, who were related to people affected by Urban Renewal. Why hasn't anyone from the city come to him and ask him for the list of names? All across this country there is always a move to bring in developers. Land banks are created and situated in areas where Black people used to live. All of these are racial policies that are used to displace Black people. Allen stated that people want to develop on this land, like we developed on top of the bones of Black people at the courthouse. We need more inclusion and equity from the folks that were connected to that land- a lot more than there is now. When it comes to reversing what happened, there needs to be an intentional effort by the city to find the people who were connected to it.

Marian, Montgomery Street, commented. When the Kearney Group came before the ARC with the East End Loft Project at 15 South Colden Street, the renderings looked identical to other properties they completed throughout the Hudson Valley. Specifically it looked like the West End Lofts Project in Beacon. The first proposal did not look like it belonged to Newburgh's unique historic and industrial district. When the group came before the council in February to present the Montgomery/South Street project, the renderings closely resembled the redesigned Colden Street project. The presenters mentioned that they intended to look at the history of the area closely to suit the historic East End of the city. This concerns her; but it concerns her more that the group asked to combine the two projects into a singular Four Percent project. They said it would guarantee that both projects get built and that it would allow them to seek different, non-competitive funding if they were to have both properties. Marian recalled that Councilmember Monteverde asked them about the combined financing at the August 4, 2002 work session. She also asked them how the Colden Street project was coming along. Marian pointed out that they have been denied funding on multiple occasions. Due to competitiveness, it would be necessary to establish control of both properties, as it would increase their chances of being awarded funding. Marian recalled that Mayor Harvey asked the group about its contingency plan. They commented that they would be applying for the Colden Street project on its own. Marian implored the council not to

enter into a site development agreement with the group until it can show that they have secured financing. She urged the council to consider separating the project into two. Also she encouraged the council to put in a reverter clause. That way, if they don't secure the funding by a preset date, then the property will be reverted back to the city.

Ray Harvey commented. The agreement has some good points; but let's be honest. Urban Renewal was about taking land from Black folks. Nowhere in the agreement that he has read is it being intended to help Black people. Even when the agreement mentions renting retail space for \$800 per month, this is still about money. Blacks received pennies on the dollar for the land that was taken from them. Harvey feels that the land was sold under value of what it was really worth to begin with. Now, for us not to have the families, generations upon generations, be at the table for discussion, is a problem too; especially if we are serious about inclusiveness. We need to hold off on it until we get more input from the people who were impacted. While he is not blaming anyone, we really need to look at it for what it really is. We've got a housing problem. Everybody else is coming here and turning their properties into Air B&Bs, and there are homeless folk, and people who can't afford to pay their rent and feed their children. Let's be real. What does 'affordable housing' even mean? Some people who live in Orange County could be working in New York City making \$500K per year. So how does someone earning \$25K-\$30K in Orange County compete with that? He is tired of this being done to the great people of the City of Newburgh. He encouraged us to have different conversations out in the community, not just in one place. Let's go out and meet the people where they are located if we really want to get the whole community involved.

Jerry Maldonado, member of SEDAC, commented. He is here to express his enthusiastic support for the Kearney project. It represents a new model for development without displacement, in a way that deals with the legacy. Urban Renewal was a racist policy that intentionally stripped the wealth of communities, so we need new policies and practices that will reckon with the past, while also helping to repair what was done in the past. We are in a housing crisis right now and rental prices are skyrocketing across the city. We need to dramatically expand the supply of affordable housing. This is not a crisis that we can just wish away. We have to build the right kind of things and the right kinds of places in a way that honors the past and makes people whole. We do this, first by recognizing that a real harm was caused by Urban Renewal, and second, by making sure that any development agreement presented actually imbeds a set of policies and practices that helps address the inequalities in the past. Maldonado strongly believes that this project meets a number of these criteria. The majority of these units target the income needs of city residents. It also works to stimulate the economy by bringing in new jobs, commercial businesses and expanding our tax base. He feels as though some people are misconstruing the finance package. By having these two projects combined, it accelerates our ability to bring new affordable housing units online in a much quicker way. The right of return policy is an extremely important component. It specifically deals with the harm that Urban Renewal caused, by making sure that the families, and the descendants of those families, are proactively invested in it. This is where the developer and the city need to partner with community-based organizations, to ensure that the families harmed, are prioritized into those units. While the Public Sector caused the harm, we have the

ability to address it. It requires us to do something, as we can't allow for things to remain vacant and abandoned. Families are suffering from the housing crisis right now. It is up to us, as a community, to rise to the moment and address it. It won't be easy, and it's got to be done in partnership. That is the challenge that we face, and he urged the council to vote its' conscious and approve the project.

Kathy Lawrence commented. She has had the privilege to serve on SEDAC. She remarked that it is extremely important to note how groundbreaking the clause is in the development agreement, specifically Section 7. It is something that has never been done in the City of Newburgh, and to the best of her knowledge, there are no known examples of it in New York State. This type of language being written directly into a site development agreement is an important step. Also it is the community involvement, whose participation will be necessary, in order to find those people who will be able to take advantage of that priority preference. Lawrence is very hopeful that the Urban Renewal Project will help reveal some of those folks. It will take work to make sure that the clause is not just written in; but, is actually implemented.

Leanna Rivers commented. She has noticed all of the building and development that is occurring in the city. Over time she has seen in many cities, gentrification, and people who have gotten priced out. People had to leave their homes, and they had nowhere else to go. Neighborhoods changed overnight. This is what concerns her about this project. Newburgh is a hot commodity right now due to its location. She stated that if the council decides to vote on it, there should not be huge rush on it. If the council does decide to do it, then it should consult with a responsible grassroots committee that is involved every step of the way. If we don't do that, then the same thing is going to happen. The last thing we want to see is for our city to be snatched out from under us.

Council Comments Regarding the Public Hearing

Councilmember Grice commented that whenever we talk about city property, especially Urban Renewal property, there is some contention. He understands all of that pain that still exists, as it wasn't just houses that were torn down. It was an entire network of families and community that were torn apart. SEDAC wasn't just hand-selected. The members applied to be on that committee. It is a diverse committee, and some of them do live in the area being discussed. When an opening becomes available for that committee, he encourages people to apply to be on it. He is very familiar with 'Right to Return' policy, and it is groundbreaking work that we are doing with that. He feels that it helps prevent the displacement of people. HUD and other agencies control AMI; but, we do look for the highest percentage of AMIs. He agrees with comments about the building conditions that our First Responders occupy. They do need to be in a better building; but, Grice feels that we can work on both things. He pointed out that it is important for our residents to get a training on how to complete the RFP process. Maybe not for this particular once, but, moving forward there may be people in the community who want to

apply for future RFPS. Also when we look at future projects, an important goal for us should be homeownership, and not just rentals.

Councilmember Martinez commented. She is excited about this project. With the history of Urban Renewal in the past, there is a general mistrust. She was very mistrusting of developers in the past; but, the people on SEDAC have been working extremely hard in our community for our residents. They have a way of scoring the RFPs, and it is a groundbreaking policy that has never been done before in New York State. We are prioritizing the Urban Renewal descendants, and she thanked the community for pushing the council and holding them accountable. She supports having the descendants as part of the discussion. She appreciates that the Kearney Group has incorporated commercial space for Minority and Women-Owned Business. Martinez encouraged people to ask questions if they don't understand something. She works for State government, and receives calls every day. We are in a housing crisis right now. There are developers who come here and don't care about the community. There are also groups that *Do* care for our residents and she believes that Kearney is one of them. One personal goal of hers is development without displacement. Our city needs affordable housing and strong economic development. This project is a mixed-use building that will benefit both. She represents Ward 1, which has the highest African-American population of our city, and she wants to look out for her community that has been affected by it. She asked the community to be open minded, as she understands that there is a genuine mistrust with development, in general.

Councilmember Monteverde commented. Some folks have made good points. Development in the past has not been done correctly, and she thinks that we can learn from the Alembic project. This project is well thought out though. The committee has thought about everything. She understands that some people won't understand it, and it can be confusing. It is extremely difficult to put together a financing package; yet we have to start doing something now. We have missed that opportunity to develop our city in the past. The housing stock is not great, and folks are being displaced. Maybe if we had thought about it several years ago it would be different. The council is getting calls every day from people being displaced. We are trying to be aware of the impact that Urban Renewal has had on our community, and Monteverde is going to support this project.

Councilmember Shakur thanked SEDAC for the presentation, and all of the people who spoke that were impacted by Urban Renewal. First thing we have to ask ourselves is look at the number of people on the committee who are not native *Newburghers*, and who weren't impacted by Urban Renewal. Shakur quipped that it is similar to going to the rehab centers and being told by people, who have never done drugs before, how to quit drugs. How is somebody going to come to our community and tell us what we are going to do with that property? Second, as a community, what do we want to do about it? This meeting hall should be full right now. If we can't work here, then nobody works here, and if we can't live here, then nobody lives here. This is how we should feel about it, and if we don't feel that way for our children, then "Oh, Well!" They stole it then and they are stealing it now. Shakur's grandmother was a bar owner and landowner. We were

70% land owners then; now we are 70 % renters. Look at all the people who are working on these projects; yet nobody looks like us. If you are not willing to fight for it, then don't say anything. We've got to stand up, because they are taking our community right in front of our face. When somebody punches you in your face, there should be no more talking about it. If you want to continue to talk about it then just keep getting punched.

Councilmember Sklarz commented. Everything has been said tonight louder than he can say. It is a good project, and it combines affordable housing and economic development. He has seen Kearney's work and it is excellent. He knows that we will be proud with the final product. Sklarz commended the SEDAC's work. The 'Right to Return' provision is something that has never been done before. It is innovative and it can be better as we go along. The AMI is a struggle with Newburgh salaries being lower than the rest of the county; but, the developer has addressed it the best way it can, to try to make the housing affordable at that location. He supports the project and the work that Kearney has done. He looks forward to getting the project rolling.

Councilmember Sofokles commented. She was here during Urban Renewal. It was so horrible that she can hardly talk about it. She was a kid and she remembers asking her father what happened to all of the businesses when he brought her downtown. The displacement of so many people was horrible. This is why her father was the first White Man that was a member of the NAACP. He only hired African-American people mainly because of Urban Renewal. Sofokles is a Fifth Generation Newburgh native, so she understands what everyone is saying. We haven't had any housing. We can't compare a \$100K salary of someone from New York City, because it is going to be based on the people in our community. While she thinks that it is going to be a good project, it will probably need to be tweaked. If we don't do it now, then when are we going to do some affordable housing?

Mayor Harvey commented. He asked where are the families tonight who are descendants of those who were affected by Urban Renewal. He wants everybody to look at the list of names, as Black people were not the only names on that list. There was a diverse population of people on that property, including White and Latino people. At the next meeting we are going to publicize the list of names. The NAACP, RECAP, CVH, Corey Allen's group and all of our not-for-profits should be trying to rally up all of those families, and the descendants of those families, so that we can hear from them too. He implored folks to read the information and refrain from getting caught up on catchphrases. In the agreement, there are groundbreaking provisions that have never been done before, including the 'Right to Return', and the subsidization of Black Women and Minority-Owned Business. Remodeling is occurring, and it is being done by private landowners, so we can't afford to do nothing. We have to develop. We can't keep sitting around and waiting, arguing and debating while we continue to see people getting priced out of this city. We have to develop responsibly. The people he sees talking did not come to the microphone tonight, and that is part of the challenge. We want to hear not only from Corey Allen, or the President of the Local Chapter of the NAACP; but, we want to hear from everyone. We need all of our community organizations to do grassroots organization so that the families can be heard. The city is ready to go knocking on doors;

but, we need the community partnerships too. If there is a way to come to a better provision(s) in the agreement, then our legal team is ready to hear all of your suggestions. Harvey pointed out that the numbers don't lie. If we continue to stare at the grassy knoll, and not develop responsibly, then no one will be able to afford the housing and rent in the City of Newburgh. He reminded everyone that in the City of Newburgh, like other cities in New York State, housing is regulated by the Federal Government (namely HUD), that dictates what we can and can't do legally.

