Re: PINs 8005.26 & 8758.75 Broadway Pedestrian and Traffic Signal Improvements
Bid Analysis

WSP has reviewed the bids for the contract combining PINs 8005.26 & 8758.75 – Broadway Pedestrian and Traffic Signal Improvements, which was received and opened on Thursday, August 29, 2024. The apparent low bidder, Verde Electric Maintenance Corp., Armonk, NY, submitted a bid for \$6,755,973.11. Four bids were received, as follows:

	<u>Total</u>	<u>PIN 8005.26</u>	<u>PIN 8758.75</u>
1. Verde Electric Maintenance Corp.	\$6,755,973.11	\$5,134,539.56	\$1,621,433.55
2. Argenio Brothers, Inc.	\$7,155,155.00	\$5,407,487.40	\$1,707,627.60
3. Sun Up Construction Corp.	\$7,313,732.40	\$5,558,436.62	\$1,755,295.78
4. A-Tech Concrete Co.	\$7,784,814.00	\$5,916,458.64	\$1,868,355.36

The Engineer's Estimate (EE) was \$6,019,600.00. The average bid was \$7,252,418.63.

Low Bidder Responsibility

For all federal aid contracts, the determination of whether or not a business entity is a "responsible bidder" is made using the guidelines established by 9 NYCRR 4.170 whereby a contractor/vendor may be deemed "not responsible". The following items were verified as part of the bidder responsibility review:

- All bidders have a valid active registration status on the System for Award Management within the US Federal Contractor Registration program. None of the bidders are on the List of Debarred, Suspended, or Voluntarily Excluded Firms Ineligible for Federal Aid.
- None of the bidders are on the NYS Department of Labor's monthly List of Employers Ineligible to Bid on or be Awarded any Public Work Contract.
- All bidders are registered entities within the NYS Department of State's Corporation / Business Entity Database. A printout of the database search is included with this letter.
- Verde Electric Maintenance Corp. has two cases listed on OSHA's website. Sun Up Construction Corp. and A-Tech Concrete Co. each have one case listed on the OSHA's website. However, all these cases are closed with a closed date listed on OSHA's website. None of the remaining bidders were found to have any OSHA safety violations as listed on the OSHA website.

Bid Reconciliation

The city forwarded the itemized bids to WSP for further analysis. For each bidder, WSP checked the written quantities, multiplication, and addition. The analysis discovered several mathematical or clerical errors, which are listed below.

- Verde Electric Maintenance Corp. submitted a bid of \$6,755,973.11. However, their bid sheets included one inconsistency. The estimated quantity listed for item 205.050101 is listed as 42 tons. However, as per Addendum #3 to the Project Proposal Book, this quantity was replaced with item 205.050201 and

increased to 137 tons. With a unit price of \$502.43/TON, the total price for this item should be \$68,832.91 and not \$21,102.06. Re-calculating Verde Electric's base bid results in a total of \$6,803,703.96. This does not change the order of bidders.

- Argenio Brothers, Inc. submitted a bid of \$7,155,155.00. However, their bid sheets included one inconsistency. Item 615.33010011 (with a quantity of 9 EA) did not list a total price. However, in re-calculating their base bid with the total price of item 615.33010011, the bid price remained unchanged. Therefore, this is merely a logistical error and does not affect the order of bidders.
- A-Tech Concrete Co. submitted a bid of 7,784,814.00. However, their bid sheets included two inconsistencies:
 - Item 610.14000011 (with a quantity of 50 CY) did not list a total price. With their listed unit price of \$275.00/CY, the total price for this item number was calculated to be \$13,750.00. This does not change the order of bidders.
 - The total price for item 655.1202 (with a quantity of 12 EA) was incorrectly calculated. With a unit price of \$1,150.00/EA, the total price for this item should be \$13,800.00 and not \$18,600.00. Re-calculating A-Tech's base bid results in a total of \$7,780,014.00. This does not change the order of bidders.

The order of bidders after considering all mathematical errors is as follows:

	<u>Total</u>	<u>PIN 8005.26</u>	<u>PIN 8758.75</u>
1. Verde Electric Maintenance Corp.	\$6,803,703.96	\$5,170,815.01	\$1,632,888.95
2. Argenio Brothers, Inc.	\$7,155,155.00	\$5,407,487.40	\$1,707,627.60
3. Sun Up Construction Corp.	\$7,313,732.40	\$5,558,436.62	\$1,755,295.78
4. A-Tech Concrete Co.	\$7,780,014.00	\$5,912,810.64	\$1,867,203.36

Bid Analysis

The low bid is 13% higher than the Engineer's Estimate. In analyzing the low bid relative to the engineer's estimate and the other bids, the following results were found:

The 680-series traffic items (including but not limited to 680.0501001 360 DEGREE CAMERA VIDEO SYSTEM, 680.52010X CONDUIT, METAL STEEL, ZINC COATED, X.XX", 680.6007XX02 ORNAMENTAL SIGNAL POLE - (SPAN WIRE) 7,000 LB LOAD, XXFT HEIGHT, 680.62183409 FLUTED TRAFFIC SIGNAL POLE, MAST ARM, 18 FEET MOUNTING HEIGHT, 34 FEET MAST ARM LENGTH, and 680.73XX14 SIGNAL CABLE 5 CONDUCTOR, 14 AWG) consistently have a higher unit price compared to the engineer's estimate. However, they are in line with the average unit prices across all bidders. Many of these traffic-related items are paid for on a per-unit basis (EA), and the engineer's estimate is accurate in terms of quantity, so there is no risk of an overage.

Certain traffic, survey, and drainage items (including but not limited to 634.06070008 DOUBLE MANUAL VANDAL-RESISTANT PARKING METERS WITH A SINGLE COLLECTION BOX, 647.31 RELOCATE SIGN PANEL, SIGN PANEL ASSEMBLY SIZE I (UNDER 30 SQUARE FEET), 655.05020008 WATERTIGHT SANITARY MANHOLE FRAMES AND COVERS (CASTINGS), and 685.12 YELLOW EPOXY REFLECTORIZED PAVEMENT STRIPES - 20 MILS) have unit prices that are consistently higher than both the engineer's estimate and the average unit prices from all bidders. However, since these items contribute less than 1.5% to the total bid price, their impact on the overall bid is considered negligible.

Excavation, disposal, restoration, and concrete items – those paid by cubic yard (CY) or linear foot (LF) - (including but not limited to 203.02 UNCLASSIFIED EXCAVATION AND DISPOSAL, 205.050201 DISPOSAL OF

CONTAMINATED NON-HAZARDOUS WASTE SOIL, 206.03 CONDUIT EXCAVATION AND BACKFILL INCLUDING SURFACE RESTORATION, 210.481101 REMOVAL AND DISPOSAL OF MISCELLANEOUS ACM (BV14), and 555.0105 CONCRETE FOR STRUCTURES, CLASS A) make up a significant percentage of the overall low bid price. These items also have unit prices higher than the engineer's estimate. However, the low bidder's unit prices either fall within the range or are slightly below the average unit prices of all bidders. The low bidder (and all bidders) likely overestimated these unit prices based on the specific project needs and their professional judgment of the work, operations, equipment, and time required. WSP understands and acknowledges the overestimation of these unit prices compared to the engineer's estimate.

Conclusion:

The engineer's estimate used historical average unit bid prices that were consistently lower than the average unit prices received from the bidders for this project. Current market and supply chain conditions have had a considerable impact on bid prices and impacted the bids received.

Recommendation:

Based on the bid analysis, WSP recommends awarding the project to the lowest bidder, Verde Electric Maintenance Corp., with a corrected bid total of \$6,803,703.96. Although they did not provide a receipt for Addendum #3 and their quantities reflect the outdated bid sheets, their higher and more conservative unit price for item 205.050101, compared to both the engineer's estimate and the average bidder, should adequately account for the updated item number and increased quantity.

Very Truly Yours,
WSP

Peter Mancuso, P.E., PTOE
Project Engineer

(NYS Finance Law §139-d and General Municipal Law §103-d)**

1. By submission of this bid:

(a) Each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief:

- (1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor.
- (2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
- (3) No attempt has been made or will be made by the bidder to induce any other person, partnership, or corporation to submit or not to submit a bid for the purpose of restricting competition.

(b) A bid shall not be considered for award, nor shall any award be made where (a)(1)(2) and (3) above have not been complied with; provided, however, that if in any case, the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons, therefore. Where (a)(1)(2) and (3) above have not been complied with, the bid shall not be considered for award, nor shall any award be made unless the head of the purchasing unit of the state, public department, or agency to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that the bidder (a) has published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised pricelists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of subparagraph one (a).

2. Any bid hereafter made to the state or any public department, agency, or official thereof by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule, or regulation, and where such bid contains the certification referred to in subdivision one of this section, shall be deemed to have been authorized by the board of directors of the bidder and such authorization shall be deemed to have included the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation."

Tel. 610-326-2860
Fax 610-326-2924

The Northeastern Joint Apprenticeship and Training Program prepares you for the challenges and rewards of a career in the Outside Electrical Industry – building and maintaining America's electric power line systems – from the ground up. We are registered with the United States Department of Labor. Our National Apprenticeship and Training Standards, have been approved by the Bureau of Apprenticeship and Training. They certify that the Standards conform to the labor standards, which the United States Department of Labor believes are necessary to safeguard the welfare of apprentices as well as producing Qualified Journeyman Linemen.

COURSE DESCRIPTION

The Northeastern Joint Apprenticeship and Training Committee for the Outside Electrical Industry provides apprentice linemen with the following training program:

- *On-the-job training: a minimum of 7,000 hours total, over approximately 3½ years.*
- *Off-the-job training: 144 hours minimum for each year of apprenticeship.*
- *The program is seven periods. Each period is clearly defined as to subject matter and hours of training required.*
- *Off-the-job training provides basic theoretical and "how-to" knowledge. It supports on-the-job training as both progress in scope and difficulty. Study of your at-home course materials will give you the knowledge and the confidence to be effective – and safe – in the field.*

COURSE OBJECTIVE

When you finish, you will understand electrical power transmission and distribution systems– from the ground up. Upon completion of the Northeastern Apprentice Training Program, the International Brotherhood of Electrical Workers will accept you as a Journeyman Lineman.

