PRESENTATIONS

Public Hearing - Local Law Enacting Exemption for Disabled Persons with Limited Incomes

Mayor Harvey called for a Public Hearing that was advertised for this meeting to receive comments concerning a Local Law adding Article IX, entitled " Exemption for Disabled Persons with Limited Incomes" to Chapter 270 entitled " Taxation " of the City Code of the City of Newburgh

Mark Sanchez-Potter, First Street said He is in favor of the Local Law enacting "Exemption for Disabled Persons with Limited Income".

Gabrielle Hill, resident, stated that she has been here all her life and is in support of this Local Law, she feels this is great for the elderly living in the City of Newburgh.

Regina Wilson, 21 Johnston Street, stated that she is in support of this Local Law because her husband is disabled.

COMMENTS FROM THE PUBLIC REGARDING AGENDA AND GENERAL MATTERS OF CITY BUSINESS

Chuck Thomas, resident of Montgomery Street, Thanked the City staff, Alexandra Church, Helen Reilly, and the legal team for funding the Grant for CAC.

A City of Newburgh resident of 2 Chadwick Gardens, stated she is on a fixed income; her rent went up in the last two years and she only receives \$300 in SSDI. It is very hard for her to keep up with the utilities and buy food for her home. She is asking for help, so the City of Newburgh residents can keep their living spaces.

A resident of 193 Grand Street stated that she and her partner are College Professors. They moved to the City of Newburgh from Brooklyn in 2020 because they were priced out. If rents continue to go up, they will be priced out of the City of Newburgh as well.

Carla Johnson, A resident of the City of Newburgh, said that the cameras on Lander Street are not working, and she feels they pick and choose where the cameras are being installed. Johnson feels the rents are too high in the City of Newburgh and people that look like her are being priced out.

Jewell Martin, A resident, says that when she complains at the City of Newburgh Police Department, she is not taken seriously, and gets kicked out of the lobby. Martin said that she made a complaint about a Sgt. to the City Manager and the Chief, and nothing has been done.

Cynthia, A resident of 11 Grand Street stated that she was sad her son informed her that he was moving to NYC because the City of Newburgh has nothing for him. Cynthia said she is fortunate to have a good landlord because he understands the struggle. Although, she has a friend that lives at 111 Broadway and stated that their rent went up. She understands that the rent must go up but feels it should not increase yearly.

Daniel Altona, A resident of Poughkeepsie but works in the City of Newburgh. He thanked the City of Newburgh for opposing the resolution to turn homes into hotels. Altona is involved with "FOR THE MANY" and feels there should be rent guidelines in the City of Newburgh.

Ray Harvey, Johnson Street, stated that he opposes the Rte. 17 expansion. He also would like to meet with the Chief of Police because he has been receiving complaints from the residents. Mr. Harvey thought the City of Newburgh Police Department was on good terms with the community, but now he is hearing different.

Mark Sanchez-Potter, resident of First Street, is here to support the Vacancy Study. He feels that housing is a human right, and he would not like to see anyone living on the streets.

Antonella resident of 190 Broadway, #4. stated there is a housing crisis, and she is in support of the Vacancy Study.

Julius Williams, resident of Johnston Street, stated in the last three weeks he has seen many homeless people on Broadway and Johnson. They use his alleyway to do drugs, sell drugs, have sex and urinate. Williams said that he walks his daughter to the bus stop because there is a sexual offender living in the area and he wants to make sure his daughter gets to school safely.

Gabrielle Hill, City of Newburgh Resident, stated she urges the City of Newburgh to take a dive into the funds. She feels we need public transportation for the residents. Hill announced and welcomed everyone to attend the Colored Burial Ground dedication on Sunday, September 24, 2023, at 2:00 p.m.

Jesse, A resident of 2 Washington Place, stated that his Tax Assessment went up 80% percent and School Taxes 50% percent. He said that when taxes go up it triggers down to

the renters because the landlords must pay the taxes. Jesse grew up in the City of Newburgh and graduated from NFA. He feels this is a city-wide problem that affects everyone.

Michelle Basch, City of Newburgh resident, stated that when the city decides to pave or dig from Ann Street to Washington Street, The City should inform the businesses that will be disrupted. This would involve her business, Fairfax and the new Taco Place.

COMMENTS FROM THE COUNCIL REGARDING THE AGENDA AND GENERAL MATTERS OF CITY BUSINESS

Mayor Harvey stated that "the Good Cause Eviction was Struck down in court not only in the City of Newburgh, but statewide." Mayor asks the Corporation Council for an update on the (ETPA) Emergency Tenant Protection Act.

The Corporation Council gave an update on the ETPA Vacancy Study.

Councilmember Grice stated that "social media negative comments do not reflect the positive work that is being done in the city." He stated, "that as for the taxes and assessments they are not the same, it's not a mystery box if you have a problem go see the Assessor and get accurate information." Grice also feels that "all municipalities should support homeless services because there is a problem with the homeless." He feels the benches on Johnston Street should be removed. Grice is opposing the spending of \$1 Billion on the Route 17k expansion.

Councilmember Monteverde stated that "she is concerned with the homeless population in the City of Newburgh." She is not sure what has changed. Monteverde is opposed to the Rte. 17k expansion project. She feels those funds can go to other public transportation initiatives.

Councilmember Shakur stated that "there is a big housing and homelessness problem in the City of Newburgh." Shakur would like to declare a housing emergency at this time." Newburgh Ministry is the problem since they bring people into the city that do not even live here. They put them in the Ministry and do not support them with anything, so they have nothing to do all day but hang out. Mr. Greene is also a problem; he sends these people to Middletown, and they have nothing to do but stand on the corner all day."

Councilmember Sklarz thanked everyone that came out. He said that "if anyone is interested in replacing their lead water lines, contact the Water Dept. The state has granted the city of Newburgh a \$1 million dollar grant".

Mayor Harvey stated he understands that "people are frustrated, but there is a process.

You cannot rush the process, he said, because there are State and Federal guidelines that the City of Newburgh must follow.” Harvey said, “if the city does not follow the process we can be sued.”

NEW BUSINESS

There was no New Business to discuss.

OLD BUSINESS

George Garrison, Superintendent of Department of Public Works stated that they are going to start paving on September 19, 2023. The streets included in this project will be Grand Street, Liberty Street, Elmwood Street, Powell Avenue and Park Place.

Councilmember Monteverde, asked for an update on Liberty Street and roadwork that is being done in the City of Newburgh. She also wanted an update from the City of Newburgh Police Department. Monteverde said they have not received one in a while.

Jason Morris, Engineer gave an update on the road work being done in the City of Newburgh.

Mayor Harvey stated he would like an update on the Video Surveillance cameras.

FURTHER COMMENTS FROM THE COUNCIL

Councilmember Grice stated he has seen many negative comments and complaints on social media which are not accurate. He feels that you should come to the source and not engage in negative comments. Grice is open to sharing with the community any questions they may have. He feels that low-income housing should include homeownership, because if someone can swing the high rents, they are able to afford a mortgage.

Councilmember Monteverde thanked everyone that stayed for the meeting. She does not have much to say as things are coming along.

Councilmember Shakur thanked everyone that came out to the meeting. He feels landlords have a legal responsibility to keep rents down and do better as landlords. It's very hard on Shakur sitting at the table as a Councilmember and does not have answers for the residents of the City of Newburgh. We have to do better, he said.

Councilmember Sklarz thanked everyone that came out. He is proud of all the great work being done in the city of Newburgh.

Mayor Torrance Harvey stated that he is proud of the projects being done in the City of Newburgh. Although, there has been a lot of misinformation on social media ruining the good work being done by the city.

ADJOURNMENT

Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law, if this contract exceeds \$50,000 (or \$75,000 for State University of New York or City University of New York contracts for goods, services, construction and printing, and \$150,000 for State University Health Care Facilities) or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services, either for itself or its customer agencies by the Office of General Services Business Services Center, is required when such contracts exceed \$85,000. Comptroller's approval of contracts established as centralized contracts through the Office of General Services is required when such contracts exceed \$125,000, and when a purchase order or other procurement transaction issued under such centralized contract exceeds \$200,000.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in

accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). The Records

must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.

(a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR Part 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Section 312 does not

apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this clause. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this

law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in § 165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

The Omnibus Procurement Act of 1992 (Chapter 844 of the Laws of 1992, codified in State Finance Law § 139-i and Public Authorities Law § 2879(3)(n)-(p)) requires that by signing this bid proposal or contract, as applicable, Contractors certify that whenever the total bid amount is greater than \$1 million:

(a) The Contractor has made reasonable efforts to encourage the participation of New York State Business Enterprises as suppliers and subcontractors, including certified minority- and women-owned business enterprises, on this project, and has retained the documentation of these efforts to be provided upon request to the State;

(b) The Contractor has complied with the Federal Equal Opportunity Act of 1972 (P.L. 92-261), as amended;

(c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS.

Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5)) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 2023, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

22. COMPLIANCE WITH BREACH NOTIFICATION AND DATA SECURITY LAWS.

Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law §§ 899-aa and 899-bb and State Technology Law § 208).

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW.

If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4)(g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a “procurement contract” as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the “Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012” (“Prohibited Entities List”) posted at: <https://ogs.ny.gov/iran-divestment-act-2012>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.

This CO is for a new item to install a drainage structure to address water ponding in the northbound right lane at the low point of the roadway profile. The ponding encroaches on most of the right lane resulting in the lane being kept closed to traffic. The project designer developed a plan to install a new drainage structure and connect it to an existing drainage structure to the south. The drainage structure to the south will also be altered to lower the top of grate elevation slightly. The project designer submitted the plan to DOT and received DOT approval for the plan.

