COMMENTS FROM THE PUBLIC REGARDING AGENDA AND GENERAL MATTERS OF CITY BUSINESS

Andrew Schriver commented about the 1 Lafayette Street project. He said it is the largest housing development in the county right now, and he believes it will produce real and immediate benefits for the community, including long term tax revenue. The State is watching, and it wants to invest where it sees real movement. If we let it stall, then we risk more than one development; and we will portray the perception that maybe Newburgh is not ready yet. If that perception takes hold, then it will become harder to attract the kinds of opportunities we've all been working toward.
(See Comments Attached).

Michelle Basch, City of Newburgh resident and business owner, commented. She supports the Lafayette Street project, the one Colden Street, Safe Harbors development on Washington Street, and all the projects that are occurring in our city. We need density in order to have thriving businesses. We can't get something if we don't invest. The community will get a lot more from these investments than what we are putting out. We will get sales tax and jobs, and higher attendance rates for school-age children, because their families will be able to work. It will say that we are open for business, and we won't just talk the talk. Basch said we need the transportation to be expanded too. This is how we move the city forward. Even though you may be hesitant because it is an election year, you must do what is right for the city and for the people who live here.

Michael Lebron, residing on Grand Street, commented about the constitutionality of speech on government property. He believes Mayor Harvey's policy of restricting speech at meetings violates protected speech about the criticism of using the names of government and public officials and department heads. Lebron commented about viewpoint discrimination. He pointed out the courts have consistently protected this type of speech as being essential to democracy. *(See Comments Attached)*

Carson Carter, residing on First and Liberty Street, commented. He is disheartened that after a robust public comment period at the last council meeting the Lafayette project is still in limbo from the council's perspective. He said he volunteers on various boards and organizations, and he also has his NYS real estate license, so he can speak to both the expense of building, and the complete lack of affordable rental units in this city. He said he asked Andrew to share with him the developments unit mix for AMI for Newburgh, Poughkeepsie and Middletown, to see what the unit costs were. Carter read the data. He doesn't believe it exists here. We want to spend our tax dollars on this project, because this lot has been vacant for more than forty years. If we want to keep this place affordable, then we must build projects like this. He hopes the council will get behind this project. *(See Comments Attached)*

Dale Velasquez, City of Newburgh resident, commented. She said she is a senior citizen, and the taxicab companies don't discount rides for seniors at night. She asked to whom she should discuss it. Velasquez thanked the city for its free bus service, but the transportation needs to be expanded too. She would like to see buses run later too. Buses need to operate down at the riverfront, as that area is a prize in our city. For Hispanic Heritage Month, she would like to see a flag, similar to the Pan-African and LGBTQ flags we have in the city.

Gloria, Newburgh Heights resident and owner of Betty's, commented. She supports Andrew's project, because right now she feels like she is dying a slow death on Liberty Street. There is no foot traffic whatsoever, and it is getting slower and slower in the area each day. If Andrew's project doesn't move forward, then maybe another project will come through; but how long will it take? She doesn't know if she can survive another year like this.

Tamika Stewart, City resident, commented. She is concerned about the seniors. She asked to whom she should contact regarding senior services and programs. We have to do a better job connecting them to vital services.

Mayor Harvey said she could contact his office, and he could help connect her with various resources available for senior citizens.

Brian Hearsey, Newburgh Heights resident, commented. He voiced his support for 1 Lafayette Street project. He first met the idea of a thirty-year PILOT with hesitation; but as he learned the details of the project, as well as the amount of care that has gone into it, it appears to be a no-brainer. Psychologically, if it is not moving, then it continues to be this thing that radiates a certain tone. We want to see movement, and the business owners really need it.

Tracy Wallace, City of Newburgh resident, commented. She supports 1 Lafayette Street project, because it will provide affordable housing to individuals. The shelters are full, and the hotels, in which DSS place people, are infested. She asked if there is a parking lot proposed. Also, she asked a question about the accessibility of the new pool. She didn't see a plan that includes a Zero-entry access to the swimming pool; or does the pool have stairs? Is either a ramp or lift going to be constructed? She pointed out that one of the entrances to the park needs an accessible pathway from the sidewalk to the fields of the park. There is a steep hill on South William Street near that entrance to the park.

Harvey said Wallace should email her recommendations and concerns, and he will forward them to the city manager and Matt Nordt.

@ City Council meeting held April 14, 2025

Here I am—yet again—on a Monday night at a City Council meeting. I know, it feels like I'm on my way to earning an honorary degree in municipal government by now.

But honestly—there's nowhere I'd rather be. Because what we're discussing tonight really matters.

Tonight, we stand in front of two doors—two paths with very different outcomes.

Through one door, we support 1 Lafayette—the largest housing development in the county right now. This is a catalytic project that brings real, immediate benefits: affordable workforce housing, good-paying jobs, critical infrastructure improvements, and long-term tax revenue. But just as importantly, it sends a message: *Newburgh can deliver*. And that message matters—to the state, to businesses who are looking to open up, and to the entire region.

But let's talk about who this housing is really for—because this isn't just theoretical. These are real people in our community.

Here's what that actually looks like in practical terms:

- **8 units at 30% AMI**—for extremely low-income households: *seniors on fixed incomes, part-time workers, and people with disabilities.*
- **47 units at 50% AMI**—for *home health aides, teaching assistants, custodial staff—the essential workers who keep this city running.*
- **50 units at 60% AMI**—for *early-career teachers, nonprofit workers, and restaurant managers.*

- **11 units at 70% AMI**—for *city employees, entry-level healthcare professionals, and skilled tradespeople.*
- **And 11 units at 80% AMI**—for *moderate-income earners like law enforcement officers, school teachers, and small business employees.*

This is housing *for the people who live and work in Newburgh right now.* It provides stability, while also generating the tax base and momentum we need to fuel future investment.

Look at Poughkeepsie—they just secured a \$10 million DRI grant this year. Meanwhile, Newburgh has applied *nine times maybe?*—and come up short. Why? Because the state is watching. They want to invest where they see real movement. 1 Lafayette is exactly the kind of signal they've been waiting for.

If we let this stall, we risk more than just one development. We send a message—to the state, to businesses looking to open, to future partners—that maybe Newburgh isn't quite ready yet. And if that perception takes hold, it becomes harder to attract the kinds of opportunities we've all been working toward. Sites like the Hillside and the Broadway corridor could remain stuck in planning stages instead of moving toward real progress.

But if we walk through the right door—if we approve this project—we change that narrative. We backstop economic development while protecting our community. We show that we can grow *with* our people, not at their expense. We demonstrate that Newburgh is not just open for business, but capable of managing transformative investment. And that's the kind of signal that unlocks more: more

funding, more jobs, more housing, and yes—maybe even that long-awaited DRI grant.

Let's choose the door that moves Newburgh forward. The state is watching. So is the rest of the region. Let's show them what we're capable of.

@ City Council Meeting held April 14, 2025

Michael Lebron. Grand Street.

Public forum doctrine determines the constitutionality of speech on government property.

Content-neutral **time, place, and manner** restrictions that serve a significant governmental interest, are narrowly tailored, and leave ample alternative communication channels may be imposed.

In this forum:

The time is 3 minutes

The place is City Hall

The manner is as follows:

These 9 speech categories enjoy **no** First Amendment protection:

These categories enjoy First Amendment protection:

The mayor has a policy that no one shall mention city government members by name "for purposes of decorum". This violates speech category #7 that enjoys protection.

Imagine saying "Fascist violence is spreading across America" because you are not allowed to say "Trump is inciting fascist violence throughout America".

Mayor HARVEY ... violates his own policy when he praises city government officials and departments. For example, hardly a meeting goes by where he does not name Mr Venning and show love by saying "Numbers don't lie". But residents are not allowed to say "Mr Venning, Mark Twain says that there are Lies, Damn Lies, and Statistics, so we need to look at your numbers critically". This is viewpoint discrimination.

"Obeying In Advance" is the act of anticipating what authorities want and - as a preemptive measure - complying before being told to do so. This phenomenon occurs in authoritarian cultures: it erodes moral boundaries and personal agency as people self-censor and conform without direct coercion.

At the last council meeting, Mr Harvey asserted his decorum rule. I "obeyed in advance" and, on the fly, stripped the naming of names and by extension other parts of my statement, rather than waste my three minutes fighting.