HOURS OF WORK

Each apprentice is required to send in a monthly work report detailing the type of work they are doing. This information is closely monitored by the Apprenticeship Sub-Committee to ensure the apprentice's training is diversified in all types of linework. Apprentice rotations are reviewed on a monthly basis.

EVALUATION AND GRADING

Each apprentice is required to satisfactorily complete the National Electrical Course for Apprentice Lineman. They must pass three (3) climbing skills tests at different periods of their apprenticeship to ensure they are competent for Journeyman status.

- must be able to climb and work from ladders, poles and towers of various heights.
- must be able to crawl and work in confined spaces such as manholes and crawlspaces
- must be able to work outdoors in mild to extreme environmental conditions and sometimes for long hours depending on the job. .

These are some of the many activities of a Lineman:

- Haul poles, towers and material over various terrain with heavy equipment and rigging
- Dig holes for poles, anchors and foundations: dig trenches for underground systems using powered equipment and manual tools
- Construct concrete foundations for towers

- Assemble and erect towers, Lineman climb wood poles to 125 feet, steel poles to 200 feet, and steel towers to 500 feet, or whatever heights may be required
- String, splice, sag and deadend wires and cables
- Install new wires and cables overhead, underground and on poles in circuits energized from 110 volts to 34,500 volts and higher, with proper use of protective clothing and equipment
- Install transformers in new and on existing construction, without service interruption
- Install electrical service lines to customer facilities

ARTICLE 17. COVENANT AGAINST CONTINGENT FEES

The Consultant warrants that he has not employed or retained any company or person, other than a bona fide employee working for the Consultant, to solicit or secure this Agreement, and that he has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the Sponsor shall have the right to annul this Agreement without liability, or, in its discretion, to deduct from the Contract price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

ARTICLE 18. TRANSFER OF AGREEMENT

The Consultant specifically agrees that he is prohibited from assigning, transferring, conveying, subletting or otherwise disposing of the Agreement or of its right, title or interest therein, or its power to execute such Agreement, to any other person, company or corporation, without the previous consent in writing of the Sponsor.

If this provision is violated, the Sponsor may revoke and annul the Agreement and the Sponsor shall be relieved from any and all liability and obligations there under to the person, company or corporation to whom the Consultant shall purport to assign, transfer, convey, sublet or otherwise dispose of the Agreement without such consent in writing of the Sponsor.

ARTICLE 19. PROPRIETARY RIGHTS

The Consultant agrees that if patentable discoveries or inventions should result from work described herein, all rights accruing from such discoveries or inventions shall be the sole property of the Consultant. However, the Consultant agrees to and does hereby grant to the United States Government and the State of New York and the Sponsor a nonexclusive, nontransferable, paid-up license to make, use, and sell each subject invention throughout the world by and on behalf of the Government of the United States and states and domestic municipal governments, all in accordance with the provisions of 48 CFR 1-27.

ARTICLE 20. SUBCONTRACTORS/ SUBCONSULTANTS

All agreements between the Consultant and a subcontractor or other Subconsultant shall include all standard required contract provisions, and such agreements shall be subject to review by the Sponsor.

ARTICLE 20.1 PROMPT PAYMENT. While federal regulation ([49 CFR 26.29](#)¹) requires payment to subcontractors within 30 days, New York State law is more stringent. NYS General Municipal Law §106-b and NYS Finance Law Article 9, §139-f require prime contractors and prime consultants to pay their vendors within seven (7) calendar days of receipt of payment from the public owner/sponsor, and provides for interest on late payments for all public works contracts. Contract provisions incorporating any other payment schedule will not be allowed. A subcontractor's work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented. When the Sponsor has made an incremental acceptance of a portion of a prime contract, the work of a subcontractor covered by that acceptance is deemed to be satisfactorily completed.

Dear Mr. Van Vlack,

LAN Associates is excited to collaborate with the City of Newburgh for the replacement of the West-End Firehouse Roofs project. The role of an architecture and engineering firm extends beyond that of a technical advisor; it is that of a collaborative team member who can provide innovative solutions. From concept to completion, The LAN's team of professionals will work with the City of Newburgh to ensure the success of this project.

We understand that the City of Newburgh is seeking professional services to provide a roof replacement at the West End Firehouse located on New York State Route 17k. LAN Associates is pleased to submit our qualifications for this project as we have a portfolio of dozens of roof replacements for a variety of roofing styles for municipalities, school districts, and housing authorities.

While we will only provide architectural services for this project at this time, it is important to know that in choosing to work with LAN comes a team with nearly all the services required to complete a project. LAN's services include architecture, MEP engineering, civil engineering, environmental engineering, land use, land surveying, and construction administration.

LAN's Goshen, New York office will be leading efforts on this project and is located 20 miles from the City. We pride ourselves on being extremely responsive and demonstrating a unique efficiency that comes from decades of experience.

Respectfully,

WORK PLAN & APPROACH

Expertise in Remediating

LAN has vast experience in roof replacement projects of all sizes, types and complexities. A great number of our roofing replacement work involves remediation of asbestos flashings, mastics and materials. Most roofing projects also involve repair or replacement of surrounding construction, such as roof decking, soffits, masonry, eaves, gutters, etc. It is also not uncommon to coordinate this work with various trades such as electrical and mechanical, as well as abatement.

Based upon the testing and reports conducted by Quest and Envirologic, the roofing material that contains ACM will be removed and placed in a dumpster that is sent to an environmental landfill specifically licensed to handle ACM waste. The dumpster(s) will be specifically tracked via manifests indicating the licensed landfill that has accepted the hazardous waste.

Project Approach

LAN's approach to this project is to first meet with the City review and confirm the scope of work, deliverable schedule and anticipated bid and construction schedule. It is critical to set the milestones early and to work backwards from the most advantageous bidding window which is usually late winter/early spring. Typically, this period allows for ample time to procure any material needed, such as roofing membrane and insulation for timely jobsite delivery. This period is also preferred as contractors are beginning to line up work for the spring/summer season.

Using the available documents as a base, our team will conduct field work to document and confirm all existing conditions, including adjacent construction, masonry condition, soffits, eaves, gutters, decking, etc. Close attention shall be paid in documentation of the extent of repairs necessary to the existing construction. While it is impossible to fully document the extent of the repairs prior to demolition, educated assumptions and unit prices will ensure all pricing for the repair work is included in the bid.

It is clear from the provided documentation by the City, that the existing roof is a 45 mil Carlisle EPDM roof that is fully adhered. LAN is able to provide the City with various roofing options that range in warranty life from 15 to 25 years and include systems such as SBS modified, liquid applied, EPDM, TPO, PVC, etc. Upon completion of the field work, LAN can suggest roofing options for consideration along with anticipated pricing, unless the City has a preferred system.

Our team will begin preparation of construction documents, including drawings, details and specifications for review and approval by the City with the aim of bidding the project by February, 2025. Submission of documents will come at 30%, 60% and 90% milestones as requested. Ongoing quality control and document review will ensure that the documents are clear and relay the appropriate information for contractors to properly price and construct the work in a timely manner.

PROJECT SCHEDULE

The schedule below is for planning purposes only and LAN will be periodically updating the schedule as the project progresses. The final scheduling will be contingent upon the timing collectively agreed to by the entire project team. LAN will provide flexibility in our scheduling in order to accommodate the needs of the City of Newburgh.

ROOF REPLACEMENT AT WEST END FIREHOUSE

BOROUGH OF SOMERVILLE

MUNICIPAL

The Borough of Somerville Buildings & Grounds Department retained LAN Associates to provide architectural services for the design and documentation of a roof replacement at the West End Firehouse, located at 133 West High Street, Somerville, NJ.

The scope of work included, but was not limited to, the replacement of the existing roofing system at the upper and lower roof levels as well as the roof above the stair tower for a new EPDM roofing system. The project also included providing and installing new tapered insulation, and cleaning the existing roof drains, as well as providing and installing new metal fascias and all associated items.

Since the facility is an active firehouse, proper phasing was a key to a successful project. By strategically scheduling all construction, LAN was able to limit interruptions on the firehouse's day-to-day operations.

ROOF RESTORATION

LAN was retained by Ulster BOCES to provide a new roofing system for the existing EPDM membrane at the 87,000 sf Career & Technical Center located in Port Ewen, New York. LAN was able to determine the condition of the existing roofing system by performing an infrared scan and TV scoping of the existing roof drains. Through this analysis, LAN informed the client to proceed with a restoration of the existing roof.

LAN recommended a new fluid applied, fully reinforced restorative coating to be applied over the existing EPDM membrane. The flashings were replaced on all roof penetrations with the same fluid applied roofing, thus providing the client with a cost effective and water tight solution that included a 25-year warranty. In addition to the roofing work, LAN provided mechanical services including raising existing pad mounted AC condensers on new roof curbs.

ROOF REPLACEMENT AT DPW HEADQUARTERS

ULSTER COUNTY DEPARTMENT OF PUBLIC WORKS

MUNICIPAL

LAN was retained by the Ulster County Department of Public Works (DPW) to provide architectural services for the design and bidding for a roof replacement of the existing gravel built-up roof at the DPW's headquarters in Kingston, New York.

After documenting the existing roofing conditions, a roof scan was performed. The information gleaned from the roof scan dictated the need for a full roof replacement.

The scope of work included removing all existing roofing, insulation, and underlayment to expose the existing roof deck. LAN then designed a new code compliant tapered insulation layout and a new ketone ethylene ester (KEE) roof membrane that was requested by the owner. Due to the thickness of the new insulation requirements, the existing roof edges were built up and new metal copings were installed.

LAN provided architectural services from preliminary design and cost estimation through bidding, construction, and project closeout.