There being no one else wishing to speak, the public hearing was closed.

COMMENTS FROM THE PUBLIC REGARDING AGENDA AND GENERAL MATTERS OF CITY BUSINESS

Jewel Martin commented. Being out on the street she faced a lot of dangerous situations. She has been here for a year and a half. People are being misplaced and not being housed, and she does not see anybody going through what she is going through. That is why she speaks passionately about it. The people who kept her safe were the police officers. When she sees them out on the streets she feels safe. She urged the council to stop giving money to the not-for-profits. They don't come here to talk about their clientele, so why do we keep approving funds for them. Give it to the developers for buildings that are mixed-used income. She stated that she was not trying to offend Mayor Harvey, but, she wanted him to know how she felt.

Drew Kartiganer commented. He has a number of properties that he developed in the city over twenty to thirty years ago. He passed out an article describing the sixty-seven micro units slated for development. The program that is funding the project suggests that is supportive housing and shelter; but, in reality it is being structured for vile criminals to be dumped into Newburgh. The properties were recently controlled by the city and subsequently transferred to the Land Bank. This proposal will destabilize any neighborhood and result in community destruction. He believes the council has been sold on the project under false premises. Legally, this housing can't be set aside for Newburgh's homeless, because targeting any specific population is not allowed under any State housing program. Anybody can come here. This is what this housing proposal is all about. It is a horrible project, and Newburgh residents are counting on the council to protect them.

Karla Johnson resides on South Miller Street. She has been coming to the meetings for seven years. The homelessness is crazy here. She feels that the ministry does not even house people that are from here, so she does not understand how they are going to get a project to build and bring more people into Newburgh. We have a bad pandemic of homelessness and drug addiction here already. We have to clean up our own people first before we bring in outsiders. All of the developers coming in rally for affordable housing. Yet a person working at McDonald's can't afford rent on one job. Who can afford to live here? If she didn't have Section 8, she would not be able to afford to live here. She has friends that are facing eviction, because their landlords won't fix their apartments. This is another tactic that landlords use to remove tenants, so that they can fix up their apartments and subsequently raise the rents. She works with everybody here, she runs into many people that simply have housing. Everybody is being located to Middletown now because landlords are putting people out of their homes. We got to do better in the city.

Schneikwa McNeill commented. She is a lifelong resident in Newburgh. She believes that the sixty-seven micro units was presented to the council under false pretense. Would you allow that building to be built next to your home given the type of individuals that will be

living there? She lives on that street and has a family, as well as grandchildren. Maybe if it was built strictly for Newburgh's homeless population she would support it; but, there is no guarantee, because, legally, housing can't be set aside for specific groups of people. McNeill felt that people perfected their power point presentations. Once you say 'Yes' though, they won't do what they promised to do. We are being mocked by other cities, because the more we build, the more they say "Send them to Newburgh, because they just built more housing." McNeill visited the police station. It is deplorable. We wonder why there are so many people leaving to go to other places. She wouldn't want to work in those conditions.

Kasheem Davis resides in Poughkeepsie. He is here to show support for Clean Slate Act. It is a monumental piece of legislation in line with a lot of the new legislation surrounding criminal justice reform. More importantly, it is an economic act to help address the labor shortage that we see in different markets. It leaves a clear vision that up to 2.8 Million New Yorkers, who have a criminal background, could be contributing to the labor shortage. We have seen the affects that excluding such a large number of citizens has on the job market. It has been snowballing out of control ever since the Clinton Crime Bill, in which Clinton has since apologized for. In the promise of Democracy, and in our judicial system, a person's conviction leads *to* rehabilitation, and then reintegration into society. What it has actually snowballed into is a *condemnation* of persons, and the removal of such large numbers of people from society. This is not the promise of Democracy, and persons are faced with a sense of perpetual criminality when they are stigmatized. This is psychologically damaging to individuals, and it is not what our criminal justice system was intended to do. The stigma that incarcerated persons feel, when they have to face their worst fear of being denied for jobs and housing, turns people into ticking time bombs, who will only end up giving up and self-destructing. This is why Clean Slate is so time sensitive.

Lukee Forhes, a Civil Rights coordinator from Albany, New York, commented. He supports Clean Slate Act, and he appreciates Omari for sponsoring the city's resolution. He supports the folk who have spoken in support of it at the work session. Clean Slate affects 2.3 Million New Yorkers, 80 % of whom are Black and Latinx persons. We have to make sure that we are focusing on the racial aspects of the bill, and the \$87 Billion that gets left out of the urban community due to these restrictions. People continue to be restricted from access to housing, education, and jobs opportunities- the same things that not only lower the recidivism rate, but, ultimately the crime rate itself. It is heartbreaking to hear the amount of displaced people in the city, and he can only imagine how those criminal backgrounds keep people out of these housing units. People will still not receive housing if we don't address the bottom line group. It is generational. As people are raising children in poverty, it is most likely that those children are going to remain in poverty. These criminal backgrounds keep people from pursuing their happiness, and it is not serving their children, nor is it serving the community. It is actually putting the community at risk more. Forbes applauded everyone who supports the bill. He believes that the moral of the city council is sound; he just wants to believe that. With everyone's help we can push our State representatives to do the right thing and end segregation in New York State, because that is what this is.

Claire Cousin, President of the Hudson Catskill Housing Coalition (HCHC) and Vice Chair of Hudson Housing Authority, commented. All of the folks who showed up to comment about it should be considered as public experts. While numbers are important, these are the trusted folk who are on the ground and hear the conversations in the streets. They are the ones who represent the interests of the greater community. There is couple ways for Newburgh to address the concerns and be trailblazers. While the public hearing was only on one development project, she pointed out that this is a historic time for DRI money, because housing can be included. You should organize those organizations that you spoke about earlier, and have them submit proposals. They can provide input regarding more subsidized and affordable housing that serves the people in your community. HUD has strict regulations; but, they are coming off of a Trump presidency and ready to hear people's experiences. They are moving in a different direction. Cousin pointed out that Hudson, New York is one of most gentrified cities in the State of New York. They are doing all of those things she mentioned; so she is not offering us empty suggestions. Also Clean Slate will help eliminate a lot of these issues, because if people don't have access then there is no point in development.

Leanna Rivers, Founder of Wellness Inspiring Spiritual Health, commented. In conjunction with Mid-Hudson Chocolate Milk, she announced the upcoming Holistic Health Festival of Newburgh on October 9, 2022, to promote health and wellness in the City of Newburgh. We are trying to close the gap between people who have more access holistic and alternative healthcare, as opposed to those who don't have access. Rivers wants people to know that holistic healthcare is afforded to everyone, and it is not something that is out of reach. We want to bring awareness to the people of Newburgh, and she requested that the city add it to the community calendar.

Sheila Murphy commented. She asked that she be unblocked from the online forum. She is concerned by how the police department recently handled a personal matter involving her brother and his wife. Nobody ever talks about male abuse; but, he was stabbed by his wife in the head four times. He could've been killed. When the police department was called, they sent both of them to the hospital. No statement was taken and he was subsequently arrested. It took over two hours for the charges to be reversed, because she was the attacker. Murphy stated that the wife's nephew sits on the force, and she feels as though the nephew always intervenes. Also she stated that one of the officers took off his body camera when all of this was happening. Murphy stated that she raised Hell for three hours, and the police commissioner did nothing. He is not the type of leadership to lead the department the way it should be led. His officer lied to her face. Murphy stated that the Feds and Orange County are looking at the Newburgh Police Department crazily. At the end of the day this needs to be resolved.

Taneka Redcross Flores commented. To address Mayor Harvey's question of where are the descendants, she stated that in all fairness many of them were not present, because they are paying homage to Sadie Tallie, who had an honorary ceremony today. Tallie is the City of Newburgh, and most of the community has been affected by her cause and what she has stood for in this city. Redcross Flores' experience has been that it has been

an endless circle of dead-end prosperity talk. When she speaks to the residents, she is told that they don't know when the meetings are held. She feels that part of the reason is because people don't go out into the communities and knock on doors. They reside here, but, they don't have a vested interest here, because they are not from here. She is Fourth Generation Newburgher, who was also born and raised here. People are trying to paint the picture that Newburgh is the worst place to live. Everybody in real estate knows that anything located on the water and the bluff is worth lots of money. During a recent tour around her old neighborhood, it is obvious to her that they are trying to push the residents outside of the city. She urged the council not to let them blow smoke in its ears with this proposal. Developers are only interested in coming to Newburgh, to strip the resources and push people out. Her mother lived on Colden Street. Her descendants got moved from prime real estate, a place where we were dumped to during Reconstruction. When we talk about Urban Renewal, she sees that the people who were excluded were not invited to the table to talk about it. Many descendants were moved across town, and then into Vails Gate. Where are we going to be moved to next?

Kippy Boyle commented about Agenda Item No. 35. Although she heard the presentation at the work session, she can bet that 99% percent of the residents didn't hear it. It seems like there is going to be an umbrella, and at the top of the umbrella is the Commissioner of Public Works. Nothing was mentioned about a new position. Before the public hearing, she would like to hear how this is going to be set out. The department heads of DPW, Engineering and the Water departments are making decent salaries already. If there is going to be a commissioner above them, she assumed this would include an even bigger salary. She does not like to make assumptions; but, she is not even clear why we are doing this.

Michelle Kelson remarked that the Commissioner of Public Works title already exists. It was adopted in the 2022 budget. The City charter, as it exists, does not have that position. Jason Morris is currently the Commissioner of Public Works, as well as the City Engineer. It is one combined body, encompassing two positions. We are not adding anything that does not already exist in the 2022 budget. We are harmonizing the charter provision to match up with the existing city structure.

Mark Sanchez Potter spoke about housing. He thinks it is crazy that a one-bedroom apartment rents for \$1600 per month. If young people, like himself, who have gone to NFA, attended college in this city, and are now employed here can't afford to live here, then where do they go? He hears a lot of plans for affordable housing, whatever that means. When he looks on Zillo there are only eighty units available; but, when he looks on Air B&B there are roughly ninety available units. It appears to be more profitable for Air B&B owners to charge \$300 per night, rather than allowing people who actually want to live in this community, and who have a vested interest in Newburgh. Sanchez Potter supports Clean Slate. If a person has paid his debt to society, then there should not be any impediment to housing, voting, employment, homeownership, etc. A person should have a clean slate, because housing is a human right.

Gladis commented. In January 2022 she was told that the building she was in needed to be remodeled, and she had to vacate. She is a single mom, who works sixty hours per week. She can't afford a place of her own, because she has to pay childcare and groceries. Also the rental applications cost fees. When she looks online she sees that there are more places on Air B&B, than there are for rent. She lives with her mother and sister. She feels that she should be able to do more, but she can't. A one-bedroom apartment is not affordable. It costs upwards of \$1800 per month. Where are these people coming from who can afford this type of rent? Why are they investing here when there are still so many problems in the city, such as the crime rate? Are they investing in our schools and programs; or are they just buying up places and taking from the housing stock? More importantly, what are we going to do about it? This is not just about her own future; this is her daughter's future too.

Ravin Rakov commented. He urged the council to take dire action on the housing crisis. One of the causes of the crisis is investors coming in and buying up several homes to be used solely as Air B&Bs. Addressing this issue is one of the most important things the council can do. He thanked the council for publicly supporting the organization in its fight to reduce the housing crisis. The legislation that has been discussed takes the necessary steps to ban vacation rentals, in which the owner does not live here, in order to free up housing for people that do live here. He urged the council to choose to act now, rather than later. The residents can't wait for a vacancy study. While tourism, investment and development are important, the most important question is "What is best for the people that call Newburgh home?" Rakov spoke in favor of Clean Slate. This council should send a clear message to the people in Albany that Clean Slate is a piece of racial justice legislation that will help end the system of perpetual punishment of Black and Brown communities, so that people may go forward and rebuild their lives. He hopes this council can show the same courage that some of the advocates who spoke tonight showed. Also he hopes that Albany hears us clearly.