For example, when I said "the growing controversy incites rumors the way wind whips falling leaves on an autumn day", what I meant to say was "several people told me that Andrew is bragging that he personally saved the IDA and hand-picked the new members. His seat on the assessment grievance committee is a flagrant conflict of interest." When I said "When Amato is asked to resign for holding a diverging viewpoint", I meant to say "When Mr Neppi asked Ms Amato to resign"

A policy prohibiting citizens from naming city officials in public speech violates the First Amendment by directly restricting core political discourse about identifiable government actors, which courts have consistently protected as essential to democracy. This policy shields officials from accountability and removes crucial contextual information that gives criticism force and specificity, effectively neutering citizens' ability to communicate - without circumlocutions - **who** is responsible for problematic policies.

I'm going home to take another shower. Have a good evening.

COMMENTS FROM THE COUNCIL REGARDING THE AGENDA AND GENERAL MATTERS OF CITY BUSINESS

Councilmember Martinez commented. There have been several ICE sightings in Newburgh. She is planning a few *Know Your Rights* community sessions, and we have cards available outlining what people should do if they are approached by ICE. Although our police department will not be working with ICE directly, she pointed out that the police can't stop ICE from carrying out federal warrants. Martinez commented about 1 Lafayette Street. She doesn't stand for any type of bad mouthing, and she gives Andrew a lot of credit, because he has been great to talk to. He has answered a lot of her questions too. There is support from council members on this board; but she doesn't agree with the process. She believes the project should've never come before the IDA in the first place. It should've come before the city council. This is why we are where we are with it right now. She asked that any future projects should come before the council first.

Councilmember McLymore commented. He is excited about the new aquatic center. He encouraged everyone to attend the pool opening on Memorial Day weekend. He said Matt Nordt has done a wonderful job with the improvements that have been made to the recreation center. Also, McLymore invited everyone to the *Empower You* summit on May 31, 2025. The event will be held at 245 Liberty Street at 11 AM. The keynote speaker will be Dr. Yusef Salaam. The event is free, and no pre-registration is necessary.

Councilmember Monteverde commented. She feels like we are finally moving into spring. There is so much going on around us; just look at the news. She thinks about people being taken away from their families and disappearing from the community. She admonished everyone to be careful how we all carry ourselves and continue to fight for our democracy. We can't afford to sit this one out. She commented about the 1 Lafayette Street project. We want to move the project forward, but there are other things going on too. Let us use our energy for what is going on in our country. This project will be a game changer for the City of Newburgh. It will bring workforce housing and affordable housing, and it will bring life to that vacant lot that has sat empty for years. Monteverde said we had a fantastic town hall meeting last week. She thanked the staff, including Aly Church, Chief Rola, Todd Venning, Mike Neppl, Omar Balbuena-Palma and Councilmember Martinez. It was a good start to a conversation with the community. We want to bring information to the community. She encouraged people to contact her with feedback and suggestions, so we can discuss other topics of interest in our community.

Councilmember Shakur said he missed a lot of feedback on the project at the last council meeting. We know Newburgh is in a housing crisis. We also know we need affordable housing. He has been going back and forth with the thirty-two-year PILOT in his head. He said he is stuck on a ten-year PILOT to make sure we can review the progress after ten years. He wants the project; but he wants the checks and balances in place to make sure the developers do what they say they are going to do for the community. Shakur said he represents the residents of Newburgh, and not the developers. Where is the diversity here tonight for this project? Shakur said if he doesn't see the diversity upfront, then he feels as though he is not going to see it after the project is completed. He said he is willing

to negotiate a fifteen-year PILOT to ensure accountability, and to make sure our city residents are offered the jobs and apartments. He wants to know what the community is going to get, in return.

Mayor Harvey commented. He thanked everyone for voicing their opinions. He was informed that the project is 50 Liberty Street, because we already have 1 Lafayette Street in the City of Newburgh. Harvey reminded everyone that we declared a housing emergency in December 2023. His wife has been a housing counselor at *Legal Services of the Hudson Valley* for ten years. We can't have it both ways though. We can't do Good Cause Eviction and ETPA and then say 'No' when we have affordable housing presented to us because it is an election year. It is not about the election; it is about the people in this city getting priced out of their homes. No one is saying it is perfect, but if it is something that is going to get us the Momentum Grant from the Governor, then we have to rock with the PILOT until we are out of the housing crisis. He said he has more to say about it during his final comments.

This section of the meeting was closed.

Resolution No. 80 - 2025 - Newburgh Community Land Bank - Transfer of Nine (9) City-Owned Properties

Mayor Harvey clarified there was a request that the council be given all the information and data on the remediation.

Todd Venning replied. It was his understanding that the council wanted the data on work session items #9 and #10; but also, that we should move forward with this set of parcels. This is the batch that is being sold close to fair market value. The batch that is being sold for \$4 is being removed, and it will appear later.

Councilmember Shakur asked if there is an RFP put out, because he has talked with people in the community who would like to do something like this.

Harvey explained this is not the \$4 deal. These are the ones being sold close to fair market value

Resolution No. 81 - 2025 - Application for 2025 Summer Youth Employment

Councilmember McLymore commented. He said it is important we continue to work with our county officials. This opens the pathway to employment and training for youth, helping them to become more diligent in the workforce. Also, it is important that our community know these jobs are available.

Councilmember Shakur said he would like to triple the jobs for youth next year. The more kids that work means the more kids we get off the street, especially during summer.

Mayor Harvey said there is so much for young people to do in Newburgh, yet the old narrative still exists. Boys and Girls Club Newburgh is building a new educational center, Youthbuild and Link organizations, as well as other entities, such as the Newburgh School District, offer opportunities for the youth. We must put our money where our mouth is though. He pointed out, in 2020 The City of Newburgh received \$500K of personal funds from an anonymous donor from Connecticut. The gentleman wanted to help children get out of their homes after being cooped up during the Corona Virus pandemic. The donation allowed us to put sixty children to work, as part of the Mayor's Summer Youth Employment Program. Some of the kids even got hired to work for DPW

full-time. One of the kids, who received his bachelor's degree from Penn State, and who started at DPW initially, went on to work with Aly Church in the Planning Department. Nick Edwards currently works in the Planning Department, and he is a former student and graduate of Newburgh Free Academy. The resolution provides thirty-one jobs now, but we should be able to set aside substantial funding so that one hundred twenty kids could be working next year. There are a lot of possibilities when we come together for our budget hearings beginning in September.

Resolution No. 84 - 2025 - 2026 Police Traffic Services Grant

Councilmember Shakur asked what these grants are for, because he sat in his car today and saw three cars blow through the stop sign at the intersection of First and Liberty Street.

Mayor Harvey commented. This is a grant application that gives the city manager an opportunity to apply for the grant from Governor Hochul.

Chief Rola explained that if we are awarded the grant, it would fund additional overtime details in the department to patrol data-driven areas where those kinds of traffic infractions and accidents happen the most.

Shakur asked if we could install traffic cameras in those areas.

Michelle Kelson explained that traffic cameras can only be authorized by the New York State Legislature. Local governments can't authorize any type of traffic cameras.

Councilmember McLymore said although Chief Rola explained it, he reiterated that it is for traffic enforcement details only.

Mayor Harvey said he also likes the fact there is no city match needed. Any time we can get grants, in which we don't have to spend taxpayer dollars, is a plus.

Councilman Shakur moved, and Councilman McLymore seconded.

Resolution No. 86 - 2025 - Orange County STOP DWI

Chief Rola explained that this is a quarterly grant that comes from the county. It allows the police department to do Stop DWI enforcement, such as coordinating police details around high drinking days of the year, as well as regular weekend, and data-driven details to help target DWI-specific infractions.

Mayor Harvey said he has received complaints from residents about marijuana consumption, as it relates to driving. He asked Chief Rola if the department is equipped to do marijuana tests when someone is high on cannabis, similar to the DWI tests that are performed when persons get pulled over.

Rola explained there are two types of DWI, alcohol impaired and drug impaired. With alcohol impairment we run a standardized field sobriety test to determine the effects of impairment on physical ability. With drug impairment however, a field sobriety test can be performed, a blood sample can be taken at the hospital, or a local DRE (Drug Recognition Expert) could be called in to prosecute a drug-related DWI. The State has been working on a standardized roadside test that has not been rolled out yet; however, the State Police has been using the test as part of its pilot program.

Councilmember Shakur said this is why we ask these questions. We discuss it at the work session beforehand, but we also want the community to be able to hear the information too.