During construction, LAN was able to work with the contractor and owner to obtain a credit for the owner. The credit, combined with no additional change orders helped the owner to keep the construction contract under budget.

WALTON ENGINE AND HOSE COMPANY #1 ROOF REPLACEMENT

CHESTER FIRE DISTRICT

MUNICIPAL

LAN Associates was contracted by the Chester Fire District to provide architectural and engineering services for a roof replacement at the Walton Engine & Fire Hose Company Building in Chester, New York. LAN's involvement consisted of a field survey, cost analysis/estimation, construction documents, bidding/contract award, and construction administration services necessary to complete the project.

The scope of work for the project first required the complete removal of the existing 105' by 55'. 5,775 sf roof. LAN completed an Infra-Red scan of the existing area, determining the location and extent of moisture within the existing system and outlining those locations for future identification. A drainage study was conducted to determine the capacity of the existing drains, ensuring that they were in accordance with NYS code requirements,

After full removal, LAN installed a new roof with a rigid foam insulation and fluid applied Tremco AlphaGuard roof system. Roof mounted site lighting, as well as mechanical fan replacement and modifications were also installed to ensure the site could be properly maintained.

1.3 For paid Customer accounts in good standing, Intwine will use commercially reasonable efforts to make the Service available. Notwithstanding the foregoing, Intwine has the right to suspend Customer's access to the Service: (i) for scheduled or emergency maintenance, (ii) in the event Customer is in breach of this Agreement, including failure to pay any amounts due, or (iii) as a result of circumstances beyond Intwine's reasonable control (including, but not limited to: acts of God, acts of government, flood, fire, earthquake, civil unrest, acts of terror, strike or other labor problem, hosting provider failure or delay, issues related to a third party, or denial of service attacks) ("Force Majeure").

1.4 Subject to the terms hereof, Intwine or its designated third-party partners will provide reasonable support to Customer for the Service. Customer will designate an employee who will be responsible for all matters relating to this Agreement ("Primary Contact"). Customer may change the individual designated as Primary Contact at any time.

1.5 Customer is responsible for all acts and omissions of its employees and agents (including any breaches of this Agreement) as if Customer committed such act or omission itself. Intwine may exercise any rights and remedies under this Agreement, at law or in equity, against Customer based upon such acts or omissions of such employees or agents.

2. CUSTOMER RESTRICTIONS AND RESPONSIBILITIES

2.1 Customer will not, and will not permit any third party to: reverse engineer, decompile, disassemble or otherwise attempt to discover the source code, object code or underlying structure or algorithms of any portion of the Service, documentation or data related to the Service (provided that reverse engineering is prohibited only to the extent such prohibition is not contrary to applicable law); modify, translate, or create derivative works based on the Service; use the Service for timesharing or service bureau purposes or for any purpose other than its own internal use (unless Customer is an Intwine Dealer and has reviewed and agreed to be bound by the additional terms and conditions set forth in the Dealer Agreement ("Dealer Addendum") available separately and hereby incorporated herein by reference). The customer is not permitted to use the Service in connection with any high risk or strict liability activity; use the Service other than in accordance with this Agreement and in compliance with all applicable laws and regulations, including but not limited to any privacy laws, and laws and regulations concerning intellectual property, consumer and child protection, obscenity or defamation; run or use any processes that run or are activated while Customer is not logged on to the Service or that "crawl," "scrape," or "spider" the Service; or use the Service in any manner that (i) is harmful, fraudulent, deceptive, threatening, abusive, harassing, tortious, defamatory, vulgar, obscene, libelous, or otherwise objectionable (including without limitation, accessing any computer, computer system, network, software, or data without authorization, breaching the security of another user or system, or attempting to circumvent any user authentication or security process), (ii) impersonates any person or entity, including without limitation any employee or representative of Intwine, or (iii) contains a virus, Trojan horse, worm, time bomb, unsolicited bulk, commercial, or "spam" message, or other harmful computer code, file, or program (including without limitation, password guessing programs, decoders, password gatherers, keystroke loggers, cracking tools, packet sniffers, or encryption circumvention programs). Notwithstanding anything to the contrary, Intwine reserves the right to suspend or limit Customer's access to the Service if Intwine determines, in its sole discretion, that Customer's use of the Service does or is likely to: (a) damage the Service or interfere with Intwine's ability to reliably provide the Service to other users; or (b) place an unreasonable or unexpected load on the Service (c) there is a threat or attack on the cloud servers hosting the Service (including a denial of service attack) or other event that may create a risk to the Service, to Customer or to any other user of the Service; (d) Customer's use of the Service disrupts or poses a security risk to the Service or any other user of the Service, may harm Intwine's systems or any other user of the Service, or may subject Intwine or any third party to liability; (e) Customer is misusing the Service or using the Service for fraudulent or illegal activities; (f) subject to applicable law, Customer has ceased to continue Customer's business in the ordinary course, made an assignment for the benefit of creditors or similar disposition of Customer's assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution or similar proceeding; (g) Customer is using the Service in breach of the Agreement; (h) Customer is in default of Customer's payment obligations hereunder; or (g) there is an unusual spike or increase in Customers use of the Service (collectively, "Service Suspensions"). Customer understands that many of the reasons for suspension listed above are imposed on us by third party licensors, are subject to change without notice, and may result in Customer's access to the Service being suspended as a result of the actions of other users. Intwine will make commercially reasonable efforts to provide written notice of any Service Suspension to Customer (including notices posted on the website or sent to Customer's registered e-mail address) and to provide updates regarding resumption of Customer's access to the Service following any Service Suspension. Intwine will have no liability for any damage, liabilities, losses (including any loss of data or profits) or any other consequences that Customer may incur as a result of any Service Suspension or limitations related to carrier coverage or support.

3.1 Each party (the "Receiving Party") understands that the other party (the "Disclosing Party") has disclosed or may disclose information relating to the Disclosing Party's technology or business (hereinafter referred to as "Proprietary Information" of the Disclosing Party). Without limiting the foregoing, any software provided by Intwine or to which Intwine allows Customer to access, is Intwine Proprietary Information. 3.2 The Receiving Party agrees (i) to give access to such Proprietary Information solely to those of its employees with a need to have access thereto for purposes of this Agreement, and (ii) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the party takes with its own proprietary information, but in no event will a party use less than a reasonable degree of care to protect such Proprietary Information. The Disclosing Party agrees that the foregoing will not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public without any action by, or involvement of, the Receiving Party, or (b) was in its possession or known by it prior to receipt from the Disclosing Party, or (c) was rightfully disclosed to it without restriction by a third party, or (d) was independently developed by it without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure (if such notice is permitted by applicable law) in order to allow the Disclosing Party an opportunity to contest such order.

3.3 Customer acknowledges that Intwine does not wish to receive any Proprietary Information from Customer that is not necessary for Intwine to perform its obligations under this Agreement (including, without limitation, any information protected under applicable privacy laws and regulations), and, unless the parties specifically agree otherwise, Intwine may reasonably presume that any information unrelated to the Service received from Customer is not Proprietary Information.

In the case of any withholding requirements, Customer will pay any required withholding itself and will not reduce the amount paid on account thereof.

7. TERMINATION

7.1 This Agreement shall continue until terminated in accordance with this Section 7.

7.2 Intwine may terminate this Agreement immediately upon written notice to Customer in the event of any material breach of this Agreement by Customer or its employees or agents, or failure to pay any Fees or other amounts when due hereunder.

7.3 Either party may terminate this Agreement, without notice, (i) upon the institution by or against the other party of insolvency, receivership or bankruptcy proceedings (provided such proceedings are not dismissed within thirty (30) days of such institution), (ii) upon the other party's making an assignment for the benefit of creditors, or (iii) upon the other party's dissolution or ceasing to do business.

1. SERVICE SUBSCRIPTION

1.1 Subject to this Agreement, Intwine will provide the Customer with a subscription to access Intwine's cloud-based network management, connectivity and other related services provided by Intwine through the Internet as described at www.intwineconnect.com and rmp.intwineconnect.com or as otherwise documented and made available to Customer upon request by Intwine (collectively referred to as the "Service").

1.2 The Service and the software underlying or used to deliver the Service are hosted on servers under the control or direction of Intwine or its third party providers. The Service is subject to modification from time to time at Intwine's sole discretion, for any purpose deemed appropriate by Intwine. Intwine will use reasonable efforts to give Customer prior written notice of any material modifications to the Service.

1.3 For paid Customer accounts in good standing, Intwine will use commercially reasonable efforts to make the Service available. Notwithstanding the foregoing, Intwine has the right to suspend Customer's access to the Service: (i) for scheduled or emergency maintenance, (ii) in the event Customer is in breach of this Agreement, including failure to pay any amounts due, or (iii) as a result of circumstances beyond Intwine's reasonable control (including, but not limited to: acts of God, acts of government, flood, fire, earthquake, civil unrest, acts of terror, strike or other labor problem, hosting provider failure or delay, issues related to a third party, or denial of service attacks) ("Force Majeure").

1.4 Subject to the terms hereof, Intwine or its designated third-party partners will provide reasonable support to Customer for the Service. Customer will designate an employee who will be responsible for all matters relating to this Agreement ("Primary Contact"). Customer may change the individual designated as Primary Contact at any time.

1.5 Customer is responsible for all acts and omissions of its employees and agents (including any breaches of this Agreement) as if Customer committed such act or omission itself. Intwine may exercise any rights and remedies under this Agreement, at law or in equity, against Customer based upon such acts or omissions of such employees or agents.