Daniel Atona, For The Many, commented. He is a former resident of Newburgh. He couldn't find anything in his family's price range, so they ended up in Poughkeepsie, New York. During his search though he found a listing of Air B&Bs, including a townhouse on First Street that goes for \$500 per night. The owners of the Air B&B live in New Mexico. These properties should be long-term rentals or homes for others to buy. When properties get listed for outrageous prices, it causes other landlords to jack up their rents too. These homes are going to outside investors. While tourism is great for our city, tourists should be staying in hotels or owner-occupied and short-term rentals. He implored the council to work with For The Many to pass this legislation to ban vacation rentals. Atona supports Clean Slate, because people deserve a second chance.

Rene Mejia commented. He is a lifelong resident of the City of Newburgh. For the Many is working hard so that no is displaced because of outside investors. He was born and raised in Newburgh, and he will probably grow old in Newburgh. He wants to continue to live in a city of trailblazers, where we take bold risks that help make our city better. Mejia pointed out that City of Newburgh was one of the few cities to pass Good Cause Eviction local legislation. We could be the eighth city in the State to pass a resolution in

support of Clean Slate. There is a housing crisis in Newburgh and one thing alone is not going to fix it. He urged us to be one of cities that moves us forward and thinks about the future. Mejia stated that there are studies that show a direct correlation between the number of Air B&Bs and the rent increases. Let's stop it now. He appreciates people coming to Newburgh and wanting to partake in our city; but, if you are not planning to move here, then let's make sure that the people who do want to live here have that opportunity.

Julie Nicholas commented. She is concerned about housing. Sometimes when you are comfortable where you are at, because you have housing and you're not having a problem anymore, then you sometimes forget that there are people that do have problems. She was not aware of the housing crisis until her granddaughter had a baby in January. She helped her search for affordable housing, and everywhere they went they were told that there was no available housing. At the time she wasn't on any public assistance to help her get into the housing. Also Nicholas' son had a problem with housing earlier this month. The landlord went up on his rent three times already. He is afraid that he won't be able to pay his rent. He is on Section 8. She encouraged him not to fret, as Section 8 would handle it. Her family was impacted by Urban Renewal many years ago. Now she has great-grandchildren. If the children want to move back into the community that they were raised in, then they should be able to do that. It seems like many people have to move outside of Newburgh in order to find housing. Also a young person may have committed a crime during his youth, and he may have served time in prison. Many times the applications for employment are tossed aside if the employer sees that the 'felony' box has been checked. This leads to people doing what they feel they have to do in order to survive.

Carter Peabody commented. He supports Air B&Bs in Newburgh. He came here to make a living and renovate his property, because the City of Newburgh is a beautiful town. He comes from a long line of Civil Rights activists, so he is not afraid of diversity. He welcomes a diverse community. He believes in affordable housing, and he also believes in the economics of what makes a city work. He pointed out that the taxes in the city are very high. The people who are buying and renovating their homes are the ones who are trying to beautify the town. They also need a way to be able to pay their taxes. The lack of available rental units is not because of Air B&B. The other factors are economic. There is a housing problem that needs to be addressed, and funding needs to come from State, grants and local organizations. Getting rid of an economic source for the city is not going to help the problem. Many Air B&B owners are local people, they are not absentee investors. The council should not be pressured by outside groups that are trying to stir up anger and resentment. Peabody believes that some advocacy groups are comprised of people that are not even from this town. He hopes that the council considers all the factors involved in the housing crisis in Newburgh, as well as throughout New York State. He also hopes the council considers the businesses that rely on the Air B&Bs.

Ray Harvey commented. He noticed that we hired more police officers. What are we doing to keep them here? We seem to hire them and then they leave. We need to start thinking outside of the box. We train these young men and women and then we can't

retain them due to the lower salaries. We need to be able to promote these young folks into different department heads, as we can't expect for them to be on the streets for twenty to thirty years. They are not going to do it. If he had a young son or daughter, he would tell them to leave too, because there is very little growth in the City of Newburgh's police department. Harvey stated that in the E 203, he suggested that once a police officer gets out at scene, the body cam should be turned on immediately. The camera should be turned off until he gets back into his vehicle safely. This has nothing to do with the department itself. It is about the protecting the officer, as well as the public. We need the city to look into it, because the most dangerous jobs for a police officer are domestic violence incidents and traffic stops. We need to change the policy so that it protects everyone. Harvey noticed that we hired more firefighters. It has been said that we hired them to cut down on the overtime, so he wants to be transparent and keep an eye on the finances, and see how it works out.

Newburgh to build 67 micro-units in effort to address housing crisis

City hopes smaller units will help with shortage of low-cost rentals

NEWBURGH — Plans to expand Newburgh's housing stock are underway in two projects on the city's densely populated East End, with 67 micro-units planned for housing developments at 17 and 19 Johnston St. and 143 Washington St.

Not to be confused with single room occupancy units, which are illegal in Newburgh, the micro-units will be 500-square-foot, self-contained apartments with a kitchenette and a bathroom, similar to a studio apartment. It could be more than a year before they are available, Newburgh's Planning and Development Director Ali Church said. BJH Advisors, which is developing the Washington Street project, is working on acquiring building permits, while Newburgh Ministry, which is planning the 17 and 19 Johnston St. project next to its long-running shelter, is still going through the planning process with city review boards.

Beyond adding to Newburgh's inventory, the micro-units are meant to be affordable for some of the city's most cash-strapped residents. Newburgh, like much of the nation, is facing what local leaders have called a housing crisis, where available housing is in short supply and the prices continue to soar for whatever is on the market.

Compounding the housing crisis, the city has faced a challenging dilemma with code enforcement, which can have the unintended consequence of displacing residents: Many people living in unsafe, derelict buildings have low incomes. Since the buildings are in such bad shape, they may need to be condemned. The condemnation then displaces the residents who might not be able to afford to live somewhere else, Church explained.

"The thought from the city is that we could create a grant program that can incentivize the creation of small units with a cap on the income of the people who live there that we could compel people to build smaller units for lower prices in Newburgh," Church said.

To that end, Newburgh is reimbursing the micro-unit developers up to \$50,000 of their pre-development costs, which could include land surveys, design fees and other types of preliminary work. The grant is not meant to subsidize the physical construction of the buildings, which is something developers can usually get loans for, Church said. The grant is part of the third phase of the Cities RISE grant program that is supported by Harvard Kennedy School's Ash Center for Democratic Governance and Innovation and Tolemi, a data platform.

Micro-units as a housing solution

Building micro-units that cost less, have small living spaces and more communal amenities is not a new concept, but some Newburgh officials believe this type of development could help some renters who are struggling to stay housed, Church said.

"This is one part — it is not a solution for everyone or everything," she said.

Why not build tiny homes instead of tiny apartments, like other Hudson Valley communities have tried? Church said that isn't the best solution for building inventory in a city with limited available real estate.

"Where you could fit three tiny homes, you could fit 30 micro-units," she noted.

For at least the first five years that people live in the micro-units on Johnston and Washington streets, the apartments must be income-restricted, according to the grant contract between the city and developers. This means that they can only be rented to people who are making less than 80 percent of the area median income, and their rent cannot exceed more than 30 percent of a renter's income.

People staying at Newburgh Ministry's emergency housing shelter at 9 Johnston St. will be given priority to rent the micro-units at 17 and 19 Johnston St., Church told the Newburgh City Council during a work session

last month. But, by law, neither the Johnston Street nor Washington Street units cannot be promised to city of Newburgh residents. Both BJH Advisors and Newburgh Ministry plan to have staff onsite 24 hours a day and provide tenants with wraparound services based on their needs that could be funded through the Empire State Supportive Housing Initiative.

ELIGIBLE APPLICANTS

This funding opportunity is only open to nonprofit organizations with experience in providing housing services to individuals, families and/or youth experiencing or at risk of homelessness.

COMMENTS FROM THE COUNCIL REGARDING THE AGENDA AND GENERAL MATTERS OF CITY BUSINESS

Councilmember Grice commented. It is disingenuous that landlords blame taxes as the reason to raise rent, as there are other factors involved too. Our tax rate is currently just a little bit above that of neighboring cities in Orange County; so let's be clear about the tax impact on landlords. He does not like to use the word 'dump' when we refer to people, because people are not trash. Grice stated that he is on the RECAP board, and he knows for certain that the RECAP director resides in the City of Newburgh. Grice is involved in SNUG and A Point in Time Count, where they go out and count the homeless. He knows who is from Newburgh and who is here from other municipalities. He stated that the council is very familiar with the housing laws, so they know what they can and can't do regarding housing. HUD controls the AMI, not the City of Newburgh. Any type of affordable housing can't be legally set aside just for City of Newburgh residents, and this is what makes the 'Right to Return' clause so groundbreaking in this type of development. As a council, we have either passed, or we are going to pass the Municipal ID program, Good Cause Eviction, Right to Return, Clean Slate. We are also going to regulate the short-term rentals. You can clearly see the direction and the priorities of this council.

Councilmember Martinez commented. The project on Montgomery Street, Clean Slate and the sixty-seven micro-units all tie in together. We are in a housing crisis. She wants to make sure that our Newburgh residents stay in their homes. While she highly respects a lot of people who commented, tonight, she knows that they are not always going to see eye to eye on everything. Housing is a human right. It would be hypocritical of her to support Clean Slate and then go against the mission of the Newburgh Ministry. He met with Drew and other organizers about the tenant eligibility requirements. She stated that a person with a past criminal records, who has already paid off his debt to society, should not be refused housing based on a past conviction. Martinez stands by that. She agrees that housing should be prioritized for Newburgh residents; but she also knows that that would be considered housing discrimination. The 'Right to Return' clause is monumental. It is going to help right a wrong for Urban Renewal descendants. She agreed with comments that it should be leading toward home ownership. The descendants should be heard at a public hearing, because they deserve homeownership. We are not banning Air B&Bs, we are regulating them. People don't see the connection. They are taking up our housing stock, and she is tired of seeing absentee developers come here, who don't care about the community. She is also tired of seeing her friends and family being displaced. Housing is the council's main priority and they are working with the best intentions for our residents. She has family and friends who have served time during incarceration. She knows that lasting impact that those convictions have on felons and their families.

Councilmember Monteverde commented. It is good to hear all sides. Housing is our biggest issue. She has worked in affordable and supportive housing for at least twenty-

five years. She started in Westchester County, and then she came to the City of Newburgh. She pointed out that Safe Harbors started The Point in Time Count on one cold night in January 2003. Back then there were a lot of abandoned buildings and they found that people were living in vacant lots. She is grateful to see people getting involved. Back then, a lot of private developers came in and developed properties. She believes that we can work with everyone, including the Air B&Bs. We are in a hard place. She thinks we can do something to regulate it. She doesn't feel like we can say that we are not going to have them anymore because that would be a stupid thing to do. We want to bring people into the city, because it is beautiful and historic. It is going to take a while for us to balance it for everybody, so that nobody gets displaced. We should've been thinking about it ten to fifteen years ago. Look at Beacon. You can't afford to live there, because it is over developed now. Pretty soon you won't be able to afford to live in the City of Newburgh. She doesn't believe that it is too late for Newburgh.

