COMMENTS FROM THE PUBLIC REGARDING AGENDA AND GENERAL MATTERS OF CITY BUSINESS

Drew Kartiganer, Town of Newburgh resident, commented about the upcoming council retreat that was reported in the newspaper. Spending \$50K on a retreat looks bad for the City of Newburgh. Perhaps the council can figure out how to work better as a team, instead of paying \$1000 per night in one of the most expensive hotels in the state. He can't think of any other community organization or political entity proposing to try to do this on taxpayers' money. He pointed out that the council could've opted to stay at the Hotel Thayer in Orange County at a fraction of the cost. This event will cost Newburgh far more than \$50K. You need to look at the optics of what the retreat has created.

Pastor Rosie, a resident in Ward 1 and Ward 2, commented about the division and hopelessness in our community. If there are two visions for Newburgh, then there is confusion and division. Our youth are our most precious commodity, and she has been fighting for their safety for over twenty years. On the evening of February 18th, she almost hit a person on a minibike. A police car followed behind her and when she asked him to do something about it, she was told by that officer that he couldn't chase after him. She is upset, because she could've killed the child on the bike. She included a few photos of the reckless driving that is occurring throughout the city. Perhaps we could offer bike trails for the riders to utilize in the future. We can't keep closing our eyes and letting this happen. It sends out a message, loud and clear, to the youth that we prefer the lawlessness over safe streets. Also, she requested that the city fix the West End traffic light on Broadway, near the post office. The goal of Newburgh should be that we have one vision.

This portion of the meeting was closed.

PASTOR ROSEY (WARD #1 & #2)
TWO VISIONS CAUSES DIVISION (PART 3)
MARCH 25, 2024

CASTING A SURE VISION IS CRITIAL. IF THERE ARE TWO VISIONS, THERE IS CONFUSION, DISCOURAGEMENT, HOPELESSNESS & DIVISION.

OUR CITIES MISSION STATEMENT:

Safeguard our community through respecting and protecting all person's rights as we address fear, crime, traffic safety and social disorder. Our mandate is to accomplish this by engaging in principled and evidence-based policing.

I COME AS A PERSON WHO FOR 20+ YEARS HAS FOUGHT FOR YOUTH CRIME PREVENTION IN OUR CITY

OUR YOUTH ARE OUR MOST PRECIOUS CARGO.

IN THE DARK, FEB 18, 2024, AT 8:50 PM I WAS DRIVING ON GRAND STREET. TWO MINIBIKES SHOT ACROSS THE ROAD IN FRONT OF MY VEHICLE AND THAN UP THE SIDEWALK. I SLOWED WAY DOWN CONCERNED I'D HIT ONE. A POLICE CAR BEGAN TO FOLLOW BEHIND ME. THE TWO BOYS SAW US, STOPPED ON OUR DRIVERS' SIDE OF THE ROAD IDELING THEIR MINIBIKES. THE POLICE SAY THEY CAN NOT CHASE THESE MOTOREST. BOTH THE POLICE CAR AND MINE WERE AT A DEAD STOP RIGHT IN FRONT OF THE TWO BOYS. OUR CARS BLOCKED THEM FOR A FEW MINS. THE TWO MINIBIKES HESITATED THAN SQUEEZED THROUGH THE POLICE CAR AND DROVE OFF ON THE ROAD. I GOT OUT WENT OVER TO ASK THE OFFICER WHY HE DIDN'T JUMP OUT AND TICKET THEM. THEY HAD NO LIGHTS, LICENSE OR HELMENTS. HE ASKED, "A MINIBIKE? I'M ON MY WAY TO ANOTHER MORE IMPORTANT CALL AND WHAT GOOD IS IT TO CONFICATE THOSE BIKES IF THEY ARE JUST GIVEN BACK TO THEM?" I SAID, THE GOOD IS, IT'S YOUR JOB. "I COULD HAVE KILLED ONE OF THOSE BOYS' TONIGHT. WHAT COULD BE MORE IMPORTANT THAN A CHILDS LIFE?" HE SAID HIS NAME WAS OFFICER BILLINGS. I SAID, "YOU ARE NOT THE FIRST OFFICER WHO DID NOTHING WHEN EITHER A MOTORCYCLE JEOPARDIZED A PEDESTRIAN OR THE SAFETY OF THIER OWN PRECIOUS LIVES.

I HAVE INCLUDED JUST A FEW OF THE NUMEROUS MOTORIST ILLEGALLY AND RECKLESSLY DRIVING ON SIDEWALKS AND STREETS IN DAY AND NIGHT. WE MUST HAVE REGUALTIONS FOR THESE VEHICLES IN ORDER TO ACOMPLISH THE VISION OF TRAFFIC SAFETY WE PUT FORTH IN OUR MISSION STATEMENT. PERHAPS TRAILS CAN BE MADE FOR THESE MOTOR BIKES IN THE FUTURE. UNTIL THAN, WE CAN NOT JUST KEEP ALLOWING THEM AFREE-FOR-ALL TO ROAM UP AND DOWN OUR STREETS AND SIDEWALKS. THE LIVES OF ALL OUR PEOPLE ARE IN DANGER WHILE WE JUST SHUT OUR EYES TO THIS LAWLESSNESS.

OUR CURRENT LACK OF ACTION TO REGULATE THESE MOTORESTS IS CAUSING A DESENSITIZING ESSPECIALLY IN OUR YOUTH AND SENDING OUT A LOUD MESSAGE THAT THE POLICE DO NOTHING TO THIS LAWLESSNESS, THAT WE DON'T CARE IF THEY ARE IN DANGER AND THAT WE PREFER LAWLESSNESS OVER SAFE STREETS.

ON ANOTHER NOTE, FOR TWO MONTHS I HAVE CALLED THE POLICE, DPW, THE EXECUTIVE OFFICE AND LEFT MAYOR HARVEY'S VOICEMAIL. YOU HAVE GOT TO FIX THE WEST END POST OFFICE TRAFIC LIGHT ASAP. IT CAN NOT CONTIUNE TO BLINK RED ON THE PREDESTRIANS SIDE AND BLINK YELLOW ON THE TRAFFIC SIDE. IT IS IMPOSSIBLE TO CROSS THE ROAD SAFETLY.

OUR GOAL SHOULD BE TO HAVING ONE VISION.IT'S THE KEY TO A SUCCESFUL FUTURE.

COMMENTS FROM THE COUNCIL REGARDING THE AGENDA AND GENERAL MATTERS OF CITY BUSINESS

Councilmember Martinez commented. She appreciates the consistency of some folks that continue to come out to the meetings. The topic of motorbikes has come up in the past. As the weather gets warmer, we need regulations; but she also wants us to think about giving the youth a safe space to be able to ride their motorbikes. Perhaps this could help mediate the issue. She is sure the council will follow up on it though.

Councilmember McLymore commented. The discussion on the motor bikes has come up in past, and Pastor Rosie continues to alert us with this information. He thinks the police department should be looking at it, and possibly doing some type of enforcement. It depends on the ages of the motorbike operators, as well as the policies involved, as to whether the bikes can be seized. He implored the community to continue to alert the police department, so that it can monitor the area when it comes to that. McLymore pointed out that Commissioner Gomerez is here today if anyone wants to provide him with the information.

Councilmember Monteverde commented. She encouraged everyone to take advantage of the free bulk pickup this month. She has been getting complaints, as the dumping in our city has started up again. She thought we were getting better with it. She encouraged everyone to call DPW and get on the list for free pickup. You can put up to five items to the curb. Spring is right around the corner, and we are seeing an uptick in the reckless operation of the motorbikes. It is dangerous for pedestrians. She doesn't know what we need to do about it, but we need to do something. We seem to display a defeated attitude when it comes to dealing with the issue. We need to do better with traffic safety. The double parking and the reckless driving show a basic disrespect in Newburgh.