2. CUSTOMER RESTRICTIONS AND RESPONSIBILITIES

2.1 Customer will not, and will not permit any third party to: reverse engineer, decompile, disassemble or otherwise attempt to discover the source code, object code or underlying structure or algorithms of any portion of the Service, documentation or data related to the Service (provided that reverse engineering is prohibited only to the extent such prohibition is not contrary to applicable law); modify, translate, or create derivative works based on the Service; use the Service for timesharing or service bureau purposes or for any purpose other than its own internal use (unless Customer is an Intwine Dealer and has reviewed and agreed to be bound by the additional terms and conditions set forth in the Dealer Agreement ("Dealer Addendum") available separately and hereby incorporated herein by reference). The customer is not permitted to use the Service in connection with any high risk or strict liability activity; use the Service other than in accordance with this Agreement and in compliance with all applicable laws and regulations, including but not limited to any privacy laws, and laws and regulations concerning intellectual property, consumer and child protection, obscenity or defamation; run or use any processes that run or are activated while Customer is not logged on to the Service or that "crawl," "scrape," or "spider" the Service; or use the Service in any manner that (i) is harmful, fraudulent, deceptive, threatening, abusive, harassing, tortious, defamatory, vulgar, obscene, libelous, or otherwise objectionable (including without limitation, accessing any computer, computer system, network, software, or data without authorization, breaching the security of another user or system, or attempting to circumvent any user authentication or security process), (ii) impersonates any person or entity, including without limitation any employee or representative of Intwine, or (iii) contains a virus, Trojan horse, worm, time bomb, unsolicited bulk, commercial, or "spam" message, or other harmful computer code, file, or program (including without limitation, password guessing programs, decoders, password gatherers, keystroke loggers, cracking tools, packet sniffers, or encryption circumvention programs). Notwithstanding anything to the contrary, Intwine reserves the right to suspend or limit Customer's access to the Service if Intwine determines, in its sole discretion, that Customer's use of the Service does or is likely to: (a) damage the Service or interfere with Intwine's ability to reliably provide the Service to other users; or (b) place an unreasonable or unexpected load on the Service (c) there is a threat or attack on the cloud servers hosting the Service (including a denial of service attack) or other event that may create a risk to the Service, to Customer or to any other user of the Service; (d) Customer's use of the Service disrupts or poses a security risk to the Service or any other user of the Service, may harm Intwine's systems or any other user of the Service, or may subject Intwine or any third party to liability; (e) Customer is misusing the Service or using the Service for fraudulent or illegal activities; (f) subject to applicable law, Customer has ceased to continue Customer's business in the ordinary course, made an assignment for the benefit of creditors or similar disposition of Customer's assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution or similar proceeding; (g) Customer is using the Service in breach of the Agreement; (h) Customer is in default of Customer's payment obligations hereunder; or (g) there is an unusual spike or increase in Customers use of the Service (collectively, "Service Suspensions"). Customer understands that many of the reasons for suspension listed above are imposed on us by third party licensors, are subject to change without notice, and may result in Customer's access to the Service being suspended as a result of the actions of other users. Intwine will make commercially reasonable efforts to provide written notice of any Service Suspension to Customer (including notices posted on the website or sent to Customer's registered e-mail address) and to provide updates regarding resumption of Customer's access to the Service following any Service Suspension. Intwine will have no liability for any damage, liabilities, losses (including any loss of data or profits) or any other consequences that Customer may incur as a result of any Service Suspension or limitations related to carrier coverage or support.

2.2 Customer will cooperate with Intwine in connection with the performance of this Agreement by making available such personnel and information as may be reasonably required, and taking such other actions as Intwine may reasonably request. Customer will also cooperate with Intwine in establishing a password or other procedures for verifying that only designated employees of Customer has

This section shall survive the expiration or termination of the Agreement.

2.4 Customer will be responsible for maintaining the security of Customer's account, passwords, including but not limited to administrative and user passwords and files, and for all uses of Customers account, whether with or without Intwine's knowledge or consent.

2.5 THE SERVICE IS NOT DESIGNED, MANUFACTURED, OR INTENDED FOR USE WITH DATA, CONTENT OR INFORMATION USED FOR OR REQUIRING FAIL-SAFE PERFORMANCE, SUCH AS IN THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL, DIRECT LIFE SUPPORT MACHINES, OR WEAPON SYSTEMS, IN WHICH THE FAILURE OF THE SERVICE, INTERNET OR THIRD PARTY CLOUD SERVICE PROVIDER INFRASTRUCTURE COULD LEAD TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE ("HIGH RISK APPLICATIONS"). Intwine and its third party licensors specifically disclaim any express or implied warranty of fitness for High Risk Applications.

Customer acknowledges and agrees that the Service may include services provided to Intwine by one or more wireless service providers. CUSTOMER EXPRESSLY UNDERSTANDS AND AGREES THAT IT HAS NO CONTRACTUAL RELATIONSHIP WHATSOEVER WITH INTWINE'S UNDERLYING WIRELESS SERVICE PROVIDERS OR SUCH PROVIDERS' AFFILIATES OR CONTRACTORS AND THAT CUSTOMER IS NOT A THIRD PARTY BENEFICIARY OF ANY AGREEMENT BETWEEN INTWINE AND ANY UNDERLYING WIRELESS SERVICE PROVIDER. 3.2 The Receiving Party agrees (i) to give access to such Proprietary Information solely to those of its employees with a need to have access thereto for purposes of this Agreement, and (ii) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the party takes with its own proprietary information, but in no event will a party use less than a reasonable degree of care to protect such Proprietary Information. The Disclosing Party agrees that the foregoing will not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public without any action by, or involvement of, the Receiving Party, or (b) was in its possession or known by it prior to receipt from the Disclosing Party, or (c) was rightfully disclosed to it without restriction by a third party, or (d) was independently developed by it without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure (if such notice is permitted by applicable law) in order to allow the Disclosing Party an opportunity to contest such order.

3.3 Customer acknowledges that Intwine does not wish to receive any Proprietary Information from Customer that is not necessary for Intwine to perform its obligations under this Agreement (including, without limitation, any information protected under applicable privacy laws and regulations), and, unless the parties specifically agree otherwise, Intwine may reasonably presume that any information unrelated to the Service received from Customer is not Proprietary Information.

Customer shall indemnify, defend, and hold harmless Intwine, its affiliates, subsidiaries, and its and their respective officers, directors, employees, agents, contractors, suppliers, successors, and assigns from and against any third party judgments, claims, actions, losses, damages, liabilities, costs, or expenses (including, but not limited to, reasonable attorneys' fees and legal expenses) of any kind arising from or attributable to in connection with any such Claim. This section shall survive the expiration or termination of the Agreement.

"Data" means all electronic data and information submitted by Customer for set up and provisioning of the Service, and information created, generated, collected or harvested by Intwine in the furtherance of this Agreement and the security and performance of the Service. All Fees paid hereunder (including any prepaid amounts) are non-refundable, including without limitation if this Agreement is terminated in accordance with Section 7 below.

6.2 Unpaid Fees may be subject to a finance charge of one percent (1.0%) per month, or the maximum permitted by law, whichever is lower, plus all expenses of collection, including reasonable attorneys' fees. Fees under this Agreement are exclusive of all taxes, including national, state or provincial and local use, sales, value-added, property and similar taxes, if any. Unless otherwise explicitly agreed in writing at the time of purchase, Customer agrees to pay such taxes (excluding US taxes based on Intwine's or its distributors', resellers', or partners' net income) unless Customer has provided a valid exemption certificate. In the case of any withholding requirements, Customer will pay any required withholding itself and will not reduce the amount paid on account thereof.

7. TERMINATION

7.1 This Agreement shall continue until terminated in accordance with this Section 7.

7.2 Intwine may terminate this Agreement immediately upon written notice to Customer in the event of any material breach of this Agreement by Customer or its employees or agents, or failure to pay any Fees or other amounts when due hereunder.

7.3 Either party may terminate this Agreement, without notice, (i) upon the institution by or against the other party of insolvency, receivership or bankruptcy proceedings (provided such proceedings are not dismissed within thirty (30) days of such institution), (ii) upon the other party's making an assignment for the benefit of creditors, or (iii) upon the other party's dissolution or ceasing to do business.

7.4 Customer's access to the Service, and any licenses granted hereunder, shall terminate upon any termination of this Agreement. All sections of this Agreement, which by their nature should survive termination, will survive termination, including, without limitation, restrictions, accrued rights to payment, confidentiality obligations, intellectual property rights, warranty disclaimers, and limitations of liability. The following Sections will survive any termination of this Agreement: 2 through 6, this section 7, and 8 through 11.

7.5 Customer agrees that upon any termination of this Agreement, Customer will not be entitled to a refund of fees for any additional work previously performed by Intwine at Customer's request or any pre-paid Fees for Subscriptions still in effect at the time of termination, and Customer's obligation to pay any balance due shall survive any such termination.

8. LIMITED WARRANTIES; DISCLAIMER OF WARRANTIES

8.1 Intwine warrants only that the Service will conform to Intwine's official documentation therefor. The sole remedy available to the Customer for breach of the foregoing limited warranty is the reperformance of the Service that fails to comply with the foregoing limited warranty, or, in lieu thereof, and at Intwine's sole discretion, a refund of the Fee paid by the Customer for the period of non-conformance.

8.2 INTWINE DOES NOT WARRANT THAT THE OPERATION OF THE SERVICE OR ANY FUNCTION CONTAINED THEREIN WILL MEET CUSTOMER'S REQUIREMENTS, BE UNINTERRUPTED OR ERROR-FREE, THAT DEFECTS WILL BE CORRECTED, OR THAT THE SERVICE OR THE SERVERS THAT MAKE THIS SERVICE AVAILABLE ARE FREE OF VIRUSES OR OTHER HARMFUL COMPONENTS. 11. MISCELLANEOUS

11.1 If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable.

11.2 This Agreement is not assignable, transferable or sublicensable by Customer except with Intwine's prior written consent. Intwine may transfer and assign any of its rights and obligations under this Agreement with written notice to Customer.

11.3 This Agreement is the complete and exclusive statement of the mutual understanding of the parties relating to the subject matter of this Agreement, and supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement.

11.4 Neither party shall be liable to the other or responsible for delay or non-performance of any of the terms of the Agreement due to Force Majeure.

11.5 No agency, partnership, joint venture, or employment is created as a result of this Agreement and neither party has any authority of any kind to bind the other party in any respect whatsoever.