Councilmember McLymore pointed out the DRE certification is a coveted certification that not every police department has. It is good that our police department does have the DRE on hand.

Councilman McLymore moved, and Councilman Shakur seconded.

Ayes: Martinez, McLymore, Monteverde, Shakur, Harvey - 5

Resolution No. 91 - 2025 - Resolution to Approve a Consent Judgement Involving Cerone Place LLC

Mayor Harvey commented. This building was formerly designated senior housing. Over the last few years though, the building was sold to a private business owner. Harvey recalled being cursed at in 2023, because the senior citizen thought he had something to do with the city selling the property. Harvey said the former owner had made sure to keep the building affordable for seniors, but the new owner who bought the property, decided to go on a different route. Slowly, it became clear that this was going to become a market rate building. When we talk about affordable housing, we must talk about our seniors getting priced out of their homes too. It is a big concern that we can't protect our seniors, and we have a lot of work to do still. It is an uphill battle, and this is why the topic of affordable housing is super important.

Councilmember McLymore concurred with Harvey's comments. They check on the seniors and try to spend time with them. If it is a private organization, and rents are

steadily increasing, then our seniors are not secure either. We have to do whatever we can do to help them. We are all going to be seniors one day.

Councilmember Shakur asked if there was a PILOT on this building.

Michelle Kelson said there is no PILOT on the building. The council is voting on taxation and assessment of the property. The owner is paying taxes, the same way that every other building owner pays taxes.

Councilwoman Monteverde moved, and Councilman Mclymore seconded.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law, if this contract exceeds \$50,000 (or \$75,000 for State University of New York or City University of New York contracts for goods, services, construction and printing, and \$150,000 for State University Health Care Facilities) or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services, either for itself or its customer agencies by the Office of General Services Business Services Center, is required when such contracts exceed \$85,000. Comptroller's approval of contracts established as centralized contracts through the Office of General Services is required when such contracts exceed \$125,000, and when a purchase order or other procurement transaction issued under such centralized contract exceeds \$200,000.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in

accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). The Records

must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.

(a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR Part 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "(a), (b) and (c)" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not

apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this clause. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this

law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in § 165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. (a) The Contractor has made reasonable efforts to encourage the participation of New York State Business Enterprises as suppliers and subcontractors, including certified minority- and women-owned business enterprises, on this project, and has retained the documentation of these efforts to be provided upon request to the State;

(b) The Contractor has complied with the Federal Equal Opportunity Act of 1972 (P.L. 92-261), as amended;

(c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5)) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 2023, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

22. COMPLIANCE WITH BREACH NOTIFICATION AND DATA SECURITY LAWS. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law §§ 899-aa and 899-bb and State Technology Law § 208).

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4)(g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual

employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at: <https://ogs.ny.gov/iran-divestment-act-2012>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions,

seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.

Tabla 1 - Logros – Año del programa y plan estratégico hasta la fecha

Evaluar cómo el uso de los fondos de la jurisdicción, en particular el CDBG, aborda las prioridades y los objetivos específicos identificados en el plan, prestando especial atención a las actividades de mayor prioridad identificadas.

El uso de los fondos de Subvención en Bloque para el Desarrollo Comunitario (CDBG) por parte de la Ciudad de Newburgh se ha alineado con las prioridades y los objetivos específicos identificados en el Plan Consolidado, centrándose principalmente en la preservación de viviendas, las mejoras en la calidad de vida, el desarrollo económico y mejoras de infraestructura.

Preservación y estabilidad de la vivienda:

El Programa de Propiedad In Rem mantuvo la habitabilidad de las propiedades residenciales devueltas a la Ciudad a través de la ejecución hipotecaria, abordando directamente

objetivos relacionados con la preservación del parque de viviendas, la reducción del deterioro y la mejora de la calidad de vida.

E) Programa de Asistencia de Emergencia para Propietarios de Vivienda, financiado en un año anterior del programa CDBG, apoyó a un propietario de bajos ingresos mediante el reemplazo de una línea de servicio de agua de emergencia con plomo. Esta iniciativa garantizó el acceso a agua potable y sin plomo, una prioridad fundamental para la salud pública.
Calidad de vida – Servicios e instalaciones públicas

Los Servicios Vecinales facilitaron el Festival de Cine de Verano, brindando actividades de participación juvenil y extensión de servicio público para fomentar la participación y la seguridad de la comunidad.

Los fondos del CDBG también apoyaron la Noche Nacional de 2024, promoviendo asociaciones entre la comunidad y la policía para mejorar la seguridad pública.

La inversión en instalaciones públicas incluyó la financiación para el proyecto Splashpad de mejoras del parque de la ciudad de Newburgh, ampliando las oportunidades recreativas para los residentes.

Desarrollo económico y capacitación de la fuerza laboral

Los fondos del CDBG apoyaron el programa "Below the Line Bootcamp", una iniciativa de capacitación laboral que brindó oportunidades de desarrollo profesional a los residentes de la ciudad de Newburgh. Esto se alinea con el objetivo de mejorar la preparación laboral y la autosuficiencia económica.

Asistencia de emergencia y seguridad alimentaria

El Programa de Pagos de ingresos de Emergencia ayudó a los residentes que enfrentan atrasos en el alquiler, ayudando a prevenir desalojos e inestabilidad en la vivienda.

Los esfuerzos de seguridad alimentaria se reforzaron a través de asociaciones con organizaciones sin fines de lucro, apoyando servicios de despensas de alimentos e iniciativas de agricultura urbana como Downing Park Urban Farm (DPUF) y Newburgh Urban Farm & Food Initiative (NUFFI), que aumentaron la producción local de alimentos y el acceso a productos frescos.

Mejoras de infraestructura

El Proyecto de Mejoras de Aceras mejoró la transitabilidad y la accesibilidad, abordando las preocupaciones de seguridad y mejorando el vecindario en general.

Administración y cumplimiento del programa

Los fondos CDBG también apoyaron funciones administrativas, entre ellas:

- Publicación de avisos públicos
- Procesamiento de comprobantes de pago
- Preparación de informes
- Proporcionando servicios de traducción e interpretación al español

Financiamiento del salario del Director de Desarrollo Comunitario

La asignación de fondos CDBG a la Ciudad de Newburgh demuestra un enfoque estratégico para abordar necesidades prioritarias, con énfasis en la preservación de viviendas, la mejora de la calidad de vida, el desarrollo económico, la infraestructura y los servicios esenciales. Al aprovechar eficazmente los recursos CDBG, la Ciudad ha logrado avances mensurables hacia el logro de los objetivos del Plan Consolidado.

Narrativo

Los datos presentados en la Tabla 2 son aproximados. El 70 % de las familias e individuos que participaron en el Festival de Cine de Verano de Servicios Vecinales pertenecían a minorías. El Festival de Cine de Verano de la Ciudad de Newburgh estuvo abierto a todos los residentes de la ciudad. Para llegar al mayor número posible de familias de bajos ingresos, en particular a aquellas con restricciones de transporte, el festival se celebró en Safe Harbors Green, ubicado entre Ann St. y Broadway, en el Área Censal 5.0. Esta ubicación es accesible a pie para los residentes del East End de Newburgh, una zona de interés para actividades de bajos ingresos. Aproximadamente el 80 % de los asistentes al festival pertenecían a minorías.

El Proyecto In Rem brindó asistencia a diversos grupos étnicos, con la siguiente distribución: 39% latinos o hispanos y 61% no latinos ni hispanos. La demografía racial a la que apoya el Proyecto In Rem es la siguiente: 6% asiáticos, 14% negros o afroamericanos, 77% blancos y 2% que se identifican como otros.

La mayoría de los proyectos CDBG se llevaron a cabo en los distritos censales 4 y 5, incluido el Festival de Cine de Verano de 2024.

Apalancamiento

Explique cómo los fondos federales apalancaron recursos adicionales (fondos privados, estatales y locales), incluida una descripción de cómo se cumplieron los requisitos de contrapartida, así como también cómo cualquier tierra o propiedad pública ubicada dentro de la jurisdicción que se utilizó para abordar las necesidades identificadas en el plan.

La ciudad de Newburgh ha aprovechado estratégicamente los fondos federales CDBG para atraer recursos privados, estatales y locales, garantizando un impacto más significativo en las iniciativas de desarrollo comunitario.