Councilmember Shakur deferred his comments at this time.

Councilmember Sofokles commented. The reckless operation of motorbikes is her biggest pet peeve. She thanked Pastor Rosie for continuing to bring it to their attention. She knows the police department's hands are tied, because chasing them in a car chase can lead to more problems. She believes we should start fining the parents \$500; then let's see how many times the kids ride through the streets. The time to stop them is when they are stopped on the side of the road. Some of the kids have been killed due to reckless operation of the motorbikes. She sees them riding up and down Broadway all day. Every parent knows if their child has a minibike. If a parent knew they were going to be fined, then this could be one solution. Also, she would like the city to provide a track for them to be able to ride on safely.

Mayor Harvey commented. This conversation has come up every year since he got on the council in 2016. He mentioned the tragedy that occurred, in which one of his former students was killed in a motor bike accident in Poughkeepsie. He recalled having extensive conversations with the former Mayor of Poughkeepsie about it. It is really about law enforcement and what the police department's outlook and best practices are regarding enforcement. Just like Sofokles mentioned, it could create legal liability, and it is a very sensitive matter. Beacon, Kingston and Poughkeepsie are all dealing with the problem of

reckless operation of motorbikes, as well as New York City. Operation of these types of bikes falls under the purview of the New York State Department of Motor Vehicles, as well as local law enforcement, as to how the city police will go about confiscating those bikes that are being operated illegally. Also, he mentioned that the blinking traffic light on Broadway was fixed today. He thanked George Garrison and his staff.

This portion of the meeting was closed.

Bid Review

Discussion

Two bids were received on March 4, 2024, for the installation of an automated gate at the City's wastewater treatment plant. The project plans and specifications require the demolition of the existing fence and gate, and installation of a new fence and double gate with two (2) gate operators, proximity sensors, and a vehicle access system. Installation includes all electrical and control wiring to the new operators. There was a pre bid meeting on February 13, 2024, but neither firm attended.

The two bidders were:

1. Giacorp Contracting, Inc., 11 Bradhurst Avenue, Hawthorne, NY 10532
2. Rosenda Fence Co., d/b/a Fox Fence Enterprises, Inc., 417 Crooks Avenue, Clifton, NJ 07011

Neither company took any exception to the plans and specifications and submitted the required bid forms, bid bond, and paperwork (except for incomplete notary signatures on Fox Fence Enterprises' bid).

Price Comparison

Below is a price comparison of the two responsive bidders:

Bidder	Bid Price
Giacorp Contracting, Inc.	\$94,600
Fox Fence Enterprises, Inc.	\$132,750

Since Giacorp Contracting is the apparent low bidder, their bid was reviewed in detail and, if found acceptable, would be the recommended contractor.

Giacorp Contracting, Inc.

Giacorp Contracting, Inc. is a certified women owned business in the City of Philadelphia, for NJ State projects, and has an application pending in New York. They have reportedly been in business as a contractor for 7 ½ years, and have provided a list of twelve current contracts worth approximately \$483,000 and over \$2.1 million in fourteen recently completed contracts. Several of these, including their work at the US Marshal's Service Federal Courthouse in White Plains, the Public Service Complex for the City of Perth Amboy, and the Middletown Police Department involved the installation of gates, gate operators, and vehicle access systems.

Summary

Giacorp Contracting Inc. has submitted the lowest bid and appears qualified to perform the work as required by the project plans and specifications. We recommend that the City proceed in awarding this contract to Giacorp Contracting.

This study will include designing and preparing a customized financial plan for the City's water and sewer systems, forecasting water and sewer rates sufficient to cover the projected revenue requirements under several scenarios, completing a regional rate comparison, and participating in meetings to present the study results and recommendations. A description of our proposed scope of work to meet the City's needs is provided herein.

Project Scope

Task 1. Water & Sewer Rate Lookback Analysis:

Raftelis will complete a look-back analysis of the City's water and sewer financial position and rate adjustments from FY 2020 through FY 2024 to assess the revenue and expense differences between the prior FY 2020 forecast for FY 2020 to FY 2024 and the actual results. This analysis will be completed to identify the differences in revenues and expenses between forecast and actuals and help identify the impact of the recent high-cost inflation due to the COVID-19 pandemic on water and sewer costs. The results of this analysis will document the gap that exists in the forecasted expenses that were included in the five-year rate plan and the actual historical expenses and associated structural imbalance.

Task 2. Develop a Water & Sewer Rate Forecast:

Raftelis will prepare a water and sewer rate forecast with projected annual rate increases for fiscal years FY 2025 through FY 2030. The rate forecast will provide a projected schedule of rates for both inside-city and outside-city customers. The rate forecast will be prepared using a customized utility financial planning model for the City's water system and sewer system that will aid in estimating water system and sewer system revenue requirements over the six-year forecast period.

Revenue requirements will include, but may not be limited to, annual costs related to personnel, electricity, chemicals, materials and supplies, and other operating expenses, plus debt service and pay-as-you-go capital expenditures. We will rely on the City's three prior operating budgets for the water system to establish the base year for system revenues and expenses and forecast operating

expenses with input from City staff. In addition, we will review the latest capital plan (including related capital funding plans, if available) for information on future capital project costs.

As part of the development of a sound financial plan, we will review the City's existing fiscal policies related to cash reserve levels, debt service coverage, capital funding, etc. and assess the impact of these policies on the annual rate revenue needs. Based on our professional experience and industry knowledge, we can advise the City on these policies, if the City desires to modify them.

Under this task, we will use the financial model to calculate the rate revenue needs in each year of the forecast period to estimate the annual water and sewer rate adjustments that would be needed to generate sufficient revenues to cover the projected system costs in each year of the forecast period. The model will also include a customized dashboard highlighting forecasted rate adjustments, cash reserve levels, capital project expenditures, debt service coverage, and other important financial data. An example of a customized model dashboard is shown in Exhibit 1.

Exhibit 1. Example of Raftelis Interactive Financial Planning Model Dashboard

Raftelis will forecast annual rates for inside-city and outside-city customers under four scenarios. These scenarios are:

1. Assuming the City is fully reimbursed for Catskill Aqueduct source water and PFAS-related operating expenses;
2. Assuming no reimbursement for Catskill Aqueduct Water or PFAS-related operating expenses;

3. Assuming no reimbursement for Catskill Aqueduct Water, but reimbursement for PFAS-related expenses; and
4. Assuming reimbursement for Catskill Aqueduct Water, but no reimbursement for PFAS-related expenses.

In addition to these scenarios, Raftelis will prepare two rate options under scenario 1. One that raises rates to address the structural imbalance all at once in the first year, and a second option that phases the rate increases necessary to address the structural imbalance over the six-year rate plan. We will also analyze one additional scenario that assesses the rate impacts on Scenario 1 if the City were required to pay for the full replacement of lead service lines within the City, without outside funding, over the six-year financial plan.

Task 3. Rate Structure Review:

Raftelis will review the City's existing water and sewer rate structure to determine if the current billing approach conforms to the City's objectives and with common industry practices. Specifically, we will review the Facility Charge and the metered rates to and consider rate options that minimize fluctuations in these rates as annual debt service fluctuates from year to year. This may include analyzing modifications to the current approach of explicitly including only annual debt service using the facility charge and other expenses with the metered rates.

Based on an analysis of the rate structure, Raftelis will make recommendations for either maintaining the existing rate structure or modifying the structure to address the issue discussed above. In addition, if requested by the City, Raftelis will incorporate a residential customer low-income discount credit. Such a credit could be offered to residential customers that qualify for other subsidy programs, such as SNAP and LIHEAP. For this option, Raftelis will identify the potential cost of this program (i.e., reduction in revenues) that would need to be factored into the projected rates to help ensure that the City utility revenues are adequate to cover its costs.