General Provisions of Laws Covering Workers on Article 9 Public Work Building Service Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay a service employee under a contract for building service work for a public agency, a wage of not less than the prevailing wage and supplements (fringe benefits) in the locality for the classification(s) in which the worker was employed. Such a public work building service contract must be in excess of one thousand five hundred dollars (\$1,500.00).

Building service employee includes, but is not limited, to, watchman, guard, doorman, building cleaner, porter, handyman, janitor, gardener, groundskeeper, stationary fireman, elevator operator and starter, window cleaner, and occupations relating to the collection of garbage or refuse, and to the transportation of office furniture and equipment, and to the transportation and delivery of fossil fuel but does not include clerical, sales, professional, technician and related occupations.

Building service employee also does not include any employee to whom the provisions of Article 8 are applicable.

Responsibilities of the Public Agency

A Public Agency means the state, any of its political subdivisions, a public benefit corporation, a public authority or commission or special purpose district board appointed pursuant to law, and a board of education.

The Public Agency responsible for preparing the specifications for a building service contract must file a statement identifying the types of employees and work to be performed with the New York State Commissioner of Labor, or other fiscal officer (NOTE: The New York State Commissioner of Labor is the fiscal officer on all building service contracts except for those performed by or on behalf of a city, in which case the fiscal officer is the comptroller or other analogous officer of the city).

A separate filing is required for every building service contract. Only one filing is required for each contract, regardless of the duration of the contract. To file with the Commissioner of Labor, the Public Agency MUST submit a Request for Wage and Supplement Information" form (PW 39) to the Bureau of Public Work, either online, by fax, or by mail.

In response to each filing, the Bureau of Public Work will assign a Prevailing Rate Case (PRC) number to each building service contract, and will issue a Prevailing Wage Schedule setting forth the wage rates required to be paid for work performed and the expiration date of those rates. If work on the contract continues beyond the expiration date set forth in the Wage Schedule, new rates and expiration dates will be made available online as part of the original PRC Prevailing Wage Schedule determination automatically, without further filings or requests from the Public Agency.

The Public Agency must include in the specifications for each building service contract the PRC number assigned to such contract and stipulation obligating the contractor to pay not less than the wage rates set forth in the Prevailing Wage Schedule issued under that PRC number.

Upon the awarding of the contract, the law requires that the Public Agency furnish the following information to the Bureau of Public Work: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Bureaus "Notice of Contract Award" form (PW 16.9) is provided with the original Prevailing Rate Schedule. The Public Agency is required to notify the Bureau of the completion or cancellation of any public work building service contract. The Bureaus PW 200.9 form is provided for this purpose.

Hours

A building service employee, employed by a contractor, shall work up to eight (8) hours in any one day and up to forty (40) hours in any workweek for the appropriate posted prevailing wage rate. A building service employee who works more than eight (8) hours in any one day or more than forty (40) hours in any workweek shall be paid wages for such overtime at a rate not less than one-and-one-half (1.5) times his prevailing basic cash hourly rate.

Wages and Supplements

The wages and supplements to be paid and/or provided to a building service employee, employed on a public work contract shall be not less than those listed in the Prevailing Rate Schedule provided with the awarded contract. In no event shall the basic hourly cash rate of pay be less than the statutory minimum wage or in a city with a local law requiring a higher minimum wage on city contract work, less than the minimum wage specified in such local law.

The Commissioner of Labor makes an annual determination of the prevailing rates, which is in effect from July 1st through June 30th of the following year. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

If a prime contractor on a public work contract has not been provided with a Prevailing Rate Schedule, the contractor must notify the Public Agency who in turn must request an original Prevailing Rate Schedule from the Bureau of Public Work.

Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12226; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.state.ny.us, www.labor.ny.gov.

Upon receiving the original schedule, the Public Agency is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the project's date of completion. Additionally, as per Article 6 of the Labor Law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records. At a minimum, payrolls must show the following information for each person employed on a public work project: Name; Address, Last 4 Digits of Social Security number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification. Payroll records and transcripts are required to be kept on site during all the time that work under that contract is being performed.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, canceled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 9, Section 237 of the Labor Law. The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Law, Article 9, Section 237).

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work contract failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 235.2 of the Labor Law to so notify the financial officer of the Public Agency that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Public Agency shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work contract.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeymen in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 9, Section 231-7a, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12226 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 9 of the Labor Law) constitute a misdemeanor punishable by fine or imprisonment, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 9, Section 239-1).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 9, Section 239-2).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 9, Section 239-3).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 9, Section 239-4).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

Introduction to the Prevailing Rate Schedule

Introduction

The Labor Law requires public work contractors and subcontractors to pay a service employee under a contract for building service work for a public agency, a wage of not less than the prevailing wage and supplements (fringe benefits) in the locality for the classification(s) in which the worker was employed. Such a public work building service contract must be in excess of one thousand five hundred dollars (\$1,500).

Requesting a Wage Schedule

For every building service contract, the public agency must file a statement identifying the types of employees and work to be performed by submitting a Request for Wage and Supplement Information form (PW 39) to the Bureau of Public Work, either online, by fax, or by mail.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year.

The Public Agency must include the specifications for each building service contract the PRC number assigned to such contract and stipulation obligating the contractor to pay not less than the wage rates set forth in the Prevailing Wage Schedule issued under that PRC number.

Hours

A building service employee, employed by a contractor, shall work up to eight (8) hours in any one day and up to forty (40) hours in any workweek for the appropriate posted prevailing wage rates. A building service employee who works more than eight (8) hours in any one day or more than forty (40) hours in any workweek shall be paid wages for such overtime at a rate not less than one-and-one-half (1.5) times the prevailing basic cash hourly rate.

Wages and Supplements

The wages and supplements to be paid and/or provided to a building service employee, employed on a public work contract shall be not less than those listed in the Prevailing Rate Schedule.

A supplemental benefit of 'paid time off' shall be provided as paid leave, or converted to an hourly value paid to the employee. If 'paid time off' is converted to an hourly monetary value, such an amount is to be paid in addition to any other hourly supplements required by this schedule.

The hourly value for 'paid time off' would be calculated as follows: hourly wage rate X 8 hours per day X total number of paid days off divided by 2080 hours. For example: \$16.00 per hour wage rate X 8 hours per day = \$128.00; \$128.00 X 5 paid days off = \$640.00; \$640.00 divided by 2080 hours = \$0.31 per hour. The \$0.31 per hour amount would be in addition to any other required supplemental monetary amount paid.

All 'paid time off' provided to part-time employees, shall be prorated (divided, distributed, or assessed proportionately) based on fulltime equivalent hours.

The amount of 'paid time off' for part-time employees, would be calculated as follows: number of part-time weekly hours divided by 40 fulltime weekly hours = percentage of 'paid time off' for part-time employee. For example: a fulltime employee works 40 hours per week and a part-time employee works 30 hours per week (30 hours divided by 40 hours = .75); If a fulltime employee is provided 5 paid vacation days (5 X .75 = 3.75), a part-time employee would be provided 3.75 paid vacation days.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the projects date of completion. Additionally, as per Article 6 of the Labor Law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records.

At a minimum, payrolls must show the following information for each person employed on a public work project: Name; Address, Last 4 Digits of Social Security number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification.

Payroll records and transcripts are required to be kept on site during all the time that work under that contract is being performed.

NOTE: For more detailed information regarding Article 9 prevailing wage contracts, please refer to "General Provisions of Laws Covering Workers on Article 9 Public Work Building Service Contracts".

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Re: **City of Newburgh – Response to RFP # 16.24 for Security Guard Services**

Simaren Corp dba Wisdom Protective Services (“Wisdom Protective”) has been providing tailored, client-centric services for over two (2) decades. Since its founding, Wisdom Protective has purposed to provide client-focused security services that go beyond providing a “warm body in a uniform”. In our over 20 years of operations, we have grown to become a leading provider of security officers throughout New York State with experience across several industries including municipalities, towns and villages, government agencies, utility plants but especially state offices and buildings.

EXPERIENCE

Licensed and bonded in the State of New York as a watchguard agency, Wisdom Protective has provided coverage to clients whose profile and requested services mirror that of the City of Newburgh. For example: -

a.) Monroe County (Offices & County Facilities)

- twelve (12) County offices that include a Health Clinic, Probation Center and DMV office.

b.) Suffolk County Water Authority

- County utility facility that required coverage during business hours and after hours

c.) New York State Office of General Services

- under this coverage we provide coverage at several State Office buildings across NY State.

d.) Port Authority of New York & New Jersey

- security sensitive, high-profile locations with that includes not only office buildings, but thruways, landmarks, construction site etc.

e.) NYS Department of Labor

- sixteen (16) NYS offices across New York State including Poughkeepsie, Albany, Buffalo & Rochester.

Wisdom Protective's commitment to providing security services to the City of Newburgh is reinforced by our qualifications. Over the years, we have practiced and leaned into what is described as our primary deliverables:

1. **Experience:** Wisdom Protective has over 20 years' experience providing protection at high stakes, security sensitive locations, ranging from government offices to state facilities. We understand the importance of our responsibilities and have the necessary experience and expertise to fulfill our commitments. One of our clients once described Wisdom's paramount deliverable as “a quality and consistent security team,” and that is indeed what we provide.
2. **Client-Centric Services:** Our primary mission, and the genesis behind our company's founding, is to provide We recognize that for every client and site, the nature and delivery of services are specific which may require different approaches to promote peace of mind. We pay attention to these nuances to help us achieve our mission to provide protective services and solutions ***in line with our client's highest expectations.***

3. **Personnel Qualifications:** Wisdom Protective personnel are licensed, conscientious security professionals, many of whom have had distinguished careers in the military or law enforcement. Backing up our on-site team is a 24/7 security operations command center ("24/7 SOCC") and a dedicated management team. Our unarmed uniformed officers are well qualified to provide security guard services in the City of Newburgh whether its access control, public relations or foot patrols.
4. **Responsive & Value Driven:** Responsiveness is a hallmark of the Wisdom Protective client experience, setting us apart from our competitors. Our Security Operations Command Center ("SOCC") operates 24/7, every day of the year, to ensure that our clients can reach us at any time. With our familiarity in providing security services for state offices, we understand that security coverage may be impacted at any time of day, and this is where we shine. Whether you call our 24/7 SOCC or directly reach out to your Operations Manager / Account Manager, expect a "small business" responsiveness without layers of bureaucracy.