NE CURB - PONDING ISSUE - SKETCH

Northeast Curb, view looking North from CL Arch

- Non-Conforming Features:**
- Placing a new drainage interceptor and pipe directly above an existing drainage pipe.
 - Non-standard use of NYSDOT Transverse Drainage Interceptor at low point instead of standard Drainage Structure to avoid conflict with existing 24" RCP below.
 - Use of smaller diameter 10" pipe than the 12" min recommended by NYSDOT Highway Design Manual 8.7.5.1 as a larger pipe would have insufficient cover. For 10 year design storm with 2,700 sf drainage area, flow demand = 0.34 cfs, 10" pipe capacity is 4.07 cfs.
 - Shallow Pipe Cover of min 7.7in below top course at new interceptor (increasing to 24in at south basin). Mitigated by use of Class C concrete fill.

Reasons Required:

Cannot install standard Drainage Structure at low point and replace existing 24" RCP drainage pipe as would require excessive excavation depth (8-10ft) that conflicts with recently installed adjacent sewer line buried in concrete, would also require 58ft pipe replacement length. Alternative solution proposes shallow Transverse Drainage Interceptor with shallow drainage pipe installed for a shorter 33ft length above existing drainage pipe and connecting to south catch basin. Cannot install standard Drainage Structure as it is too wide (50"), would conflict with adjacent sewer line. Narrower Interceptor chosen (34" wide).

Orietta,

7.26in is the largest pipe cover below the top course that can be obtained at the pipe/interceptor connection using the proposed shallow interceptor solution, it cannot be increased. We tried to get a standard drainage structure to work but while allowing greater pipe cover it is too wide (conflicting with the adjacent sewer line) and the bottom of the structure would also conflict with the existing 24 in dia. drain pipe directly below.

However, the 7.26in cover condition is only local to the immediate vicinity of the interceptor, as cover will increase linearly over the 30ft pipe length to the south catch basin. Minimum concrete encasement is 7.26in at the interceptor, maximum of 23.52in at the south basin.

Gavin,
I have reviewed the proposed drainage modification and have the following questions.
1. Is 7.26in the maximum pipe cover that can be obtained?
2. From our experience, the Pre-cast drainage interceptor (along with the smaller diameter pipe) gets clogged very easily, is the sponsor prepared to perform additional maintenance?

Hi Orietta,

My colleagues and I from McLaren have been working with the City of Newburgh on a local bridge replacement project (Lake St / Route 32, BIN 2022260). The bridge and approach road is owned by the city but the project is funded as a NYSDOT local project under the federal aid program.

The City Engineer Jason Morris suggested I reach out to you regarding a drainage construction issue. The bridge replacement has been completed but a ponding condition has been observed at one of the approach curbs. Due to certain site constraints a drainage modification to remove the ponding is required that would not be in conformance with typical NYSDOT details and guidelines – would you be able to tell us whether NYSDOT review and approval is required, and if so, who in the Local Projects Group could review the proposed solution?

Regards,

Gavin Daly, P.E.

Daily Equipment Reimbursement Rates for Traffic Control Devices (06/23)

The following Traffic Control Devices will be considered as equipment for all Price Analysis and Force Account work. The tabulated Daily Ownership Costs for these devices were established by the Office of Construction as fair and reasonable, based on purchase cost, estimated number of uses, and an estimated replacement rate. These rates should be used to reimburse the Traffic Control Devices (TCD) for short duration periods of work. However, when severe job conditions result in damage and/or destruction of TCDs at an extraordinarily high rate, higher daily ownership costs may be justified. In that case, it would be necessary to support the higher rate with a workup showing the invoiced purchase price and life expectancy of the WZTC device.

	Traffic Control Device	Daily Ownership Cost
	Cones	\$0.35 Each
	Drums	\$1.10 Each
	Drums w/ Lights	\$1.45 Each
	Type II Construction Barricade	\$0.70 Each
	Type II Construction Barricade w/ Lights	\$1.00 Each
E-13	Type III Construction Barricade $30 \times 10 \text{ days} = 300 \text{ days}$	\$2.50 Each
	Type III Construction Barricade w/ Lights	\$2.85 Each
E-14	Construction Signs $6 \text{ signs} \times 9 \text{ SF/Sign} = 54 \text{ SF}$ $54 \text{ SF} \times 0.15 = \$8.10 / \text{day} (10 \text{ days})$	\$0.15 per Sq Foot
E-12	Sign Stand – (FHWA Approved) $6 \text{ stands} \times 10 \text{ days} = 60 \text{ days}$	\$2.10 Each
	Sign Stand – Tripod w/ Flag Holder	\$0.90 Each
	Temporary Concrete Barrier	\$0.10 per Foot
	Steel Road Plates	\$0.10 per Sq Foot
	Vertical Panels	\$1.10 Each
	Tubular Markers	\$0.35 Each

NOTE: Sand bags used as ballast for sign stands will be considered as overhead and will not be reimbursed separately.

Item A.4.b. Fellow Employee Exclusion of New York In Business Auto, Business Auto Physical Damage, Motor Carrier and Trucker Coverage Forms, CA 01 12 is amended to add:

This exclusion does not apply if the "bodily injury" results from the use of a covered "auto" you own or hire. Such coverage as is afforded by this provision is excess over any other collectible insurance.

In this endorsement, Headings and Titles are inserted solely for the convenience and ease of reference. They do not affect the coverage provided by this endorsement, nor do they constitute any part of the terms and conditions of this endorsement. All other policy wording not specifically changed, modified, or replaced by this endorsement wording remains in effect.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

FOLLOWING FORM ENDORSEMENT – NEW YORK

This endorsement modifies insurance provided under the following:

COMMERCIAL LIABILITY UMBRELLA COVERAGE PART

The insurance provided under this policy will follow the same provisions, exclusions and limitations that are contained in the applicable "underlying insurance", unless otherwise directed by this policy. To the extent provisions of "underlying insurance" conflict with the provisions of this policy, the provisions of this policy will apply. However, the coverage provided under this policy will not be broader than that provided by the applicable "underlying insurance".

There may be more than one "underlying insurance" listed in the Declarations. When provisions in those policies conflict, and are not superseded by the provisions of this policy, the provisions, exclusions and limitations of the "underlying insurance" applicable to the particular "occurrence" or offense which results in a claim or "suit" will apply.

Notwithstanding anything to the contrary in this policy, the insurance coverage afforded by this policy as respects operations in New York State shall conform to the requirements of the applicable New York State Insurance Laws and the applicable New York State Department of Financial Services Regulation; provided, however, that the limits of liability as stated in this policy shall be excess of the limits of liability of any "underlying insurance" as stated in the Declarations or in any endorsement attached hereto.

This provision still applies when the "underlying insurance" is issued by an unlicensed company.

Members of the City Council
City of Newburgh
City Hall
83 Broadway
Newburgh, New York 12550

Dear Members of the City Council:

This letter sets forth our understanding of the terms and objectives of our engagement, and the nature and scope of the services we will provide to City of Newburgh, New York ("Entity").

Prior to the commencement of our audit(s) we may not know if an audit performed in accordance with the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards ("Uniform Guidance") is required. Consequently, this letter includes the words "if applicable" next to relevant single audit communication requirements.

Audit Scope and Objectives

We will audit the Entity's statements of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information and the disclosures, which collectively comprise the basic financial statements of the Entity as of and for the year ended December 31, 2023 and issue our report thereon as soon as reasonably possible after completion of our work.

Accounting standards generally accepted in the United States of America provide for certain required supplementary information ("RSI"), such as management's discussion and analysis ("MD&A"), to supplement the Entity's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the Entity's RSI in accordance with auditing standards generally accepted in the United States of America, ("US GAAS"). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by US GAAP and will be subjected to certain limited procedures, but will not be audited:

- Management's Discussion and Analysis
- Schedule of Changes in the Total OPEB Liability and Related Ratios
- Schedules of Contributions and Proportionate Share of the Net Pension Liability

PKF O'CONNOR DAVIES, LLP
500 Mamaroneck Avenue, Harrison, NY 10528 | Tel: 914.381.8900 | Fax: 914.381.8910 | www.pkfod.com

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

We have also been engaged to report on supplementary information other than the RSI that accompanies the Entity's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS, *Government Auditing Standards* issued by the Comptroller General of the United States ("GAGAS") (if applicable), and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") (if applicable), and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

- Combining and Individual Fund Financial Statements and Schedules
- Schedule of Expenditures of Federal Awards (if applicable)

In connection with our audit of the basic financial statements, we will read the following other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

- Introductory section of the Annual Comprehensive Financial Report
- Statistical section of the Annual Comprehensive Financial Report

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud, error, misappropriation of assets, or violations of laws or governmental regulations that are attributable to the Entity or to acts by management or employees acting on behalf of the Entity; and issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP; and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Because the determination of abuse is subjective, GAGAS do not expect auditors to provide reasonable assurance of detecting abuse. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, GAGAS (if applicable), and Uniform Guidance (if applicable) will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct the audit in accordance with US GAAS, GAGAS (if applicable), and Uniform Guidance (if applicable), and will include tests of accounting records, a determination of major programs in accordance with Uniform Guidance (if applicable), and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with US GAAS, GAGAS (if applicable), and Uniform Guidance, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of

assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may exist and not be detected by us even though the audit is properly planned and performed in accordance with US GAAS, GAGAS (if applicable), and Uniform Guidance (if applicable). In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements and on those programs we have determined to be major programs (if applicable). However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting or misappropriation of assets and any material abuse that comes to our attention. We will include such matters in the reports required for a Single Audit (if applicable). We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential.