A través de un Acuerdo de Subreceptor con Hábitat para la Humanidad del Gran Newburgh, la Ciudad continúa apoyando el Programa de Reparación de Emergencia para Propietarios de Viviendas, dirigido a propietarios que cumplen con los requisitos de ingresos. Esta colaboración mejora la eficacia de los fondos CDBG al aprovechar las donaciones privadas adicionales y las contribuciones en especie de Hábitat, lo que reduce significativamente los costos del programa y amplía el alcance de los servicios. Además, se han utilizado propiedades públicas, incluidas las viviendas embargadas de propiedad municipal, para abordar las necesidades de vivienda y los esfuerzos de revitalización de los barrios. El Programa de Propiedades Embargadas mantiene y preserva la habitabilidad de las propiedades embargadas antes de que se restablezcan a su uso productivo, lo que ayuda a reducir el deterioro y a estabilizar los barrios.

Al combinar los fondos CDBG con recursos locales y privados, la Ciudad ha fortalecido su capacidad para abordar la rehabilitación de viviendas, mejorar la infraestructura y brindar servicios esenciales, alineándose con las prioridades delineadas en el Plan Consolidado.

CR-20 - Vivienda asequible 91.520(b)

Tabla 6 – Número de hogares apoyados

Analice la diferencia entre objetivos y resultados y los problemas encontrados para alcanzar estos objetivos.

El Programa de Reparación de Emergencia para Propietarios de Viviendas de la Ciudad de Newburgh, financiado con fondos CDBG, tiene como objetivo ayudar a los propietarios que cumplen los requisitos de ingresos y enfrentan necesidades urgentes de reparación, preservando así el parque de viviendas y mejorando las condiciones de salud y seguridad. Sin embargo, el resultado del programa se mide por el número real de propietarios asistidos, el alcance de las reparaciones realizadas y el impacto general en la estabilidad de la vivienda en la comunidad.

El programa aprovecha su experiencia y recursos adicionales para mejorar la ejecución del programa. En 2024, el

El programa continuó con éxito, atendiendo reparaciones urgentes para propietarios de viviendas de bajos ingresos. Sin embargo, desafíos como el aumento de los costos de construcción debido a la inflación, la escasez de mano de obra y la creciente demanda de asistencia han afectado la capacidad de atender con prontitud todas las solicitudes de los propietarios. Para abordar estos desafíos, la ciudad de Newburgh considerará un acuerdo de subreceptor con Hábitat para la Humanidad para 2025.

Analice cómo estos resultados afectarán los planes de acción anuales futuros.

Debido a la creciente inflación y al éxito continuo del Programa de Reparación de Viviendas de Emergencia para Propietarios, la Ciudad de Newburgh ha renovado su Acuerdo de Subreceptor con Habitat for Humanity of Greater Newburgh.

Dada la eficacia demostrada del programa para ayudar a los propietarios de viviendas que califican según sus ingresos con reparaciones de emergencia, la Ciudad está considerando aumentar la financiación para garantizar que más residentes reciban la asistencia crítica que necesitan.

Incluya el número de personas con ingresos extremadamente bajos, bajos e moderados atendidas por cada actividad cuando se requiere información sobre los ingresos por tamaño de familia para determinar la elegibilidad de la actividad.

Número de hogares atendidos	CDBG Actual	INICIO Actual
Ingresos extremadamente bajos	0	0
bajos ingresos	3	0
Ingresos moderados	0	0
Total	3	0

Tabla 7 – Número de hogares atendidos

Información narrativa

El Programa de Reparación de Emergencia para Propietarios de Viviendas, administrado a través de un Acuerdo de Subreceptor con Hábitat para la Humanidad del Gran Newburgh, ha ayudado eficazmente a los propietarios de viviendas con ingresos que califican en la Ciudad de Newburgh con reparaciones urgentes de emergencia. Debido al impacto positivo y el éxito del programa, la Ciudad de Newburgh ha renovado su contrato con Hábitat para la Humanidad para continuar brindando este servicio esencial.

Reconociendo la eficacia del programa para abordar las necesidades urgentes de vivienda y mejorar la estabilidad de los propietarios, la Ciudad está considerando aumentar su financiación para ampliar su alcance y ayudar a más residentes que requieren reparaciones de emergencia en el hogar.

CR-25 - Personas sin hogar y otras necesidades especiales 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluar el progreso de la jurisdicción en el cumplimiento de sus objetivos específicos para reducir y erradicar la falta de vivienda a través de:

Llegar a las personas sin hogar (especialmente a las personas sin refugio) y evaluar su situación
necesidades individuales

El Ministerio de Newburgh opera un albergue para personas sin hogar en la calle Johnston, donde ofrece servicios sociales y atención médica. A través del proyecto "Economías Frágiles", financiado por ESPRI, el Ministerio de Newburgh también brinda asistencia para la estabilidad financiera, junto con recursos para mejorar la salud, el bienestar y la resiliencia de varias familias en riesgo de la ciudad de Newburgh mediante apoyo entre pares.

Abordar las necesidades de refugio de emergencia y vivienda de transición de las personas sin hogar

La Ciudad de Newburgh colabora con organizaciones como el Programa Regional de Acción Económica Comunitaria (RECAP) y el Departamento de Servicios Sociales del Condado de Orange para atender las necesidades de refugio de emergencia y vivienda de transición de las personas sin hogar. Otros colaboradores incluyen Safe Harbors of the Hudson, el Ministerio de Newburgh y un número cada vez mayor de organizaciones que brindan servicios a exconvictos y personas afectadas por el sistema de justicia penal, como Exodus Transitional Community y la Asociación Osborne.

Ayudar a personas y familias de bajos ingresos a evitar quedarse sin hogar, especialmente a personas y familias de ingresos extremadamente bajos y a aquellos que: es probable que se queden sin hogar después de ser dados de alta de instituciones y sistemas de atención financiados con fondos públicos (como centros de atención médica, centros de salud mental, hogares de acogida y otras instalaciones para jóvenes, y programas e instituciones correccionales); y que reciben asistencia de agencias públicas o privadas que abordan las necesidades de vivienda, salud, servicios sociales, empleo, educación o juventud.

Las agencias y organizaciones de servicios sociales de la ciudad de Newburgh, como Exodus Transitional Community, Bridges of New York y Renwick Recovery, Inc., trabajan para apoyar a personas y familias vulnerables. En 2017, la Oficina del Gobernador del Estado de Nueva York lanzó la Iniciativa para la Reducción de la Pobreza del Empire State (ESPRI). La ESPRI organizó una sesión de consulta comunitaria y convocó a varios grupos de trabajo centrados en la vivienda, el desarrollo laboral, la atención médica y el bienestar. En 2022, el objetivo de la ESPRI fue continuar implementando diversos proyectos de apoyo, incluyendo el "Proyecto para Economías Frágiles".

Ayudar a las personas sin hogar (especialmente a las personas y familias crónicamente sin hogar, familias con niños, veteranos y sus familias, y jóvenes no acompañados) a hacer la transición a una vivienda permanente y una vida independiente, lo que incluye acortar el período de tiempo en que las personas y las familias experimentan la falta de vivienda, facilitar el acceso de las personas y familias sin hogar a unidades de vivienda asequibles y evitar que las personas y familias que estaban

recientemente sin hogar de volver a quedarse sin hogar

RECAP y el Departamento de Servicios Sociales del Condado de Orange atienden las necesidades de transición de vivienda de las personas y familias sin hogar. Además, un número cada vez mayor de organizaciones de servicios, como Exodus Transitional Community, Bridges of New York, Renwick Recovery, Inc. y Project LIFE, también brindan apoyo en este ámbito.

CR-30 - Vivienda pública 91.220(h); 91.320(j)

La "Guía de Recursos de Vivienda de la Ciudad de Newburgh" ofrece información sobre cómo solicitar financiación para propiedades municipales y se comparte con los residentes de viviendas públicas. El Banco de Tierras Comunitarias de Newburgh ha recibido financiación del Fiscal General del Estado de Nueva York para el Programa de Viviendas de Alquiler Asequibles "Vecinos por Vecindarios". Este programa anima a los residentes a rehabilitar las propiedades de sus vecindarios y mantenerlas como viviendas de alquiler asequibles.

La ciudad de Newburgh exige la traducción y difusión de los materiales del programa tanto en español como en inglés, como se describe en el Plan de Acceso Lingüístico. "La Voz" ofrece anuncios en español para los residentes de Newburgh.

Además, la Ciudad ha contratado a Language Link para proporcionar servicios adicionales de traducción e interpretación.