METHODS & PROCEDURES

Wisdom Protective deploys a well-practiced approach to prepare to take over new sites. The approach is designed to:

- Familiarize ourselves with client locations, risks, expectations, and policies.
- Brief our 24/7 SOCC to ensure they are prepared to support both onsite employees and the client.
- Communicate up and down the operational chain of management, so that we are ready to respond to client requests and operational hiccups.

To facilitate these objectives Wisdom Protective practices the following steps following a contract award:

1.) CONTRACT AWARD

2.) CLIENT FAMILIARIZATION

We request several meetings with client officials and representatives to understand your preferences, requirements and past difficulties (i.e., our goal is to provide you with excellent service while avoiding the pitfalls of our predecessor). With each meeting and visit, we attempt to gather information about both general site operations and specific post instructions, so we are properly equipped to manage the workforce and instruct all new hires. By way of example, during these site visits we will become acquainted with **1.) Facility Layouts** (*to familiarize ourselves with "sensitive"/soft targets at each location so officers can function efficiently*), **2.) Post Instructions** (*to establish parameters that will be communicated to officers*) and **3.) Emergency Procedures** (*to ensure we support (and not hinder) any necessary emergency response*)

3.) RECRUITMENT

We will begin recruiting almost immediately upon contract award to fill gaps and ensure an adequate pool of fill ins. However, Wisdom Protective will seek to maintain the incumbent staff provided they are properly qualified, pre-screened in accordance with client requirements and adequately trained. Specifically, for the City of Newburgh, we will prioritize the retention of the officers at 83 Broadway (City Hall) and 123 Grand Street. We feel this approach is time efficient and allows for a pool of qualified surplus personnel for staffing purposes. We also believe this should minimize disruption to operations and enhance the likelihood of continuity of quality service.

3.) TRAINING & ORIENTATION

Each Wisdom Protective officer receives training on client and company policies that supplement the training required under their state licenses. This training includes both practical skills (e.g. Report Writing) and softer skills (e.g. Customer Service) designed to reinforce our customer-service orientation. For this contract, we would develop a training schedule that meets the City's requirements and expectations. We would also adapt our pre-placement orientation to ensure that post instructions, standing orders and other client expectations before someone comes on site.

4.) POST ASSIGNMENT & CONTRACT COMMENCEMENT

Once we have appropriately qualified, certified trained officers, we will assign specific officers to posts based on their availability, qualifications, dispositions and their other requirements of the post

TECHNICAL ABILITIES & SUPERVISION

Below are some of the ways that we provide oversight and supervision to the staff providing services.

Technological Monitoring. Where appropriate for a post and, as requested by our clients, Wisdom Protective uses ADP biometric software, the **ProxiLite** Guard Tour system, dash cams and **SAMSARA** trip monitoring software (for our vehicles) and monitored on site cameras to verify the location and activities of our security officers.

Management Software. Wisdom Protective uses **in-house security management** platform alongside **ADP Workforce Now** to manage schedules and ensure there are no conflicts in security coverage. Access to schedules is shared with operations managers, the 24/7 Security Operations Command Center and senior management so that any member of the operations team can step in to handle operational issues, whether to arrange coverage or determine who is on site and available to address a particular security issue.

24/7 Security Operations Command Center. Wisdom Protective operates a Security Operations Command Center (24/7 SOCC) that is staffed 24 hours a day, 7 days a week, every day of the year. If a security incident occurs on site, the 24/7 SOCC ensures that the client and our executive team are notified based on the protocols established. If a security officer calls out sick, the SOCC is responsible for ensuring that the post is covered, either by coordinating with the Operation Manager / Account Manager or arranging coverage directly (e.g., by calling fill-ins or off duty officers). The 24/7 SOCC is also responsible for ensuring urgent matters are handled urgently. If the unexpected occurs, whether it is bad weather or transportation interruptions or modifications to our services, we use the same capabilities to ensure coverage continues at the desired level.

Whether we're providing coverage at one of the City's Board Meetings or your Annual National Night Out, Wisdom Protective would embrace the opportunity to safeguard your city and bring peace of mind to your residents. Come what may, Wisdom Protective wishes you the best in your search and selection.

Sincere regards,

Kay Simaren
Executive Director

* During my tenure in the 106 Precinct, I showed an extremely high level of integrity by being intimately involved in eight bribery arrests, which included two controlled Pads.

* 1993 received a certificate from the NYC Public Schools Division of School Safety for my efforts in improving the safety at the Public Schools in the 106th Precinct

* I created several graffiti programs and was a facilitator at the 1996 Graffiti Conference at Baruch College. One program was dubbed, "Operation SOL." In this program, fliers were distributed at the high school and junior high, indicating that a British Media Company was filming a documentary on Urban Graffiti Artists. This "Company" was requesting a short story and a copy of the "Artists" latest graffiti. I obtained a post office box at JFK Airport, where the suspects would forward their information. This program led to seven arrests and the identification of twenty-three taggers.

* During my tenure in the 106th Precinct, I supervised the development of one hundred and twenty-nine search warrants.

* Coordinated an annual Medal Day ceremony.

General Provisions of Laws Covering Workers on Article 9 Public Work Building Service Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay a service employee under a contract for building service work for a public agency, a wage of not less than the prevailing wage and supplements (fringe benefits) in the locality for the classification(s) in which the worker was employed. Such a public work building service contract must be in excess of one thousand five hundred dollars (\$1,500.00).

Building service employee includes, but is not limited, to, watchman, guard, doorman, building cleaner, porter, handyman, janitor, gardener, groundskeeper, stationary fireman, elevator operator and starter, window cleaner, and occupations relating to the collection of garbage or refuse, and to the transportation of office furniture and equipment, and to the transportation and delivery of fossil fuel but does not include clerical, sales, professional, technician and related occupations.

Building service employee also does not include any employee to whom the provisions of Article 8 are applicable.

Responsibilities of the Public Agency

A Public Agency means the state, any of its political subdivisions, a public benefit corporation, a public authority or commission or special purpose district board appointed pursuant to law, and a board of education.

The Public Agency responsible for preparing the specifications for a building service contract must file a statement identifying the types of employees and work to be performed with the New York State Commissioner of Labor, or other fiscal officer (NOTE: The New York State Commissioner of Labor is the fiscal officer on all building service contracts except for those performed by or on behalf of a city, in which case the fiscal officer is the comptroller or other analogous officer of the city).

A separate filing is required for every building service contract. Only one filing is required for each contract, regardless of the duration of the contract. To file with the Commissioner of Labor, the Public Agency MUST submit a Request for Wage and Supplement Information" form (PW 39) to the Bureau of Public Work, either online, by fax, or by mail.

In response to each filing, the Bureau of Public Work will assign a Prevailing Rate Case (PRC) number to each building service contract, and will issue a Prevailing Wage Schedule setting forth the wage rates required to be paid for work performed and the expiration date of those rates. If work on the contract continues beyond the expiration date set forth in the Wage Schedule, new rates and expiration dates will be made available online as part of the original PRC Prevailing Wage Schedule determination automatically, without further filings or requests from the Public Agency.

The Public Agency must include in the specifications for each building service contract the PRC number assigned to such contract and stipulation obligating the contractor to pay not less than the wage rates set forth in the Prevailing Wage Schedule issued under that PRC number.

Upon the awarding of the contract, the law requires that the Public Agency furnish the following information to the Bureau of Public Work: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Bureaus "Notice of Contract Award" form (PW 16.9) is provided with the original Prevailing Rate Schedule. The Public Agency is required to notify the Bureau of the completion or cancellation of any public work building service contract. The Bureaus PW 200.9 form is provided for this purpose.

Hours

A building service employee, employed by a contractor, shall work up to eight (8) hours in any one day and up to forty (40) hours in any workweek for the appropriate posted prevailing wage rate. A building service employee who works more than eight (8) hours in any one day or more than forty (40) hours in any workweek shall be paid wages for such overtime at a rate not less than one-and-one-half (1.5) times his prevailing basic cash hourly rate.

Wages and Supplements

The wages and supplements to be paid and/or provided to a building service employee, employed on a public work contract shall be not less than those listed in the Prevailing Rate Schedule provided with the awarded contract. In no event shall the basic hourly cash rate of pay be less than the statutory minimum wage or in a city with a local law requiring a higher minimum wage on city contract work, less than the minimum wage specified in such local law.

The Commissioner of Labor makes an annual determination of the prevailing rates, which is in effect from July 1st through June 30th of the following year. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

If a prime contractor on a public work contract has not been provided with a Prevailing Rate Schedule, the contractor must notify the Public Agency who in turn must request an original Prevailing Rate Schedule from the Bureau of Public Work.

Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12226; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.state.ny.us, www.labor.ny.gov.

Upon receiving the original schedule, the Public Agency is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the project's date of completion. Additionally, as per Article 6 of the Labor Law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records. At a minimum, payrolls must show the following information for each person employed on a public work project: Name; Address, Last 4 Digits of Social Security number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification. Payroll records and transcripts are required to be kept on site during all the time that work under that contract is being performed.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, canceled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 9, Section 237 of the Labor Law. The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Law, Article 9, Section 237).

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work contract failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 235.2 of the Labor Law to so notify the financial officer of the Public Agency that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Public Agency shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work contract.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeymen in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 9, Section 231-7a, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12226 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 9 of the Labor Law) constitute a misdemeanor punishable by fine or imprisonment, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 9, Section 239-1).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 9, Section 239-2).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 9, Section 239-3).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 9, Section 239-4).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

Introduction to the Prevailing Rate Schedule

Introduction

The Labor Law requires public work contractors and subcontractors to pay a service employee under a contract for building service work for a public agency, a wage of not less than the prevailing wage and supplements (fringe benefits) in the locality for the classification(s) in which the worker was employed. Such a public work building service contract must be in excess of one thousand five hundred dollars (\$1,500).