The objective for our audit also includes reporting on:

- Internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts or grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with GAGAS (if applicable).
- Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with Uniform Guidance, Audits of States, Local Governments and Non-Profit Organizations (if applicable).

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Entity's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to GAGAS (if applicable).

Uniform Guidance (if applicable) requires that we also plan and perform the audit to obtain reasonable assurance about whether the Entity has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "Uniform Guidance Compliance Supplement" for the types of compliance requirements that could have a direct and material effect on each of the Entity's major programs. The purpose of these procedures will be to express an opinion on the Entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to Uniform Guidance. As required by Uniform Guidance, we will also perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to prevent or detect material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Uniform Guidance.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also include, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's/Entity's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of

receivables and certain assets and liabilities by correspondence with selected customers, creditors, and financial institutions. We will also request written representations from your attorneys as part of the engagement when required based on our professional judgement.

After our planning is complete, we will communicate to management and those charged with governance, the significant risk(s) of material misstatement identified in our audit planning.

Audit Procedures – Internal Control

We will obtain an understanding of the Entity and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements and the supplementary information, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standard.

Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to prevent and detect misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to GAGAS. An audit is also not designed to identify significant deficiencies or material weaknesses. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.

Audit Procedures – Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Entity's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report.

Reporting

We will issue a written report(s) upon completion of our audit of the Entity's financial statements and written reports required with audits performed in accordance with GAGAS and the Uniform Guidance (if applicable). Our reports will be addressed to management and those charged with governance. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or withdraw from this engagement.

We will also provide a report (which does not include an opinion) on internal control related to the financial statements and compliance with laws, regulations, and the provisions of contracts or grant agreements, noncompliance with which could have a material effect on the financial statements as required by GAGAS (if applicable).

The reports on internal control and compliance (if applicable) will each include a paragraph that states that the purpose of the report is solely to describe (1) the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance, (2) the scope of testing internal control over compliance for major programs and major program compliance and the result of that testing and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance, and (3) that the report is an integral part of an audit performed in accordance with GAGAS in considering internal control over financial reporting and compliance and Uniform Guidance in considering internal control over compliance and major program compliance. The paragraph will also state that the report is not suitable for any other purpose.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form (if applicable) that summarize our audit findings. It is management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. If applicable, we will provide copies of our report for you to include with the reporting package you will submit to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditors' reports or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audit.

We will also communicate with those charged with governance any (a) fraud involving senior management and other fraud that causes a material misstatement of the financial statements; (b) violations of laws or governmental regulations that come to our attention (unless they are clearly inconsequential); (c) disagreements with management and other serious difficulties encountered in performing the audit; and, (d) various matters related to the Entity's accounting policies and financial statements.

Other Services

PKF O'Connor Davies will also prepare the financial statements and the Annual Update Document (AUD) of the Entity in conformity with accounting principles generally accepted in the United States of America based on information provided by you.

PKF O'Connor Davies will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. PKF O'Connor Davies, using professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Responsibilities of Management for the Financial Statements

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements, including all disclosures, RSI and supplementary information, in conformity with accounting principles generally accepted in the United States of America.

Management is responsible for making drafts of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing

us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Your responsibilities include adjusting the financial statements and supplementary information to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the preparation of the supplementary information in conformity with accounting principles generally accepted in the United States of America. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon.

Management's responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the RSI and supplementary information in accordance with US GAAP; (2) you believe the RSI and supplementary information, including its form and content, is fairly presented in accordance with US GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the RSI and supplementary information.

Management is responsible for management decisions and assuming all management responsibilities; for designating an individual with suitable skill, knowledge, and/or experience to oversee the financial statement preparation or other non-attest services we provide; and for evaluating the adequacy and results of those services and accepting responsibility for them.

Management is also responsible for identifying government award programs and understanding and complying with the compliance requirements, and for preparation of the schedule of expenditures of federal awards in accordance with the requirements of Uniform Guidance (if applicable). As part of the audit, we will assist with preparation of your financial statements, schedule of expenditures of federal awards (if applicable), and related notes. You agree to include our report on the schedule of expenditures of federal awards in any document that contains, and indicates that we have reported on, the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon. You are responsible for making all management decisions and assuming all management responsibilities relating to the financial statements, schedule of expenditures of federal awards and related notes, and for accepting full responsibility for such decisions.

Management is also responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud or illegal acts affecting the Entity involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Entity received in communications from employees, former employees, grantors, regulators or others. In addition, you are responsible for identifying and ensuring that the Entity complies with applicable laws, regulations, contracts, agreements and grants and for taking timely and appropriate steps to remedy any fraud, illegal acts, violations of contracts or grant agreements, or abuse that we may

report. Additionally, as required by Uniform Guidance (if applicable), it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan.

In order to help ensure that appropriate goals and objectives are met and that there is reasonable assurance that government programs are administered in compliance with compliance requirements, management is responsible for establishing and maintaining effective internal control, including internal control over compliance, and for evaluating and monitoring ongoing activities.

Management's responsibilities also include identifying any significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for us previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the audit objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. The Entity is also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

At the conclusion of the engagement, we will request from management written confirmation concerning representations made to us in connection with the audit. The representation letter, among other things, will confirm management's responsibility for: (1) the preparation of the financial statements in conformity with US GAAP, (2) the availability of financial records and related data, and (3) the completeness and availability of all minutes of board meetings. Management's representation letter will further confirm that: (1) the effects of any uncorrected misstatements aggregated by us during the engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole, and (2) we have been informed of, or that there were no incidences of, fraud involving management or those employees who have significant roles in the Entity's internal control. You will also be required to acknowledge in the management representation letter, when applicable, our assistance with preparation of the financial statements and related schedules, RSI and the schedule of expenditures of federal awards (if applicable) and that you have reviewed and approved the financial statements, aforementioned schedules and RSI, and related notes prior to their issuance and have accepted responsibility for them. We will place reliance on these representations in issuing our report.

In the event that we become obligated to pay any cost, settlement, judgment, fine, penalty, or similar award or sanction as a result of a claim, investigation, or other proceeding instituted by any third party, as a direct or indirect result of an intentional, knowing or reckless misrepresentation or provision to us of inaccurate or incomplete information by the Entity or, any elected official, member of management or employee thereof in connection with this engagement, and not any failure on our part to comply with professional standards, you agree to indemnify us against such obligations.

To the best of your knowledge, you are unaware of any facts which might impair our independence with respect to this engagement.

The financial statements are the property of the Entity and can be reproduced and distributed as management desires. However, you must notify us in advance and obtain our approval if you intend to make reference to our firm in a document that includes our auditors' report on the financial statements. Because our engagement does not contemplate the foregoing, there may be an additional fee in connection with our review of any such documents. In the event our auditor/client relationship has been terminated when the Entity seeks such consent, we will be under no obligation to grant such consent or approval.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

We understand that your accounting department personnel will assist us to the extent practicable in completing the audit. They will provide us with detailed trial balances, supporting schedules, and other information we deem necessary. A list of these schedules and other items of information will be furnished to you before we begin the audit. The timely and accurate completion of this information is an essential condition to our completion of the audit and the issuance of the audit report.

We keep documents related to this engagement in accordance with our records retention policy and applicable regulations or for any additional period requested by the applicable cognizant agency. If we are aware that a federal awarding agency or the Entity is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation. We do not keep any original client records, so we will return those to you at the completion of the services rendered under this engagement. When records are returned to you, it is your responsibility to retain and protect your records for possible future use, including potential examination by any government or regulatory agencies.

As part of our engagement, we may propose standard, adjusting, or correcting journal entries to your financial statements. Management, however, has final responsibility for reviewing the proposed entries and understanding the nature and impact of the proposed entries to the financial statements. It is our understanding that management has designated qualified individuals with the necessary expertise to be responsible and accountable for overseeing the acceptance and processing of such journal entries.

Non-reliance on oral advice

It is our policy to put all advice on which a client intends to rely in writing. We believe that is necessary to avoid confusion and to make clear the specific nature and limitations of our advice. You should not rely on any advice that has not been put in writing by our firm after a full supervisory review.

Electronic and other communication

During the course of the engagement, we may communicate with you or with Entity personnel via e-mail or other electronic means. You should be aware that communication in those media may be unsafe to use and present a risk of misdirection and/or interception by unintended third parties, or failed delivery or receipt. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from the use of e-mail or other electronic transmissions, including any consequential, incidental, direct, indirect or special damages.

Access to working papers

During the course of this engagement, we will develop files of various documents, schedules and other related engagement information known as our working papers. As we are sure you can appreciate, these working papers may contain confidential information and our firm's proprietary data. You understand and agree that these working papers are, and will remain, our exclusive property. Except as discussed below, any requests for access to our working papers will be discussed with you before making them available to requesting parties:

- (1) Our firm, as well as other accounting firms, participates in a peer review program covering our audit and accounting practices. This program requires that once every three years we subject our system of quality control to an examination by another accounting firm. As part of this process,

the other firm will review a sample of our work. It is possible that the work we perform for you may be selected for review. If it is, the other firm is bound by professional standards to keep all information confidential.