Councilmember Shakur commented. He moved that the items regarding Clean Slate and the street naming for the Youngblood family be moved up on the agenda. Mr. Youngblood's son is in the audience, and Shakur wished to get those items out of the way, because it is getting late. Shakur stated that he understands what is happening with our housing. On July 1, 2022 he received an eviction notice, because his landlord would not fix something. This is how they are pushing people out. Victims end up becoming victimized even further, because they have to end up moving now. That has to be corrected, as this is the issue affecting our community. The landlords are out of control. Clean Slate needs to be passed. He served a six and a half year incarceration, and look where he is now. It proves that anyone can go to prison and then come home and do what he has to do. Prison is the mistake, and you pay for it by serving your time. People say that slavery is over; but, don't talk about his past crime. If we are having a problem in the police department, then we need to look at who we hired. We hired a police commissioner to fix it. We've got two officers walking the beat; yet there are seventy police officers in the City of Newburgh. Shakur stated that if you tell your children to do something and then your children don't do it, then YOU are the problem, not the children. The person running the department is the problem, and he is not stepping up. After the 203 we wanted to change our police department because of the George Floyd tragedy. We are trying to build a better relationship with our police department; but, it looks like that is not happening with what we have put in place.

Councilmember Sklarz commented. Last Thursday at the work session a presentation was made by the consulting firm about the pool at Delano-Hitch. While the plan looks great, he is disappointed in the timeframe to finish the pool, which is set for completion in 2015. The firm admits that the timeline is conservative and it allows for all kinds of supply, chain and problems. Delano-Hitch has been in bad shape for over twenty years. Sklarz believes that we should continue with this firm, but, he and his colleagues should advocate for a more aggressive timeframe. Looking for new firm at this point would only delay the project more. Also the splash pads and the pool should be done together, as it would only take more time to do them separately, and it will end up costing us more money. Next year's budget should include funding for splash pads and water slides for

the children to enjoy water activities next summer. In other areas communities operate and maintain two to three swimming pools. We need to do better for our children. Sklarz mentioned Clean Slate. The same people who misrepresent the intent and provision of bail reform, will misrepresent Clean Slate. He has worked in human resources for thirty years, and he has seen that the issue of hiring people with convictions was constantly misunderstood and applied by hiring managers. He believes that Clean Slate provides the opportunity for many people to lead productive lives, while also continuing in their communities.

Councilmember Sofokles commented. She agreed with Sklarz's comments about the pool. This is not all new stuff now, as it has been going on for years. That is why we are trying to address it. Housing is the big issue right now. She agreed with Martinez, although she is concerned about the project concerning the sixty-seven micro-units. She has to look into it more, because if it is not for Newburgh people, then she does not want it. Sofokles commented about the police department. One of the reasons she got on the council is because she wanted to see the police officers make more money. She knows that at least fifteen officers went on to Spring Valley, because she does their taxes. They went from making \$75K to immediately making \$150K in Rockland County. A lot of them don't want to leave; but, they have families too. The police commissioner came into a tough job. When you trying to make up for years of neglect, it can't be done overnight. She gives him her full support, because she knows that it is not easy. Part of the reason why people leave the City of Newburgh, is because we need to up the salaries, and it is not happening yet.

Mayor Harvey commented. Everyone is fully aware that we are in a housing crisis. The comprehensive housing study was completed. Our next move to will be to encourage Ms. Kelson to make the vacancy study a legislative priority, because the council has heard from the constituents. People have to understand where the power lies, because the city can't do rent control, unless the State government allows it. The vacancy study has to come first to state that we are in a housing crisis. The comprehensive housing study has been done already; your tax dollars paid for it. Now the vacancy study is required so that we can appeal to the State Legislature. If we are allowed to impose rent control, then it can only be for a buildings constructed prior to 1976. Harvey pointed out that even though this council is unified on Clean Slate, it still has to get through Albany, because this is where the real impact lies. His wife works in housing, so his family lives, eats, sleeps and feeds on the housing crisis. This council lobbied for federal dollars (in the millions) for the Emergency Rental Assistance Program (ERAP), to help city residents pay their rent- many of whom owed rent going back ten to twenty-four months. Harvey listed much of the legislation that the city council has passed over the years, including the Municipal IDs, Good Cause Eviction and the city's disposition policy, which allows for homeownership for city-owned properties (giving preference to City of Newburgh residents). Also he mentioned the city's street sweeper program, in which he and George Garrison worked intentionally to hire formerly incarcerated persons.

This portion of the meeting was closed.

Re: City of Newburgh WWTP
New Automated Gate

Dear Jason:

CJS Engineering, PC ("CJS") is pleased to present this proposal for engineering services to the City of Newburgh ("City") for the preparation of plans and specifications for the installation of a new automated gate at the City's Wastewater Treatment plant. This proposal has been developed in response to our recent discussions and site visits.

Background

The City of Newburgh's wastewater treatment plant, built in the 1960's, has a manual gate across River Street, on the west side of the plant. This gate provides access to the dewatering pad for the City's vector trucks and to the back of the treatment plant. The City is interested in replacing the existing manually operated gate with a new automated gate to provide easier access and improved security.

In general, the scope of this proposal is to prepare the plans and specifications required for the City to solicit bids for the removal of the existing gate and install a new automated gate.

Detailed Scope of Services

CJS proposes to provide the following engineering tasks:

- 1 **Preliminary Investigation:** Perform an initial site visit to review the location and proposed operation of the automated gate.
- 2 **Plans and Specifications:** Prepare five (5) design drawings and a bid specification for the new automated gate. This will include a site layout and fence detailed drawings of the new gate, electrical drawings for the power and controls wiring, and equipment specifications for the new gate, fencing, and control components. CJS will utilize the most recent front end

bid document provided by the City for this solicitation. CJS will also work with the City in selecting potential contractors to invite to bid on this work.

- 3 **Bid Review & Recommendations:** After the bids have been received, CJS will review the pricing and bid packages with the City and make a recommendation on which contractor to select based on price and their ability to perform.
- 4 **Post Installation Site Visit:** Following the installation of the new gate, CJS will inspect the contractor's work and provide the City with a summary of our findings.

Fee Proposal

CJS proposes to perform the above services for a lump-sum fee of \$28,700.00. Payment to be provided at the completion of each task, as follows:

Task 1:	\$1,500.00
Task 2:	\$21,500.00
Task 3:	\$4,200.00
Task 4:	<u>\$1,500.00</u>
Total	\$28,700.00

CJS proposes to perform the services under our standard Terms and Conditions

To accept this proposal, please sign and return one copy of the proposal.

Schedule

CJS can begin work within 3-4 weeks and complete the scope in approximately 4-6 weeks after receipt of a notice-to-proceed.

Thank you for the opportunity to provide this proposal and we welcome the opportunity to discuss it with you in more detail.

Sincerely,

CJS Engineering, P.C.

Subject: Bid No. 20.22 – Vacuum Truck Unloading Facility Bid Results and Recommendation

Dear Mr. Morris,

Arcadis of New York, Inc. (Arcadis) has reviewed the tabulated Bids received by the City of Newburgh (City) on August 23, 2022, for Bid No. 20.22 – Vacuum Truck Unloading Facility. A total of six Bids were received. The tabulated Bid results are enclosed for your convenience. The apparent low Bidder is J Squared Construction Corp. of Voorheesville, New York with a base bid of \$1,839,280.00, inclusive of a deduct alternate for \$35,000 and \$195,280 in allowances and estimated unit price work. We have reviewed the Bids and have determined the apparent low bidder to be responsive in accordance with the Instructions to Bidders.

Over the past couple of years there have been supply chain issues and labor shortages and material volatility. These factors coupled with historically high inflation has resulted in construction prices to significantly increase. J Squared Construction Corp. plans on completing the majority of the project in 2022, this would include driving piles, concrete, and drainage piping. Proposals that they have received for the pre-packaged submersible pump station has it being delivered in April 2023, therefore it is likely that there will be a winter shut down and they would come back to complete the installation of the pump station and tie in the Spring.

Arcadis recommends that the City consider awarding the Contract for Bid No. 20.22 to J Squared Construction Corp. in the amount of \$1,874,280.00, inclusive of estimated unit price work but not include the deduct alternate. If you have any further questions pertaining to this project, please call me at your earliest convenience so that we can be of further assistance.

Sincerely,
Arcadis of New York, Inc.

Members of the City Council
City of Newburgh
City Hall
83 Broadway
Newburgh, New York 12550

Dear Members of the City Council:

This letter sets forth our understanding of the terms and objectives of our engagement, and the nature and scope of the services we will provide to the City of Newburgh, New York (the "Entity").

Prior to the commencement of our audit(s) we may not know if an audit performed in accordance with the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards ("Uniform Guidance") is required. Consequently, this letter includes the words "if applicable" next to relevant single audit communication requirements.

Audit Scope and Objectives

We will audit the Entity's statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information and the disclosures, which collectively comprise the basic financial statements of the Entity as of and for the year ended December 31, 2022 and issue our report thereon as soon as reasonably possible after completion of our work. Within the financial statements is a component unit that will be audited by another independent accountant and the results of that audit will be included in the financial statements. We will be relying upon their work without subjecting it to any additional auditing procedures.

Accounting standards generally accepted in the United States of America provide for certain required supplementary information ("RSI"), such as management's discussion and analysis ("MD&A"), to supplement the Entity's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the Entity's RSI in accordance with auditing standards generally accepted in the United States of America, ("US GAAS"). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence

500 Mamaroneck Avenue, Harrison, NY 10528 | Tel: 914.381.8900 | Fax: 914.381.8910 | www.pkfod.com

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms

to express an opinion or provide any assurance. The following RSI is required by US GAAP and will be subjected to certain limited procedures, but will not be audited:

- Management's Discussion and Analysis
- Schedule of Changes in the Total OPEB Liability and Related Ratios
- Schedules of Contributions and Proportionate Share of the Net Pension Liability

We have also been engaged to report on supplementary information other than the RSI that accompanies the Entity's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS, *Government Auditing Standards* issued by the Comptroller General of the United States ("GAGAS") (if applicable), and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") (if applicable), and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

- Combining and Individual Fund Financial Statements and Schedules
- Schedule of Expenditures of Federal and/or State Awards (if applicable)

In connection with our audit of the basic financial statements, we will read the following other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

- Introductory section of the Annual Comprehensive Financial Report
- Statistical section of the Annual Comprehensive Financial Report

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud, error, misappropriation of assets, or violations of laws or governmental regulations that are attributable to the Entity or to acts by management or employees acting on behalf of the Entity; and issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP; and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Because the determination of abuse is subjective, GAGAS do not expect auditors to provide reasonable assurance of detecting abuse. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, GAGAS (if applicable), and Uniform Guidance (if applicable) will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct the audit in accordance with US GAAS, GAGAS (if applicable), and Uniform Guidance (if applicable), and will include tests of accounting records, a determination of major programs in accordance with Uniform Guidance (if applicable), and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with US GAAS, GAGAS (if applicable), and Uniform Guidance, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may exist and not be detected by us even though the audit is properly planned and performed in accordance with US GAAS, GAGAS (if applicable), and Uniform Guidance (if applicable). In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements and on those programs we have determined to be major programs (if applicable). However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting or misappropriation of assets and any material abuse that comes to our attention. We will include such matters in the reports required for a Single Audit (if applicable). We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential.

The objective for our audit also includes reporting on:

- Internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts or grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with GAGAS (if applicable).
- Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with Uniform Guidance, Audits of States, Local Governments and Non-Profit Organizations (if applicable).

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Entity's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to GAGAS (if applicable).

Uniform Guidance (if applicable) requires that we also plan and perform the audit to obtain reasonable assurance about whether the Entity has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "Uniform Guidance Compliance Supplement" for the types of compliance requirements that could have a direct and material effect on each of the Entity's major programs. The purpose of these procedures will be to express an opinion on the Entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to Uniform Guidance. As required by Uniform Guidance, we will also perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to prevent or detect material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Uniform Guidance.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also include, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's/Entity's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain assets and liabilities by correspondence with selected customers, creditors, and financial institutions. We will also request written representations from your attorneys as part of the engagement when required based on our professional judgement.

After our planning is complete, we will communicate to management and those charged with governance, the significant risk(s) of material misstatement identified in our audit planning.

Audit Procedures – Internal Control

We will obtain an understanding of the Entity and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements and the supplementary information, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards.

Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to prevent and detect misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to GAGAS. An audit is also not designed to identify significant deficiencies or material weaknesses. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.

Audit Procedures – Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Entity's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report.

Reporting

We will issue a written report(s) upon completion of our audit of the Entity's financial statements and written reports required with audits performed in accordance with GAGAS and the Uniform Guidance (if applicable). We will make reference to BST's audit of the City of Newburgh Industrial Development Agency in our report on your financial statements. Our reports will be addressed to management and those charged with governance of the Entity. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these

circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or withdraw from this engagement.

We will also provide a report (which does not include an opinion) on internal control related to the financial statements and compliance with laws, regulations, and the provisions of contracts or grant agreements, noncompliance with which could have a material effect on the financial statements as required by GAGAS (if applicable).

The reports on internal control and compliance (if applicable) will each include a paragraph that states that the purpose of the report is solely to describe (1) the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance, (2) the scope of testing internal control over compliance for major programs and major program compliance and the result of that testing and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance, and (3) that the report is an integral part of an audit performed in accordance with GAGAS in considering internal control over financial reporting and compliance and Uniform Guidance in considering internal control over compliance and major program compliance. The paragraph will also state that the report is not suitable for any other purpose.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form (if applicable) that summarize our audit findings. It is management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. If applicable, we will provide copies of our report for you to include with the reporting package you will submit to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditors' reports or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audit.

We will also communicate with those charged with governance any (a) fraud involving senior management and other fraud that causes a material misstatement of the financial statements; (b) violations of laws or governmental regulations that come to our attention (unless they are clearly inconsequential); (c) disagreements with management and other serious difficulties encountered in performing the audit; and, (d) various matters related to the Entity's accounting policies and financial statements.

Other Services

We will also prepare the financial statements and the Annual Update Document (AUD) of the Entity in conformity with accounting principles generally accepted in the United States of America based on information provided by you.

We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Responsibilities of Management for the Financial Statements

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, and maintaining internal controls relevant to the preparation and fair

presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements, including all disclosures, RSI and supplementary information, in conformity with accounting principles generally accepted in the United States of America.

You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Your responsibilities include adjusting the financial statements and supplementary information to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the preparation of the supplementary information in conformity with accounting principles generally accepted in the United States of America. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon.

Management's responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the RSI and supplementary information in accordance with US GAAP; (2) you believe the RSI and supplementary information, including its form and content, is fairly presented in accordance with US GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the RSI and supplementary information.

Management is responsible for management decisions and assuming all management responsibilities; for designating an individual with suitable skill, knowledge, and/or experience to oversee prepare the financial statements and the AUD other non-attest services we provide; and for evaluating the adequacy and results of those services and accepting responsibility for them.

As part of the audit, we will assist with preparation of your financial statements, schedule of expenditures of federal *and/or state* awards (if applicable), and related notes. You agree to include our report on the schedule of expenditures of federal *and/or state* awards in any document that contains, and indicates that we have reported on, the schedule of expenditures of federal *and/or state* awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal *and/or state* awards that includes our report thereon. You are responsible for making all management decisions and assuming all management responsibilities relating to the financial statements, schedule of expenditures of federal *and/or state* awards and related notes, and for accepting full responsibility for such decisions.

Management is also responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud or illegal acts affecting the Entity involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Entity received in communications from employees, former employees, grantors, regulators or others. In addition, you are responsible for identifying and ensuring that the Entity complies with applicable laws, regulations, contracts, agreements and grants and for taking timely and appropriate steps to remedy any fraud, illegal acts, violations of contracts or grant agreements, or abuse that we may report. Additionally, as required by Uniform Guidance (if applicable), it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan.

In order to help ensure that appropriate goals and objectives are met and that there is reasonable assurance that government programs are administered in compliance with compliance requirements, management is responsible for establishing and maintaining effective internal control, including internal control over compliance, and for evaluating and monitoring ongoing activities.

Management's responsibilities also include identifying any significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for us previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the audit objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. The Entity is also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

At the conclusion of the engagement, we will request from management written confirmation concerning representations made to us in connection with the audit. The representation letter, among other things, will confirm management's responsibility for: (1) the preparation of the financial statements in conformity with US GAAP, (2) the availability of financial records and related data, and (3) the completeness and availability of all minutes of board meetings. Management's representation letter will further confirm that: (1) the effects of any uncorrected misstatements aggregated by us during the engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole, and (2) we have been informed of, or that there were no incidences of, fraud involving management or those employees who have significant roles in the Entity's internal control. You will also be required to acknowledge in the management representation letter, when applicable, our assistance with preparation of the financial statements and related schedules, RSI and the schedule of expenditures of federal (and/or state) awards (if applicable) and that you have reviewed and approved the financial statements, aforementioned schedules and RSI, and related notes prior to their issuance and have accepted responsibility for them. We will place reliance on these representations in issuing our report.

In the event that we become obligated to pay any cost, settlement, judgment, fine, penalty, or similar award or sanction as a result of a claim, investigation, or other proceeding instituted by any third party, as a direct or indirect result of an intentional, knowing or reckless misrepresentation or provision to us of inaccurate or incomplete information by the Entity or, any elected official, member of management or employee thereof in connection with this engagement, and not any failure on our part to comply with professional standards, you agree to indemnify us against such obligations.

To the best of your knowledge, you are unaware of any facts which might impair our independence with respect to this engagement.

The financial statements are the property of the Entity and can be reproduced and distributed as management desires. However, you must notify us in advance and obtain our approval if you intend to make reference to our firm in a document that includes our auditors' report on the financial statements. Because our engagement does not contemplate the foregoing, there may be an additional fee in connection with our review of any such documents. In the event our auditor/client relationship has been terminated when the Entity seeks such consent, we will be under no obligation to grant such consent or approval.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

We understand that your accounting department personnel will assist us to the extent practicable in completing the audit. They will provide us with detailed trial balances, supporting schedules, and other information we deem necessary. A list of these schedules and other items of information will be furnished to you before we begin the audit. The timely and accurate completion of this information is an essential condition to our completion of the audit and the issuance of the audit report.

We keep documents related to this engagement in accordance with our records retention policy and applicable regulations or for any additional period requested by the applicable cognizant agency. If we are aware that a federal *and/or state* awarding agency or the Entity is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation. We do not keep any original client records, so we will return those to you at the completion of the services rendered under this engagement. When records are returned to you, it is your responsibility to retain and protect your records for possible future use, including potential examination by any government or regulatory agencies.

As part of our engagement, we may propose standard, adjusting, or correcting journal entries to your financial statements. Management, however, has final responsibility for reviewing the proposed entries and understanding the nature and impact of the proposed entries to the financial statements. It is our understanding that management has designated qualified individuals with the necessary expertise to be responsible and accountable for overseeing the acceptance and processing of such journal entries.

Non-reliance on oral advice

It is our policy to put all advice on which a client intends to rely in writing. We believe that is necessary to avoid confusion and to make clear the specific nature and limitations of our advice. You should not rely on any advice that has not been put in writing by our firm after a full supervisory review.

Electronic and other communication

During the course of the engagement, we may communicate with you or with Entity personnel via fax or e-mail. You should be aware that communication in those media may be unsafe to use and contains a risk of misdirection and/or interception by unintended third parties, or failed delivery or receipt. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from the use of e-mail or other electronic transmissions, including any consequential, incidental, direct, indirect or special damages.

Access to working papers

During the course of this engagement, we will develop files of various documents, schedules and other related engagement information known as our working papers. As we are sure you can appreciate, these working papers may contain confidential information and our firm's proprietary data. You understand and agree that these working papers are, and will remain, our exclusive property. Except as discussed below, any requests for access to our working papers will be discussed with you before making them available to requesting parties:

- (1) Our firm, as well as other accounting firms, participates in a peer review program covering our audit and accounting practices. This program requires that once every three years we subject our system of quality control to an examination by another accounting firm. As part of this process, the other firm will review a sample of our work. It is possible that the work we perform for you may be selected for review. If it is, the other firm is bound by professional standards to keep all information confidential.
- (2) We may be requested to make certain working papers available to regulators pursuant to authority given to them by law, regulation or subpoena. Such regulators may include (i) a federal agency providing direct or indirect funding or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities; (ii) the American Institute of Certified Public Accountants; and (iii) the State Board of Accountancy. If requested, access to such working papers will be provided under the supervision of our personnel. Furthermore, upon request, we may provide photocopies of selected working papers to them. The regulator may intend, or decide, to distribute the photocopies or information contained therein to others, including other government agencies.

Accordingly, prior to entering into any employment discussions, with such known individuals, you agree to discuss the potential employment, including any applicable independence ramifications, with the engagement partner responsible for the services.

In addition, during the term of this Engagement Letter and for a period of one (1) year after the services are completed, we both agree not to solicit, directly or indirectly, or hire the other's personnel participating in the engagement without express written consent. VENDOR agrees to perform the SERVICES in accordance with the terms and conditions of this Agreement. It is specifically agreed that the CITY will not compensate VENDOR for any SERVICES provided outside those specifically identified in Schedule A, without prior authorization, evidenced only by a written Addendum to this Agreement executed by the City Manager of the CITY after consultation with the City Department Head responsible for the oversight of this Agreement (hereinafter "Department Head").

VENDOR shall have the affirmative obligation to notify CITY in a timely fashion of any and all limitations, restrictions or proprietary rights to such intellectual property and/or materials which may be applicable which would have the effect of restricting or limiting the exercise of

the CITY's rights regarding same for any purpose outside the scope of the Project and its implementation.

ARTICLE 2. TERM OF AGREEMENT

VENDOR agrees to perform the SERVICES and/or supply goods beginning August 9, 2022, and ending September 30, 2022.

ARTICLE 3. COMPENSATION

For satisfactory performance of the SERVICES or, as such SERVICES or goods may be modified by mutual written agreement, the CITY agrees to compensate VENDOR in accordance with the fees and expenses as stated in Schedule B, which is attached to and is part of this Agreement. VENDOR shall submit to the CITY an itemized invoice for SERVICES rendered, as set forth in Schedule B, and prepared in such form and supported by such documents as the CITY may reasonably require. ARTICLE 4. EXECUTORY CLAUSE

The CITY shall have no liability under this Agreement to VENDOR or to anyone else beyond funds appropriated and available for this Agreement.

ARTICLE 5. PROCUREMENT OF AGREEMENT

VENDOR represents and warrants that no person or selling agency has been employed or retained by VENDOR to solicit or secure this Agreement upon an agreement or upon an understanding for a commission, percentage, a brokerage fee, contingent fee or any other compensation. VENDOR further represents and warrants that no payment, gift or thing of value has been made, given or promised to obtain this or any other agreement between the parties. VENDOR makes such representations and warranties to induce the CITY to enter into this Agreement and the CITY relies upon such representations and warranties in the execution hereof.

For a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if effected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a

waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law or pursuant to this Agreement.

ARTICLE 6. CONFLICT OF INTEREST

VENDOR represents and warrants that neither it nor any of its directors, officers, members, partners or employees, have any interest nor shall they acquire any interest, directly or indirectly which would or may conflict in any manner or degree with the performance or rendering of the SERVICES herein provided. For failure to submit such letter of disclosure, or for a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim for, or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if effected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law, in equity or pursuant to this Agreement.

ARTICLE 7. FAIR PRACTICES

VENDOR and each person signing on behalf of the VENDOR represents, warrants and certifies under penalty of perjury, that to the best of their knowledge and belief:

A. The prices in this Agreement have been arrived at independently by VENDOR without collusion, consultation, communication, or agreement with any other bidder, proposer or with any competitor as to any matter relating to such prices which has the effect of, or has as its purpose, restricting competition;

B. Unless otherwise required by law, the prices which have been quoted in this Agreement and on the proposal or quote submitted by VENDOR have not been knowingly disclosed by VENDOR prior to the communication of such quote to the CITY or the proposal opening directly or indirectly, to any other bidder, proposer or to any competitor; and

C. No attempt has been made or will be made by VENDOR to induce any other person, partnership, corporation or entity to submit or not to submit a proposal or quote for the purpose of restricting competition.