Requesting a Wage Schedule

For every building service contract, the public agency must file a statement identifying the types of employees and work to be performed by submitting a Request for Wage and Supplement Information form (PW 39) to the Bureau of Public Work, either online, by fax, or by mail.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year.

The Public Agency must include the specifications for each building service contract the PRC number assigned to such contract and stipulation obligating the contractor to pay not less than the wage rates set forth in the Prevailing Wage Schedule issued under that PRC number.

Hours

A building service employee, employed by a contractor, shall work up to eight (8) hours in any one day and up to forty (40) hours in any workweek for the appropriate posted prevailing wage rates. A building service employee who works more than eight (8) hours in any one day or more than forty (40) hours in any workweek shall be paid wages for such overtime at a rate not less than one-and-one-half (1.5) times the prevailing basic cash hourly rate.

Wages and Supplements

The wages and supplements to be paid and/or provided to a building service employee, employed on a public work contract shall be not less than those listed in the Prevailing Rate Schedule.

A supplemental benefit of 'paid time off' shall be provided as paid leave, or converted to an hourly value paid to the employee. If 'paid time off' is converted to an hourly monetary value, such an amount is to be paid in addition to any other hourly supplements required by this schedule.

The hourly value for 'paid time off' would be calculated as follows: hourly wage rate X 8 hours per day X total number of paid days off divided by 2080 hours. For example: \$16.00 per hour wage rate X 8 hours per day = \$128.00; \$128.00 X 5 paid days off = \$640.00; \$640.00 divided by 2080 hours = \$0.31 per hour. The \$0.31 per hour amount would be in addition to any other required supplemental monetary amount paid.

All 'paid time off' provided to part-time employees, shall be prorated (divided, distributed, or assessed proportionately) based on fulltime equivalent hours.

The amount of 'paid time off' for part-time employees, would be calculated as follows: number of part-time weekly hours divided by 40 fulltime weekly hours = percentage of 'paid time off' for part-time employee. For example: a fulltime employee works 40 hours per week and a part-time employee works 30 hours per week (30 hours divided by 40 hours = .75); If a fulltime employee is provided 5 paid vacation days (5 X .75 = 3.75), a part-time employee would be provided 3.75 paid vacation days.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the projects date of completion. Additionally, as per Article 6 of the Labor Law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records.

At a minimum, payrolls must show the following information for each person employed on a public work project: Name; Address, Last 4 Digits of Social Security number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification.

Payroll records and transcripts are required to be kept on site during all the time that work under that contract is being performed.

NOTE: For more detailed information regarding Article 9 prevailing wage contracts, please refer to "General Provisions of Laws Covering Workers on Article 9 Public Work Building Service Contracts".

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. CONTRACT

CITY OF NEWBURGH / SYN-TECH SYSTEMS, INC. / AMERICAN PETROLEUM EQUIPMENT & CONSTRUCTION COMPANY, INC.

This contract ("Contract"), made effective on the latest date signed by the parties referenced herein, is made by and between the City of Newburgh, a municipal corporation, with an address of 83 Broadway, Newburgh, New York 12550, Syn-Tech Systems, Inc., with an address of 100 Four Points Way, Tallahassee, Florida 32305, and American Petroleum Equipment & Construction Company, Inc., with an address of 63 Orange Avenue, Walden, New York 12586, on terms and conditions set forth as follows:

1. **APPLICABILITY.** These Terms and Conditions of Sale (the "Terms and Conditions") apply to the purchase of products, the license of software and the provisions of ancillary services related thereto (collectively the "Products") by the City of Newburgh, with an office address of 83 Broadway, Newburgh, New York 12550 (hereafter "Buyer") from Syn-Tech Systems, Inc., with an office address of 100 Four Points Way, Tallahassee, Florida 32305 (hereafter "Seller"), and American Petroleum Equipment & Construction Company, Inc., with an address of 63 Orange Avenue, Walden, New York 12586 ("Seller's Subcontractor"), pursuant to a quotation, purchase order or other order acknowledgement and related attachments (herein collectively the "Purchase Order"). Buyer accepts these Terms and Conditions by signing and returning Seller's quotation, by sending a purchase order in response to the quotation, or by Buyer's instructions to Seller to ship the Products (or any portion thereof). No terms, conditions or warranties other than those identified in the quotation or purchase order (and which do not conflict with these Terms and Conditions) and no agreement or understanding, oral or written, in any way purporting to modify these Term and Conditions whether contained in Buyer's purchase order or shipping release forms, or elsewhere, shall be binding on Seller unless hereafter made in writing and signed by Seller's authorized representative. Buyer is hereby notified of Seller's express rejection of any terms inconsistent with these Terms and Conditions or to any other terms proposed by Buyer not included herein or the Purchase Order. All references in this document to "Seller" shall include Syn-tech Systems, Inc. and / or any parent, subsidiary or affiliate of Syn-tech Systems, Inc. (including any division of the foregoing) whether or not performing any or all of the scope hereunder or specifically identified herein. All references to "Buyer" shall include all parent(s), subsidiaries and affiliates of the entity placing the order. Buyer, Seller, and Seller's Subcontractor may be referred to individually as a "Party" and collectively as "Parties". As used herein, "Agreement" means these Terms and Conditions and the applicable Purchase Order (to the extent that the Purchase Order does not conflict with these Terms and Conditions).
2. **CONFLICT OF TERMS.** All sales to Buyer are subject to these Terms and Conditions, which shall prevail over any inconsistent terms of Buyer's Purchase Order or other documents. No modification or alteration of these Terms and Conditions shall result by Seller's shipment of goods following receipt of Buyer's Purchase Order, or other documents containing additional, conflicting or inconsistent terms. There are no terms, conditions, understandings, or agreements other than those stated herein, and all prior proposals and negotiations are merged herein. These Terms and Conditions are binding on the Parties, their successors, and

permitted assigns.

3. **PRICE.** Prices in any quotation from Seller are subject to change upon notice sent to Buyer at any time before the Purchase Order has been accepted by Seller. Prices for Products covered by this Agreement may be adjusted by Seller (herein a "Price Adjustment"), upon notice to Buyer (herein an "Adjustment Notice") at any time prior to shipment, to reflect any increase in Seller's cost of raw materials (e.g., steel, aluminum) or any surcharge or other cost increase incurred by Seller after issuance of the applicable Purchase Order. Upon an Adjustment Notice, Buyer shall, within thirty (30) days following the Adjustment Notice, either accept the price adjustment or reject the price adjustment. Upon rejection of the Price Adjustment, either Party to this Agreement may terminate this Agreement; provide however that Buyer will pay to Seller all amounts due through the date of termination. All stated prices are exclusive of any taxes, fees, duties, and levies, however designated or imposed, including but not limited to value-added and withholding taxes that are levied or based upon the amounts paid under this Agreement (collectively, "Taxes"). Any Taxes related to the Products purchased pursuant to this Agreement are the responsibility of Buyer (excluding taxes based on Seller's net income), unless Buyer presents an exemption certificate acceptable to Seller and the applicable taxing authorities. If possible, Seller will bill Taxes as a separate item on the invoice presented to Buyer. If any exemption certificate presented by Buyer is held to be invalid, then Buyer will pay Seller the amount of the Tax and any penalties and interest related thereto.
4. **INVOICE; PAYMENT.** Seller shall be entitled to invoice Buyer upon the earlier to occur of (i) shipment of the Products or (ii) completion of services relating thereto (as applicable). Without in any way limiting the terms of the immediately preceding sentence, payment of license fees and of services relating to FMLive (and whether such are one-time (non-recurring) fees or annually recurring fees) shall be paid upon the shipment of the Products (FMUs). Unless otherwise set forth in the Purchase Order, Buyer will pay all invoiced amounts within thirty (30) days following the date of Seller's invoice. Unpaid amounts will accrue interest at a rate equal to the lesser of one and one-half percent (1.5%) per month and the maximum rate permitted by applicable law, from due date until paid, plus Seller's reasonable attorney fees, costs and expenses of collection. Seller reserves all other rights granted to a seller under the Uniform Commercial Code ("UCC") for Buyer's failure to pay for the Products or any other breach by Buyer of these Terms and Conditions. In addition to all other remedies available to Seller (which Seller does not waive by the exercise of any rights hereunder), Seller may suspend the delivery of any Products if Buyer fails to pay any amounts when due and the failure continues for five (5) days following Buyer's receipt of notice thereof. Buyer may not withhold payment of any amounts due and payable as a set-off of any claim or dispute with Seller, regardless of whether relating to Seller's breach, bankruptcy, or otherwise.
5. **DELIVERY.** All delivery dates are approximate. Seller will use commercially reasonable efforts to fill orders according to the delivery dates acknowledged by Seller. Delivery may be made in installments. Default or delay by Seller in shipping or delivering the whole or any part or installment of the goods or services under this contract shall not affect any other portion thereof. In no event shall Seller be liable for any claims for labor or for any special, indirect, incidental, or consequential damages including, but not limited to, demurrage charges, cost of shipment, downtime, lost profits (whether direct or indirect), lost sales, or any other damages

Risk of loss for damage or delay in transit shall be borne by Buyer. Buyer shall file and pursue any claims directly with the carrier related to loss, damage or delay in transit, and Buyer shall not assert such claims against Seller or deduct from amounts owing to Seller.
7. **WARRANTY; ADDITIONAL MAINTENANCE SERVICES.** Seller provides a manufacturer's warranty covering Seller's products and services for either fifteen (15) months from the date of shipment or for twelve (12) months from the date of installation, whichever period ends first (the "Covered Period").  4. If Buyer becomes aware of any violation of its obligations under this Agreement or the terms and conditions hereof, Buyer shall immediately notify Seller and shall immediately suspend access to the Service Plan by any employee or agent of Buyer who has violated or who Buyer believes may violate any provisions of this Agreement or its terms and conditions.
 5. Service Level and Dependencies Buyer acknowledges and agrees that Buyer's use of and access to the Service Plan is dependent upon the Wireless Service Provider continuing to

Buyer acknowledges that the Service Plan may be interrupted in the event of an interruption of the Wireless Service Provider network, and Buyer waives any and all claims against Seller and the Wireless Service Provider resulting from the same. Buyer further acknowledges that the Service Plan is available only within the applicable plan coverage areas, within operating range of wireless systems, and with equipment authorized by the Wireless Service Provider to operate on its network. In no way reducing the effectiveness of the waiver set forth above, any failure of Seller or its Wireless Service Provider to perform hereunder shall be excused if caused by failure of a third-party wireless or telecommunications provider serving a particular area, power failure, national emergency, interference by any governmental agency, acts of God, strikes, other labor disturbance, severe weather conditions, fire, terrorism, riots, war, earthquakes, or any other causes beyond Seller or its Wireless Service Provider's reasonable control. Notwithstanding the above, Seller will undertake reasonable efforts to ensure that migration of Wireless Service Providers to 4G and 5G networks (and away from 3G networks) will be supported by the Equipment and Software Applications.