- (2) We may be requested to make certain working papers available to regulators pursuant to authority given to them by law, regulation or subpoena. Such regulators may include (i) a federal agency providing direct or indirect funding or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities; (ii) the American Institute of Certified Public Accountants; and (iii) the State Board of Accountancy. If requested, access to such working papers will be provided under the supervision of our personnel. Furthermore, upon request, we may provide photocopies of selected working papers to them. The regulator may intend, or decide, to distribute the photocopies or information contained therein to others, including other government agencies.

Fees and billing

The components of our fees for each of the fiscal years ending December 31, 2023 are detailed below:

Basic Audit Fee	\$ 71,500
Federal Single Audit	12,500
NYS DOT Audit (if necessary)	2,000
NYS AUD Preparation	4,500
ACFR Preparation	<u>4,000</u>
	<u>\$ 94,500</u>

The above quoted fee includes the compliance audit of one major program in accordance with Uniform Grant Guidance. If the City requires more than one major program to be audited, it will be an additional cost estimated to range from \$4,000 and \$6,000.

The fee is based on anticipated cooperation from your personnel, audit condition of the books and records and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

In accordance with our firm policies, work may be suspended if your account becomes overdue and will not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed even if we have not issued our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination.

If funding for the renewal is contingent upon enactment of an appropriation, the State shall notify the Contractor of the State's intent to renew or not to renew the Master Contract the later of: (1) ninety (90) calendar days prior to the end of the term of the Master Contract, and (2) thirty (30) calendar days after the necessary appropriation becomes law. Notwithstanding the foregoing, in the event that the State is unable to comply with the time frames set forth in this paragraph due to unusual circumstances beyond the control of the State ("Unusual Circumstances"), no payment of interest shall be due to the not-for-profit Contractor. For purposes of State Finance Law §179-t, "Unusual Circumstances" shall not mean the failure by the State to (i) plan for implementation of a program, (ii) assign sufficient staff resources to implement a program, (iii) establish a schedule for the implementation of a program or (iv) anticipate any other reasonably foreseeable circumstance.

a) Upon receipt of notice of termination, the Contractor agrees to cancel, prior to the effective date of any prospective termination, as many outstanding obligations as possible, and agrees not to incur any new obligations after receipt of the notice without approval by the State.

b) The State shall be responsible for payment on claims for services or work provided and costs incurred pursuant to the terms of the Master Contract. In no event shall the State be liable for expenses and obligations arising from the requirements of the Master Contract after its termination date.

4. Effect of Termination Based on Misuse or Conversion of State or Federal Property:

Where the Master Contract is terminated for cause based on Contractor's failure to use some or all of the real property or equipment purchased pursuant to the Master Contract for the purposes set forth herein, the State may, at its option, require:

In the event of such suspension, the Contractor shall be given a formal written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor shall comply with the particulars of the notice. The State shall have no obligation to reimburse Contractor's expenses during such suspension period. Activities may resume at such time as the State issues a formal written notice authorizing a resumption of performance under the Master Contract.

Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. For purposes of this section, "Full Execution" shall mean that the contract has been signed by all parties thereto and has obtained the approval of the AG and OSC. Any interest to be paid on a missed payment to the Contractor based on a delay in the Full Execution of the Master Contract shall be governed by Article 11-B of the State Finance Law.

B. Advance Payment and Recoupment:

4. Recoupment of any advance payment(s) shall be recovered by crediting the percentage of subsequent claims listed in Attachment D (Payment and Reporting Schedule) and Section III(C) herein and such claims shall be reduced until the advance is fully recovered within the Contract Term. Any unexpended advance balance at the end of the Contract Term shall be refunded by the Contractor to the State.

C. Claims for Reimbursement:

1. The Contractor shall submit claims for the reimbursement of expenses incurred on behalf of the State under the Master Contract in accordance with this Section and the applicable claiming schedule in Attachment D (Payment and Reporting Schedule).

Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the applicable Attachment B form (Budget) and during the Contract Term. When submitting a voucher, such voucher shall also be deemed to certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program. ⁵ Fee for Service is a rate established by the Contractor for a service or services rendered.

⁶ Rate based agreements are those agreements in which payment is premised upon a specific established rate per unit.

⁷ Scheduled Reimbursement agreements provide for payments that occur at defined and regular intervals that provide for a specified dollar amount to be paid to the Contractor at the beginning of each payment period (i.e. quarterly, monthly or bi-annually). While these payments are related to the particular services and outcomes defined in the Master Contract, they are not dependent upon particular services or expenses in any one payment period and provide the Contractor with a defined and regular payment over the life of the contract.

h) Interim Reimbursement: The State Agency shall generate vouchers on an interim basis and at the amounts requested by the Contractor as set forth in Attachment D (Payment and Reporting Schedule).

4. The State reserves the right to withhold up to fifteen percent (15%) of the total amount of the Master Contract as security for the faithful completion of services or work, as applicable, under the Master Contract. This amount may be withheld in whole or in part from any single payment or combination of payments otherwise due under the Master Contract. In the event that such withheld funds are insufficient to satisfy Contractor's obligations to the State, the State may pursue all available remedies, including the right of setoff and recoupment.

7. All obligations must be incurred prior to the end date of the contract. Notwithstanding the provisions of Section III(C)(6) above, with respect to the final period for which reimbursement is claimed, so long as the obligations were incurred prior to the end date of the contract, the Contractor shall have up to ninety (90) calendar days after the contract end date to make expenditures; provided, however, that if the Master Contract is funded, in whole or in part, with Federal funds, the Contractor shall have up to sixty (60) calendar days after the contract end date to make expenditures.

2. The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. In the event that the Contractor fails to refund such balance the State may pursue all available remedies.

F. Outstanding Amounts Owed to the State: Prior period overpayments (including, but not limited to, contract advances in excess of actual expenditures) and/or audit recoveries associated with the Contractor may be recouped against future payments made under this Master Contract to Contractor. The recoupment generally begins with the first payment made to the Contractor following identification of the overpayment and/or audit recovery amount. In the event that there are no payments to apply recoveries against, the Contractor shall make payment as provided in Section III(E) (Refunds) herein.

The parties to the attached contract, license, lease, grant, amendment or other agreement of any kind (hereinafter "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract. The word "Contractor" herein refers to any party to the contract, other than the New York State Department of Environmental Conservation (hereinafter "Department").

A) AGENCY SPECIFIC TERMS AND CONDITIONS

I. Postponement, suspension, abandonment or termination by the Department: Within 15 days of receipt of notice, the Contractor shall deliver to the Department all data, reports, plans, or other documentation related to the performance of this contract, including but not limited to source codes and specifications, guarantees, warranties, as-built plans and shop drawings. In any of these events, the Department shall make settlement with the Contractor upon an equitable basis as determined by the Department which shall fix the value of the work which was performed by the Contractor prior to the postponement, suspension, abandonment or termination of this contract. This clause shall not apply to this contract if the contract contains other provisions applicable to postponement, suspension or termination of the contract.

II. Conflict of Interest

(a) Organizational Conflict of Interest - To the best of the Contractor's knowledge and belief, the Contractor warrants that there are no relevant facts or circumstances which could give rise to an organizational conflict of interest, as herein defined, or that the Contractor has disclosed all such relevant information to the Department.

(1) An organizational conflict of interest exists when the nature of the work to be performed under this contract may, without some restriction on future activities, impair or appear to impair the Contractor's objectivity in performing the work for the Department.

(2) The Contractor agrees that if an actual, or potential organizational conflict of interest is discovered at any time after award, whether before or during performance, the Contractor will immediately make a full disclosure in writing to the Department. This disclosure shall include a description of actions which the Contractor has taken or proposes to take, after consultation with the Department, to avoid, mitigate, or minimize the actual or potential conflict.

(3) To the extent that the work under this contract requires access to personal, proprietary or confidential business or financial data of persons or other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

(b) Personal Conflict of Interest - The following provisions with regard to management or professional level employee personnel performing under this contract shall apply until the earlier of the termination date of the affected employee(s) or the duration of the contract.

(1) A personal conflict of interest is defined as a relationship of an employee, subcontractor employee, or consultant with an entity that may impair or appear to impair the objectivity of the employee, subcontractor employee, or consultant in performing the contract work. The Contractor agrees to notify the Department immediately of any actual or potential personal conflict of interest with regard to any such person working on or having access to information regarding this contract, as soon as Contractor becomes aware of such conflict. If a Contractor, through an employee or otherwise, is subpoenaed to testify or produce documents, which could result in such disclosure, the Contractor must provide immediate advance notification to the Department so that the Department can authorize such disclosure or have the opportunity to take action to prevent such disclosure. Such agreements shall be effective for the life of the contract and for a period of five (5) years after completion of the contract.

(c) Remedies - The Department may terminate this contract in whole or in part, if it deems such termination necessary to avoid an organizational or personal conflict of interest, or an unauthorized disclosure of information. If the Contractor fails to make required disclosures or misrepresents relevant information to the Department, the Department may terminate the contract, or pursue such other remedies as may be permitted by the terms of Clause I of this Attachment or other applicable provisions of this contract regarding termination.

If any patented or copyrighted material is involved in or results from the performance of this Contract, this Article shall apply.

- (a) The Contractor shall, at its expense, defend any suit instituted against the Department and indemnify the Department

against any award of damages and costs made against the Department by a final judgment of a court of last resort based on the claim that any of the products, services or consumable supplies furnished by the Contractor under this Contract infringes any patent, copyright or other proprietary right; provided the Department gives the Contractor:

- (1) prompt written notice of any action, claim or threat of infringement suit, or other suit, and
- (2) the opportunity to take over, settle or defend such action at the Contractor's sole expense, and
- (3) all available information, assistance and authority necessary to the action, at the Contractor's sole expense.