The fact that VENDOR (i) has published price lists, rates, or tariffs covering items being procured, (ii) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (iii) has provided the same items to the other customers at the same prices being bid or quoted does not constitute, without more, a disclosure within the meaning of this Article.

ARTICLE 8. INDEPENDENT CONTRACTOR

In performing the SERVICES and incurring expenses under this Agreement, VENDOR shall operate as, and have the status of, an independent contractor and shall not act as agent, or be an agent, of the CITY. As an independent contractor, VENDOR shall be solely responsible for determining the means

and methods of performing the SERVICES and shall have complete charge and responsibility for VENDOR'S personnel engaged in the performance of the same.

In accordance with such status as independent contractor, VENDOR covenants and agrees that neither it nor its employees or agents will hold themselves out as, nor claim to be officers or employees of the CITY, or of any department, agency or unit thereof by reason hereof, and that they will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the CITY including, but not limited to, Worker's Compensation coverage, health coverage, Unemployment Insurance Benefits, Social Security coverage or employee retirement membership or credit.

ARTICLE 9. ASSIGNMENT AND SUBCONTRACTING

VENDOR shall not assign any of its rights, interest or obligations under this Agreement, or subcontract any of the SERVICES to be performed by it under this Agreement, without the prior express written consent of the City Manager of the CITY. Any such subcontract, assignment, transfer, conveyance, or other disposition without such prior consent shall be void and any SERVICES provided thereunder will not be compensated. Any subcontract or assignment properly consented to by the CITY shall be subject to all of the terms and conditions of this Agreement.

Failure of VENDOR to obtain any required consent to any assignment, shall be grounds for termination for cause, at the option of the CITY and if so terminated, the CITY shall thereupon be relieved and discharged from any further liability and obligation to VENDOR, its assignees or transferees, and all monies that may become due under this Agreement shall be forfeited to the CITY except so much thereof as may be necessary to pay VENDOR'S employees for past service.

The provisions of this clause shall not hinder, prevent, or affect any assignment by VENDOR for the benefit of its creditors made pursuant to the laws of the State of New York.

This agreement may be assigned by the CITY to any corporation, agency, municipality or instrumentality having authority to accept such assignment.

ARTICLE 10. BOOKS AND RECORDS

VENDOR agrees to maintain separate and accurate books, records, documents and other evidence and accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement.

ARTICLE 11. RETENTION OF RECORDS

VENDOR agrees to retain all books, records and other documents relevant to this Agreement for six (6) years after the final payment or termination of this Agreement, whichever later occurs. CITY, or any State and/or Federal auditors, and any other persons duly authorized by the CITY, shall have full access and the right to examine any of said materials during said period.

ARTICLE 12. AUDIT BY THE CITY AND OTHERS

All Claimant Certification forms or invoices presented for payment to be made hereunder, and the books, records and accounts upon which said Claimant's Certification forms or invoices are based are subject to audit by the CITY. VENDOR shall submit any and all documentation and justification in support of expenditures or fees under this Agreement as may be required by the CITY so that it may evaluate the reasonableness of the charges, and VENDOR shall make its records available to the CITY upon request. All books, Claimant's Certification forms, records, reports, cancelled checks and any and all similar material may be subject to periodic

inspection, review and audit by the CITY, the State of New York, the federal government, and/or other persons duly authorized by the CITY. Such audits may include examination and review of the source and application of all funds whether from the CITY, State, the federal government, private sources or otherwise. VENDOR shall not be entitled to any interim or final payment under this Agreement if any audit requirements and/or requests have not been satisfactorily met.

ARTICLE 13. INSURANCE

For all of the SERVICES set forth herein and as hereinafter amended, VENDOR shall maintain or cause to be maintained, in full force and effect during the term of this Agreement, at its expense, insurance as may be required by law. Such policies are to be in the broadest form available on usual commercial terms and shall be written by insurers of recognized financial standing satisfactory to the CITY who have been fully informed as to the nature of the SERVICES to be performed. Where applicable, the CITY shall be an additional insured on all such policies with the understanding that any obligations imposed upon the insured (including, without limitation, the liability to pay premiums) shall be the sole obligation of VENDOR and not those of the CITY. Notwithstanding anything to the contrary in this Agreement, VENDOR irrevocably waives all claims against the CITY for all losses, damages, claims or expenses resulting from risks commercially insurable under this insurance described in this Article 13. The provisions of insurance by VENDOR shall not in any way limit VENDOR'S liability under this Agreement.

When applicable, VENDOR shall attach to this Agreement certificates of insurance evidencing VENDOR'S compliance with the following requirements:

Each policy of insurance shall contain clauses to the effect that (i) such insurance shall be primary without right of contribution of any other insurance carried by or on behalf of the CITY with respect to its interests, (ii) it shall

not be cancelled, including, without limitation, for non-payment of premium, or materially amended, without fifteen (15) days prior written notice to the CITY, directed to the City Manager, the Corporation Counsel and to the Department Head and the CITY shall have the option to pay any necessary premiums to keep such insurance in effect and charge the cost back to VENDOR.

To the extent it is commercially available, each policy of insurance shall be provided on an "occurrence" basis. If any insurance is not so commercially available on an "occurrence" basis, it shall be provided on a "claims made" basis, and all such "claims made" policies shall provide that:

A. Policy retroactive dates coincide with or precede VENDOR'S start of the performance of this Agreement (including subsequent policies purchased as renewals or replacements);

B. VENDOR will maintain similar insurance for at least six (6) years following final acceptance of the SERVICES;

C. If the insurance is terminated for any reason, VENDOR agrees to purchase an unlimited extended reporting provision to report claims arising from the SERVICES performed or goods provided for the CITY; and

D. Immediate notice shall be given to the CITY through the City Manager of circumstances or incidents that might give rise to future claims with respect to the SERVICES performed under this Agreement.

ARTICLE 14. INDEMNIFICATION

VENDOR agrees to defend, indemnify and hold harmless the CITY, including its officials, employees and agents, against all claims, losses, damages, liabilities, costs or expenses (including, without limitation, reasonable attorney fees and costs of litigation and/or settlement), whether incurred as a result of a claim by a third party or any other person or entity, arising out of

the SERVICES performed pursuant to this Agreement which the CITY or its officials, employees or agents, may suffer by reason of any negligence, fault, act or omission of VENDOR, its employees, representatives, subcontractors, assignees, or agents.

In the event that any claim is made or any action is brought against the CITY arising out of the negligence, fault, act, or omission of an employee, representative, subcontractor, assignee, or agent of VENDOR either within or without the scope of his respective employment, representation, subcontract, assignment or agency, or arising out of VENDOR'S negligence, fault, act or omission, then the CITY shall have the right to withhold further payments hereunder for the purpose of set-off of sufficient sums to cover the said claim or action. The rights and remedies of the CITY provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

ARTICLE 15. PROTECTION OF CITY PROPERTY

VENDOR agrees to perform the SERVICES in accordance with the terms and conditions of this Agreement. It is specifically agreed that the CITY will not compensate VENDOR for any SERVICES provided outside those specifically identified in Schedule A, without prior authorization, evidenced only by a written Addendum to this Agreement executed by the City Manager of the CITY after consultation with the City Department Head responsible for the oversight of this Agreement (hereinafter "Department Head").

VENDOR shall have the affirmative obligation to notify CITY in a timely fashion of any and all limitations, restrictions or proprietary rights to such intellectual property and/or materials which may be applicable which would have the effect of restricting or limiting the exercise of

Head. It is specifically agreed to by VENDOR that the CITY will not be responsible for any additional cost or costs in excess of the above noted not-to-exceed cost if the CITY'S authorization by the City Manager is not given in writing prior to the performance of the SERVICES giving rise to such excess or additional costs.

VENDOR further represents and warrants that no payment, gift or thing of value has been made, given or promised to obtain this or any other agreement between the parties. For a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if effected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a

waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law or pursuant to this Agreement.

ARTICLE 6. CONFLICT OF INTEREST

VENDOR represents and warrants that neither it nor any of its directors, officers, members, partners or employees, have any interest nor shall they acquire any interest, directly or indirectly which would or may conflict in any manner or degree with the performance or rendering of the SERVICES herein provided. VENDOR further represents and warrants that in the performance of this Agreement, no person having such interest or possible interest shall be employed by it and that no elected official or other officer or employee of the CITY, nor any person whose salary is payable, in whole or in part, by the CITY, or any corporation, partnership or association in which such official, officer or employee is directly or indirectly interested shall have any such interest, direct or indirect, in this Agreement or in the proceeds thereof, unless such person submits a letter disclosing such an interest, or the appearance or potential of same, to the City Manager and a copy to the Corporation Counsel of the CITY in advance of the negotiation and execution of this Agreement.

For failure to submit such letter of disclosure, or for a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim for, or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if elected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment to or to take any other action provided for by law, in equity or pursuant to this Agreement.

VENDOR and each person signing on behalf of the VENDOR represents, warrants and certifies under penalty of perjury, that to the best of their knowledge and belief:

B. Unless otherwise required by law, the prices which have been quoted in this Agreement and on the proposal or quote submitted by VENDOR have not been knowingly disclosed by VENDOR prior to the communication of such quote to the CITY or the proposal opening directly or indirectly, to any other bidder, proposer or to any competitor; and

C. No attempt has been made or will be made by VENDOR to induce any other person, partnership, corporation or entity to submit or not to submit a proposal or quote for the purpose of restricting competition.

The fact that VENDOR (i) has published price lists, rates, or tariffs covering items being procured, (ii) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (iii) has provided the same items to the other customers at the same prices being bid or quoted does not constitute, without more, a disclosure within the meaning of this Article.

ARTICLE 8. INDEPENDENT CONTRACTOR

In performing the SERVICES and incurring expenses under this Agreement, VENDOR shall operate as, and have the status of, an independent contractor and shall not act as agent, or be an agent, of the CITY. As an independent contractor, VENDOR shall be solely responsible for determining the means

and methods of performing the SERVICES and shall have complete charge and responsibility for VENDOR'S personnel engaged in the performance of the same.

In accordance with such status as independent contractor, VENDOR covenants and agrees that neither it nor its employees or agents will hold themselves out as, nor claim to be officers or employees of the CITY, or of any department, agency or unit thereof by reason hereof, and that they will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the CITY including, but not limited to, Worker's Compensation coverage, health coverage, Unemployment Insurance Benefits, Social Security coverage or employee retirement membership or credit.

ARTICLE 9. ASSIGNMENT AND SUBCONTRACTING

VENDOR shall not assign any of its rights, interest or obligations under this Agreement, or subcontract any of the SERVICES to be performed by it under this Agreement, without the prior express written consent of the City Manager of the CITY. Any such subcontract, assignment, transfer, conveyance, or other disposition without such prior consent shall be void and any SERVICES provided thereunder will not be compensated. Any subcontract or assignment properly consented to by the CITY shall be subject to all of the terms and conditions of this Agreement.

Failure of VENDOR to obtain any required consent to any assignment, shall be grounds for termination for cause, at the option of the CITY and if so terminated, the CITY shall thereupon be relieved and discharged from any further liability and obligation to VENDOR, its assignees or transferees, and all monies that may become due under this Agreement shall be forfeited to the CITY except so much thereof as may be necessary to pay VENDOR'S employees for past service.

The provisions of this clause shall not hinder, prevent, or affect any assignment by VENDOR for the benefit of its creditors made pursuant to the laws of the State of New York.

This agreement may be assigned by the CITY to any corporation, agency, municipality or instrumentality having authority to accept such assignment.

ARTICLE 10. BOOKS AND RECORDS

VENDOR agrees to maintain separate and accurate books, records, documents and other evidence and accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement.