Task 4. Rate, Rate Structure, and Cost Comparisons

Raftelis will complete a rate, rate structure and cost comparison with other Cities in the area. The comparisons will:

- Include comparing the typical residential and commercial/industrial bill for the City with up to six other municipalities in the region, such as the City of Kingston, Middletown, Port Jarvis, and Poughkeepsie.
- The bill comparison will include a comparison of the typical residential bill as a percentage of median household income and lowest quintile income.
- We will document the increases to the New York City upstate water rates over the last five years.
- We will document the water and sewer rate structures used by these municipalities with those used by the City.
- We will also gather and report on unit cost metrics for the City and other water and sewer service providers, such as distribution and collection maintenance staff per mile of pipe

managed and total utility staff per MGD of water produced and sewage processed, as data availability allows.

Task 5. Report and Presentations

Raftelis will document the results of the water and rate study in a brief rate study report similar to the previous report that was prepared for the City. This report will summarize the following:

- a. Projection of annual revenue requirements and proposed rate adjustments over the forecast period in tabular format.
- b. Major inputs and assumptions used to prepare the projected revenue requirements within the financial planning model.
- c. Fiscal policies that were incorporated into the forecast along with supporting rationale.
- d. Rate scenarios over the six year period between FY 2025 to FY 2030.
- e. Comparison of current and projected water and sewer rates, rate structures, and unit costs with those of other water and sewer service providers in the region.

We will prepare a draft report for City review. Upon receipt of any comments or suggested edits to the report, we will prepare and provide the City with a final version of the report.

Raftelis will attend in-person meetings with City Council to present findings, explain results, provide example bills based on forecasted rates under the recommended rate structure, and answer questions related to the rate and financial projections. The presentation will include a short section on recent cost inflation and its impact on water and sewer utility costs. Such meetings with City Council may include regular meetings, special meetings, work sessions, and/or committee meetings. We will develop a presentation to summarize the results of the financial forecast and water rate projections. We will attend up to three City Council meetings to present and discuss the results of the rate study. These meetings are expected to take place between September and November of 2024 during the City's budget and rate adoption process.

Budget and Schedule

Raftelis proposes to complete this scope of work on a lump sum basis for \$39,000 for the water rate study and \$39,000 for the sewer rate study or for a total lump sum fee of \$78,000 for both utilities. We will bill the City for percentage of the work completed on a monthly basis. Throughout the course of this project, Raftelis will keep the City informed of progress made in completing each of the tasks identified in this scope of work.

Raftelis understands that the City desires to have preliminary rate and rate increase recommendations for 2025 by July 2024 and have the study completed by September 2024. The ability to meet this schedule is dependent upon the date of the notice to proceed and the timely receipt of requested information from the City. However, we will make all reasonable efforts to meet the City's requested schedule.

Thank you for the opportunity to provide rate and financial consulting services to the City. If you need any additional information or have any questions regarding this proposal, please contact me at 518-391-8944.

Very truly yours,

By signing below, the City accepts the scope of work detailed in this letter proposal. The City also agrees to pay Raftelis invoices for work completed within 30 days of receipt. If payment is not made within 30 days after delivery of the invoice, the City agrees that Raftelis may suspend performing further work until such time as payment of any and all invoices is brought current.

This agreement (the "Agreement") is made as of the date indicated above and is by and between SOLitude Lake Management, LLC ("SOLitude" or the "Company") and the customer identified above (the "Customer") on the terms and conditions set forth in this Agreement.

1. The Services. SOLitude will provide services at the Customer's property as described in Schedule A attached hereto:
2. PAYMENT TERMS. The Annual Contract Price is **\$11,856.00**. SOLitude shall invoice Customer the total of **\$1,482.00 per month (May through December)** for the Services to be provided under this Agreement. The term of this agreement is for a period of eight (8) months, with payment invoiced on the first day of each month, reminding them that a contract payment is due by the end of that same month. The customer is obligated to pay each monthly contract payment per the terms of this contract, without any obligation on the part of SOLitude to invoice or send any other sort of reminder or notice. Due to the seasonality of these services, and the disproportionate amount of time and materials dedicated to providing these services during some times of the year as compared to others, based on the season, weather patterns, and other natural factors, the amount billed and paid to date is not necessarily equivalent to the amount of work performed to date.
The Customer will be liable for any returned check fees and any collection costs, including reasonable attorney fees and court costs, for any invoices not otherwise timely paid, and interest at the rate of 1% per month may be added to all unpaid invoices. Should the work performed be subject to any local, state, or federal jurisdiction, agency, or other organization of authority for sales or other taxes or fees in addition to those expressly covered by this contract, the customer will be invoiced and responsible for paying said additional taxes in addition to the contract price and other fees above. SOLitude shall be reimbursed by the customer for any non-routine expenses, administrative fees, compliance fees, or any other similar expense that are incurred as a result of requirements placed on SOLitude by the customer that are not covered specifically by the written specifications of this contract.

3. TERM AND EXPIRATION. This Agreement is for an annual management program as described in the Schedule A attached. Any additional services will be provided only upon additional terms as agreed to

by the parties in writing. Contract will automatically renew annually at the end of the contract effective date for subsequent eight (8) month terms, with a four percent (4%) escalation in the Annual Contract Price each year, under the same terms, specifications, and conditions as set forth by this contract, unless either party gives written notice of cancellation thirty (30) days prior to the termination date of this contract, or subsequent renewal contracts.

4. PRICING. The Company reserves the right to annually increase the amount charged for the services beyond the escalation percentage stated in the TERM AND EXPIRATION above, which shall be communicated by written notice to the Customer, which notice may be by invoice.
5. TERMINATION. If SOLitude terminates your service for nonpayment or other default before the end of the Services Contract, if the Customer terminates this Services Contract for any reason other than in accordance with the cancellation policy outlined above, or in the event this Contract does not automatically renew and the customer terminates it before the termination date, Customer agrees to pay SOLitude, in addition to all other amounts owed, an Early Termination Fee in the amount specified below ("Early Termination Fee"). The Customer's Early Termination Fee will be 50% of the remaining value of the Contracted Price. The Early Termination Fee is not a penalty, but rather a charge to compensate SOLitude for the Customer's failure to satisfy the Services Contract on which the Customer's rate plan is based.
6. INSURANCE AND LIMITATION OF LIABILITY. SOLitude will maintain general liability and property damage insurance as necessary given the scope and nature of the Services. The Company will be responsible for those damages, claims, causes of action, injuries or legal costs to the extent of its own direct negligence or misconduct, and then only to an amount not to exceed the annual value of this Agreement. In no event will any party to this Agreement be liable to the other for incidental, consequential or purely economic damages.

Each party represents that neither it nor anyone acting on its behalf has offered, given, requested or accepted any undue financial or other advantage of any kind in entering into this Agreement, and that it will comply with all applicable laws and regulations pertaining to corruption, competition and bribery in carrying out the terms and conditions of this Agreement.
9. GOVERNING LAW. This Agreement shall be governed and construed in accordance with the laws of the state in which the Services are performed.

10. ENTIRE AGREEMENT. This Agreement constitutes the entire agreement between the parties with respect to the subject matter and replaces any prior agreements or understandings, whether in writing or otherwise. This Agreement may not be modified or amended except by written agreement executed by both parties. In the event that any provision of this Agreement is determined to be void, invalid, or unenforceable, the validity and enforceability of the remaining provisions of this Agreement shall not be affected.

12. BINDING. This Agreement shall inure to the benefit of and be binding upon the legal representatives and successors of the parties.

13. FUEL/TRANSPORTATION SURCHARGE. Like many other companies that are impacted by the price of gasoline, a rise in gasoline prices may necessitate a fuel surcharge. As such, the Company reserves the right to add a fuel surcharge to Customer's invoice for any increase in the cost of fuel as measured above the same time period in the prior year (by the National U.S. Average Motor Gasoline-Regular Fuel Price per Gallon Index reported by the U.S. Department of Energy). The surcharge may be adjusted monthly (up or down) with the price of gasoline.