The Contractor shall control the defense of any such suit, including appeals, and all negotiations to effect settlement, but shall keep the Department fully informed concerning the progress of the litigation.

- (b) If the use of any item(s) or parts thereof is held to infringe a patent or copyright and its use is enjoined, or Contractor believes it will be enjoined, the Contractor shall have the right, at its election and expense to take action in the following order of precedence:

If discontinuation or elimination results in the Contractor not being able to perform the Contract, the Contract shall be terminated.
- (c) In the event that an action at law or in equity is commenced against the Department arising out of a claim that the Department's use of any item or material pursuant to or resulting from this Contract infringes any patent, copyright or proprietary right, and such action is forwarded by the Department to the Contractor for defense and indemnification pursuant to this Article, the Department shall copy all pleadings and documents forwarded to the Contractor together with the forwarding correspondence and a copy of this Contract to the Office of the Attorney General of the State of New York. If upon receipt of such request for defense, or at any time thereafter, the Contractor is of the opinion that the allegations in such action, in whole or in part, are not covered by the indemnification set forth in this Article, the Contractor shall immediately notify the Department and the Office of the Attorney General of the State of New York in writing and shall specify to what extent the Contractor believes it is and is not obligated to defend and indemnify under the terms and conditions of this Contract. The Contractor shall in such event protect the interests of the Department and State of New York and secure a continuance to permit the State of New York to appear and defend its interests in cooperation with Contractor as is appropriate, including any jurisdictional defenses which the Department and State shall have.
- (d) The Contractor shall, however, have no liability to the Department under this Article if any infringement is based upon or arises out of:
 - (1) compliance with designs, plans, or specifications furnished by or on behalf of the Department as to the items;
 - (2) alterations of the items by the Department;
 - (3) failure of the Department to use updated items provided by the Contractor for avoiding infringement;
 - (4) use of items in combination with apparatus or devices not delivered by the Contractor;
 - (5) use of items in a manner for which the same were neither designed nor contemplated; or

- (2) The Contractor to the subject contract (the "Contractor" and the "Contract," respectively) agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to the New York State Department (the "Department"), to fully comply and cooperate with the Department in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women ("EEO") and contracting opportunities for certified minority and women-owned business enterprises ("MWBEs"). Contractor's demonstration of "good faith efforts" pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the "Human Rights Law") or other applicable federal, state or local laws.
- (3) Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the withholding of funds or such other actions, liquidated damages pursuant to Section VII of this Article or enforcement proceedings as allowed by the Contract.

(b) Contract Goals

- (1) For purposes of this procurement, the Department hereby establishes an overall goal of 30% for Minority and Women-Owned Business Enterprises ("MWBE") participation, (based on the current availability of qualified MBEs and WBEs).
- (2) For purposes of providing meaningful participation by MWBEs on the Contract and achieving the Contract Goals established in Section II-A hereof, Contractor should reference the directory of New York State Certified MWBEs found at the following internet address; <https://ny.newnycontracts.com>

Additionally, the Contractor is encouraged to contact the Division of Minority and Woman Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of maximizing participation by MWBEs on the Contract.

- (3) Where MWBE goals have been established herein, pursuant to 5 NYCRR §142.8, Contractor must document "good faith efforts" to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract. In accordance with Section 316-a of Article 15-A and 5 NYCRR §142.13, the Contractor acknowledges that if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such a finding constitutes a breach of contract and the Contractor shall be liable to the Department for liquidated or other appropriate damages, as set forth herein.

(c) MWBE Responsibilities & Requirements

- (1) Contractors must read, sign, and submit the NYSDEC MWBE Responsibilities & Requirements document. This document describes the MWBE requirements and provides directions for completing the required MWBE Utilization Plan form and subsequent Quarterly Reports.

(d) MWBE Utilization Plan

- (1) The Contractor represents and warrants that Contractor has submitted an MWBE Utilization Plan either prior to, or at the time of, the execution of the contract.
- (2) Contractor agrees to use such MWBE Utilization Plan for the performance of MWBEs on the Contract pursuant to the prescribed MWBE goals set forth in Section X-B-1 of this Attachment.
- (3) Contractor further agrees that a failure to submit and/or use such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, Department shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsiveness.

(e) Equal Employment Opportunity (EEO)

- (1) Contractor agrees to be bound by the provisions of Article 15-A and the MWBE Regulations promulgated by the Division of Minority and Women's Business Development of the State of Economic Development (the "Division"). If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements. Contractor shall comply with the following provisions of Article 15-A:
 - (i) Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.
 - (ii) The Contractor shall submit an EEO policy statement to the Department within seventy-two (72) hours after the date of the notice by Department to award the Contract to the Contractor.

 - d. The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 4 and Paragraph "E" of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.

When a separation can be made, Contractor shall submit the Workforce Report and indicate that the information provided related to the actual workforce utilized on the Contract. When the workforce to be utilized on the contract cannot be separated out from Contractor's and/or subcontractor's total workforce, Contractor shall submit the Workforce Report and indicate that the information provided is Contractor's total workforce during the subject time frame, not limited to work specifically under the Contract.

- (4) Contractor shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

 - (ii) All sums actually paid to MWBEs for work performed or materials supplied under the Contract.

- (3) In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by the Department, Contractor shall pay such liquidated damages to the Department within sixty (60) days after they are assessed by the Department unless prior to the expiration of such sixtieth day, the Contractor has filed a complaint with the Director of the Division of Minority and Woman Business Development pursuant to Subdivision 8 of Section 313 of the Executive Law in which event the liquidated damages shall be payable if Director renders a decision in favor of the Department.

XI. PARTICIPATION OPPORTUNITIES FOR NEW YORK STATE CERTIFIED SERVICE-DISABLED VETERAN OWNED BUSINESSES

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOB"), thereby further integrating such businesses into New York State's economy. The Department recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of Department contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

(a) **Contract Goals**

The Department hereby establishes an overall goal of 6% for SDVOB participation, based on the current availability of qualified SDVOBs. For purposes of providing meaningful participation by SDVOBs, the Bidder/Contractor should reference the directory of New York State Certified SDVOBs found at: <https://ogs.ny.gov/veterans/>. Questions regarding compliance with SDVOB participation goals should be directed to the Department's Designated Contacts.

Contractor must document "good faith efforts" to provide meaningful participation by SDVOBs as subcontractors or suppliers in the performance of the Contract (see clause (XI)(d) below).

(b) **SDVOB Utilization Plan**

1. In accordance with 9 NYCRR § 252.2(i), Bidders are required to submit a completed SDVOB Utilization Plan on Form SDVOB 100 with their bid.
2. The Utilization Plan shall list the SDVOBs that the Bidder intends to use to perform the Contract, a description of the work that the Bidder intends the SDVOB to perform to meet the goals on the Contract, the estimated dollar amounts to be paid to an SDVOB, or, if not known, an estimate of the percentage of Contract work the SDVOB will perform. By signing the Utilization Plan, the Bidder acknowledges that making false representations or providing information that shows a lack of good faith as part of, or in conjunction with, the submission of a Utilization Plan is prohibited by law and may result in penalties including, but not limited to, termination of a contract for cause, loss of eligibility to submit future bids, and/or withholding of payments. Any modifications or changes to the agreed participation by SDVOBs after the Contract award and during the term of the Contract must be reported on a revised SDVOB Utilization Plan and submitted to the Department.
3. The Department will review the submitted SDVOB Utilization Plan and advise the Bidder/Contractor of Department acceptance or issue a notice of deficiency within 20 days of receipt.
4. If a notice of deficiency is issued, Bidder/Contractor agrees that it shall respond to the notice of deficiency, within seven business days of receipt, by submitting to the Department, a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by the Department to be inadequate, The Department shall notify the Bidder/Contractor and direct the Bidder/Contractor to submit, within five business days of notification by the Department, a request for a partial or total waiver of SDVOB

participation goals on SDVOB 200. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.

5. The Department may disqualify a Bidder's bid or proposal as being non-responsive under the following circumstances:
 - (i) If a Bidder fails to submit an SDVOB Utilization Plan;
 - (ii) If a Bidder fails to submit a written remedy to a notice of deficiency;
 - (iii) If a Bidder fails to submit a request for waiver; or
 - (iv) If the Department determines that the Bidder has failed to document good faith efforts.
6. If awarded a Contract, Contractor certifies that it will follow the submitted SDVOB Utilization Plan for the performance of SDVOBs on the Contract pursuant to the prescribed SDVOB contract goals set forth above.
7. Contractor further agrees that a failure to use SDVOBs as agreed in the Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, The Department shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsibility.

(c) Request for Waiver

1. Prior to submission of a request for a partial or total waiver, Bidder/Contractor shall speak to the Designated Contacts at the Department for guidance.
2. In accordance with 9 NYCRR § 252.2(m), a Bidder/Contractor that is able to document good faith efforts to meet the goal requirements, as set forth in clause (XI)(d) below, may submit a request for a partial or total waiver on Form SDVOB 200, accompanied by supporting documentation. A Bidder may submit the request for waiver at the same time it submits its SDVOB Utilization Plan. If a request for waiver is submitted with the SDVOB Utilization Plan and is not accepted by the Department at that time, the provisions of clauses (XI)(b) 3., 4., & 5. will apply. If the documentation included with the Bidder's/Contractor's waiver request is complete, the Department shall evaluate the request and issue a written notice of acceptance or denial within 20 days of receipt.
3. Contractor shall attempt to utilize, in good faith, the SDVOBs identified within its SDVOB Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract award may be made at any time during the term of the Contract to the Department but must be made no later than prior to the submission of a request for final payment on the Contract.
4. If the Department, upon review of the SDVOB Utilization Plan and Monthly SDVOB Compliance Report (SDVOB 101) determines that Contractor is failing or refusing to comply with the contract goals and no waiver has been issued in regards to such non-compliance, the Department may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven business days of receipt. Such response may include a request for partial or total waiver of SDVOB contract goals.