ARTICLE 11. RETENTION OF RECORDS

VENDOR agrees to retain all books, records and other documents relevant to this Agreement for six (6) years after the final payment or termination of this Agreement, whichever later occurs. CITY, or any State and/or Federal auditors, and any other persons duly authorized by the CITY, shall have full access and the right to examine any of said materials during said period.

ARTICLE 12. AUDIT BY THE CITY AND OTHERS

All Claimant Certification forms or invoices presented for payment to be made hereunder, and the books, records and accounts upon which said Claimant's Certification forms or invoices are based are subject to audit by the CITY. VENDOR shall submit any and all documentation and justification in support of expenditures or fees under this Agreement as may be required by the CITY so that it may evaluate the reasonableness of the charges, and VENDOR shall make its records available to the CITY upon request. All books, Claimant's Certification forms, records, reports, cancelled checks and any and all similar material may be subject to periodic

inspection, review and audit by the CITY, the State of New York, the federal government, and/or other persons duly authorized by the CITY. Such audits may include examination and review of the source and application of all funds whether from the CITY, State, the federal government, private sources or otherwise. VENDOR shall not be entitled to any interim or final payment under this Agreement if any audit requirements and/or requests have not been satisfactorily met.

ARTICLE 13. INSURANCE

For all of the SERVICES set forth herein and as hereinafter amended, VENDOR shall maintain or cause to be maintained, in full force and effect during the term of this Agreement, at its expense, insurance as may be required by law. Such policies are to be in the broadest form available on usual commercial terms and shall be written by insurers of recognized financial standing satisfactory to the CITY who have been fully informed as to the nature of the SERVICES to be performed. Where applicable, the CITY shall be an additional insured on all such policies with the understanding that any obligations imposed upon the insured (including, without limitation, the liability to pay premiums) shall be the sole obligation of VENDOR and not those of the CITY. Notwithstanding anything to the contrary in this Agreement, VENDOR irrevocably waives all claims against the CITY for all losses, damages, claims or expenses resulting from risks commercially insurable under this insurance described in this Article 13. The provisions of insurance by VENDOR shall not in any way limit VENDOR'S liability under this Agreement.

When applicable, VENDOR shall attach to this Agreement certificates of insurance evidencing VENDOR'S compliance with the following requirements:

Each policy of insurance shall contain clauses to the effect that (i) such insurance shall be primary without right of contribution of any other insurance carried by or on behalf of the CITY with respect to its interests, (ii) it shall

not be cancelled, including, without limitation, for non-payment of premium, or materially amended, without fifteen (15) days prior written notice to the CITY, directed to the City Manager, the Corporation Counsel and to the Department Head and the CITY shall have the option to pay any necessary premiums to keep such insurance in effect and charge the cost back to VENDOR.

To the extent it is commercially available, each policy of insurance shall be provided on an "occurrence" basis. If any insurance is not so commercially available on an "occurrence" basis, it shall be provided on a "claims made" basis, and all such "claims made" policies shall provide that:

A. Policy retroactive dates coincide with or precede VENDOR'S start of the performance of this Agreement (including subsequent policies purchased as renewals or replacements);

B. VENDOR will maintain similar insurance for at least six (6) years following final acceptance of the SERVICES;

C. If the insurance is terminated for any reason, VENDOR agrees to purchase an unlimited extended reporting provision to report claims arising from the SERVICES performed or goods provided for the CITY; and

D. Immediate notice shall be given to the CITY through the City Manager of circumstances or incidents that might give rise to future claims with respect to the SERVICES performed under this Agreement.

ARTICLE 14. INDEMNIFICATION

VENDOR agrees to defend, indemnify and hold harmless the CITY, including its officials, employees and agents, against all claims, losses, damages, liabilities, costs or expenses (including, without limitation, reasonable attorney fees and costs of litigation and/or settlement), whether incurred as a result of a claim by a third party or any other person or entity, arising out of

the SERVICES performed pursuant to this Agreement which the CITY or its officials, employees or agents, may suffer by reason of any negligence, fault, act or omission of VENDOR, its employees, representatives, subcontractors, assignees, or agents.

In the event that any claim is made or any action is brought against the CITY arising out of the negligence, fault, act, or omission of an employee, representative, subcontractor, assignee, or agent of VENDOR either within or without the scope of his respective employment, representation, subcontract, assignment or agency, or arising out of VENDOR'S negligence, fault, act or omission, then the CITY shall have the right to withhold further payments hereunder for the purpose of set-off of sufficient sums to cover the said claim or action. The rights and remedies of the CITY provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

ARTICLE 15. PROTECTION OF CITY PROPERTY

VENDOR assumes the risk of and shall be responsible for, any loss or damage to CITY property, including property and equipment leased by the CITY, used in the performance of this Agreement and caused, either directly or indirectly by the acts, conduct, omissions or lack of good faith of VENDOR, its officers, directors, members, partners, employees, representatives or assignees, or any person, firm, company, agent or others engaged by VENDOR as an expert consultant specialist or subcontractor hereunder.

In the event that any such CITY property is lost or damaged, except for normal wear and tear, then the CITY shall have the right to withhold further payments hereunder for the purposes of set-off in sufficient sums to cover such loss or damage.

VENDOR agrees to defend, indemnify and hold the CITY harmless from any and all liability or claim for loss, cost, damage or expense (including, without limitation,

reasonable attorney fees and costs of litigation and/or settlement) due to any such loss or damage to any such CITY property described in this Article.

The rights and remedies of the CITY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or by this Agreement.

ARTICLE 16. CONFIDENTIAL INFORMATION

In the course of providing the SERVICES hereunder, VENDOR may acquire knowledge or come into possession of confidential, sensitive or proprietary information belonging to CITY. VENDOR agrees that it will keep and maintain such information securely and confidentially, and not disclose such information to any third parties, including the media, nor use such information in any manner publically or privately, without receiving the prior approval, in writing, of the CITY authorizing such use. VENDOR'S obligations under this clause to maintain the confidentiality of such information and to refrain from using such information in any manner without the prior written approval of the CITY shall survive the termination or expiration of this Agreement.

ARTICLE 17. TERMINATION

The CITY may, by written notice to VENDOR effective upon mailing, terminate this Agreement in whole or in part at any time (i) for CITY'S convenience, (ii) upon the failure of VENDOR to comply with any of the terms or conditions of this agreement, or (iii) upon the VENDOR becoming insolvent or bankrupt.

Upon termination of this Agreement, the VENDOR shall comply with any and all CITY closeout procedures, including, but not limited to:

In the event the CITY terminates this Agreement in whole or in part, as provided in this Article, the CITY may procure, upon such terms and in such manner as deemed appropriate, SERVICES similar to those so terminated, and the VENDOR shall continue the performance of this Agreement to the extent not terminated hereby. If this Agreement is terminated in whole or in part for other than the convenience of the CITY, any SERVICES or goods procured by the CITY to complete the SERVICES herein will be charged to VENDOR and/or set-off against any sums due VENDOR.

Notwithstanding any other provision of this Agreement, VENDOR shall not be relieved of liability to the CITY for damages sustained by the CITY by virtue of VENDOR'S breach of the Agreement or failure to perform in accordance with applicable standards, and the CITY may withhold payments to VENDOR for the purposes of set-off until such time as the exact amount of damages due to the CITY from VENDOR is determined.

The rights and remedies of the CITY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

ARTICLE 18. GENERAL RELEASE

The acceptance by VENDOR or its assignees of the final payment under this Agreement, whether by Claimant's Certification form, judgment of any court of competent jurisdiction, or administrative means shall constitute and operate as a general release to the CITY from any and all claims of VENDOR arising out of the performance of this Agreement.

RESOLUTION NO.: 233 - 2022

OF

SEPTEMBER 12, 2022

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF NEWBURGH
URGING THE NEW YORK STATE LEGISLATURE
TO PASS THE "CLEAN SLATE ACT" (S1553D/A6399C)

WHEREAS, three million people in New York State have criminal conviction records; and

WHEREAS, people with criminal conviction records face thousands of civil barriers to employment, licensing, housing and educational opportunities long after they have completed their sentences; and

WHEREAS, racial disparities and socio-economic discrimination are rampant throughout the criminal legal system, and statistics and anecdotal evidence show that convictions for even low-level offenses result in cyclical harm and structural instability for individuals, families and communities; and

WHEREAS, excluding individuals with criminal records from full participation in society through a system of perpetual punishment creates intergenerational trauma and exacerbates racial and economic inequality; and

WHEREAS, Black and Latinx Newburgh residents are far more likely to be stopped, arrested, prosecuted, convicted and incarcerated in the criminal legal system than white Newburgh residents; and

WHEREAS, people of color are far more likely to be discriminated against based on a conviction record; and

WHEREAS, people who have been to prison lose an average of \$484,400.00 in earnings over their lifetime; and

WHEREAS, excluding individuals with conviction histories from the workforce costs the economy between \$78 billion and \$87 billion in lost gross domestic product; and

WHEREAS, approximately 95% of incarcerated people return to their communities after serving their sentences; and

WHEREAS, giving people access to jobs, housing, education and licenses to practice a trade increases their participation in the economy and reduces the likelihood they will return to prison, thereby making our communities safer; and

WHEREAS, only approximately 2,500 of an estimated 600,000 eligible people, or less than 0.5%, have had their records sealed since New York's current application-based sealing law went into effect in 2017; and

WHEREAS, a system of automatic sealing and expungement of criminal records is essential to provide relief to those who need it most; and

WHEREAS, the "Clean Slate Act", currently identified as S1553D/A6399C, sponsored by New York State Senator Zellnor Myrie and New York State Assembly Member Catalina Cruz would require that most criminal records be sealed automatically after a specified period of time; and

WHEREAS, the "Clean Slate Act" would remove systemic barriers to stable housing, employment, education and allow millions of New Yorkers to participate fully in civil life and in their communities; and

WHEREAS, numerous other states, including Pennsylvania, Michigan, Utah and Connecticut have already passed "Clean Slate" legislation;

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Newburgh calls on the New York State Legislature to pass and the Governor to sign the Clean Slate Act; and

BE IT FURTHER RESOLVED, that the City Clerk, no later than 30 days after passage of this Resolution, shall transmit copies of this resolution to Governor Kathy Hochul, Speaker of the New York State Assembly Carl Heastie, New York State Senate Majority Leader Andrea Stewart-Cousins, Senator James Skoufis, and Assemblyman Jonathan Jacobson encouraging and requesting that they support The Clean Slate Act (S1553D/A6399C).

5 subdivision twenty-three of section eight hundred thirty-seven of the

8 2. In calculating the time periods under this section, any period of
9 time during which the defendant was incarcerated on a determinate or
10 indeterminate sentence for a period of at least one year shall be
11 excluded and such time period shall be extended by a period equal to the

39 the record that the record has been designated as sealed. Where finger-
40 prints subject to the provisions of this section have been received by
41 the division of criminal justice services and have been filed by the
42 division as digital images, such images may remain unsealed, provided
43 that a fingerprint card of the individual is on file with the division
44 which was not sealed pursuant to this section.

45 (ii) Every official record and paper and duplicates and copies there-
46 of, including, but not limited to, judgments and orders of a court but

4 that the matter has been sealed and request in writing that all such
5 copies be marked as sealed by conspicuously indicating on the face of
6 the record or at the beginning of the digitized file of the record that
7 the record has been designated as sealed.

8 (ii) Every official record and paper and duplicates and copies there-
9 of, including, but not limited to, judgments and orders of a court but

12 shall be marked as sealed by conspicuously indicating on the face of the
13 record or at the beginning of the digitized file of the record that the
14 record has been designated as sealed.

15 4. (a) Nothing in this section requires the sealing or destruction of
16 DNA information maintained in the New York state DNA database of such
17 individual pursuant to the provisions of the executive law in regard to
18 the eligible conviction.