14. DISCLAIMER. SOLitude is not responsible for the failure of any treatment, equipment installation, or other work that result from dam or other structural failures, severe weather and storms, flooding, or other acts of God that are outside of the control of SOLitude.

Customers understands and acknowledges that there are irrigation restrictions associated with many of the products used to treat lakes and ponds. The customer is responsible for notifying SOLitude in advance of the contract signing and the start of the contract if they utilize any of the water in their lakes or ponds for irrigation purposes. The customer accepts full responsibility for any issues that may arise from the irrigation of turf, ornamentals, trees, crops, or any other plants as a result of treated water being used by the customer for irrigation without the consent or knowledge of SOLitude.

Although there is rarely direct fish toxicity with the products used for treatment when applied at the labeled rate, or the installation and normal operation of the equipment we install, there is a risk under certain circumstances of significant dissolved oxygen drops. This risk is most severe in times of extremely hot weather and warm water temperatures, as these are the conditions during which dissolved oxygen levels are naturally at their lowest levels. Oftentimes lakes and ponds will experience natural fish kills under these conditions even if no work is performed. Every effort, to include the method and timing of application, the choice of products and equipment used, and the skill and training of the staff, is made to avoid such problems. However, the customer understands and accepts that there is always a slight risk of the occurrence of adverse conditions outside the control of SOLitude that will result in the death of some

fish and other aquatic life. The customer also understands and accepts that similar risks would remain even if no work was performed. The customer agrees to hold SOLitude harmless for any issues with fish or other aquatic life which occur as described above, or are otherwise outside the direct control of SOLitude, unless there is willful negligence on the part of SOLitude.

15. NONPERFORMANCE. In the case of any default on the part of the Company with respect to any of the terms of this Agreement, the Customer shall give written notice thereof, and if said default is not made good within (30) Thirty Days, the Customer shall notify the Company in writing that there has been a breach of the Agreement. The Company in case of such breach shall be entitled to receive payment only for work completed prior to said breach, so long as the total paid hereunder does not exceed the Contract sum.

SCHEDULE A - SERVICES

Water Quality Sampling and Analysis

1. Water quality assessments are to be conducted at Brown's Pond throughout the season. Two (2) sampling stations will be established, a north station and a south station. All stations will be GPS-referenced.
2. Six (6) sampling events will be conducted in 2024: **May, June, July, August, September, and October**. All sampling will be conducted with a gas-powered motor boat.
3. At each station the following parameters will be measured on each date in situ:

Water Temperature	Dissolved Oxygen
pH	Water Clarity
Alkalinity	Total Hardness
4. In 2024, phycocyanin (a pigment produced by cyanobacteria) data will also be collected at both sites using a calibrated meter. At the deep-water station, a temperature/dissolved oxygen profile (2-foot intervals) will be performed. The following samples would be collected for analysis at a verified analytical laboratory:

Total Phosphorus	Total Nitrogen
Nitrate	Total Suspended Solids
Chlorophyll A	Conductivity
5. Results of the tests will be emailed two to three (2-3) weeks after field collection.

Phytoplankton Analysis:

1. Phytoplankton samples will be collected at each station on all sampling dates. Samples will be sand filtered and microscopically identified to genus level (natural units/ml), and enumeration will be performed at a SOLitude lab in Washington, NJ. Phytoplankton results will be provided with forty-eight (48) hours of collection.
2. Samples will be collected by the client (a week after the sampling event) and mailed overnight to SOLitude's lab for analysis during the following months: **May, June, July, August, September, October, November, and December**. CUSTOMER NAME: City of Newburgh - Acct# N0074

SUBMITTED TO: Wayne Vradenburgh

CONTRACT DATE: February 28, 2024

SUBMITTED BY: Camila Morao

SERVICES: As Needed Treatment for Browns Pond

This agreement (the "Agreement") is made as of the date indicated above, and is by and between SOLitude Lake Management, LLC ("Solitude" or the "Company") and the customer identified above (the "Customer") on the terms and conditions set forth in this Agreement.

1. The Services. SOLitude will provide services at the Customer's property as described in Schedule A attached hereto:

2. PAYMENT TERMS. The total fee for the Services is **\$3,478.00 per treatment. Price is valid for 60 days from the contract date.** SOLitude shall invoice the Customer following completion of each Task Service.

Task 1: Copper Sulfate Treatment	\$3,478.00	As Needed
----------------------------------	------------	-----------

For any work completed or materials in storage on the customer's behalf at the end of each month, the company will invoice and the customer will be responsible for paying the percent of the total work completed as of that date, less any previous deposit paid. Should the work performed be subject to any local, state, or federal jurisdiction, agency, or other organization of authority for sales or other taxes or fees in addition to those expressly covered by this contract, customer will be invoiced and responsible for paying said additional taxes in addition to the fee above. Customer agrees to pay all invoices within thirty (30) days of invoice date. The Customer will be liable for any returned check fees and any collection costs, including reasonable attorney fees and court costs, for any invoices not otherwise timely paid, and interest at the rate of 1% per month may be added to all unpaid invoices. Company shall be reimbursed by the Customer for any non-routine expenses, administrative fees, compliance fees, or any other similar expense that are incurred as a result of requirements placed on the Company by the Customer that are not covered specifically by the written specifications of this contract.

3. TERM AND EXPIRATION. This Agreement is for a one-time service as described in the attached Schedule A. Any additional services will be provided only upon additional terms as agreed to by the parties in writing.

Competitively Sensitive & Proprietary Materials – The information contained herein is the intellectual property of SOLitude Lake Management. Recipient may not disclose to any outside party any proprietary information, processes, or pricing contained in this document or any of its attachments without the prior written consent of SOLitude Lake Management. This document is provided to the recipient in good faith and it shall be the responsibility of the recipient to keep the information contained herein confidential.

4. DISCLAIMER. SOLitude is not responsible for the failure of any treatment, equipment installation, or other work that result from dam or other structural failures, severe weather and storms, flooding, or other acts of God that are outside of the control of SOLitude.

Customer understands and acknowledges that there are irrigation restrictions associated with many of the products used to treat lakes and ponds. The customer is responsible for notifying SOLitude in advance of the contract signing and the start of the contract if they utilize any of the water in their lakes or ponds for irrigation purposes. The customer accepts full responsibility for any issues that may arise from the irrigation of turf, ornamentals, trees, crops, or any other plants as a result of treated water being used by the customer for irrigation without the consent or knowledge of SOLitude.

Although there is rarely direct fish toxicity with the products used for treatment when applied at the labeled rate, or the installation and normal operation of the equipment we install, there is a risk under certain circumstances of significant dissolved oxygen drops. This risk is most severe in times of extremely hot weather and warm water temperatures, as these are the conditions during which dissolved oxygen levels are naturally at their lowest levels. Oftentimes lakes and ponds will experience natural fish kills under these conditions even if no work is performed. Every effort, to include the method and timing of application, the choice of products and equipment used, and the skill and training of the staff, is made to avoid such problems. However, the customer understands and accepts that there is always a slight risk of the occurrence of adverse conditions outside the control of SOLitude that will result in the death of some fish and other aquatic life. The customer also understands and accepts that similar risks would remain even if no work was performed. The customer agrees to hold SOLitude harmless for any issues with fish or other aquatic life which occur as described above, or are otherwise outside the direct control of the SOLitude, unless there is willful negligence on the part of SOLitude.

While SOLitude Lake Management LLC makes every effort to thoroughly inspect the site before providing this contract proposal or beginning any work, it is possible, without fault or negligence, that unforeseen circumstances may arise, or that hidden conditions on the site might be found in the course of the performance of the contract work, which would result in additional time or material costs that exceed this contract pricing. Should this occur, the customer will be notified of these unforeseen circumstances or conditions and be responsible for the costs associated with remedying. By signing this agreement, the customer acknowledges that they have informed SOLitude Lake Management® of all known and relevant current site conditions that would be reasonable to expect could affect our ability to successfully complete the contract work.