Waiver requests should be sent to the Department.

(d) Required Good Faith Efforts

In accordance with 9 NYCRR § 252.2(n), Contractors must document their good faith efforts toward utilizing SDVOBs on the Contract. Evidence of required good faith efforts shall include, but not be limited to, the following:

- (1) Copies of solicitations to SDVOBs and any responses thereto.
- (2) Explanation of the specific reasons each SDVOB that responded to Bidders/Contractors' solicitation was not selected.
- (3) Dates of any pre-bid, pre-award or other meetings attended by Contractor, if any, scheduled by the Department with certified SDVOBs whom the Department determined were capable of fulfilling the SDVOB goals set in the

Contract.

(4) Information describing the specific steps undertaken to reasonably structure the Contract scope of work for the purpose of subcontracting with, or obtaining supplies from, certified SDVOBs.

(5) Other information deemed relevant to the waiver request.

(e) Quarterly SDVOB Contractor Compliance Report

In accordance with 9 NYCRR § 252.2(q), Contractor is required to report Quarterly SDVOB Contractor Compliance within the first month of each quarter to the Department during the term of the Contract for the preceding quarters' activity, documenting progress made towards achieving the Contract SDVOB goals. This information must be submitted using form SDVOB 101 and should be completed by the Contractor and submitted to the Department, by the 10th day of the first month of each quarter during the term of the Contract, for the preceding quarters' activity to: sdvob@dec.ny.gov

(f) Breach of Contract and Damages

III. Quality Assurance Requirements

Quality assurance applies to all programs/projects that involve the collection, generation or use of environmental data associated with the mapping, modeling, monitoring, and assessment of water quality data intended for use by the New York State Department of Environmental Conservation (DEC) for its regulatory purposes. This includes the design or use of water quality focused environmental technology. Guidance and resources for DEC's quality assurance can be found on DEC's quality assurance webpage (<https://www.dec.ny.gov/chemical/23850.html>). Activities associated with these types of programs/projects, conducted in the field or laboratory, shall be:

- (1) Performed in accordance with an effective quality system for planning and assessing environmental measurements and tests, and for conducting required quality assurance and quality control procedures to promote and maintain the accuracy and reliability of environmental measurements and test results. An effective Quality System includes a Quality Assurance Project Plan (QAPP) based on guidance provided by the USEPA Guidance for Quality Assurance Project Plans (QA/G-5 May 2006), or American National Standard ASQ/ANSI E4:2014: Quality management systems for environmental information and technology programs—Requirements with guidance for use, approved February 4, 2014;
- (2) The fulfillment of the data verification, validation, and usability component of QAPP is to be documented in a Data Usability Assessment Report (DUAR);
- (3) Performed by a laboratory certified by the New York State Department of Health (NYSDOH) under the Environmental Laboratory Approval Program (ELAP) pursuant to Section 502 of the Public Health Law. This requirement shall not apply to specific parameters where NYS DOH ELAP has not issued a certificate for the specific parameter;
- (4) Performed in a manner that ensures all requisite quality control and calibration requirements are met, including field testing, sample collection, preservation, and record-keeping. Basic quality assurance and quality control requirements defined in 40 CFR Part 136.7 shall be followed as well as any specific method requirements;
- (5) Required to submit environmental monitoring data electronically to US EPA Water Quality Exchange (WQX) following the guidance as set by US EPA's WQX Submission Instructions;
- (6) Covered under the Publicity clause (article IV.G.) of the Master Contract for Grants – Standard Terms and Conditions. Specifically, the Contractor agrees that any work products, including but not limited to, water quality data or environmental information; measured, generated, or developed under this contract shall not be released, published, cited, or shared in draft or final form without prior written authorization from the Department; and
- (7) At a minimum, performed in accordance with water quality standards in 6 NYCRR Part 703 and/or guidance values in Technical and Operational Guidance Series (TOGS) 1.1.1. Projects designed to assess water quality or inform regulatory decisions must measure parameters with applicable water quality standards and/or guidance values.

The QAPP may be submitted at time of application. If the QAPP is not submitted as part of the application, QAPP development must be included as the first Objective/Task in the Work Plan. The QAPP will need to be approved by the DEC's Quality Assurance Officer before the project may proceed under the grant contract.

IV. Geographic Information System (GIS) Data Requirements

To the extent that any of the deliverables include a map or maps, the deliverable will be accompanied by a digital file containing map components in GIS format such that the Department can reconstruct the map using ESRI's ArcGIS. These map components should be accompanied by appropriate metadata.

GIS data produced under this project must adhere to the requirements of EPA's National Geospatial Data Policy (see <https://www.epa.gov/geospatial/epa-geospatial-data>). Specifically, Contractor must provide documentation for all produced data, including source information for each digital data layer (i.e., scale and accuracy, map projection, coordinate system, etc.), and specific information about the data layer itself (i.e., method used, geographic extent of data layer, file format, date of creation, staff contact, description and definition of data fields and their contents, related files, if any, and description of data quality and quality assurance methods used). Any data files assembled under this Contract must be delivered in a standard digital database format. Acceptable formats include formats readable by Microsoft Excel and/or Microsoft Access and/or ESRI ArcView.

The EPA Metadata Editor (EME) was developed to simplify and standardize metadata development and is a recommended tool for streamlining production of required metadata. The EME and related training materials can be downloaded from <https://edg.epa.gov/EME/>. Specific technical guidance on geospatial deliverables and acceptable formats can be found at <https://www.epa.gov/geospatial/epa-region-2-gis-deliverables-guidance>. GIS data produced under this project will be submitted to the Department as a deliverable.

SUMMARY

PROJECT NAME: City of Newburgh & Water Resources Natural Resource Inventory

CONTRACTOR SFS PAYEE NAME: NEWBURGH CITY OF

CONTRACT PERIOD: From: 11/01/2022

To: 10/31/2024

Project Summary: A high-level overview of the project, including the overall goal and desired outcomes.

The overall goal of this proposal is to prepare a Natural Resource Inventory/Index of the City of Newburgh and City-owned and adjacent properties that constitute the boundaries and watersheds of the City-owned Washington Lake and Brown's Pond/ Silver Stream drinking reservoirs. The target populations are diverse and include city, town, and county decision-makers as well as community organizations and NGOs that will assist in the distribution of the resulting information. The overall number of people served are in the City of Newburgh with a population of about 28,282; Ancillary populations of 30,975 in the Town of Newburgh and 9,029 in the Town of New Windsor who is affected by the water resources; and the County of Orange with a population of 382,077 will benefit by the inclusion of this data in the in-process County NRI and the upcoming Climate Resiliency Plan. The service delivery methods will be diverse and include distribution of print documents and maps to City and Town agencies and libraries; web-based publication through the City of Newburgh's and other websites; community presentations at the conclusion of the process that will include in-person and web-based applications.

The objective of this proposal is to produce a natural resources inventory (NRI) for the City of Newburgh that will identify areas to protect, including water resources, habitats, viewsheds, wildlife, and natural areas important for climate resilience as well as the culturally historic and built environment. The completion of the NRI will provide the identification and understanding of our existing natural and cultural resources that will allow Newburgh to determine how to best protect the identified resources. This will be accomplished through a review of the existing zoning ordinances that will result in strategies and directives to help conserve green space, reduce stormwater, promote green (nature-based) infrastructure strategies, protect open space and historic resources, and develop vacant lots and brownfield areas. The NRI will be an element of the upcoming revision of the outdated City Master Plan to guide land-use decisions. The NRI will be used to inform the Local Waterfront Revitalization Plan (LWRP) final iteration. The initiation of a Climate Resiliency Plan for the City of Newburgh will be informed by the NRI. The resulting updates to the Zoning, Master Plan, and the LWRP will set the stage for future land-use decisions that will have a positive impact on the conservation of our natural and built resources. The NRI will have a regional impact by including the all-important City of Newburgh Water supply resources and watersheds located in the adjoining Towns of Newburgh and New Windsor. The recent crisis in the water supplies due to PFOS exposure of the City and Towns highlights the need for cooperative regional land use planning and implementation of conservation land-use measures. Community stakeholder meetings will be held to help identify other resources for inventory, such as historic and recreational resources, community gardens, and bee hives. Regionally the NRI will also help inform the Orange County Open Space Plan at the county level. Orange County is currently working on a Climate Resilience Plan that will benefit greatly from having an NRI completed for a waterfront community that will be directly impacted by rising sea levels.

of the City Manager of the CITY, evidenced only by an Addendum to this Agreement, after consultation with the Department Head. It is specifically agreed to by VENDOR that the CITY will not be responsible for any additional cost or costs in excess of the above noted not-to-exceed cost if the CITY'S authorization by the City Manager is not given in writing prior to the performance of the SERVICES giving rise to such excess or additional costs.

Any bills or invoices sent by VENDOR to the CITY more than six (6) months after services which are the subject of such billing have been rendered shall not be paid by the CITY and the CITY shall have no liability therefor.

ARTICLE 4. EXECUTORY CLAUSE

The CITY shall have no liability under this Agreement to VENDOR or to anyone else beyond funds appropriated and available for this Agreement.