6. Relationships BUYER EXPRESSLY UNDERSTANDS AND AGREES THAT IT HAS NO CONTRACTUAL RELATIONSHIP WHATSOEVER WITH THE WIRELESS SERVICE PROVIDER OR ITS AFFILIATES OR CONTRACTORS AND THAT BUYER IS NOT A THIRD-PARTY BENEFICIARY OF ANY AGREEMENT BETWEEN THE WIRELESS SERVICE PROVIDER (INCLUDING ANY UNDERLYING CARRIER) AND SELLER. IN ADDITION, BUYER ACKNOWLEDGES AND AGREES THAT THE WIRELESS SERVICE PROVIDER (INCLUDING ANY UNDERLYING CARRIER) AND THEIR AFFILIATES AND CONTRACTORS SHALL HAVE NO LEGAL, EQUITABLE, OR OTHER LIABILITY OF ANY KIND TO BUYER AND BUYER HEREBY WAIVES ANY AND ALL CLAIMS OR DEMANDS THEREFOR.

9. **Equipment Modification.** Buyer acknowledges that Seller provides certified Wireless Equipment to operate in accordance with the Wireless Service Provider's requirements for use on its network. Buyer agrees that it will in no way alter the Wireless Equipment, and that doing so may result in termination of the Service Plan by Seller.
10. **No Illegal Use and Reservation of Rights.** Buyer may not use the Service Plan for any illegal, unauthorized or fraudulent purpose. Buyer acknowledges that the sale of the Service Plan to the Buyer does not transfer to the Buyer title to or ownership of any intellectual property rights of Seller or its suppliers.
11. **Export Regulations.** Buyer acknowledges that the export, import, and use of certain hardware, software, and technological data provided under this Agreement is regulated by the United States and other governments and agrees to comply with all applicable laws and regulations, including the U.S. Export Administration Act. Buyer agrees to comply with all export and re-export restrictions and regulations of the Department of Commerce and other United States agencies and authorities, and not to transfer, or encourage, assist or authorize the transfer of the Service or Wireless Equipment to a prohibited country or otherwise in violation of any such restrictions or regulations.
12. **Termination.** Seller may, at Seller's option, terminate or suspend any and all of Buyer's rights under this Agreement and discontinue the Service Plan, upon thirty (30) days written notice to Buyer if (i) Buyer fails to comply with any term of this Agreement, or fails to make payment of any amounts due hereunder (including, without limitation, data overage charges), (ii) Buyer uses in excess of Buyer's allotted and allowable data allowance during a periodic billing term (as such allowance is provided in Part I of this Agreement, (iii) if Seller's relationship with the Wireless Service Provider expires, terminates, or modifies its terms with Seller in such a way that Seller must change the way it provides the Service Plan under this Agreement, as determined by Seller in Seller's sole discretion, (iv) Buyer files for or is involved in any bankruptcy proceedings, whether voluntary or involuntary, or (v) Buyer fails to comply with the law or requests of governmental entities. In case of termination, Seller may terminate providing the Service Plan to Buyer, Buyer must cease all use of the Service Plan, and Buyer shall ensure that the Wireless Equipment does not register or attempt to register on the Wireless Service Provider's network. Should Buyer fail to ensure that the Wireless Equipment does not register on the Wireless Service Provider's network, then, in such event, Buyer shall be responsible for any and all costs and fees required to be paid by the Wireless Service Provider. Seller's failure to insist upon or enforce strict compliance with this Agreement does not constitute a waiver of any of its rights hereunder or at law or in equity. Either Buyer or Seller may terminate the Service Plan for convenience at any time upon ninety (90) days prior written notice to the other party. Upon termination by either Party, for convenience, Seller shall refund to Buyer a prorated amount of any prepaid Software Fees prepaid by Buyer. Seller shall be entitled to retain (or Buyer shall pay) any and all other payments made or which are due pursuant to this Agreement.
13. **Fees.** Buyer acknowledges that Seller charges fees and costs for the use of the Service Plan. Seller reserves the right to discontinue providing the Service Plan at any time or to

otherwise change the terms and conditions applicable to the Service Plan at any time, but only if Seller experiences an increase in fees charged to Seller by the applicable Service Provider and only to that amount incurred, including, but not limited to, with respect to (a) limiting the amount of data that may be utilized and/or transferred under the Service Plan, and (b) changing the amount and terms applicable for cellular data service charges. Buyer also acknowledges that the Service Plan has enforced limits on the amount of data utilized or transferred monthly, which, if exceeded, will result in additional fees to be paid by the Buyer, but only to the extent of the amount that Seller incurs additional expenses and fees by the applicable Service Provider. The initial fees and costs (herein referred to as the Fees) to be paid by Buyer under this Agreement are set forth in Part I of this Agreement. The Fees may be modified or increased by Seller at any time upon ninety (90) days prior written notice given to Buyer.

14. Taxes. Buyer will be responsible, as required under applicable law, for identifying and paying all taxes and other governmental fees and charges (and any penalties, interest, and other additions thereto) that are imposed on it upon or with respect to the transactions and payments under this Agreement.
15. Disputed Charges. In the event of disputed charges, Buyer must, as soon as practicable following identification of such dispute, but not to exceed 60 days from the due date of the bill, provide written notice to Seller, which shall include the date of the bill, disputed amounts, the reason for the dispute, and any supporting documentation. Both parties will use their good faith efforts to reconcile any disputed charges within 60 days of the date of notification.
16. Disclaimer of Warranties. THIS SECTION ONLY APPLIES TO THE CELLULAR SERVICE PROVIDED TO BUYER. BUYER EXPRESSLY ACKNOWLEDGES AND AGREES THAT USE OF THE SERVICE PLAN IS AT BUYER'S SOLE RISK. SELLER EXPRESSLY DISCLAIMS AND EXCLUDES ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. SELLER HEREBY DISCLAIMS, TO THE FULLEST EXTENT ALLOWED BY APPLICABLE LAW, ANY AND ALL WARRANTIES AND CONDITIONS WITH RESPECT TO THE SERVICE PLAN, WHETHER EXPRESS, IMPLIED OR STATUTORY, OTHER THAN THOSE EXPRESSLY PROVIDED HEREIN. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY SELLER OR AN AUTHORIZED REPRESENTATIVE OF SELLER SHALL CREATE A WARRANTY. BUYER ACKNOWLEDGES AND AGREES THAT THE SERVICE PLAN IS PROVIDED TO BUYER ON AN "AS IS" BASIS "WITH ALL FAULTS" AND "AS AVAILABLE." THE ACCURACY, TIMELINESS, COMPLETENESS, SUITABILITY, OR AVAILABILITY OF ALL OR ANY ASPECT OF THE SERVICE PLAN IS NOT GUARANTEED, AND IS SUBJECT TO OUTAGES, TERMINATION, AVAILABILITY, RESTRICTIONS, AND/OR INTERFERENCE. NEITHER SELLER NOR THE WIRELESS SERVICE PROVIDER SHALL BE LIABLE FOR ANY UNAUTHORIZED USE OF THE SERVICE PLAN NOR ANY CONSEQUENCE THEREOF.

17. Limitation of Liability. TO THE FULLEST EXTENT ALLOWED BY APPLICABLE LAW, IN NO EVENT SHALL EITHER PARTY BE LIABLE UNDER THIS AGREEMENT FOR PERSONAL INJURY, OR ANY INCIDENTAL, SPECIAL, INDIRECT, PUNITIVE OR CONSEQUENTIAL DAMAGES WHATSOEVER, INCLUDING, WITHOUT LIMITATION, LOSS OF INCOME, LOSS OF BUSINESS, DIMINUTION OF GOODWILL, DAMAGES FOR LOSS OF PROFITS, LOSS OF DATA, BUSINESS INTERRUPTION OR ANY OTHER COMMERCIAL DAMAGES OR LOSSES, ARISING OUT OF OR RELATED TO THE OTHER PARTY'S ENGAGEMENT TO PERFORM, USE OR INABILITY TO USE THE SERVICE PLAN, HOWEVER CAUSED, REGARDLESS OF THE THEORY OF LIABILITY. BOTH PARTIES ACKNOWLEDGE THAT THE OTHER HAS ENTERED INTO THIS AGREEMENT IN RELIANCE UPON THE LIMITATIONS OF LIABILITY SET FORTH HEREIN AND THAT THE SAME IS AN ESSENTIAL BASIS OF THE BARGAIN BETWEEN THE PARTIES. IN ANY CASE, SELLER'S AGGREGATE LIABILITY UNDER THIS AGREEMENT SHALL BE LIMITED TO, AND SHALL NOT EXCEED, THE PRORATED ANNUAL AMOUNT PAID FOR THE SERVICE PLAN FOR THE PERIOD DURING WHICH SUCH DAMAGE OCCURRED.