5. INSURANCE AND LIMITATION OF LIABILITY. Solitude will maintain general liability and property damage insurance as necessary given the scope and nature of the Services. The Company will be responsible for those damages, claims, causes of action, injuries or legal costs to the extent of its own direct negligence or misconduct, and then only to an amount not to exceed the annual value of this Agreement. In no event will any party to this Agreement be liable to the other for incidental, consequential or purely economic damages.

Competitively Sensitive & Proprietary Materials – The information contained herein is the intellectual property of SOLitude Lake Management. Recipients may not disclose to any outside party any proprietary information, processes, or pricing contained in this document or any of its attachments without the prior written consent of SOLitude Lake Management. This document is provided to the recipient in good faith and it shall be the responsibility of the recipient to keep the information contained herein confidential.

6. FORCE MAJEURE. The Company shall not be liable for any delay in performing the Services, nor liable for any failure to provide the Services, due to any cause beyond its reasonable control.
7. ANTI-CORRUPTION AND BRIBERY. Each party represents that neither it nor anyone acting on its behalf has offered, given, requested or accepted any undue financial or other advantage of any kind in entering into this Agreement, and that it will comply with all applicable laws and regulations pertaining to corruption, competition and bribery in carrying out the terms and conditions of this Agreement.
8. GOVERNING LAW. This Agreement shall be governed and construed in accordance with the laws of the state in which the Services are performed.
9. ENTIRE AGREEMENT. This Agreement constitutes the entire agreement between the parties with respect to the subject matter and replaces any prior agreements or understandings, whether in writing or otherwise. This Agreement may not be modified or amended except by written agreement executed by both parties. In the event that any provision of this Agreement is determined to be void, invalid, or unenforceable, the validity and enforceability of the remaining provisions of this Agreement shall not be affected.
10. NOTICE. Any written notice provided under this Agreement may be sent via overnight mail, certified mail, hand delivery or electronic mail with delivery confirmation, to the individuals and addresses listed below.
11. BINDING. This Agreement shall inure to the benefit of and be binding upon the legal representatives and successors of the parties.
12. FUEL/TRANSPORTATION SURCHARGE. Like many other companies that are impacted by the price of gasoline, a rise in gasoline prices may necessitate a fuel surcharge. As such, the Company reserves the right to add a fuel surcharge to Customer's invoice for any increase in the cost of fuel as measured above the same time period in the prior year (by the National U.S. Average Motor Gasoline-Regular Fuel Price per Gallon Index reported by the U.S. Department of Energy). The surcharge may be adjusted monthly (up or down) with the price of gasoline.
13. E-Verify. Solitude Lake Management LLC utilizes the federal E-Verify program in contracts with public employers as required by Florida State law, and acknowledges all the provisions of Florida Statute 448.095 are incorporated herein by reference and hereby certifies it will comply with the same.

4. The properties are sold subject to unpaid school taxes for the tax year of 2023-2024, and also subject to all school taxes levied subsequent to the date of the City Council resolution authorizing the sale. 16. The description of the property shall be from the City of Newburgh Tax Map reference or a survey description certified to the City of Newburgh. Any survey description shall be provided to the City Corporation Counsel by the purchaser at least thirty (30) days in advance of closing title and approved by the City's Engineer.

The purchaser agrees that neither he/she nor his/her assigns shall convey the property to the former owner(s) against whom City of Newburgh foreclosed within 36 months subsequent to the Closing Deadline date. If such conveyance occurs, purchaser understands that he/she may be found to have committed fraud, and/or intent to defraud, and will be liable for any deficiency between the purchase price and such sums as may be owed to City of Newburgh as related to the foreclosure on the property and consents to immediate judgment by City of Newburgh for said amounts.

This shall be set forth as a restrictive covenant in the deed, subject upon its breach, to a right of re-entry in favor of the City of Newburgh. This shall be in addition to all other provisions, covenants and conditions set forth in the Terms of Sale.
19. Within ten (10) business days of approval of sale by the City of Newburgh, the purchaser shall tender a non-refundable downpayment in the amount of \$20,985.00 payable to "City of Newburgh" by money order or guaranteed funds to the "City of Newburgh". 12. Termination. Licensor may terminate this Agreement for cause at any time with 10 days' written notice to Licensee. If any provision of this Agreement or its application to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Agreement, or its application to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each provision of this Agreement shall be valid and enforceable as permitted by law.

ARTICLE 1. SCOPE OF WORK

VENDOR agrees to perform the SERVICES and identified in Schedule A, (the "SERVICES") which is attached to, and is part of this Agreement. VENDOR agrees to perform the SERVICES in accordance with the terms and conditions of this Agreement. It is specifically agreed that the CITY will not compensate VENDOR for any SERVICES provided outside those specifically identified in Schedule A, without prior authorization, evidenced only by a written Addendum to this Agreement executed by the City Manager of the CITY after consultation with the City Department Head responsible for the oversight of this Agreement (hereinafter "Department Head").

Any and all reports, documents, charts, graphs, maps, designs, images, photographs, computer programs and software, artwork, creative works, compositions, and the rights to employ, publish, disseminate, amend or otherwise use same, and/or any other intellectual property to be provided by VENDOR to CITY under the terms of this Agreement shall remain the property of the CITY and shall have VENDOR's permission to make full use for the completion and implementation of the Project for which the material was prepared without compensation in addition to the amounts set forth in Article 3 and Schedule B of this Agreement.

ARTICLE 2. TERM OF AGREEMENT

VENDOR agrees to perform the SERVICES and/or supply goods beginning March 26, 2024, and ending April 30, 2024.

ARTICLE 3. COMPENSATION

For satisfactory performance of the SERVICES or, as such SERVICES or goods may be modified by mutual written agreement, the CITY agrees to compensate VENDOR in accordance with the fees and expenses as stated in Schedule B, which is attached to and is part of this Agreement. VENDOR shall submit to the CITY an itemized invoice for SERVICES rendered, as set forth in Schedule B, and prepared in such form and supported by such documents as the CITY may reasonably require. The CITY will pay the proper amounts due VENDOR within 30 days after the CITY receives Claimant's Certification form. If the Claimant's Certification form is objectionable, the CITY will notify VENDOR, in writing, of the CITY'S reasons for objecting to all or any portion of the invoice submitted by VENDOR.

A not-to-exceed cost of \$9,804.00 has been established for the scope of SERVICES rendered by VENDOR. Costs in excess of such not-to-exceed cost, if any, may not be incurred without prior written authorization of the City Manager of the CITY, evidenced only by an Addendum to this Agreement, after consultation with the Department Head. It is specifically agreed to by VENDOR that the CITY will not be responsible for any additional cost or costs in excess of the above noted not-to-exceed cost if the CITY'S authorization by the City Manager is not given in writing prior to the performance of the SERVICES giving rise to such excess or additional costs.

Any bills or invoices sent by VENDOR to the CITY more than six (6) months after services which are the subject of such billing have been rendered shall not be paid by the CITY and the CITY shall have no liability therefor.

ARTICLE 4. EXECUTORY CLAUSE

The CITY shall have no liability under this Agreement to VENDOR or to anyone else beyond funds appropriated and available for this Agreement.

ARTICLE 5. PROCUREMENT OF AGREEMENT

VENDOR represents and warrants that no person or selling agency has been employed or retained by VENDOR to solicit or secure this Agreement upon an agreement or upon an understanding for a commission, percentage, a brokerage fee, contingent fee or any other compensation. VENDOR further represents and warrants that no payment, gift or thing of value has been made, given or promised to obtain this or any other agreement between the parties. VENDOR makes such representations and warranties to induce the CITY to enter into this Agreement and the CITY relies upon such representations and warranties in the execution hereof.