ARTICLE 5. PROCUREMENT OF AGREEMENT

VENDOR represents and warrants that no person or selling agency has been employed or retained by VENDOR to solicit or secure this Agreement upon an agreement or upon an understanding for a commission, percentage, a brokerage fee, contingent fee or any other compensation. VENDOR further represents and warrants that no payment, gift or thing of value has been made, given or promised to obtain this or any other agreement between the parties. VENDOR makes such representations and warranties to induce the CITY to enter into this Agreement and the CITY relies upon such representations and warranties in the execution hereof.

For a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim or be entitled to recover, any sum or sums otherwise due under this Agreement. This

remedy, if effected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law or pursuant to this Agreement.

ARTICLE 6. CONFLICT OF INTEREST

VENDOR represents and warrants that neither it nor any of its directors, officers, members, partners or employees, have any interest nor shall they acquire any interest, directly or indirectly which would or may conflict in any manner or degree with the performance or rendering of the SERVICES herein provided. VENDOR further represents and warrants that in the performance of this Agreement, no person having such interest or possible interest shall be employed by it and that no elected official or other officer or employee of the CITY, nor any person whose salary is payable, in whole or in part, by the CITY, or any corporation, partnership or association in which such official, officer or employee is directly or indirectly interested shall have any such interest, direct or indirect, in this Agreement or in the proceeds thereof, unless such person submits a letter disclosing such an interest, or the appearance or potential of same, to the City Manager and a copy to the Corporation Counsel of the CITY in advance of the negotiation and execution of this Agreement.

For failure to submit such letter of disclosure, or for a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim for, or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if elected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law, in equity or pursuant to this Agreement.

ARTICLE 7. FAIR PRACTICES

VENDOR and each person signing on behalf of the VENDOR represents, warrants and certifies under penalty of perjury, that to the best of their knowledge and belief:

A. The prices in this Agreement have been arrived at independently by VENDOR without collusion, consultation, communication, or agreement with any other bidder, proposer or with any competitor as to any matter relating to such prices which has the effect of, or has as its purpose, restricting competition;

B. Unless otherwise required by law, the prices which have been quoted in this Agreement and on the proposal or quote submitted by VENDOR have not been knowingly disclosed by VENDOR prior to the communication of such quote to the CITY or the proposal opening directly or indirectly, to any other bidder, proposer or to any competitor; and

C. No attempt has been made or will be made by VENDOR to induce any other person, partnership, corporation or entity to submit or not to submit a proposal or quote for the purpose of restricting competition.

The fact that VENDOR (i) has published price lists, rates, or tariffs covering items being procured, (ii) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (iii) has provided the same items to the other customers at the same prices being bid or quoted does not constitute, without more, a disclosure within the meaning of this Article.

ARTICLE 8. INDEPENDENT CONTRACTOR

In performing the SERVICES and incurring expenses under this Agreement, VENDOR shall operate as, and have the status of, an independent contractor and shall not act as agent, or be an agent, of the CITY. As an independent contractor, VENDOR shall be solely responsible for determining the means

and methods of performing the SERVICES and shall have complete charge and responsibility for VENDOR'S personnel engaged in the performance of the same.

In accordance with such status as independent contractor, VENDOR covenants and agrees that neither it nor its employees or agents will hold themselves out as, nor claim to be officers or employees of the CITY, or of any department, agency or unit thereof by reason hereof, and that they will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the CITY including, but not limited to, Worker's Compensation coverage, health coverage, Unemployment Insurance Benefits, Social Security coverage or employee retirement membership or credit.

ARTICLE 9. ASSIGNMENT AND SUBCONTRACTING

VENDOR shall not assign any of its rights, interest or obligations under this Agreement, or subcontract any of the SERVICES to be performed by it under this Agreement, without the prior express written consent of the City Manager of the CITY. Any such subcontract, assignment, transfer, conveyance, or other disposition without such prior consent shall be void and any SERVICES provided thereunder will not be compensated. Any subcontract or assignment properly consented to by the CITY shall be subject to all of the terms and conditions of this Agreement.

Failure of VENDOR to obtain any required consent to any assignment, shall be grounds for termination for cause, at the option of the CITY and if so terminated, the CITY shall thereupon be relieved and discharged from any further liability and obligation to VENDOR, its assignees or transferees, and all monies that may become due under this Agreement shall be forfeited to the CITY except so much thereof as may be necessary to pay VENDOR'S employees for past service.

The provisions of this clause shall not hinder, prevent, or affect any assignment by VENDOR for the benefit of its creditors made pursuant to the laws of the State of New York.

This agreement may be assigned by the CITY to any corporation, agency, municipality or instrumentality having authority to accept such assignment.

ARTICLE 10. BOOKS AND RECORDS

VENDOR agrees to maintain separate and accurate books, records, documents and other evidence and accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement.

ARTICLE 11. RETENTION OF RECORDS

VENDOR agrees to retain all books, records and other documents relevant to this Agreement for six (6) years after the final payment or termination of this Agreement, whichever later occurs. CITY, or any State and/or Federal auditors, and any other persons duly authorized by the CITY, shall have full access and the right to examine any of said materials during said period.

ARTICLE 12. AUDIT BY THE CITY AND OTHERS

All Claimant Certification forms or invoices presented for payment to be made hereunder, and the books, records and accounts upon which said Claimant's Certification forms or invoices are based are subject to audit by the CITY. VENDOR shall submit any and all documentation and justification in support of expenditures or fees under this Agreement as may be required by the CITY so that it may evaluate the reasonableness of the charges, and VENDOR shall make its records available to the CITY upon request. All books, Claimant's Certification forms, records, reports, cancelled checks and any and all similar material may be subject to periodic

inspection, review and audit by the CITY, the State of New York, the federal government, and/or other persons duly authorized by the CITY. Such audits may include examination and review of the source and application of all funds whether from the CITY, State, the federal government, private sources or otherwise. VENDOR shall not be entitled to any interim or final payment under this Agreement if any audit requirements and/or requests have not been satisfactorily met.

ARTICLE 13. INSURANCE

For all of the SERVICES set forth herein and as hereinafter amended, VENDOR shall maintain or cause to be maintained, in full force and effect during the term of this Agreement, at its expense, insurance as may be required by law. Such policies are to be in the broadest form available on usual commercial terms and shall be written by insurers of recognized financial standing satisfactory to the CITY who have been fully informed as to the nature of the SERVICES to be performed. Where applicable, the CITY shall be an additional insured on all such policies with the understanding that any obligations imposed upon the insured (including, without limitation, the liability to pay premiums) shall be the sole obligation of VENDOR and not those of the CITY. Notwithstanding anything to the contrary in this Agreement, VENDOR irrevocably waives all claims against the CITY for all losses, damages, claims or expenses resulting from risks commercially insurable under this insurance described in this Article 13. The provisions of insurance by VENDOR shall not in any way limit VENDOR'S liability under this Agreement.

When applicable, VENDOR shall attach to this Agreement certificates of insurance evidencing VENDOR'S compliance with the following requirements:

Each policy of insurance shall contain clauses to the effect that (i) such insurance shall be primary without right of contribution of any other insurance carried by or on behalf of the CITY with respect to its interests, (ii) it shall

not be cancelled, including, without limitation, for non-payment of premium, or materially amended, without fifteen (15) days prior written notice to the CITY, directed to the City Manager, the Corporation Counsel and to the Department Head and the CITY shall have the option to pay any necessary premiums to keep such insurance in effect and charge the cost back to VENDOR.

To the extent it is commercially available, each policy of insurance shall be provided on an "occurrence" basis. If any insurance is not so commercially available on an "occurrence" basis, it shall be provided on a "claims made" basis, and all such "claims made" policies shall provide that:

A. Policy retroactive dates coincide with or precede VENDOR'S start of the performance of this Agreement (including subsequent policies purchased as renewals or replacements);

B. VENDOR will maintain similar insurance for at least six (6) years following final acceptance of the SERVICES;

C. If the insurance is terminated for any reason, VENDOR agrees to purchase an unlimited extended reporting provision to report claims arising from the SERVICES performed or goods provided for the CITY; and

D. Immediate notice shall be given to the CITY through the City Manager of circumstances or incidents that might give rise to future claims with respect to the SERVICES performed under this Agreement.

ARTICLE 14. INDEMNIFICATION

VENDOR agrees to defend, indemnify and hold harmless the CITY, including its officials, employees and agents, against all claims, losses, damages, liabilities, costs or expenses (including, without limitation, reasonable attorney fees and costs of litigation and/or settlement), whether incurred as a result of a claim by a third party or any other person or entity, arising out of

the SERVICES performed pursuant to this Agreement which the CITY or its officials, employees or agents, may suffer by reason of any negligence, fault, act or omission of VENDOR, its employees, representatives, subcontractors, assignees, or agents.

In the event that any claim is made or any action is brought against the CITY arising out of the negligence, fault, act, or omission of an employee, representative, subcontractor, assignee, or agent of VENDOR either within or without the scope of his respective employment, representation, subcontract, assignment or agency, or arising out of VENDOR'S negligence, fault, act or omission, then the CITY shall have the right to withhold further payments hereunder for the purpose of set-off of sufficient sums to cover the said claim or action. The rights and remedies of the CITY provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

ARTICLE 15. PROTECTION OF CITY PROPERTY

VENDOR assumes the risk of and shall be responsible for, any loss or damage to CITY property, including property and equipment leased by the CITY, used in the performance of this Agreement and caused, either directly or indirectly by the acts, conduct, omissions or lack of good faith of VENDOR, its officers, directors, members, partners, employees, representatives or assignees, or any person, firm, company, agent or others engaged by VENDOR as an expert consultant specialist or subcontractor hereunder.