Medidas adoptadas para reducir los riesgos de la pintura a base de plomo. 91.220(k); 91.320(j)

Se requiere la coordinación entre Lead Safe Orange y el Departamento de Cumplimiento de Códigos de la Ciudad de Newburgh en lo que respecta a las propiedades municipales. La Ciudad de Newburgh tiene la intención de solicitar una subvención para la remediación de plomo a través de la Oficina de Control de Peligros de Plomo y Hogares Saludables (OLHCHH) del HUD.

Medidas adoptadas para reducir el número de familias en situación de pobreza. 91.220(k); 91.320(j)

En 2017, la Oficina del Gobernador del Estado de Nueva York lanzó la Iniciativa para la Reducción de la Pobreza del Empire State (ESPRI) en la ciudad de Newburgh. Esta iniciativa está gestionada por United Way de la Región de Dutchess-Orange.

ESPRI ha realizado sesiones de escucha comunitaria y convocado a varios grupos de trabajo centrados en la vivienda, el desarrollo laboral, la atención médica y el bienestar. En 2023, ESPRI continuó su enfoque en 2024 con la implementación del "Proyecto de Economías Frágiles", gestionado por el Ministerio de Newburgh. Este proyecto está diseñado para ayudar a familias de bajos ingresos a alcanzar sus metas financieras y a establecer un fondo de ahorro para imprevistos y emergencias. Las familias trabajan con mentores para establecer metas, crear planes de acción y mantenerse encaminadas. También se les conecta con los servicios de apoyo necesarios.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City of Newburgh's use of Community Development Block Grant (CDBG) funds has been aligned with the priorities and specific objectives identified in the Consolidated Plan, mainly focusing on housing preservation, quality of life improvements, economic development, and infrastructure enhancements.

Housing Preservation & Stability:

The In Rem Property Program maintained habitability for residential properties returned to the City through foreclosure, directly addressing

goals related to preserving housing stock, reducing blight, and improving quality of life.

The Emergency Homeowner Assistance Program, funded in a previous CDBG program year, supported a low-income homeowner by replacing an emergency lead water service line. This effort ensured access to safe, lead-free water, a critical public health priority.

Quality of Life – Public Services & Facilities

Neighborhood Services facilitated the Summer Film Festival, providing youth engagement activities and public service outreach to foster community engagement and safety.

CDBG funding also supported the 2024 National Night Out, promoting community-police partnerships to enhance public safety.

Investment in public facilities included funding for the City of Newburgh Park Improvements Splashpad project, expanding recreational opportunities for residents.

Economic Development & Workforce Training

CDBG funding supported Below the Line Bootcamp, a workforce training initiative that provided career development opportunities for City of Newburgh residents. This aligns with the intention to enhance job readiness and economic self-sufficiency.

Emergency Assistance & Food Security

The Emergency Income Payments Program assisted residents facing rental arrears, helping to prevent evictions and housing instability.

Food security efforts were bolstered through partnerships with non-profit organizations, supporting food pantry services and urban agriculture initiatives like the Downing Park Urban Farm (DPUF) and Newburgh Urban Farm & Food Initiative (NUFFI), which increased local food production and access to fresh produce.

Infrastructure Improvements

The Sidewalk Improvements Project enhanced walkability and accessibility, addressing safety concerns and improving overall neighborhood conditions.

Program Administration & Compliance

CDBG funds also supported administrative functions, including:

- Publishing public notices
- Processing payment vouchers
- Preparing reports
- Providing Spanish translation and interpretation services

Funding the salary of the Director of Community Development

The City of Newburgh's allocation of CDBG funds demonstrates a strategic approach to addressing high-priority needs, focusing on housing preservation, quality of life improvements, economic development, infrastructure, and essential services. By effectively leveraging CDBG resources, the City has made measurable progress toward achieving the goals outlined in the Consolidated Plan.

Narrative

The data presented in Table 2 is approximate. Of the families and individuals participating in the Neighborhood Services Summer Film Festival, 70% were minorities. The City of Newburgh Summer Film Festival was open to all residents of the city. To reach as many low-income families as possible, particularly those with transportation restrictions, the festival was held at Safe Harbors Green, located between Ann St. and Broadway, in Census Tract 5.0. This location is walkable for residents of the East End of Newburgh, which is a target area for low-income activities. Approximately 80% of the attendees at the festival were from minority backgrounds.

The In Rem Project provided assistance to various ethnic groups, with the following breakdown: 39% Latino or Hispanic and 61% Not Latino or Hispanic. The racial demographics supported by the In Rem Project are as follows: 6% Asian, 14% Black or African American, 77% White, and 2% identifying as Other.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City of Newburgh has strategically leveraged federal CDBG funds to attract private, state, and local resources, ensuring a more significant impact on community development initiatives. Through a Subrecipient Agreement with Habitat for Humanity of Greater Newburgh, the City continues to support the Emergency Homeowner Repair Program for income-qualified homeowners. This partnership enhances the effectiveness of CDBG funds by leveraging Habitat's additional private donations and in-kind contributions, significantly reducing program costs and extending the reach of services. Additionally, publicly owned properties, including city-owned foreclosed homes, have been utilized to address housing needs and neighborhood revitalization efforts. The In Rem Property Program maintains and preserves the habitability of foreclosed properties before they are returned to productive use, helping to reduce blight and stabilize neighborhoods.

By combining CDBG funds with local and private resources, the City has strengthened its ability to address housing rehabilitation, improve infrastructure, and provide essential services, aligning with the priorities outlined in the Consolidated Plan.

CR-20 - Affordable Housing 91.520(b)

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City of Newburgh's CDBG-funded Emergency Homeowner Repair Program aims to assist income-qualified homeowners facing urgent repair needs, thereby preserving housing stock and improving health and safety conditions. However, the program's outcome is measured by the actual number of homeowners assisted, the extent of repairs completed, and the overall impact on housing stability within the community.

The program leverages its expertise and additional resources to enhance program delivery. In 2024, the

program continued successfully, addressing urgent repairs for low-income homeowners. However, challenges such as rising construction costs due to inflation, labor shortages, and the increasing demand for assistance have impacted the ability to meet all homeowner requests promptly. To address these challenges, the City of Newburgh will consider a sub-recipient agreement with Habitat for Humanity for 2025.

Discuss how these outcomes will impact future annual action plans.

Due to rising inflation and the ongoing success of the Emergency Homeowner Repair Program, the City of Newburgh has renewed its Subrecipient Agreement with Habitat for Humanity of Greater Newburgh. Given the program's demonstrated effectiveness in helping income-qualified homeowners with emergency repairs, the City is considering increasing funding to ensure that more residents receive the critical assistance they need.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	3	0
Moderate-income	0	0
Total	3	0

Table 7 – Number of Households Served

Narrative Information

The Emergency Homeowner Repair Program managed through a Subrecipient Agreement with Habitat for Humanity of Greater Newburgh, has effectively assisted income-qualified homeowners in the City of Newburgh with urgent emergency repairs. Due to the program's positive impact and success, the City of Newburgh has renewed its contract with Habitat for Humanity to continue providing this essential service.

Recognizing the program's effectiveness in addressing urgent housing needs and enhancing homeowners' stability, the City is considering increasing its funding to expand its reach and assist more residents who require emergency home repairs.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Newburgh Ministry operates a homeless shelter on Johnston Street, offering social services and healthcare support. Through the ESPRI-funded "Fragile Economies" project, the Newburgh Ministry also provides financial stability assistance, along with resources aimed at improving health, wellness, and resilience for several at-risk families in the City of Newburgh through peer coaching.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Newburgh collaborates with organizations such as the Regional Economic Community Action Program (RECAP) and the Orange County Department of Social Services to address the emergency shelter and transitional housing needs of homeless individuals. Additional partners include Safe Harbors of the Hudson, the Newburgh Ministry, and an increasing number of organizations that provide services to those who have been formerly incarcerated and those impacted by the criminal justice system, such as Exodus Transitional Community and the Osborne Association.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Social service agencies and organizations in the City of Newburgh, such as Exodus Transitional Community, Bridges of New York, and Renwick Recovery, Inc., work to support vulnerable individuals and families. In 2017, the New York State Governor's Office launched the Empire State Poverty Reduction Initiative (ESPRI). ESPRI held a community listening session and convened several task forces focusing on housing, workforce development, healthcare, and wellness. The focus of ESPRI in 2022 was to continue implementing various support projects, including the "Fragile Economies Project."