For a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if effected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law or pursuant to this Agreement.

ARTICLE 6. CONFLICT OF INTEREST

VENDOR represents and warrants that neither it nor any of its directors, officers,

members, partners or employees, have any interest nor shall they acquire any interest, directly or indirectly which would or may conflict in any manner or degree with the performance or rendering of the SERVICES herein provided. VENDOR further represents and warrants that in the performance of this Agreement, no person having such interest or possible interest shall be employed by it and that no elected official or other officer or employee of the CITY, nor any person whose salary is payable, in whole or in part, by the CITY, or any corporation, partnership or association in which such official, officer or employee is directly or indirectly interested shall have any such interest, direct or indirect, in this Agreement or in the proceeds thereof, unless such person submits a letter disclosing such an interest, or the appearance or potential of same, to the City Manager and a copy to the Corporation Counsel of the CITY in advance of the negotiation and execution of this Agreement.

For failure to submit such letter of disclosure, or for a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim for, or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if elected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment to or to take any other action provided for by law, in equity or pursuant to this Agreement.

ARTICLE 7. FAIR PRACTICES

VENDOR and each person signing on behalf of the VENDOR represents, warrants and certifies under penalty of perjury, that to the best of their knowledge and belief:

A. The prices in this Agreement have been arrived at independently by VENDOR without collusion, consultation, communication, or agreement with any other

bidder, proposer or with any competitor as to any matter relating to such prices which has the effect of, or has as its purpose, restricting competition;

B. Unless otherwise required by law, the prices which have been quoted in this Agreement and on the proposal or quote submitted by VENDOR have not been knowingly disclosed by VENDOR prior to the communication of such quote to the CITY or the proposal opening directly or indirectly, to any other bidder, proposer or to any competitor; and

C. No attempt has been made or will be made by VENDOR to induce any other person, partnership, corporation or entity to submit or not to submit a proposal or quote for the purpose of restricting competition.

The fact that VENDOR (i) has published price lists, rates, or tariffs covering items being procured, (ii) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (iii) has provided the same items to the other customers at the same prices being bid or quoted does not constitute, without more, a disclosure within the meaning of this Article.

ARTICLE 8. INDEPENDENT CONTRACTOR

In performing the SERVICES and incurring expenses under this Agreement, VENDOR shall operate as, and have the status of, an independent contractor and shall not act as agent, or be an agent, of the CITY. As an independent contractor, VENDOR shall be solely responsible for determining the means and methods of performing the SERVICES and shall have complete charge and responsibility for VENDOR'S personnel engaged in the performance of the same.

In accordance with such status as independent contractor, VENDOR covenants and agrees that neither it nor its employees or agents will hold themselves out as, nor claim to be officers or employees of the CITY, or of any department, agency or

unit thereof by reason hereof, and that they will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the CITY including, but not limited to, Worker's Compensation coverage, health coverage, Unemployment Insurance Benefits, Social Security coverage or employee retirement membership or credit.

ARTICLE 9. ASSIGNMENT AND SUBCONTRACTING

VENDOR shall not assign any of its rights, interest or obligations under this Agreement, or subcontract any of the SERVICES to be performed by it under this Agreement, without the prior express written consent of the City Manager of the CITY. Any such subcontract, assignment, transfer, conveyance, or other disposition without such prior consent shall be void and any SERVICES provided thereunder will not be compensated. Any subcontract or assignment properly consented to by the CITY shall be subject to all of the terms and conditions of this Agreement.

Failure of VENDOR to obtain any required consent to any assignment, shall be grounds for termination for cause, at the option of the CITY and if so terminated, the CITY shall thereupon be relieved and discharged from any further liability and obligation to VENDOR, its assignees or transferees, and all monies that may become due under this Agreement shall be forfeited to the CITY except so much thereof as may be necessary to pay VENDOR'S employees for past service.

The provisions of this clause shall not hinder, prevent, or affect any assignment by VENDOR for the benefit of its creditors made pursuant to the laws of the State of New York.

This agreement may be assigned by the CITY to any corporation, agency, municipality or instrumentality having authority to accept such assignment.

ARTICLE 10. BOOKS AND RECORDS

VENDOR agrees to maintain separate and accurate books, records, documents and other evidence and accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement.

ARTICLE 11. RETENTION OF RECORDS

VENDOR agrees to retain all books, records and other documents relevant to this Agreement for six (6) years after the final payment or termination of this Agreement, whichever later occurs. CITY, or any State and/or Federal auditors, and any other persons duly authorized by the CITY, shall have full access and the right to examine any of said materials during said period.

ARTICLE 12. AUDIT BY THE CITY AND OTHERS

All Claimant Certification forms or invoices presented for payment to be made hereunder, and the books, records and accounts upon which said Claimant's Certification forms or invoices are based are subject to audit by the CITY. VENDOR shall submit any and all documentation and justification in support of expenditures or fees under this Agreement as may be required by the CITY so that it may evaluate the reasonableness of the charges, and VENDOR shall make its records available to the CITY upon request. All books, Claimant's Certification forms, records, reports, cancelled checks and any and all similar material may be subject to periodic inspection, review and audit by the CITY, the State of New York, the federal government, and/or other persons duly authorized by the CITY. Such audits may include examination and review of the source and application of all funds whether from the CITY, State, the federal government, private sources or otherwise. VENDOR shall not be entitled to any interim or final payment under this Agreement if any audit

requirements and/or requests have not been satisfactorily met.

ARTICLE 13. INSURANCE

For all of the SERVICES set forth herein and as hereinafter amended, VENDOR shall maintain or cause to be maintained, in full force and effect during the term of this Agreement, at its expense, insurance as may be required by law. Such policies are to be in the broadest form available on usual commercial terms and shall be written by insurers of recognized financial standing satisfactory to the CITY who have been fully informed as to the nature of the SERVICES to be performed. Where applicable, the CITY shall be an additional insured on all such policies with the understanding that any obligations imposed upon the insured (including, without limitation, the liability to pay premiums) shall be the sole obligation of VENDOR and not those of the CITY. Notwithstanding anything to the contrary in this Agreement, VENDOR irrevocably waives all claims against the CITY for all losses, damages, claims or expenses resulting from risks commercially insurable under this insurance described in this Article 13. The provisions of insurance by VENDOR shall not in any way limit VENDOR'S liability under this Agreement.

When applicable, VENDOR shall attach to this Agreement certificates of insurance evidencing VENDOR'S compliance with the following requirements:

Each policy of insurance shall contain clauses to the effect that (i) such insurance shall be primary without right of contribution of any other insurance carried by or on behalf of the CITY with respect to its interests, (ii) it shall not be cancelled, including, without limitation, for non-payment of premium, or materially amended, without fifteen (15) days prior written notice to the CITY, directed to the City Manager, the Corporation Counsel and to the Department Head and the CITY shall have the option to pay any necessary premiums to keep such insurance in effect and charge the cost back to VENDOR.

To the extent it is commercially available, each policy of insurance shall be provided on an "occurrence" basis. If any insurance is not so commercially available on an "occurrence" basis, it shall be provided on a "claims made" basis, and all such "claims made" policies shall provide that:

A. Policy retroactive dates coincide with or precede VENDOR'S start of the performance of this Agreement (including subsequent policies purchased as renewals or replacements);

B. VENDOR will maintain similar insurance for at least six (6) years following final acceptance of the SERVICES;

C. If the insurance is terminated for any reason, VENDOR agrees to purchase an unlimited extended reporting provision to report claims arising from the SERVICES performed or goods provided for the CITY; and

D. Immediate notice shall be given to the CITY through the City Manager of circumstances or incidents that might give rise to future claims with respect to the SERVICES performed under this Agreement.