In the event that any such CITY property is lost or damaged, except for normal wear and tear, then the CITY shall have the right to withhold further payments hereunder for the purposes of set-off in sufficient sums to cover such loss or damage.

VENDOR agrees to defend, indemnify and hold the CITY harmless from any and all liability or claim for loss, cost, damage or expense (including, without limitation,

reasonable attorney fees and costs of litigation and/or settlement) due to any such loss or damage to any such CITY property described in this Article.

The rights and remedies of the CITY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or by this Agreement.

ARTICLE 16. CONFIDENTIAL INFORMATION

In the course of providing the SERVICES hereunder, VENDOR may acquire knowledge or come into possession of confidential, sensitive or proprietary information belonging to CITY. VENDOR agrees that it will keep and maintain such information securely and confidentially, and not disclose such information to any third parties, including the media, nor use such information in any manner publically or privately, without receiving the prior approval, in writing, of the CITY authorizing such use. VENDOR'S obligations under this clause to maintain the confidentiality of such information and to refrain from using such information in any manner without the prior written approval of the CITY shall survive the termination or expiration of this Agreement.

ARTICLE 17. TERMINATION

The CITY may, by written notice to VENDOR effective upon mailing, terminate this Agreement in whole or in part at any time (i) for CITY'S convenience, (ii) upon the failure of VENDOR to comply with any of the terms or conditions of this agreement, or (iii) upon the VENDOR becoming insolvent or bankrupt.

Upon termination of this Agreement, the VENDOR shall comply with any and all CITY closeout procedures, including, but not limited to:

A. Accounting for and refunding to the CITY within thirty (30) days, any

unexpended funds which have been paid to VENDOR pursuant to this Agreement; and

B. Furnishing within thirty (30) days an inventory to the CITY of all equipment, appurtenances and property purchased by VENDOR through or provided under this Agreement, and carrying out any CITY directive concerning the disposition thereof.

In the event the CITY terminates this Agreement in whole or in part, as provided in this Article, the CITY may procure, upon such terms and in such manner as deemed appropriate, SERVICES similar to those so terminated, and the VENDOR shall continue the performance of this Agreement to the extent not terminated hereby. If this Agreement is terminated in whole or in part for other than the convenience of the CITY, any SERVICES or goods procured by the CITY to complete the SERVICES herein will be charged to VENDOR and/or set-off against any sums due VENDOR.

Notwithstanding any other provision of this Agreement, VENDOR shall not be relieved of liability to the CITY for damages sustained by the CITY by virtue of VENDOR'S breach of the Agreement or failure to perform in accordance with applicable standards, and the CITY may withhold payments to VENDOR for the purposes of set-off until such time as the exact amount of damages due to the CITY from VENDOR is determined.

The rights and remedies of the CITY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

ARTICLE 18. GENERAL RELEASE

The acceptance by VENDOR or its assignees of the final payment under this Agreement, whether by Claimant's Certification form, judgment of any court of competent jurisdiction, or administrative means shall constitute and operate as a general release to the CITY from any and all claims of VENDOR arising out of the performance of this Agreement.

ARTICLE 19. SET-OFF RIGHTS

The CITY shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but are not limited to, the CITY'S right to withhold for the purposes of set-off any monies otherwise due VENDOR (i) under this Agreement, (ii) under any other agreement or contract with the CITY, including any agreement or contract for a term commencing prior to or after the term of this Agreement, (iii) from the CITY by operation of law, the CITY also has the right to withhold any monies otherwise due under this Agreement for the purposes of set-off as to any amounts due and owing to the CITY for any reason whatsoever including, without limitation, tax delinquencies, fee delinquencies or monetary penalties or interest relative thereto.

All disputes shall be heard in the Supreme Court of the State of New York, with venue in Orange County or if appropriate, in the Federal District Court with venue in the Southern District of New York, White Plains division.

ARTICLE 21. GOVERNING LAW

This Agreement shall be governed by the laws of the State of New York. VENDOR shall render all SERVICES under this Agreement in accordance with applicable provisions of all federal, state and local laws, rules and regulations as are in effect at the time such SERVICES are rendered.

ARTICLE 22. CURRENT OR FORMER CITY EMPLOYEES

VENDOR represents and warrants that it shall not retain the SERVICES of any CITY employee or former CITY employee in connection with this Agreement or any other agreement that said VENDOR has or may have with the CITY without the express written permission of the CITY. This limitation period covers the preceding three (3) years or longer if the CITY employee or former CITY employee has or may have an

actual or perceived conflict of interests due to their position with the CITY.

For a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim for or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if effected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law or pursuant to this Agreement.

ARTICLE 23. ENTIRE AGREEMENT

Second:

To develop an environment that enables arts and cultural groups to flourish with adequate work, performance, and exhibition space and economic opportunities for artists of all disciplines; to encourage artists to become more involved in community and public-based institutions and projects; and to engage artists representing a wide range of the arts, including but not limited to visual arts (painting, drawing, and design); handcrafted arts (pottery, sewing, weaving); auditory arts (songwriting, instrument making, singing, and spoken word); performance and movement arts (dance, yoga, martial arts); written arts (poetry, short story writing); culinary arts (cooking, foraging, and gardening); and more.

Public arts and cultural classes for youth will be held at the Common Grounds Farmers Market at Safe Harbors Green for 8 consecutive Saturdays during the Summer/Fall of 2023. Classes will be tailored to youth ages 14-18 depending on the skill level required for the specific class.

A project manager will be selected in the month of May/June. The Project Manager will be employed from June through October to oversee the project, coordinate with artist-instructors and oversee each class.

Class curriculum will be developed by individual artists. We will invite proposals from local artists and hold a selection process to determine viable classes. Classes will be advertised to the local community through social media outlets, flyering, posters, and sign-up sheets at the Common Grounds Market.

WHEREAS, specifically, the Scoping Plan calls on DOT and other agencies to "prioritize low- and zero-emissions transportation infrastructure in all activities" and it states that DOT "will prioritize opportunities to invest in ... low- and zero-carbon transportation alternatives"; and

WHEREAS, a diverse coalition of civic and environmental groups oppose the billion dollar plan to expand New York State Route 17 for nearly 50 miles, making the road into a six lane superhighway; and

WHEREAS, this coalition has called on the Governor and state transportation officials to reconsider the Route 17 widening plan and to develop a new plan that truly meets the needs of Orange and Sullivan county communities like the City of Newburgh, addresses the climate crisis, and includes a more sustainable and equitable approach for addressing the infrastructure needs in and near the Route 17 corridor; and

WHEREAS, advancing this massive highway expansion project would not only fail to reduce traffic congestion on Friday nights and Sunday nights but the induced demand will increase traffic and associated pollution; and

WHEREAS, the proposed expansion of Route 17 would violate New York climate requirements to slash greenhouse gas emissions as well as run afoul of other state and federal transportation and environmental laws; and

WHEREAS, the Local Metropolitan Planning Organization has not identified this as a priority project in previous transportation plans; and

WHEREAS, 14% of City of Newburgh residents have no personal car, 10% of City of Newburgh residents who work primarily walk to work, the share of City of Newburgh residents who walk to work has increased substantially over the past several years, another 7% of City of Newburgh residents who work primarily take public transportation to work, and Newburgh residents of color rely heavily on public transportation to get to work; and

WHEREAS, the Route 17 widening project is an unnecessary and harmful highway expansion that does not improve the health, well-being, or needs of our community by increasing access to job sites, health care, shopping, schools or other essential services; and

WHEREAS, these funds could instead go to improve the City of Newburgh's transportation infrastructure, such as:

- a. Improve the safety and accessibility of bus shelters and bike and pedestrian routes to Bus stops;
- b. Add Bus routes that would allow workers to get to and from work, schools, shopping, medical services and Government offices including routes to Goshen for access to court buildings, jails, and other civic services;
- c. Increase Bus service frequency and reliability;
- d. Add sidewalks, sidewalk improvements, curb cuts for full ADA accessibility, lighting, benches for people with mobility issues to rest and protected bike lanes that connect to transit;
- e. Create programs to subsidize sidewalk repairs for low-income, senior home owners whose sidewalks have become hazardous for pedestrians;
- f. Add Bus and bike connections to the Cornwall – Salisbury Mills Rail Station so that there is connectivity for regional travel; and

WHEREAS, investment in a Fix it First approach would greatly benefit our community by funding pot-hole repairs and improved street markings before widening highways; and

WHEREAS, this is the most expensive transportation project in Orange County's recent history, if not ever; and

WHEREAS, this wasteful spending will not serve our community's needs but instead put money in the pockets of a limited number of wealthy construction and engineering firms benefiting from highway expansion projects which harm our environment, land use, and public health;

NOW THEREFORE BE IT RESOLVED, by the City Council of the City of Newburgh that the City of Newburgh opposes spending \$1 billion on the expansion and widening of Route 17 and instead encourage a significant commitment to invest in public transit and other facilities and services that will bring far more benefits to many communities in Orange and Sullivan counties; and

BE IT FURTHER RESOLVED, that the City of Newburgh calls on New York State and other agencies and stakeholders to develop a more equitable plan to use available funding for transit and transportation improvements and services that will improve travel and mobility options, access to jobs, medical care, educational opportunities, shopping and other services, and which will improve air quality and improve health in Newburgh and other DAC communities that are disproportionately affected by air pollution and other environmental justice impacts.