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were

recently homeless from becoming homeless again

RECAP and the Orange County Department of Social Services address the housing transition needs of homeless individuals and families. Additionally, an increasing number of service organizations, including Exodus Transitional Community, Bridges of New York, Renwick Recovery, Inc., and Project L.I.F.E., are also providing support in this area.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

City of Newburgh staff regularly meet with the Director of the Newburgh Housing Authority (NHA) regarding public housing needs: all CDBG programs and City of Newburgh jobs advertised on the NHA site.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The "City of Newburgh—Housing Resource Guide" provides information on how to apply for finance on City-owned property and is shared with public housing residents. The Newburgh Community Land Bank has been awarded funding through the New York State Attorney General for a "Neighbors for Neighborhoods" Affordable Rental Housing Program. The program encourages residents to rehabilitate properties in their neighborhoods and maintain them as affordable rental housing.

Actions taken to provide assistance to troubled PHAs

This section is not applicable.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City of Newburgh is committed to supporting affordable housing initiatives. Land use procedures fees have been significantly reduced, and zoning regulations have been loosened. The zoning ordinances in the City of Newburgh are reviewed regularly to identify and eliminate barriers to affordable housing development.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

At least 50% of the City of Newburgh's population identify as Latinx. Spanish interpretation is provided at CDBG-related meetings (e.g., Public Hearings). The City of Newburgh requires the translation and dissemination of program materials in both Spanish and English, as outlined in the Language Access Plan. "La Voz" offers Spanish-language announcements for Newburgh residents.

Additionally, the City has contracted with Language Link to provide further translation and interpretation services.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Coordination is needed between Lead Safe Orange and the Code Compliance department of the City of Newburgh regarding properties owned by the city. The City of Newburgh intends to apply for a lead remediation grant through the HUD Office of Lead Hazard Control and Healthy Homes (OLHCHH).

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

In 2017, the New York State Governor's Office launched the Empire State Poverty Reduction Initiative (ESPRI) in the City of Newburgh. This initiative is managed by the United Way of Dutchess-Orange Region.

ESPRI has conducted community listening sessions and convened several task forces focused on housing, workforce development, healthcare, and wellness. In 2023, ESPRI has continued its focus into 2024 by implementing the "Fragile Economies Project," which is managed by Newburgh Ministry. This project is designed to assist low-income families in achieving their financial goals and establishing a savings cushion for unexpected events and emergencies. Families work with peer coaches to set goals, create action plans, and stay on track. They are also connected to the necessary support services.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Land use procedure fees have been significantly reduced, and zoning regulations have been relaxed to improve accessibility. Additionally, the City of Newburgh has created a more streamlined process for its land use board to enhance accessibility.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City of Newburgh takes the lead in the Newburgh Housing Coalition, which consists of several organizations, including Habitat for Humanity of Greater Newburgh, PathStone (offering HUD Homeowner training), Orange County Social Services, Safe Harbors of the Hudson, and the Newburgh Community Land Bank. Additionally, the City of Newburgh is involved in the Orange County Housing Planning Committee, which has a broader outreach and includes even more member organizations.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Pathstone, Independent Living, and Habitat for Humanity of Greater Newburgh provide homeownership preparation and training. Workshops on tenant responsibilities are also available to the public.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Activities are reviewed using the exhibits in the CPD Monitoring Handbook. The "Guide for Review of Eligibility" and the guides for reviewing National Objectives used as Activities are selected and subsequently set up. An "Activity Eligibility" form is prepared for each Activity, identifying the National Objective and eligible activity category.

Small business workshops held through the SBA/City of Newburgh Co-Sponsorship Agreement, including continuing the "Business Basics Bootcamp " and income City of Newburgh resident "On-the-Job" training program.

A joint Planning and Development/Community Development/Grants Administration meeting is held regularly to ensure that the CDBG program aligns with other City of Newburgh community needs. In addition, the whole CDBG program is monitored for "Timeliness" using a spreadsheet that tracks Activity spending and Public Service and Administration caps.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

In accordance with The City of Newburgh procedures, a "Notice of 15-Day Public Comment Period for the 2024 CAPER" was submitted to three local newspapers and a Spanish-language publication/social media. The newspapers are the Times Herald-Record, Hudson Valley Press, and the Times Community Papers (Mid-Hudson Times). La Voz provides Spanish-language outreach for the 2024 CAPER.

SUMMER YOUTH EMPLOYMENT PROGRAM 2025

The Summer Youth Employment Program is a vital opportunity for young people, providing them with valuable work experience, financial independence, and essential life skills. For many youths and their families, this program is more than just a summer job—it is a steppingstone toward future success, helping to build confidence, responsibility, and a sense of purpose.

Many families in the community are deeply grateful for the opportunities provided by the worksites. These sites not only offer employment but also mentorship, guidance, and a supportive environment where youth can grow personally and professionally. The impact of these experiences extends beyond the summer, shaping the future of young individuals in meaningful ways.

We strive to have worksites focus on key areas that provide much-needed support:

- *Empathy* – Understanding and supporting young workers fosters a sense of belonging and motivation.
- *Compassion* – Encouraging youth with kindness and guidance helps build their confidence and work ethic.
- *Patience* – Taking the time to mentor and teach young employees ensures they develop skills for long-term success.
- *Open-Mindedness* – Creating an inclusive and welcoming environment allows youth to explore their potential and thrive.

When we come together as a community to support and guide our youth, the impact is greater than we often realize. By providing opportunities and mentorship, we help shape their future and give them the confidence to succeed. We invite you to come on board and be a worksite, offering a place where young people can learn, grow, and feel welcomed into a supportive environment.

Sincerely,

WHEREAS, the OCWA grant requires a no match from the City of Newburgh; and

85-25

Dear Mayors and Supervisors,

With support from the Orange County Legislature, we are pleased to announce the Orange County Water Authority has once again allocated funding in 2025 to support municipalities throughout Orange County, NY in their efforts to conserve and protect their water through leak detection surveys at no cost to municipalities.

Applications are being accepted through Wednesday, April 30, 2025.

Leak detection is the easiest and most cost-effective water conservation and money saving tool at our disposal. An undetected water main leak may waste thousands of gallons of treated water every day before it is found and repaired. In 2023, our program detected 177 leaks losing 613,336 gallons per day in 23 of the 29 participating municipalities. Once leaks were repaired, estimated savings were approximately \$1,797,023 each year. OCWA is concurrently soliciting contractors through a competitive process to provide this service.

To request a leak detection survey of your municipal water supply system or a portion thereof, please complete the online **2025 Leak Detection Program Application** (see link below) by the deadline. Please note funding is limited. Mileage surveyed in each municipality may vary depending on the number of municipalities that apply, total mileage requested, and cost per mile set by the selected contractor. Municipalities also have the option to utilize their own contractor and seek reimbursement up to OCWA's selected contractor's rate per mile. All surveys must be completed and invoiced for by December 31, 2025.

We are looking forward to working with you. Should you have any questions, please feel free to contact me at 845-615-3868 or ocwa@orangecountygov.com.

CLICK HERE TO APPLY ONLINE. If you are unable to apply online, please call the office to make other arrangements.

Please note you will need to know the following details in order to complete the application (one application per municipality):

Applicant (mayor/supervisor name, phone, email)

Authorized contact (name, title/company, phone, email)

Municipal water system info (miles of water mains, miles to be surveyed, if any leaks known, and rate \$ per 1000 gallons)

Signer must have authorization to submit on behalf of the municipality

IMPLEMENTATION

Standard ALPINE implementation ranges from 3 to 6 months (12 to 24 weeks) given weekly meetings are attended and required setup and training is completed per the Implementation & Training Plan. Your Implementation Specialist will work with you to prioritize the order in which the ALPINE modules are implemented.

After implementation, you will be transitioned to our Application Support team as a critical resource for self-service. Exceptions will be made for implementation items that have been on hold because of a work queue (i.e., interfaces, imports, exports, etc.).

For a successful implementation, CUSTOMER team members should be prepared to dedicate 2-4 hours per week to complete setup, training, and practice. All assignments made by your Implementation Specialist, utilizing these resources is required for completion of your Implementation & Training Plan .

Cancellations or changes to scheduled Implementation meetings should be communicated 24 hours prior to the meeting time by the changing party, ALPINE or CUSTOMER. If Client has not completed the required homework for the week, ALPINE reserves the right to cancel a meeting with less than 24-hour notice.