ARTICLE 14. INDEMNIFICATION

VENDOR agrees to defend, indemnify and hold harmless the CITY, including its officials, employees and agents, against all claims, losses, damages, liabilities, costs or expenses (including, without limitation, reasonable attorney fees and costs of litigation and/or settlement), whether incurred as a result of a claim by a third party or any other person or entity, arising out of the SERVICES performed pursuant to this Agreement which the CITY or its officials, employees or agents, may suffer by reason of any negligence, fault, act or omission of VENDOR, its employees, representatives, subcontractors, assignees, or agents.

In the event that any claim is made or any action is brought against the CITY arising out of the negligence, fault, act, or omission

of an employee, representative, subcontractor, assignee, or agent of VENDOR either within or without the scope of his respective employment, representation, subcontract, assignment or agency, or arising out of VENDOR'S negligence, fault, act or omission, then the CITY shall have the right to withhold further payments hereunder for the purpose of set-off of sufficient sums to cover the said claim or action. The rights and remedies of the CITY provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

ARTICLE 15. PROTECTION OF CITY PROPERTY

VENDOR assumes the risk of and shall be responsible for, any loss or damage to CITY property, including property and equipment leased by the CITY, used in the performance of this Agreement and caused, either directly or indirectly by the acts, conduct, omissions or lack of good faith of VENDOR, its officers, directors, members, partners, employees, representatives or assignees, or any person, firm, company, agent or others engaged by VENDOR as an expert consultant specialist or subcontractor hereunder.

In the event that any such CITY property is lost or damaged, except for normal wear and tear, then the CITY shall have the right to withhold further payments hereunder for the purposes of set-off in sufficient sums to cover such loss or damage.

VENDOR agrees to defend, indemnify and hold the CITY harmless from any and all liability or claim for loss, cost, damage or expense (including, without limitation, reasonable attorney fees and costs of litigation and/or settlement) due to any such loss or damage to any such CITY property described in this Article.

The rights and remedies of the CITY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or by this Agreement.

ARTICLE 16. CONFIDENTIAL INFORMATION

In the course of providing the SERVICES hereunder, VENDOR may acquire knowledge or come into possession of confidential, sensitive or proprietary information belonging to CITY. VENDOR agrees that it will keep and maintain such information securely and confidentially, and not disclose such information to any third parties, including the media, nor use such information in any manner publically or privately, without receiving the prior approval, in writing, of the CITY authorizing such use. VENDOR'S obligations under this clause to maintain the confidentiality of such information and to refrain from using such information in any manner without the prior written approval of the CITY shall survive the termination or expiration of this Agreement.

ARTICLE 17. TERMINATION

The CITY may, by written notice to VENDOR effective upon mailing, terminate this Agreement in whole or in part at any time (i) for CITY'S convenience, (ii) upon the failure of VENDOR to comply with any of the terms or conditions of this agreement, or (iii) upon the VENDOR becoming insolvent or bankrupt.

Upon termination of this Agreement, the VENDOR shall comply with any and all CITY closeout procedures, including, but not limited to:

A. Accounting for and refunding to the CITY within thirty (30) days, any unexpended funds which have been paid to VENDOR pursuant to this Agreement; and

B. Furnishing within thirty (30) days an inventory to the CITY of all equipment, appurtenances and property purchased by VENDOR through or provided under this Agreement, and carrying out any CITY directive concerning the disposition thereof.

In the event the CITY terminates this Agreement in whole or in part, as provided

in this Article, the CITY may procure, upon such terms and in such manner as deemed appropriate, SERVICES similar to those so terminated, and the VENDOR shall continue the performance of this Agreement to the extent not terminated hereby. If this Agreement is terminated in whole or in part for other than the convenience of the CITY, any SERVICES or goods procured by the CITY to complete the SERVICES herein will be charged to VENDOR and/or set-off against any sums due VENDOR.

Notwithstanding any other provision of this Agreement, VENDOR shall not be relieved of liability to the CITY for damages sustained by the CITY by virtue of VENDOR'S breach of the Agreement or failure to perform in accordance with applicable standards, and the CITY may withhold payments to VENDOR for the purposes of set-off until such time as the exact amount of damages due to the CITY from VENDOR is determined.

The rights and remedies of the CITY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

ARTICLE 18. GENERAL RELEASE

The acceptance by VENDOR or its assignees of the final payment under this Agreement, whether by Claimant's Certification form, judgment of any court of competent jurisdiction, or administrative means shall constitute and operate as a general release to the CITY from any and all claims of VENDOR arising out of the performance of this Agreement.

ARTICLE 19. SET-OFF RIGHTS

The CITY shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but are not limited to, the CITY'S right to withhold for the purposes of set-off any monies otherwise due VENDOR (i) under this Agreement, (ii) under any other agreement or contract with the CITY, including any agreement or contract for a term commencing prior to or

after the term of this Agreement, (iii) from the CITY by operation of law, the CITY also has the right to withhold any monies otherwise due under this Agreement for the purposes of set-off as to any amounts due and owing to the CITY for any reason whatsoever including, without limitation, tax delinquencies, fee delinquencies or monetary penalties or interest relative thereto.

ARTICLE 20. DISPUTE RESOLUTION

All disputes shall be heard in the Supreme Court of the State of New York, with venue in Orange County or if appropriate, in the Federal District Court with venue in the Southern District of New York, White Plains division.

ARTICLE 21. GOVERNING LAW

This Agreement shall be governed by the laws of the State of New York. VENDOR shall render all SERVICES under this Agreement in accordance with applicable provisions of all federal, state and local laws, rules and regulations as are in effect at the time such SERVICES are rendered.

ARTICLE 22. CURRENT OR FORMER CITY EMPLOYEES

VENDOR represents and warrants that it shall not retain the SERVICES of any CITY employee or former CITY employee in connection with this Agreement or any other agreement that said VENDOR has or may have with the CITY without the express written permission of the CITY. This limitation period covers the preceding three (3) years or longer if the CITY employee or former CITY employee has or may have an actual or perceived conflict of interests due to their position with the CITY.

For a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement

without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim for or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if effected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law or pursuant to this Agreement.

ARTICLE 23. ENTIRE AGREEMENT

The rights and obligations of the parties and their respective agents, successors and assignees shall be subject to and governed by this Agreement, including Schedules A and B, which supersede any other understandings or writings between or among the parties.

ARTICLE 24. MODIFICATION

No changes, amendments or modifications of any of the terms and/or conditions of this Agreement shall be valid unless reduced to writing and signed by the party to be bound. Changes in the scope of SERVICES in this Agreement shall not be binding, and no payment shall be due in connection therewith, unless prior to the performance of any such SERVICES, the City Manager of the CITY, after consultation with the Department Head and Corporation Counsel, executes an Addendum to this Agreement, which Addendum shall specifically set forth the scope of such extra or additional SERVICES and the amount of compensation and the extension of the time for performance, if any, for any such SERVICES. Unless otherwise specifically provided for therein, the provisions of this Agreement shall apply with full force and effect to the terms and conditions contained in such Addendum.

SCHEDULE A

SCOPE OF SERVICES

Objective:

To assist the City of Newburgh Police Department comply with the requirements of the Gun Involved Violence Elimination (GIVE) X grant program. All agencies currently receiving funding under GIVE X for non-fatal shooting investigations are required to complete coding of historical non-fatal shooting cases by April 26, 2024 in order to receive funding for GIVE XI.

Scope of Services:

Vendor will complete coding the City of Newburgh Police Department's remaining 57 historical non-fatal shooting cases by April 26, 2024 in accordance with the GIVE X grant requirements.

The coding process encompasses collecting detailed information on each incident (location, time of day, etc.), persons involved (witnesses, victims, family members, suspects, others), investigative activities (initial canvass, subpoena, phone calls, etc.), and all the pieces of evidence that emerged from those activities. The purpose of such detailed coding is to allow DCJS to analyze the different investigative approaches to nonfatal shooting investigations across jurisdictions so that they can better identify best practices for those investigations going forward.