19 (b) Nothing in this section requires the sealing or destruction of
20 records maintained by the department of motor vehicles, and nothing in
21 this section shall be construed to contravene the vehicle and traffic
22 law, the federal driver's privacy protection act (18 U.S.C. 2721 et.
23 seq.), the REAL ID Act of 2005 (Public Law 109-13; 49 U.S.C. 30301
24 note), section 7209 of the Intelligence Reform and Terrorism Prevention
25 Act of 1986 (49 U.S.C. 31311), or regulations promulgated pursuant to
26 any such chapter or act.

27 (c) The division of criminal justice services is authorized to
28 disclose a conviction that is sealed pursuant to this section to enti-
29 ties that are required by federal law, or by rules and regulations
30 promulgated by a self-regulatory organization created under federal law,
31 to consider sealed convictions. Such entities must certify to the divi-
32 sion that they are required by federal law, or by rules and regulations
33 promulgated by a self-regulatory organization that has been created
34 under federal law, to make an inquiry about or consider records sealed
35 pursuant to this section for purposes of employment, licensing, or
36 clearance. To the extent permitted by federal law, a record sealed
37 pursuant to this section may not be considered a conviction that would
38 prohibit the employment, licensing or clearance of the defendant.

39 (d) Nothing in this section shall prohibit entities required by feder-
40 al law, or by rules and regulations promulgated by a self-regulatory
41 organization that has been created under federal law, from making an
42 inquiry about or considering an applicant's criminal history for
43 purposes of employment, licensing, or clearance from inquiring into
44 convictions sealed pursuant to this section.

45 (e) In any civil action, an official record of a conviction that has
46 been sealed pursuant to this section may not be introduced as evidence
47 of negligence against a person or entity that provided employment,
48 contract labor or services, volunteer work, licensing, tenancy, a home
49 purchase, a mortgage, an education, a loan, or insurance if such record
50 was sealed and was not provided to the person or entity by or on behalf
51 of a governmental entity in accordance with this section in response to
52 such person's or entity's authorized and timely request for conviction
53 history information.

54 (f) A person or entity described in this subdivision, acting reason-
55 ably and in good faith, may not have a duty to investigate the fact of a
56 prior conviction that has been sealed pursuant to this section.

1 (g) The division of criminal justice services is authorized to
2 disclose a conviction that is sealed pursuant to this section to the
3 state department of education office of professional discipline for
4 purposes of investigating professional misconduct as defined by subpara-
5 graph (i) of paragraph (a) of subdivision five of section sixty-five
6 hundred nine of the education law. The office of professional discipline
7 must certify to the division that it is investigating an individual
8 licensed to practice a profession pursuant to article one hundred thirty
9 of the education law for professional misconduct as defined by subpara-
10 graph (i) of paragraph (a) of subdivision five of section sixty-five
11 hundred nine of the education law. Nothing in this section shall prohib-
12 it the office of professional discipline from inquiring about or consid-
13 ering convictions sealed pursuant to this section in such proceedings.

14 5. No defendant shall be required or permitted to waive eligibility
15 for sealing pursuant to this section as part of a plea of guilty,
16 sentence or any agreement related to a conviction for a violation of the
17 laws of this state. Any such waiver is void and unenforceable.

18 6. Sealing as set forth in subdivision three of this section is with-
19 out prejudice to a defendant or their attorney seeking further relief
20 pursuant to section 440.10 of this chapter. Nothing in this section
21 shall diminish or abrogate any rights or remedies otherwise available to
22 the defendant.

23 7. All records for a conviction subject to sealing under this section
24 where the conviction was entered on or before the effective date of this
25 section shall receive the appropriate relief promptly and, in any event,
26 no later than two years after such effective date.

27 8. A conviction which is sealed pursuant to this section is included
28 within the definition of a conviction for the purposes of any criminal
29 proceeding in which the fact of a prior conviction would enhance a
30 penalty or is an element of the offense charged.

31 9. Any defendant claiming to be aggrieved by a violation of this
32 section shall have a cause of action in any court of appropriate juris-
33 diction for damages, including punitive damages, and such other remedies
34 as may be appropriate. The provisions of this article shall also be
35 enforceable by the division of human rights pursuant to the powers and
36 procedures set forth in article fifteen of the executive law.

37 § 2. Section 845-d of the executive law is amended by adding new
38 subdivision 4 to read as follows:

39 4. Nothing in this section shall authorize the division to provide
40 criminal history information that is sealed pursuant to section 160.57
41 of the criminal procedure law to any entity other than those explicitly
42 authorized by that section to receive or access such information.

43 § 3. Section 837 of the executive law is amended by adding three new
44 subdivisions 23, 24 and 25 to read as follows:

45 23. Promulgate a standardized form for use by individuals to notify
46 the division of criminal justice services of convictions subject to
47 sealing under section 160.57 of the criminal procedure law, but for
48 which the division has not taken the requisite action for related
49 records.

50 24. Promulgate a certification process whereby individuals seeking use
51 of sealed records pursuant to subparagraph (xii) of paragraph (d) of
52 subdivision one of section 160.57 of the criminal procedure law may
53 request and access records.

54 25. Adopt, amend and rescind such regulations as may be necessary to
55 effectuate the provisions of subparagraph (vii) of paragraph (d) of
56 subdivision one of section 160.57 of the criminal procedure law to

1 determine entities authorized to receive sealed records for purposes of
2 occupations that involve regular and substantial unsupervised or unre-
3 stricted physical contact with children as defined in subdivision one of
4 section three hundred seventy-one of the social services law, and
5 vulnerable persons, as defined in subdivision fifteen of section four
6 hundred eighty-eight of the social services law.

7 § 4. Subdivision 16 of section 296 of the executive law, as amended by
8 section 2 of subpart O of part II of chapter 55 of the laws of 2019, is
9 amended to read as follows:

10 16. It shall be an unlawful discriminatory practice, unless specif-
11 ically required or permitted by statute, for any person, agency, bureau,
12 corporation or association, including the state and any political subdivi-
13 sion thereof, to make any inquiry about, whether in any form of appli-
14 cation or otherwise, or to act upon adversely to the individual
15 involved, any arrest or criminal accusation of such individual not then
16 pending against that individual which was followed by a termination of
17 that criminal action or proceeding in favor of such individual, as
18 defined in subdivision two of section 160.50 of the criminal procedure
19 law, or by an order adjourning the criminal action in contemplation of
20 dismissal, pursuant to section 170.55, 170.56, 210.46, 210.47, or 215.10
21 of the criminal procedure law, or by a youthful offender adjudication,
22 as defined in subdivision one of section 720.35 of the criminal proce-
23 dure law, or by a conviction for a violation sealed pursuant to section
24 160.55 of the criminal procedure law or by a conviction which is sealed
25 pursuant to section 160.59 or 160.58 of the criminal procedure law, or
26 by a conviction which is sealed pursuant to section 160.57 of the crimi-
27 nal procedure law, except where such conviction record is accessed

OLD BUSINESS

Mayor Harvey made a request that the vacancy study be prioritized after hearing all of the comments concerning the housing crisis.

Michelle Kelson remarked that they are going to need a consultant and it will have to be added as an item in the 2023 budget. She stated that Alexandra Church has made a budget department request for funding of the vacancy study. Kelson stated that even though it has to be added in the 2023 budget, there are things that the council can do to prepare for it.

Councilmember Sklarz requested that they look at condensing the City Manager's Report, so as to group together items. There were almost forty items on the agenda tonight. If we could group them into seven to ten item brackets, like the school board does, then it could be more manageable. He pointed out that he and his colleagues received an allocation of budget for them to spend down during this calendar year. They are running out of time, and he requested guidelines from the comptroller on what the money can and can't be spent on. Also he asked if funds could be carried over into 2023.

Kelson commented. She would have to research further whether the council could do a consent agenda format. We've learned the hard way that we have to put in every item into the NOVUS agenda software. It can't grouped together. Maybe there is another way; but, she would have to look at the rules of order and procedure first. She hasn't seen local governments do it though. One of the problem with the voluminous agenda is that the items pile up because there is only one meeting per month during the summer months. Things will lighten up in some ways, but, she informed the council that there will be four public hearings at the next council meeting. She mentioned that budgeted money can't be carried over into 2023 generally. If you have a city project that hasn't been discussed, then the Comptroller can give you guidelines on whether it is feasible or not. In the legal department, they are currently working on a special event sponsorship policy that will identify recurring events that the city sponsors.

There was no other old business to discuss.

NEW BUSINESS

Councilmember Shakur desired to put together a resolution for tenants' rights. One was recently passed in Kingston, New York. He will look into it further so that he can bring it to the council next month.

Michelle Kelson commented that the council has addressed tenant responsibility previously. Tenants' rights is a little different though. General Municipal Law allows for the creation of a landlord-tenant council; but, that is not going to be an advocacy group for tenants' rights. While such legislation could help examine relationships between landlord and tenants, and also provide education, it is not exactly going to be a community advocacy organization. She stated that Kingston is talking about funding a program for legal representation in housing court. She pointed out that this council has actually funded this type of program through a contract tailored for Legal Services of the Hudson Valley. We used additional CDBG funding that came out of the Coronavirus federal legislation. The City of Newburgh developed an RFP, and awarded a contract to provide additional support for the legal services program in housing court in the City Court of Newburgh. That program is still in effect.

There was no other new business to discuss.

FURTHER COMMENTS FROM THE COUNCIL

Councilmember Grice thanked everyone who remained. Although he is not happy with the timeline provided for the swimming pool, he is happy with the design. If we work with them we can get a more aggressive timeline. He encouraged everyone to watch the budget sessions, as the council is very transparent with the budget. There are several committees that are seeking volunteers, and he highlighted the Charter Review Commission. There has been some chatter on social media, but, the Polly was already going to be drawn down. While we don't discuss ongoing investigations and litigation, he did thank those departments that are working together to help solve the criminal aspect that happened simultaneously. While the council does try to be very professional when we are here, there are times when you might catch him laughing at a joke made by a colleague. If he is laughing, then try to ask him a question about it, instead of making false presumptions about why he is laughing. He will be very transparent about it. He pointed out that his wife is a small business owner, and she will be involved in the upcoming small business event.

Michelle Kelson clarified that the Citizens Advisory Commission is the body that will review applications for the Redistricting Commission. If anyone is interested, she encouraged persons to submit their application, in writing. Although we are going to have to streamline the process, if anyone is interested in looking at the composition of the wards and ward boundaries, then districting is for you.

Councilmember Martinez commented that it is getting late. Her main tenet tonight is that housing is a human right.

Councilmember Monteverde wished everyone a good night.

Councilmember Shakur commented. He received an eviction on July 1, 2022, and he has ninety (90) days to be out of his place. He might be down here in front of City Hall with his tent, and he welcomed anybody else that is homeless to come join him and stop what is going on in our city.

Councilmember Sklarz wished everyone a good night.

Councilmember Sofokles thanked DPW and the Water Department staff for its work at Masterson's Park. The Saturday events for the children have been wonderful.

Mayor Harvey thanked the Police Commissioner for his leadership. He knows it is tall task between the police commissioner, chief and the department, as a whole, with everything that we have going on. There has been ongoing discussion with the City Manager to get the salaries raised for the police department. He can't say too much about it because they are in contract negotiations. But we know why we are losing a lot of police officers. It is simply because other municipalities are in a position to offer them more money. We don't want them to leave, and Harvey hopes that in 2023 we can increase those salaries so that we can have a better retention rate. He commented that the conditions of the police station are deplorable. The city council agreed on it, and did its part to vote on the purchase of a building in the West End of the city to station them at. It was the council's intent that the construction be completed to get the police department out of that dump and put them in the new building. He stated that the timeframe though has been another debate with the city manager. It is not the council though. Harvey wanted everyone to be clear about that.

This portion of the meeting was closed.

ADJOURNMENT

There being no further business to come before the council, the meeting adjourned at 10:30 P.m.

**KATRINA COTTEN
DEPUTY CITY CLERK**