VENDOR agrees to perform the SERVICES in accordance with the terms and conditions of this Agreement. It is specifically agreed that the CITY will not compensate VENDOR for any SERVICES provided outside those specifically identified in Schedule A, without prior authorization, evidenced only by a written Addendum to this Agreement executed by the City Manager of the CITY after consultation with the City Department Head responsible for the oversight of this Agreement (hereinafter "Department Head"). In the event of a conflict between the body of this Agreement and Schedule A, the provisions in the body of this Agreement shall govern.

Any and all reports, documents, charts, graphs, maps, designs, images, photographs, computer programs and software, artwork, creative works, compositions, and the rights to employ, publish, disseminate, amend or otherwise use same, and/or any other intellectual property to be provided by VENDOR to CITY under the terms of this Agreement shall remain the property of VENDOR, except that CITY shall have VENDOR's permission to make full use for the completion and implementation of the Project for which the material was prepared without compensation in addition to the amounts set forth in Article 3 and Schedule B of this Agreement. VENDOR shall have the affirmative obligation to notify CITY in a timely fashion of any and all limitations, restrictions or proprietary rights to such

ARTICLE 2. TERM OF AGREEMENT

VENDOR agrees to perform the SERVICES and/or supply goods beginning April 15, 2025, and ending September 30, 2025.

ARTICLE 3. COMPENSATION

For satisfactory performance of the SERVICES or, as such SERVICES or goods may be modified by mutual written agreement, the CITY agrees to compensate VENDOR in accordance with the fees and expenses as stated in Schedule B, which is attached to and is part of this Agreement. VENDOR shall submit to the CITY an itemized invoice for SERVICES rendered, as set forth in Schedule B, and prepared in such form and supported by such documents as the CITY may reasonably require. The CITY will pay the proper amounts due VENDOR within 30 days after the CITY receives Claimant's Certification form. of the City Manager of the CITY, evidenced only by an Addendum to this Agreement, after consultation with the Department Head. It is specifically agreed to by VENDOR that the CITY will not be responsible for any additional cost or costs in excess of the above noted not-to-exceed cost if the CITY'S authorization by the City Manager is not given in writing prior to the performance of the SERVICES giving rise to such excess or additional costs.

VENDOR further represents and warrants that no payment, gift or thing of value has been made, given or promised to obtain this or any other agreement between the parties. VENDOR makes such representations and warranties to induce the CITY to enter into this Agreement and the CITY relies upon such representations and warranties in the execution hereof.

For a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim or be entitled to recover, any sum or sums otherwise due under this Agreement. This

remedy, if effected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment or to take any other action provided for by law or pursuant to this Agreement.

ARTICLE 6. CONFLICT OF INTEREST

VENDOR represents and warrants that neither it nor any of its directors, officers, members, partners or employees, have any interest nor shall they acquire any interest, directly or indirectly which would or may conflict in any manner or degree with the performance or rendering of the SERVICES herein provided. For failure to submit such letter of disclosure, or for a breach or violation of such representations or warranties, the CITY shall have the right to annul this Agreement without liability, entitling the CITY to recover all monies paid hereunder and VENDOR shall not make claim for, or be entitled to recover, any sum or sums otherwise due under this Agreement. This remedy, if elected, shall not constitute the sole remedy afforded the CITY for such falsity or breach, nor shall it constitute a waiver of the CITY'S right to claim damages or otherwise refuse payment to or to take any other action provided for by law, in equity or pursuant to this Agreement.

ARTICLE 7. FAIR PRACTICES

VENDOR and each person signing on behalf of the VENDOR represents, warrants and certifies under penalty of perjury, that to the best of their knowledge and belief:

A. The prices in this Agreement have been arrived at independently by VENDOR without collusion, consultation, communication, or agreement with any other bidder, proposer or with any competitor as to any matter relating to such prices which has the effect of, or has as its purpose, restricting competition;

B. Unless otherwise required by law, the prices which have been quoted in this Agreement and on the proposal or quote submitted by VENDOR have not been knowingly disclosed by VENDOR prior to the communication of such quote to the CITY or the proposal opening directly or indirectly, to any other bidder, proposer or to any competitor; and

C. No attempt has been made or will be made by VENDOR to induce any other person, partnership, corporation or entity to submit or not to submit a proposal or quote for the purpose of restricting competition.

The fact that VENDOR (i) has published price lists, rates, or tariffs covering items being procured, (ii) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (iii) has provided the same items to the other customers at the same prices being bid or quoted does not constitute, without more, a disclosure within the meaning of this Article.

ARTICLE 8. INDEPENDENT CONTRACTOR

In performing the SERVICES and incurring expenses under this Agreement, VENDOR shall operate as, and have the status of, an independent contractor and shall not act as agent, or be an agent, of the CITY. As an independent contractor, VENDOR shall be solely responsible for determining the means

and methods of performing the SERVICES and shall have complete charge and responsibility for VENDOR'S personnel engaged in the performance of the same.

In accordance with such status as independent contractor, VENDOR covenants and agrees that neither it nor its employees or agents will hold themselves out as, nor claim to be officers or employees of the CITY, or of any department, agency or unit thereof by reason hereof, and that they will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to an officer or employee of the CITY including, but not limited to, Worker's Compensation coverage, health coverage, Unemployment Insurance Benefits, Social Security coverage or employee retirement membership or credit.

ARTICLE 9. ASSIGNMENT AND SUBCONTRACTING

VENDOR shall not assign any of its rights, interest or obligations under this Agreement, or subcontract any of the SERVICES to be performed by it under this Agreement, without the prior express written consent of the City Manager of the CITY. Any such subcontract, assignment, transfer, conveyance, or other disposition without such prior consent shall be void and any SERVICES provided thereunder will not be compensated. Any subcontract or assignment properly consented to by the CITY shall be subject to all of the terms and conditions of this Agreement.

Failure of VENDOR to obtain any required consent to any assignment, shall be grounds for termination for cause, at the option of the CITY and if so terminated, the CITY shall thereupon be relieved and discharged from any further liability and obligation to VENDOR, its assignees or transferees, and all monies that may become due under this Agreement shall be forfeited to the CITY except so much thereof as may be necessary to pay VENDOR'S employees for past service.

The provisions of this clause shall not hinder, prevent, or affect any assignment by VENDOR for the benefit of its creditors made pursuant to the laws of the State of New York.

This agreement may be assigned by the CITY to any corporation, agency, municipality or instrumentality having authority to accept such assignment.

ARTICLE 10. BOOKS AND RECORDS

VENDOR agrees to maintain separate and accurate books, records, documents and other evidence and accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement.

ARTICLE 11. RETENTION OF RECORDS

VENDOR agrees to retain all books, records and other documents relevant to this Agreement for six (6) years after the final payment or termination of this Agreement, whichever later occurs. CITY, or any State and/or Federal auditors, and any other persons duly authorized by the CITY, shall have full access and the right to examine any of said materials during said period.

ARTICLE 12. AUDIT BY THE CITY AND OTHERS

All Claimant Certification forms or invoices presented for payment to be made hereunder, and the books, records and accounts upon which said Claimant's Certification forms or invoices are based are subject to audit by the CITY. VENDOR shall submit any and all documentation and justification in support of expenditures or fees under this Agreement as may be required by the CITY so that it may evaluate the reasonableness of the charges, and VENDOR shall make its records available to the CITY upon request. All books, Claimant's Certification forms, records, reports, cancelled checks and any and all similar material may be subject to periodic

inspection, review and audit by the CITY, the State of New York, the federal government, and/or other persons duly authorized by the CITY. Such audits may include examination and review of the source and application of all funds whether from the CITY, State, the federal government, private sources or otherwise. VENDOR shall not be entitled to any interim or final payment under this Agreement if any audit requirements and/or requests have not been satisfactorily met.

ARTICLE 13. INSURANCE

For all of the SERVICES set forth herein and as hereinafter amended, VENDOR shall maintain or cause to be maintained, in full force and effect during the term of this Agreement, at its expense, insurance as may be required by law. Such policies are to be in the broadest form available on usual commercial terms and shall be written by insurers of recognized financial standing satisfactory to the CITY who have been fully informed as to the nature of the SERVICES to be performed. Where applicable, the CITY shall be an additional insured on all such policies with the understanding that any obligations imposed upon the insured (including, without limitation, the liability to pay premiums) shall be the sole obligation of VENDOR and not those of the CITY. Notwithstanding anything to the contrary in this Agreement, VENDOR irrevocably waives all claims against the CITY for all losses, damages, claims or expenses resulting from risks commercially insurable under this insurance described in this Article 13. The provisions of insurance by VENDOR shall not in any way limit VENDOR'S liability under this Agreement.