The coding analyst affiliated with the GIVE X nonfatal shooting initiative codes all available information on assigned historical NFS cases (dating from April 2021-June 2023), and all information pertaining to contemporary NFS investigations until the end of the GIVE period in 2024. The analyst must be able to access all of the required materials and data (including record management systems data, detective notes, case management system data) in order to complete the database as thoroughly as possible. Their efforts are supported by technical assistance from the John Finn Institute, and their work is subject to review by analysts at the John Finn Institute. They are required to review all instructive materials provided by the Finn Institute (including a TA video), and will be asked to make edits to data that is incorrect, incomplete, or uninterpretable after periodic reviews of their coded data.

Estimated completion of each case is approximately 4 hours.

Timeline:

Immediate until April 26, 2024 which is the grant coding deadline.

No waiver by any Party of any of the provisions hereof will be effective unless explicitly set forth in writing and signed by the Party so waiving. Except as otherwise set forth in this Agreement, (i) no failure to exercise, or delay in exercising, any rights, remedy, power, or privilege arising from this Agreement will operate or be construed as a waiver thereof, and (ii) no single or partial exercise of any right, remedy, power, or privilege hereunder will preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege.

(e) Severability. If any provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability will not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any

(i) Equitable Relief. Each Party acknowledges and agrees that a breach or threatened breach by such Party of any of its obligations under 5 would cause the other Party irreparable harm for which monetary damages would not be an adequate remedy and agrees that, in the event of such breach or threatened breach, the other Party will be entitled to equitable relief, including a restraining order, an injunction, specific performance, and any other relief that may be available from any court, without any requirement to post a bond or other security, or to prove actual damages or that monetary damages are not an adequate remedy. TreeKeeper®

On Arbor Day of 2017, DRG released the latest version of TreeKeeper®, our flagship tree management software. This release continues the TreeKeeper® product line that has successfully led the industry for over 25 years. Integration is central to the TreeKeeper® design; users can interact with tree inventory data in a variety of helpful ways. Whether you are in the office or out in the field, coordinating your internal crews or outside contractors, or sharing benefits information with the public, TreeKeeper® is user-friendly and the most convenient tool to quickly access information. TreeKeeper® is a versatile cloud-based software service geared towards helping you utilize, update, and share your tree inventory data. Developed and maintained by DRG, TreeKeeper® is the product of over two decades of research, development, and industry vetting. TreeKeeper® will help you find and schedule work, keep your tree and site information current, and showcase the environmental benefits of trees. One of the things that makes TreeKeeper® the industry leader is that users get the full functionality of the software upfront; no add-ons or a la carte software pieces are needed to calculate tree benefits or create work orders. Also, TreeKeeper® runs, looks, and acts the same whether you are using the software on your desktop, laptop, or tablet computer. TreeKeeper® is available as a subscription service (SaaS) to fit your program's budgeting needs. Davey's TreeKeeper® gives you at-a-glance access to your tree inventory data. Finding and updating sites is easy from the map or list view (above). 15 Version 2021.07.16

Interactive Work Environment

TreeKeeper® provides a state-of-the-art approach for urban forest management operations. TreeKeeper® uses grid/map interaction and a tool tray with an in-line search mechanism that allows you to view and sort inventory data from a map screen or an interactive list view (grid).

You can use the map and grid views simultaneously or independently, and since they are linked together any changes you make or new searches you run are seen instantly in both views. The map and grid can be docked, undocked, minimized, or maximized to allow you to work in the screen environment you prefer. TreeKeeper's interactive environment will help manage its inventory data, easily update tree and site records, create work orders, view tree benefits, assign and track tree work, and catalog maintenance expenses. You will also be able to identify trends, project budgets, and even estimate and share the benefits that community trees provide to the community. TreeKeeper® was designed to save you time.

Designed by Users

TreeKeeper® was developed by DRG with the help of users like you. Over the past 25 years, many of the functional upgrades made to the TreeKeeper® system were based on feedback from our clients. TreeKeeper® has been tailored, through peer review and input as well as technical innovations, to meet the needs of any person who needs to view, use, update, and report on tree inventory data.

OLD BUSINESS

Councilmember Monteverde commented. She saw a flyer about the Community Choice Aggregation program and wondered if it would be discussed further prior to the roll out.

Michelle Kelson explained that this is only the initial stage to comply with the statutory period of notice and educating the community on how the program works. The flyer was put out by Jewel Assets, which is the city's administrator of the program acting on behalf of the City of Newburgh. We intend to roll it out over a longer period of time, so that the community understands what the benefits are and what their choices are. Ms. Tallie Carter is the direct contact with the Community Choice Administrator, and she can provide more information about the rollout plan if anyone has any questions. The city has made it clear to the administrator that we prefer a slower and more engaged process. This is the first step to begin explaining to the community what Community Choice Aggregation is all about. Kelson pointed out that it will not be successful if we try to rush the process.

Monteverde thought the poster had a lot of good information, and she would like one to post on her social media.

Councilmember Martinez commented. She wanted to discuss the filling of vacancies on the boards and commissions in an executive session once the applications are ready.

Kelson explained that there is a policy and procedure in place to solicit volunteers for the boards and commissions. We've set deadlines for submissions of applications. When that deadline has passed, we then take all of the applications and put them onto the next available work session, both in public and in executive session, at the council's discretion. There are no guarantees that at any given meeting we are going to have sufficient applications for any given board to discuss; but we are trying to move the process forward.

Martinez asked Kelson if someone has previously applied for a board and didn't get picked in the first round, do they have to reapply each time?

Kelson explained that the policy states that the council reserves the ability to consider an individual for a future appointment if they are not appointed in the first round.

Councilmember Shakur asked about the status of giving the employees off on Juneteenth. Also, what is the deadline for the redistricting committee, and how much time do we have to solicit members for it?

Kelson explained that although the deadline has actually passed, the city has a little cushion, based on the way the election cycles work. She pointed out that not one person volunteered for the redistricting committee, so the Citizens Advisory Council has not met in consideration of any applications. In 2025 we will have elections for the ward seats, and we want to make sure the ward boundaries meet

federal and state voting standards. The redistricting committee is an optimal board to serve on, because it requires less commitment than other boards. The timeframe for the work to be done is relatively short. Once the work is completed, you're done for ten years. For anyone who has ever considered volunteering for service, this board is for you. We need seven city residents, over eighteen years old, to apply. We would like the board to be diverse, by geography, ward, race, gender and ethnicity. She encouraged residents to submit their applications directly through the city's website or contact the city offices for applications. This board is mission critical to make sure the size of the wards continue to comply with federal election standards.

NEW BUSINESS

Comments were deferred in the interest of time.

FURTHER COMMENTS FROM THE COUNCIL

Councilmember Martinez deferred her comments at this time.

Councilmember McLymore reminded everyone that there will be an event on April 7th called *A Day of Love in Newburgh*. It is a positive community event for everybody, and it will be hosted by a host of organizations in the City of Newburgh. The event will be held at 321 South William Street, between 12 pm and 5 pm.

Councilmember Monteverde reminded everyone that April 27th is the *Annual Community Cleanup*. She encouraged everyone to join us in the great event, where they will go through all the wards to clean up our city for the day.

Councilmember Shakur thanked everyone for coming out and wished everyone a good night.

Councilmember Sofokles thanked everyone for coming out tonight. She appreciates seeing people come to the meetings to speak. Also, it was great to see Pastor Rosie, as she hadn't seen her in a long time.

Mayor Harvey followed up on Shakur's sentiment about the Juneteenth holiday for the employees. June is swiftly approaching. The council is waiting for the numbers to determine how it would impact the city financially, so that the council can vote and make an informed decision. He stated that men and women lie, but the numbers don't lie.

This portion of the meeting was closed.

ADJOURNMENT

There being no further business to come before the council, the meeting was adjourned at 7:55 PM.