When applicable, VENDOR shall attach to this Agreement certificates of insurance evidencing VENDOR'S compliance with the following requirements:

Each policy of insurance shall contain clauses to the effect that (i) such insurance shall be primary without right of contribution of any other insurance carried by or on behalf of the CITY with respect to its interests, (ii) it shall

not be cancelled, including, without limitation, for non-payment of premium, or materially amended, without fifteen (15) days prior written notice to the CITY, directed to the City Manager, the Corporation Counsel and to the Department Head and the CITY shall have the option to pay any necessary premiums to keep such insurance in effect and charge the cost back to VENDOR.

To the extent it is commercially available, each policy of insurance shall be provided on an "occurrence" basis. If any insurance is not so commercially available on an "occurrence" basis, it shall be provided on a "claims made" basis, and all such "claims made" policies shall provide that:

A. Policy retroactive dates coincide with or precede VENDOR'S start of the performance of this Agreement (including subsequent policies purchased as renewals or replacements);

B. VENDOR will maintain similar insurance for at least six (6) years following final acceptance of the SERVICES;

C. If the insurance is terminated for any reason, VENDOR agrees to purchase an unlimited extended reporting provision to report claims arising from the SERVICES performed or goods provided for the CITY; and

D. Immediate notice shall be given to the CITY through the City Manager of circumstances or incidents that might give rise to future claims with respect to the SERVICES performed under this Agreement.

ARTICLE 14. INDEMNIFICATION

VENDOR agrees to defend, indemnify and hold harmless the CITY, including its officials, employees and agents, against all claims, losses, damages, liabilities, costs or expenses (including, without limitation, reasonable attorney fees and costs of litigation and/or settlement), whether incurred as a result of a claim by a third party or any other person or entity, arising out of

the SERVICES performed pursuant to this Agreement which the CITY or its officials, employees or agents, may suffer by reason of any negligence, fault, act or omission of VENDOR, its employees, representatives, subcontractors, assignees, or agents.

In the event that any claim is made or any action is brought against the CITY arising out of the negligence, fault, act, or omission of an employee, representative, subcontractor, assignee, or agent of VENDOR either within or without the scope of his respective employment, representation, subcontract, assignment or agency, or arising out of VENDOR'S negligence, fault, act or omission, then the CITY shall have the right to withhold further payments hereunder for the purpose of set-off of sufficient sums to cover the said claim or action. The rights and remedies of the CITY provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

In the event that any such CITY property is lost or damaged, except for normal wear and tear, then the CITY shall have the right to withhold further payments hereunder for the purposes of set-off in sufficient sums to cover such loss or damage.

VENDOR agrees to defend, indemnify and hold the CITY harmless from any and all liability or claim for loss, cost, damage or expense (including, without limitation,

reasonable attorney fees and costs of litigation and/or settlement) due to any such loss or damage to any such CITY property described in this Article.

The rights and remedies of the CITY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or by this Agreement.

ARTICLE 17. TERMINATION

The CITY may, by written notice to VENDOR effective upon mailing, terminate this Agreement in whole or in part at any time (i) for CITY'S convenience, (ii) upon the failure of VENDOR to comply with any of the terms or conditions of this agreement, or (iii) upon the VENDOR becoming insolvent or bankrupt.

Upon termination of this Agreement, the VENDOR shall comply with any and all CITY closeout procedures, including, but not limited to:

In the event the CITY terminates this Agreement in whole or in part, as provided in this Article, the CITY may procure, upon such terms and in such manner as deemed appropriate, SERVICES similar to those so terminated, and the VENDOR shall continue the performance of this Agreement to the extent not terminated hereby. If this Agreement is terminated in whole or in part for other than the convenience of the CITY, any SERVICES or goods procured by the CITY to complete the SERVICES herein will be charged to VENDOR and/or set-off against any sums due VENDOR.

Notwithstanding any other provision of this Agreement, VENDOR shall not be relieved of liability to the CITY for damages sustained by the CITY by virtue of VENDOR'S breach of the Agreement or failure to perform in accordance with applicable standards, and the CITY may withhold payments to VENDOR for the purposes of set-off until such time as the exact amount of damages due to the CITY from VENDOR is determined.

The rights and remedies of the CITY provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or this Agreement.

ARTICLE 18. GENERAL RELEASE

OLD BUSINESS

Councilmember Monteverde requested an update on the work on Liberty Street. How far up the street does the development run? She drove past the construction, and she is impressed with quickly it is coming. She would like to be able to keep residents and business owners informed about the progress. She appreciates the signs “Businesses are Open” that have been placed during the construction period. Also, Monteverde would like to go over the paving schedule, as paving will begin in late summer.

Mayor Harvey commented. He believes the construction entails an entire road reclamation, from Ann Street all the way down to Renwick Street.

Todd Venning said he would email and go over the paving schedule with the council again.

Councilmember McLymore requested an update on the different units we’re creating in the police department.

Venning stated that Chief Rola would update the council soon.

Councilmember Shakur asked for a parking study for 50 Liberty Street. He lives at 55 Liberty Street. Parking has been cut due to all the construction. He said he does not plan to park his car on South William Street or Renwick Street, to get to his home on Liberty Street. Also, he has received complaints about the dust from all the construction.

Mayor Harvey said residents may have to park at the Ann Street parking lot temporarily during the construction.

There was no other old business to discuss.

NEW BUSINESS

There was no new business to discuss.

FURTHER COMMENTS FROM THE COUNCIL

Councilmember Martinez commented. She wants to continue providing referrals and resources to the community about immigration assistance. She encouraged people to email her with concerns. She thanked the executive team, including the City Manager, Chief of Staff, Chief Rola and Aly Church for their assistance with the successful town hall meeting. A lot of people were looking for a more intimate space to discuss issues they care about; but the two topics they decided to go with were public safety and economic development. Martinez said she enjoyed the reports from Rola and Church. Newburgh gets a lot of hate when it comes to crime. While we can't reduce all senses of crime, we are using our resources in areas where there is a higher density of incidents. Also, the town hall included a rapid-fire Q&A with the city manager, which she appreciated. People love to have access to our executive team. She is going to the community's concerns into consideration for a future town hall.

Councilmember McLymore commented about 50 Liberty Street. He has had great conversations with Andrew, and they understand each other. It is always good to come to the table and talk to gain insight on different projects. Although McLymore may be hesitant about it, he believes there is enough support for the project. He reminded everyone about the *Empower You* summit on May 31st, in which Dr. Yusef Salaam and NAACP President Kyle Conway will be in attendance. Everyone is welcome to attend. Let us all have a good time and be empowered.

Councilmember Monteverde thanked everyone for coming tonight and staying until the end. She said she would see us at the next council meeting.

Councilmember Shakur commented. He is in favor of the housing project, but he is here to negotiate too. He wants what's best for our residents. We need these housing projects in our community, yet he wants to make sure we get the best project. He lives directly across the street from 50 Liberty Street. Shakur said if he sounds harsh sometimes, it is because this is how he would do it if it was his own business. He said he would want to know exactly what he is getting from a business standpoint.

Mayor Harvey commented about the 50 Liberty Street project. It is one thing for us to move on various legislation, and it is quite another thing for us to move and vote on the things that the people of this city desperately need. This reminds him of several years ago, when there was water in the low-level lines underground, from William Street all the way up to Bridge Street. He couldn't figure out why the flames on his gas stove were bouncing back and forth. He said the city discovered eight undocumented men from Honduras, who were living in the basement of a home that was filled up to their calves with sewer water. It was disgusting. The men were being taken advantage of by a slumlord who lived in New Jersey. The water in those underground low-level lines had the capability of causing a major explosion in this city. We continue to discuss affordable housing, because we've had a history of slumlords who treat people in an inhumane way. Harvey said when he went to the Pew Institute, they uncovered that all urban cities across the country are having a housing crisis. When you start adding decent, affordable

and new housing to the equation though, it works on the supply side of economics. It forces slumlords to do the right thing for their tenants. He said he still has photos of that basement filled with raw sewage. It almost caused a dangerous catastrophe in our city.

This section of the meeting was closed.

ADJOURNMENT

There being no further business to come before the council, the meeting adjourned at 8:39 PM.

SUBMITTED,

**KATRINA COTTEN
CITY CLERK**
